Even cases where agreements were made in the boom period to purchase land at excessive valuation there is said to be little disposition among purchasers to default. They seem to feel that although they have contracted to pay a stiff price for their holdings, the price will be justified eventually by the general development of this section of the state and by rehabilitation of agriculture and more intensive farming.

In the particular case of Pennington county for the year of 1922 the residents have to look forward to a substantial cash income, which cannot be changed no matter how radically conditions may be changed for the worst. The income from dairy products alone will reach at least $650,000.00 for the county production, which is a low and conservative estimate, and will reach close to a million for the cream and dairy products coming into Thief River Falls from the entire trade territory. Poultry production will also bring in a substantial cash income. This will give a per capita income of more than $100 per month for every man, woman and child. This in itself, to say nothing about livestock production and agricultural grain products, insures Pennington county a prosperous year.

The reader may get some idea of the advancement from a financial standpoint in Pennington county when it is stated that at this same period ten years ago he combined resources of the four banks of the city of Thief River Falls was $1,210,560. This year, with some change in the banks' organization, yet four banks remaining, there are combined resources of $2,721,398.00, or more than 100 per cent increase. It is freely predicted by students of economic conditions in this section that a similar advance in resources of the city and county will be experienced over the next ten years, which will have an added effect on the increase in farm land values and the stablizing of conditions generally in Northwestern Minnesota.

Generally the mercantile establishments are enjoying an extensive business and everyone is able to pay his bills or has assets which will more than offset his indebtedness. Merchandise stocks are large and the city of Thief River Falls is generally considered in a prosperous condition.

American Legion Corner

A Letter-Editorial.
(From Lemuel Bolles, Legion National Adjutant.)

There is nothing that we cannot accomplish in the American Legion if those of us upon whom more or less responsibility devolves will work singly and together for the great objects to which our organization is committed, and will have confidence in and co-operate with one another. I have no hesitancy in saying that the greatest single handicap thus far in the work of the American Legion and the thing which if not overcome in the near future will bring our organization to grief, is the petty bickering, political manouvering and suspicion inside the organization. No combination of men or circumstances outside can ever do us any serious injury. If we rot from within, however, we are doomed to early dissolution.

Therefore, I want to say to Legionaires of Minnesota that I appreciate the evidences of confidence, loyalty and co-operation which you, through your state organization, have always shown toward your national officers. I am rather proud of my Minnesota nativity. My father was born there before me—in Washington county, and my grandfather, Lemuel Bolles, was one of the early pioneers of the North Star state, in fact, tradition has it that he built the first grist mill in that territory some time about 1840, situated on Bolles Creek, down near Cottege Grove, close to the confluence of the St. Croix and Mississippi rivers. The old gentleman is buried down there. He was a Connecticut Yankee by birth. Mrs. Bolles is a Minnesota product, so really you see we are a pair of Gophers. I have always felt that Minnesota was one of the best states in the Union, and that its citizenry were particularly sturdy, courageous and industrious—in fact, I am quite enthusiastic about your Gopher Legion Gang, even though I have for many years lived in the State of Washington. Keep up the good work, Gophers. Good luck!

Mardi Gras Spirit Will Prevail.

Floats by the dozen are being constructed by the home towns of Legion posts in the Eighth District to take part in the big parade on August 21 in connection with the Gopher Legion convention in Virginia. Civic organizations, lodges, clubs and business houses have caught the madri gras spirit and are preparing to enter elaborate floats, decorated cars, marching contingents and specially costumed individuals in the parade.

For the best float, $250 will be awarded, for the classiest car $50, for the snappiest and best costumed marching club $40, and for the best individual costume $20, with valuable second and third prizes in cash for all four classes.

COST OF UPKEEP ON STATE ROADS

Minnesota Highway Department Bulletin Shows Maintenance Expenses on Different Kinds of Roads.

The fact that good roads more than pay for themselves is now being demonstrated to the satisfaction of Minnesota automobile taxpayers, farmers and other citizens, the state highway department in a new bulletin lists comparatively costs of highway upkeep which show the economy of paving heavy traffic routes before other sections are improved.

Average mile expenditures for maintenance during the first year under the Babcock good roads plan, according to the official figures, were $520 on graveled, $123 on paved, and $181 on unsurfaced sections of the trunk system, experience with the last class showing a limit on results regardless of upkeep expenditures.

"Only about 30 miles of paving is being paid for with state highway funds this year, the remainder being financed with reinbursement money which must be used in the counties issuing the bonds," says Charles M. Babcock, state highway commissioner. "Paving is necessary, on some heavily travelled routes on which money is being wasted in excessive maintenance costs, to best serve great numbers of highway users and hasten other improvements. When a highway carries more than 1,000 vehicles a day, the cost of maintaining a fair gravel surface exceeds the pavement cost, interest charges included."

The last statement was based upon cost averages estimated by W. F. Rosenwald, chief maintenance engineer of the state department, as follows:

Vehicles	Est. Maintenance Cost		
Daily	Unsurfaced	Graveled	*Paved
Under 200	$200	$ 300	——
300—350	(Impractical)	500	——
350—500		730	$200
500—750		900	200
750—1000		1,200	300
1000—Up		(Prohibitive)	300

*Exclusive of interest item, approximating $1,000 a year.

The engineer explained that the figures are arbitrary, conditions always varying because the road is growing either better or worse.

Halvorson Wants to be Judge.
(G. B. Bjornson, in Minnesota Mascot.)

We notice by some exchanges from up north that our old friend, G. Halvorson, of Thief River Falls, is a candidate for judge in the Fourteenth Judicial District.

This calls to our mind pleasant associations with that gentleman in several state campaigns. Mr. Halvorson is a man of judicial temperment and one who is just and fair in his dealings with men and measures. In politics, we think he may be classed as of the progressive type. He is a man who does not believe in special privileges for any class and he has sometimes taken a hand in an effort to overturn the power of political machines.

We are not aware that he has had much experience in politics as an office seeker, but he had a lot to do with the business of state and local government and he has always wanted to make that government more efficient and more responsive to the will of the people.

He is a Republican in his party affiliations, but he is not of the kind that would take anything and everything for granted just because his party leaders espoused it.

Halvorson is a conscientious man, faithful to any trust imposed in him and we miss our guess if he will not make an ideal judge. If honesty, fairness and a disposition to weight and consider things carefully count on the bench, as we all know they do, Mr. Halvorson is well equipped for the office he seeks.

Mr. Halvorson has quite an extensive acquaintance in the state and we know that his friends will be interested to learn that he is now aspiring to "wear the ermine" and sit on the "wool sack."

OBSERVATIONS

(W. T. Noonan in Baudette Region.)

Yesterday was a quiet day in the Twin Cities. Nobody was murdered.

Don't play Santa Claus to the oil stock peddlers.

The fact that twenty gallons of alcohol was stored in the Spooner jail was kept a secret for weeks but it finally leaked out.

Two deer were shot within a mile of Baudette last week and allowed to rot in the woods. The men responsible should have their windows decorated with bars for a year or two.

Federal prohibition agents are visiting Baudette and their visit is a secret except that everybody knows who they are, why they are here and where they are staying. The only thing lacking to make their visit real comical is a brass band.

Bill Hart may be a good actor on the screen, but he's a bad one at home. His wife is suing him for divorce on the ground of cruelty.

Now they are going to tatoo society women. What? Another skin game?

MIGHT BE GOOD IDEA.

The Minnesota Education association is sending out publicity matter in the hope of securing the help of newspapers and public in its attempt to have the law changed with regard to the selection of county superintendents of schools. The association proposes that such officers shall be named by a county board of education instead of elected by the people as at present, and a number of rather convincing arguments are put forth in favor of the plan.

The present law in Minnesota limits the selection of a superintendent to the county in which he resides and the few who will go through the dangers of a political campaign, places no adequate professional or educational standards upon the candidate, and obliges him to spend two to four months every few years electioneering to keep his place. It does not appear to be a very satisfactory system, but would selection by a board be any improvement? It would be, undoubtedly, if political wire pulling could be eliminated. In the rather possible contingency that it can not, it is more than likely the people will perfer to have a direct hand in the election of all county officers. It is true that the best man is not always selected under the present plan, but the people themselves must take the blame for the error, it being impossible to shove responsibility onto some board or other agency. Leaving the matter to a competent board would no doubt result in securing better men to head the schools. It is certainly working out better in the cities than would a system wereby the superintendent were elected.

One feature particularly stressed by the proponents of the new idea is that the plan would permit a county superintendent to do for the country schools just what city superintendents are doing for schools under their jurisdiction. He would be largely relieved of routine work and could devote his entire time to improvement in districts which it is claimed have in many cases been neglected.

The plan is said to be approved by educational leaders, not only in this state, but throughout the country. Superintendents themselves favor the idea, it is contended. In that case all that is needed is the approval of the people. This can do doubt be obtained very readily when more is known concerning the composition of the appainting board and the method of its selection.

AMENDMENT NO. 1.

The rural credits amendment of Minnesota's constitution, up for adoption this fall, will appear on the official ballot as Amendment No. 1. This announcement was made at St. Paul by Mike Holm, secretary of state.

Placing the amendment first on the ballot will greatly improve its chances for adoption, according to Harry Edmunds, general manager of the Farmers' Terminal Packing company and member of the farm organizations' committee that is sponsoring a state-wide campaign to impress on all voters the importance of favorable action.

"As the campaign progresses," says Mr. Edmunds, "the amendment will become known as 'No. 1.' The popularity of the good roads amendment two years ago, which also was first on the ballot, will be an important factor in overcoming the present danger of indifference. The amendment must be favored by a majority of voters voting to be adopted; hence failure to vote is the same as voting against it.

Being first on the ballot also will help the amendment to adoption because it will get greater consideration in voting booth rushes than if it was second."

His Fix.

Advertising the Best Way For Big Concerns to Gain Good Opinion of Public

Why do concerns like the Standard Oil company, the Northwestern Telephone company, the big packing companies, etc., advertise? These great corporations are carrying on publicity campaigns in newspapers and other publications the cost of which runs into enormous sums of money. These advertisements are generally in the nature of explanations of their system of doing business, their ability to care for the needs of the public and their willingness to meet all requirements. Very seldom is the article in which they deal particularly exploited. Why, then, do they spend these vast sums for publicity?

The answer is found in an article written by O. E. Lowry, advertising copy manager for the Northwestern Telephone company, and published in the house organ of that concern for June.

Mr. Lowry says that more than 3,000,000 people see the advertisements regularly and thereby form an opinion of the company.

"Public action is based on public opinion," states the article, "and opinion is based upon information and impression. If the public does not have a good impression of us and the proper information about our business, its opinion will be wrong, its action towards us will be ill-advised.

"We want the public—our customers—to have a good impression of us and to know all about our problems and our policies as well as the facts regarding our revenues and our expenses, and we want to tell them so often that they will not forget."

There are two ways of getting this information before the public, says Mr. Lowry. One is through the employes in their contact with the public and the other through printed advertising. "Naturally we cannot talk personally with every one of our customers frequently. We have too many customers. So advertising is used to support our employes in giving the public the proper impression of and all the information about our company.

"One hundred men added to our payroll, spending all their time talking to 30 people a day for a year, could only reach 1,000,000 people once during the year. The newspapers in which our advertisements appear have a circulation of approximately 1,000,000 copies. Each paper, it is estimated, has from three to five readers. Thus through our newspaper advertising at least 3,000,000 people are reached regularly many times a year, and thereby are frequently given an impression of the kind of company we are.

"If 10 per cent of our customers, on the average, read our advertising, and from checks we have made at different times I believe the percentage is considerably higher than this, the money it costs is very well spent, I think. The effect of our advertising is cumulative. If 10 per cent, we will say, read our advertisements today and 10 per cent tomorrow, that 10 per cent and the next 10 per cent will help carry our story to others and gradually every one will have the message.

"Another thing. This may startle some. I believe that the money we spend for advertising would be well spent if not a single person ever read one of our advertisements.

"Perhaps I can explain what I mean by telling you of a statement made recently by a lawyer friend of mine. 'I seldom if ever read one of your advertisements,' he said. 'But,' he added, 'I can't help but see them as I glance through the papers, and they always remind me of an honest, substantial business man whom it would be a pleasure to know and do business with.'

"That is the highest compliment ever paid to our advertising."

Under the head, "Why We Advertise," Mr. Lowry sums up his arguments for publicity campaigns on the part of big business concerns in part as follows:

"A private business may or may not advertise. It alone feels the effect. The public is not interested.

"But a public service company such as ours does not fulfill its responsibility to the public unless it advertises.

"Because our company advertises it is able to furnish a better and more useful service to the public at lower rates than would otherwise be possible."

Ecklund-Swayze.

A marriage of interest to many local people was solemnized on July 22, when Miss Ellen Ecklund of this city became the bride of Earl D. Swayze of Minneapolis. The bride is a daughter of Mr. and Mrs. Andrew Ecklund and was born in this county but has been in Minneapolis since 1911. At the time of her marriage she was engaged as saleslady. The groom is a traveling salesman for a Minneapolis concern. Mr. and Mrs. Swayze will make their home in Minneapolis.

Birthday Party.

Mrs. G. W. Connell entertained a number of youngsters at a party for her little daughter, Janet, who celebrated her seventh birthday Friday. The children spent the afternoon playing, and at 4:30 a picnic lunch was served on the lawn. A birthday cake with seven candles formed a feature of the lunch. Those present were: Helen Johnson, Margaret Arneson, Margery Ann Fuller Roseno Dahlen, Helen Protzeller, Jane Protzeller, Richard Ross, Geraldine Connell, Verneil Curtis, Kathryn Curtis, Jean Curtis, Irving Curtis Jr.

Lonson-Effinger.

A quiet wedding at the Methodist parsonage on Saturday, August 12, united Miss Agnes Lonson, daughter of Mrs. Bertha Lonson of this city, to Earl Effinger, son of Mr. and Mrs. Frank Effinger, formerly of this city, but now residing at Pequot, Minn., in the bonds of wedlock. They were attended by Miss Lylabelle Schuster and Leonard Hanson, and Rev. J. B. Smith performed the ceremony. The bride was a member of the 1918 graduating class and has been engaged in teaching during the last year, being located near Brainard. Mr. Effinger attended the public schools in this city before moving to Pequot, and is at present employed by the Northern Woodwork company. It is understood the newlyweds will make their future home in Thief River Falls. Their many friends offer their congratulations.

Entertains for Guest.

Mrs. H. C. Durrin entertained a group of boys and girls Saturday evening at her home, 317 Atlantic avenue north, complimentary to her niece, Miss Nellie Farmiloe of Minneapolis, who has been a guest at the Durrin home during the summer. The young folks spent the evening in dancing after which appropriate refreshments were served by the hostess. The rooms were artistically decorated for the occasion with sweet peas, nasturtiums and Japanese lanterns. The guests were: Misses Gail Warner, Margaret Melgaard, Esther Bennes, Camille Warner, Dorothy Shirley, Arthur Penney, Lloyd Bennes, Richard Zeh, Thomas Scanlan, Henry Arneson and Herbert Keene.

Mrs. Mogensen Entertains for Niece.

Mrs. E. O. Mogensen entertained very pleasantly Friday evening at her home, 721 LaBree avenue north, at a party of young folks complimentary to her niece, Miss Margaret Kelly of Devils Lake, who is visiting here, together with her mother. The chief diversion of the evening consisted in dancing. At eleven o'clock a dainty lunch was served by the hostess. Following were the guests present: Misses Margaret Kelly, honor guest, Helen Langseth, Anne Leimers, Sybil McGinn, Marguerite Burns, Maybelle Ostby, Palma Langseth, Myrtle Krohn, Beatrice Sandum, Ruby Bennes, Mildred Jacobson, of Minneapolis; Messers. The latter is spending the summer at the home of her parents, Mr. and Mrs. Olaf Ramstad. The rooms were prettily decorated with sweet peas, nasturtiums and Golden glow. The afternoon was spent in cards and sewing. Very dainty refreshments were served at five o'clock by the hostess, assisted by her daughter, Doris, and Mrs. Ila Reynolds. The following ladies were present at the party: Mrs. Pitkin and Mrs. Oscar Sponheim, honor guests, Mrs. W. A. Barnard, Mrs. O. F. Mellby, Mrs. Nels Christianson, Mrs. Nat Harris, Mrs. Ila Reynolds, Mrs. Fred Herrick, Mrs. Watson, Mrs. E. M. Stanton, Mrs. G. W. Booren, Mrs. H. W. Froehlich, Mrs. Geo. M. Johnson, Mrs. Perl Mabey, Mrs. Peter Hoglin and Mrs. J. O. Yotter.

Culver-Stearns.

Howard H. Stearns of Park Rapids and Miss Frances M. Culver, daughter of Mrs. Anna Culver of this city, were united in marriage at the bride's home on Monday, August 14. The ceremony was conducted by Rev. J. B. Smith in the presence of Mr. and Mrs. William Calhoun. After the ceremony a excellent wedding supper was served by Mrs. Culver, mother of the bride.

The bride is well known to the people of this city, having been raised here and a member of the 1919 graduating class from the local high school. During the last year she was engaged in teaching east of Plummer. Mr. Stearns is a barber by trade and has been employed in Soltau's barber shop in this city about a year.

The newly-weds departed the next day for Gary, Minn., where they will visit for a while. They do not as yet know definitely where they will make their future home. Many friends of the young couple unite in many wishes for happiness and prosperity.

For Helen Weeks.

Monday evening at the church parlors, the Dorcas society of the Trinity Lutheran church entertained at a farewell party for Miss Helen Weeks, who leaves within a short time for the Missionary field in China.

The rooms were beautifully decorated with Chinese lanterns, cherry blossoms, and fans. Miss Emily Fossum, president of the Dorcas, in a few well-chosen words expressed the attitude of the entire society when she assured Miss Weeks of the earnest interest all members would have in her welfare and success. Miss Weeks was asked to become an honorary member of the Dorcas, and was presented with a handsome thermos bottle as a remembrance of the society. The guest of honor responded in her usual cheering manner after which different members gave short talks indicative of the high esteem in which Miss Weeks is held.

The remainder of the evening was devoted to music and refreshments.

For Amy Nelson.

Miss Lylabelle Schuster and Mrs. Pearl Dale shared honors at a miscellaneous shower tendered Miss Amy Nelson, who will be a bride early this fall, on Monday evening at the J. O. Sether home. The evening was spent in social hours and at 11 o'clock an elaborate two-course luncheon was served at small tables, the color scheme of pink and white being carried out in the place cards and luncheon appointments. The hostesses were assisted in serving by Miss Inga Oftedahl. The rooms were beautifully decorated for the occasion in pink and white streamers and festooned about the lights. Various garden flowers were also used. Miss Nelson received many useful and pretty gifts. The list of guests included: Misses Amy Nelson, honor guest, Nettie Ovie, Esther Tandberg, Valborg Sandum, Christine Clausen, Myrtle Satre, Jeanette Oftedahl, Dora Holmes, Agnes Oftedahl, Theone Walker and Inga Oftedahl. "PEACOCK ALLEY" IS SPLENDID PRODUCTION; STARRING MAE MURRAY

Story Pictures Trial and Adventures of Parisian Dancing Girl Who Marries Small Town American Boy and Returns Home With Him.

It is not often that motion picture fans are given the opportunity to see the latest and most stylish costumes presened by one of the most attractive artists of the screen in a story vibrant with romance and adventure, but that is what Mae Murray's latest picture; "Peacock Alley," is. It will be shown Sunday and Monday at the Lyceum Theatre.

In this Metro release for Tiffany Productions, Inc., presented by Robert Z. Leonard, Miss Murray portrays the part of a Perisian dancer, who, as the darling of the famous city of pleasure, is feted and adored for her daring and artistic creations. She falls in love with a youthful American, a small town boy, and goes back to his home only to find that the people of the little village are scandalized at his French wife. The rude awakening among the bright lights of Broadway gives this story a turn which makes it one of the most dramatic offerings of the screen.

"Peacock Alley" is typically a Mae Murray picture. Its gorgeous settings and the costly costumes of the star are outstanding features in an offering which at its special showing in New York won the unstinted praise of the critics as being the most beautiful and gorgeous production of the screen. The cast supporting Miss Murray is a most notable one and includes Monte Blue in the leading male role, Edmund Lowe, W. J. Ferguson, Anders Randolf, William Tooker, Howard Lang, William Frederick, M. Durant and Jeffrys Lewis. "Peacock Alley" is by Edmund Goulding, based on a story by Ouida Bergere. It was directed by Robert Z. Leonard and photographed by Oliver T. Marsh.

Ten Killed When Train Hits Truck at Annandale

Ten persons were killed and a score or more seriously injured when a passenger train on the Soo railway running from Minneapolis to the coast struck a truck driven by Fred Lamar of Maple Lake, Minn., within 100 feet of the station at Annandale late Saturday. The coast train westbound, was approaching the station when the truck neared the tracks. G. H. Rahn, brakeman of a freight train standing on a siding at the depot, saw Lamar approaching and called to him, pointing at the same time to the rapidly approaching passenger train. The conductor of the freight also saw the truck and rushed toward it crying: "For God's sake stop." Lamar, according to these witnesses only waived his hand and smiled, continuing across the track. The locomotive struck the truck and hurled it against a switch post, turning the switch. The engine and one baggage car of the passenger train continued on the main track. A baggage car, smoker and 10 coaches, caught in the switch, were diverted to the siding and plunged into the waiting freight. The freight engine was overturned, the steel baggage car smashed and the wooden smoker turned around and thrown across the train at right angles just as the steel coach plowed into it. Chris Wallace, veteran engineer on the Soo line, was caught in his cab and scalded so that he died within a short time. The entire blame is laid on Lamar, driver of the truck, who was instantly killed as was an elderly man who was riding with him.

No one from the northwestern part of the state was among those killed or injured, according to reports.

Fire Totally Destroys Karlstad Cement Works

The Karlstad Cement Works, including J. E. Nordstrom's living rooms, burned to the ground, Friday morning. The plant was owned by J. E. Sandelin and J. E. Nordstrom.

Mr. Sandelin was there early in the morning and was engaged in starting the engine for the cement mixer when the place caught fire. The valves were a little leaky and the engine hard to start and it was evidently flooded when the first explosion came. Just how it happened or what might have caused it he does not know as he was cranking away at the engine when it suddenly threw out a sheet of flames and the whole interior of the building was on fire. It is a quarter of a mile from the fire hall to the works, there is no telephone and before word could be sent down town, the entire structure was a mass of flames. The chemical engine was rushed to the place and they succeeded in saving one of the sheds adjoining the main building.

Ninth District Divided At Ada Meeting of Legion

The ninth district of the American Legion, department of Minnesota was divided at the annual district convention held at Ada Sunday. The two sections will be named Northern and Southern and a vice-commander will have administrative charge of each section, while the district commander will preside over the entire district. It is planned to have monthly meeting in the different towns of each section.

The convention approved the Legion Rochester hospital plan, and all posts are making plans to show the Legion picture, "Cardigan." Approval of the action of A. A. Sparague, chairman of the national rehabilitation committee, and of a whole-time training project for mentality cases was recorded at the meeting.

New officers for the district and the district convention city for 1923 will be decided at the caucus at the state convention at Virginia. A constitution and by-laws will be adopted at that meeing. Delegates to the state convention were not instructed except that Detroit will seek the 1921 convention.

Present officers of the district are: Dr. A. C. Gottenberg, Detroit, commander; A. H. Spaeth, Ada, vice-commander, and J. C. McCarthy, Detroit, adjutant.

A radio concert was one of the features of the entertainment furnished by the Ada Legionaires.

Large Number of Settlers Expected After This Fall

Many inquiries are still coming in to the New Settlers association in regard to the sale of land in the Thief River valley. Most of these inquiries are from Iowa, Illinois, South Dakota, North Dakota and Wisconsin, but there are a number from residents of the twin cities. Four prospective buyers have come to the county recently, and are living on rented places until suitable locations can be found.

Judging from the number of letters received there should be at least 75 new settlers arrive in this territory in the fall of 1922. During the summer months farmers are busy harvesting their crops and do not have time to look for new locations, but after the harvesting and threshing season is over the New Settlers association expects a good movement towards this locality.

Many buyers are planning on visiting the eastern part of Pennington and Marshall counties where land can be secured at very reasonable prices. Here there are many thousands of acres ready for the plow, which is a decided advantage over eastern lands where there is a large expense in stumping the ground after the timber is cut.

On Buying Trip.

A. Sapero of the Sapero company is in the eastern markets purchasing fall merchandise for the stores at Thief River Falls, Hibbing and Chisholm. C. S. Sapero, local manager, promises the women of Thief River Falls and vicinity one of the largest and most complete selections of women's wearing apparel ever shown in this community.

Obituary

Died at Fergus Falls.

Mrs. Walter Hanson, daughter of Mr. and Mrs. John A. Dahl, who reside on a farm six miles southeast of Thief River Falls, died at Fergus Falls last Saturday. Death resulted from inflamatory rheumatism from which Mrs. Hanson had been a sufferer for three years. She was 32 years of age and is survived by her husband and small son, besides her parents, six sisters and four brothers. Mr. and Mrs. Dahl left Monday morning for Fergus Falls to attend the funeral, which took place on Tuesday. Mrs. Hanson was well known to many in Thief River Falls and neighborhood.

Mrs. Amanda Hendriksen.

Amanda Agnes Torkelson was born August 26, 1884, in St. Croix county, Wisconsin, and was married to Henry K. Hendricksen, Nov. 16, 1904. To this union nine children were born, one of whom died a short time ago. Mrs. Hendricksen has lived on a farm near Kratka for a number of years. She contracted tuberculosis which terminated fatally on Aug. 12. She was buried from the M. E. Church this city, J. B. Smith, pastor, officiating and the interment was at Greenwood. A large and very beautiful collection of flowers and the large number of friends attending the funeral attested the esteem in which she was held.

Christian Pederson.

Christian H. Pederson died at the home of S. O. Grolid, 611 Kindall avenue south, on Monday. He had been confined to his bed about 11 weeks but his health had been steadily failing since last February.

Deceased was born April 3, 1848, in Throndhjem, Norway. He emigrated to the United States in 1872 and settled in Eau Claire, Wis. Later he moved to North Dakota where on Nov. 28, 1892, he united in marriage to Mrs. Dahl. In 1896 they moved to St. Hilaire, where they lived until 1919, when they came to Thief River Falls, this city continuing their home since that time. The departed pioneer leaves to mourn his loss his wife and two daughters, Mrs. E. N. Sandvold, Ada; and Clara of this city. A son, John, passed away some years ago. A sister, Mrs. J. J. Hood, residing at Parkland, Wash., and there are three brothers, Martin of Shelly, Peter of Duluth, and John of Cohasset, Minn.

Funeral services were conducted at the Grolid home in this city at 2 o'clock and from the Norwegian Lutheran church in St. Hilaire at 4 o'clock on Tuesday. Interment was made in the Lutheran cemetery at St. Hilaire.

Mrs. William Parnow.

Mrs. William Parnow, formerly a resident of Kratka township, died at the home of her son, Oscar, at Duluth, Wednesday, August 9, the cause of her death being cancer. Mr. and Mrs. Parnow came to Kratka township in 1904 when they homesteaded the land on which they lived until the time when their house burned down about six weeks ago. After the fire they moved to Duluth, where they stayed with their son, Oscar.

Deceased leaves to mourn her death her husband, three daughters, Mrs. Herman Joop and Mrs. Aug. Theil of Borup, and Mrs. Carl Peterson of Duluth, and four sons, Paul and Oscar of Duluth, William of Perley and Otto of Erie, this county.

Mrs. Martine Amundson.

Mrs. Martine Amundson, one of the early pioneers of this county, passed away Tuesday, Aug. 9, at her family home in town of Rocksbury at the ripe old age of 88 years. She was a native of Norway and came to Rocksbury township together with her husband in 1882, where she lived on the family homestead until her death. Her husband and only son, Jacob, died several years ago. The only daughter, Mrs. Martin Arveson, lives near Wanke, in the eastern part of the county.

The funeral took place Saturday, Aug. 12, interment being made in the St. Paul cemetery at Rocksbury. Rev. Grimsrud of St. Hilaire officiated at the funeral.

Card of Thanks.

We hereby wish to extend our heartiest thanks to relatives and friends who so kindly assisted us during the illness and death of our beloved husband and father. Also for the many lovely floral offerings.—Mrs. C. H. Pederson, Mrs. E. M. Sandvold, (Miss) Clara Pederson.

Rainbow Division Picnic.

The Rainbow Veterans of the State of Minnesota will hold their third annual picnic at Como Park, midway between Minneapolis and St. Paul, on Saturday afternoon, August 26th.

The Home Folks' associations will join the Rainbow Veterans with their picnic baskets well filled to take care of the out-of-town visitors.

There will be games of all kinds, dancing, bathing, etc., and of course, visiting and renewing old friendships.

Address the Publicity Committee of the Rainbow Veterans, or Mr. Wilber Smith, both care The Lincoln Club, Minneapolis, to let us know how many we may expect, etc.

Romance of the Fields.

Maud Muller used to rake the hay,
She was a charming actor.
She would not do such work today,
She'd buy herself a tractor.

Public Forum

Says The Times Was Wrong.

Editor Times: In your issue of August 10, referring to the hearing held at Gonvick on the 8th on the Clearwater river project, you mentioned that the farmers of the town of Mayfield were represented by Theo. Quale of Thief River Falls, but failed to mention Thomas V. Sullivan of St. Paul, who also represented Mayfield at the hearing.

You stated that the farmers objected to being assessed for the Clearwater improvement, which is true. You go to say they claim their lands are in the Red Lake river basin, which is not correct. They have never made that statement, so far as the writer knows. You also claim the damage by flood to their property is caused by the overflowing of the Red Lake river in times of high water, across their farms finding its final outlet in the Clearwater river, which is not so. You say the distance between the streams at this particular point is short. It is not so very short. I should judge the distance between the two rivers at this point is between eight and nine miles. Farther on you say that the farmers object to being included in this particular project. Yes, and I might add that they also object to being included in the Red Lake river division under the present plan. Yours very truly,

M. O'LEARY.

Notice of Mortgage Foreclosure Sale.

Whereas, default has been made in the conditions of a certain Indenture of Mortgage, made, executed and delivered by Andy C. Hurt and Celia Hurt, his wife, of the County of Pennington, and State of Minnesota, as Mortgagors, to First and Peoples State Bank, a Minnesota Corporation, as Mortgagee, upon and covering the following described real property lying and being in the County of Pennington, and State of Minnesota, to-wit: The Southwest Quarter (SW¼) of Senction Twenty-One (21), in Township One Hundred Fifty-four (154), Range Forty-One (41), excepting and reserving therefrom a strip of land 100 feet wide extending across from east side to west side parallel and adjacent to the North line of said Southwest Quarter above described, heretofore deeded for Railroad Right-of-way, Also excepting and reserving a strip of land described as follows—Commencing at a point 100 feet south of the Northwest corner of said Southwest Quarter above described, running thence south along the west line of said quarter section 40 rods and 10 feet, running thence due east 41 rods, running thence north 40 rods and 10 feet, running thence west 41 rods to place of beginning, land mortgaged being 145 acres more or less, according to the Government survey thereof, which said mortgage bears date the Tenth (10th) day of February, A. D. 1919, and was filed for record in the office of the Register of Deeds in and for said County of Pennington, in the State of Minnesota, on the Fifteenth (15th) day of February, A. D. 1919, at one o'clock P. M., and was duly recorded in said office in Book 12 of Mortgages, on page 484, which said mortgage was thereafter duly assigned to The Minnesota Mutual Life Insurance Company by written instrument bearing date the Fifth (5th) day of March, A. D. 1919, filed for record in the office of said Register of Deeds on the fourteenth (14th) day of March, A. D. 1919, at one o'clock P. M., and was recorded in Book 63 of Mortgages, on Page 74, and

WHEREAS, such default consists in the failure of said mortgagors to pay an installment of interest due February tenth (10), 1922, in the sum of One Hundred Eighty ($180.00) Dollars and interest thereon, and

WHEREAS, by reason of the default made as aforesaid, The Minnesota Mutual Life Insurance Company, assignee, as authorized by the said mortgage and the notes thereby secured has declared, and does hereby declare, the whole of the principal sum secured by the said mortgage and notes to be due and payable, and the same is now due and payable, and

WHEREAS, there is claimed to be due upon said mortgage and the note thereby secured at the date of this notice, the sum of Three Thousand Two Hundred Seventy-eight and 5-100 (3,278.05) Dollars, being ($3000 for principal and $278.05 for interest thereon), and no action or proceeding at law or otherwise has been instituted to recover the same or any part thereof,

Now, Therefore, Notice is hereby given, that in and pursuant to the power of sale said mortgage contains, and the statute in such cases made and provided, the said mortgage will be foreclosed and the real property therein described will be sold by the Sheriff of said County of Pennington, in the State of Minnesota, or by his deputy at public auction to the highest bidder therefor, for cash, at the East Front Door of the Court House in the City of Thief River Falls and in said County of Pennington on Saturday, the thirtieth (30th) day of September, A. D. 1922, at ten (10) o'clock in the forenoon of that day, to pay the amount which will then be due upon said mortgage and the cost and expense of this foreclosure, including an attorney's fee of Seventy-five ($75.00) Dollars, as stipulated in said mortgage to be paid in case of foreclosure thereof, subject to redemption at any time within one year from the date of sale.

Grygla Editor Praises County Fair Management

(Grygla Eagle.)

The Pennington county fair held at Thief River Falls last week was without doubt the largest attended of any previous fair. Over 4500 persons passed through the gates on Thursday. The exhibits in all departments were fine and proved that this county was coming to the front fast. The races were fast and fine, over 50 horses being entered. The greatest attraction was the fire works and sham battle Friday evening. This drew a large crowd and was well carried out, and while it was but a faint illustration of the reality it gave one a slight idea of what the boys met on the foreign battle fields. The fair as a whole was a credit to Pennington county and especially to the management as not a thing was spared to pleasantly entertain all the visitors.

RESOLUTIONS

The following resolutions were passed by the American Legion Auxiliary of the Ninth District at the convention held here July 28th:

WHEREAS the Auxiliary to the American Legion of the Ninth District in convention assembled in Thief River Falls on Friday, July 28th, wishes to express thru the Resolutions Committee its idea on many matters:

BE IT RESOLVED: First. That we express to the Elmer J. Ecklund Post No. 117 our appreciation of their homes, by the noon lunch and the banquet, as well as the auto ride provided for their entertainment;

And further, that we extend our thanks to our district officers for the time and labor they have given this work for the past year, and also for the splendid program provided for this convention.

BE IT FURTHER RESOLVED: Second. That the Ninth District *Auxiliary to the Legion* go on record and backing the Legion in all legislation recommended by that body.

BE IT FURTHER RESOLVED: Third. That the Auxiliary to the Legion urge the passage of the COURTIS LOGAN Bill, giving married women separate citizenship.

BE IT FURTHER RESOLVED: Fourth. That we urge that a separate hospital for our insane patients be established.

BE IT FURTHER RESOLVED: Fifth. That this convention recommend that suitable memorials be made to our honored dead, taking the form of hospitals, drives, parks, etc., instead of mounments.

The Prichard Lumber Co.

(By R. KENNETH EVANS.)

THERE are no two lines of business that can better be combined, one coinciding with the other, than the maintenance of a general contracting business in conjunction with a large lumber yard and building supply house.

There are no two lines of business that play a mores important part in the development of a commercial or agricultural center than these two for the reason that growth demands building construction and satisfactory building construction demands lumber and building materials and men who understand building.

In the Prichard Lumber company, strictly a home concern, operating under home capital, Thief River Falls has this combined organization which has since its establishment in 1912, played just the important part in building construction outlined above. Some of the largest and most pretentious business blocks and residences of the city were either constructed under the supervision of this company or the entire supply of building materials came from the extensive yards maintained here.

The yard is managed by W. W. Prichard Jr., who has had many years experience in the lumber business and is one of the younger business men of the city, taking an active part in its advancement. W. W. Prichard Sr., a lumberman well known in lumbering circles, is the president of the company.

The stock of lumber carried in the yard at all times is in the neighborhood of half a million feet, coming from the lumber forests of Canada and the Western states of the United States, where it is purchased direct by this company. In fact the buying connections established are so wide and extensive that never is there a shortage of building materials and the yard can rightfully boast that they can furnish lumber for building purposes in one or a million feet. Twelve men are employed at all times in the work of this company, including construction as well as the handling of the building materials. At the lumber yard the agency for the Patek Brothers paints is maintained as well as the Playford Cement silo. The stock of building materials includes everything that could possibly be needed in the construction of any class of building. This is indeed not a yard where just a few boards are kept for sale but is metropolitan in every respect and maintains a stock which would be a credit to a city several times the size of Thief River Falls. One auto truck and one team and wagon are maintained for delivery purposes and service is one of the paramount features in the operating of this business.

The general contracting work handled by the Prichard company embraces any class of buildings that can be constructed. To augment this service a well organized plan service is maintained which includes blue prints and designes for various classes of building. The advantage of this service is that it enables the prospective builder to know just what he is going to receive before he lets the contract and by the combined service he transacts all his business with the one institution from the time the ground is broke until the building is delivered to him ready for occupancy and is afforded the excellent Prichard service which iinsures the building construction along the latest lines of designing and substantial building.

Some of the buildings in Thief River Falls constructed by the Prichard company include the Knox school, residences of H. A. Pratt, J. A. Bloomquist, Roy Motz, Ada Johnson and the business block owned by Carl Christofferson. An inspection of any of these structures will show the prospective builder that the work is done in the highest possible satisfactory manner and none but the very best materials go into any construction. In fact it has always been the policy of the Prichard company in the ten years they have been in operation in Thief River Falls to handle every item of business so that it will serve as an advertisement of high class service and high class materials.

Thief River Grocery Co.

(By R. KENNETH EVANS.)

THERE is not a city in Northern Minnesota that has made a more phenominal growth along the lines of commercialism than Thief River Falls. Thirty years ago it was a little inland town without railroad connections of any kind and all freight into the city was hauled from St. Hilaire, the then terminal of the Great Northern. Today it has seven railroad lines radiating out in as many different directions, is a railroad center and the Hub of one of the richest sections of trade territory anywhere in the west and is the distributing center for all this vast territory.

The city has gained a reputation as a wholesale and distributing center because of the activity of large wholesale institutions which have been established here and which are developing the territory. Principle among these is the Thief River Grocery company.

This institution was originally established here in 1907 as a branch house of the Finch-Winslow-Carlisle company of Crookston, Minn. It was operated under that name for two years when the present large warehouse and wholesale grocery building was constructed when it was incorporated under the name of the Thief River Grocery company and has operated as an independant wholesale and distributing house since that time.

Maintaining an extensive payroll and a monthly expense of approximately $5,500.00 which is all practically spent in the city of Thief River Falls, and handling hundreds of cars of merchandise a year this institution is an important factor in the maintenance of the commercial life of the city.

The building which houses this large stock of wholesale merchandise is a brick structure 75 by 140 feet and has a full basement and one ground floor. In addition another one story building is used as a warehouse. The coolers for fruit have a storage capacity for four car loads. A special bannna storage room is maintained in the main building which has a capacity for two car loads of bananas.

The reader may get some idea of the extensiveness of the institution and what a factor it is to the business world of Northwestern Minnesota when it is stated that on an average fifty car loads of fruit and groceries are handled monthly through this house and distributed to the retail stores over their trade territory.

The lines of merchandise jobbed by this house includes many of the nationally known brands. The No-Vary line of canned goods as well as the Live-Well brands are distributed under the name of this firm, being made especially for their distributing in this trade territory.

The coffee distributed from this house is purchased at the point of importation especially for the coffee house maintained by this company. The coffee is carefully selected as it comes from the coffee growing countries and is roasted under a special system for retaining flavor and excellency and the Theif River Grocery company has established an enviable reputation because of their "Nash" brand of coffee.

The extensive storage plant of the company enables them to deal very extensively in fruits and vegetables during the seasons of these commodities.

Twenty people are employed to handle the extensive business developed in Northwestern Minnesota by this firm at a monthly pay of $8,000.00. This includes two salesmen employed to care for the trade of the city merchants in Thief River Falls and three salesmen who cover the territory regularly to keep in touch with the retailers supplied in other cities from this house.

This institution does practically a $1,000,000.00 in business annually, which is one of the largest if not the largest business concern in Thief River Falls with the possible exception of the Soo railroad. Their own loading and unloading docks are maintained on the Soo right-of-way.

The management of the fruit department of the Theif River Falls Grocery company is in the hands of Nels Christensen who is also treasurer of the company while the management of the grocery company is under the supervision of F. H. Herrick, the secretary.

Commissioners' Proceedings

Thief River Falls, Minnesota, Aug. 11th, 1922.

The County Board for Pennington County met in the office of the County Auditor in the City of Thief River Falls, Minn., at two o'clock in the afternoon for the purpose of receiving and opening bids for the construction of a concrete culvert on State Road No. 1, and for any other business that may legally come before said meeting.

Meeting was called to order by the Chairman. Members present: Commissioners Hanson, McGinn, Naplin, Roy and Peterson. Commissioners absent, none.

The following bids for construction of concrete culvert were received and read:

Bid of Thief River Construction Co.: To construct culvert complete as per Engineer's specifications for the sum of $1,628.00.

Reinforced concrete per cu. yard, increase $22.00; decrease $15.00.

Reinforced steel in place per pound, increase 4½c; decrease 3½c.

Extra excavating per cu. yard, increase $2.00; decrease 50c.

Certified check for $180.00 accompanied bid.

Bid of Casper Wiener, Jr.: To construct concrete culvert as per Engineer's specification for the sum of $1,175.00.

Reinforced concrete per cubic yard, increase $25.00; decrease $10.00.

Reinforced steel in place per pound, increase 9c; decrease 3c.

Certified check for $60.00 accompanied bid.

Motion made by Commissioner Peterson, seconded by Commissioner Hanson, that the bid of Casper Wiener, Jr., be accepted.

On roll call the Commissioners voted as follows: Yes—Hanson, Naplin and Peterson. No—McGinn and Roy.

Motion was duly carried.

A petition asking for the re-organization of School District No. 8 in Goodridge and asking that a certain portion of land in Marshall county be annexed to said district, was read. On the advice of the county attorney the petition was laid over until some future meeting.

FEW of those who consume farm products realize the extent to which the price of such commodities is affected by automotive machinery.

The fact that the cost of field work is reduced by the use of tractors is well known. The fact that the farmer's time is conserved by the use of automobiles is a matter of common knowledge.

Now comes the National Automobile Association in its Year Book of 1922 with the statement that the cost of hauling products in horse-driven wagons from the farm to shipping points averages 30c per ton mile for wheat and 35c for corn, while over the same roads the cost of hauling by motor truck is only 15c per ton mile.

That the intelligent farmer in the 10 states served by the Standard Oil Company (Indiana) realizes the efficiency of power transportation is shown by the fact that he owns and operates 1,112,203 automobiles and 46,582 motor trucks. These are distributed as follows:

	Motor Cars On Farms	Motor Trucks On Farms
Indiana	102,122	3,671
Illinois	139,090	6,154
Michigan	82,437	4,886
Wisconsin	98,825	4,044
Minnesota	107,824	3,803
Iowa	177,558	9,910
Missouri	86,229	5,059
North Dakota	47,711	774
South Dakota	58,352	4,353
Kansas	111,052	3,928

These cars and trucks can be operated on the same basis as similar equipment in towns and cities because the Standard Oil Company, (Indiana) through its vast distribution system delivers its products into the farmer's storage tank under the same conditions as to the city dweller having similar equipment.

In thus rendering a service to the farmer this Company renders a service to every individual who consumes farm products.

"Oh, Buddy boy! Look what Mother went and put into the lunch basket—a whole whopping big package of Kellogg's Corn Flakes! Buddy, I believe I can eat just about twice as much as you do—my, how I love Kellogg's!"

Time to stop eating heavy food! Kellogg's CORN FLAKES wonderful for the whole family

Nature rebels against heavy foods in warm weather. Much illness in summer is caused by overtaxing the stomach. Change your diet—and keep snappy in mind and muscle!

Kellogg's Corn Flakes with cold milk and fresh fruit are wonderful for the hot days—for breakfast, for lunch, for supper or for "snacks." They digest without taxing the stomach and supply the nourishment the body needs.

For children, for the workers and for the aged there is no more delicious, sustaining summer food than Kellogg's Corn Flakes.

Insist upon Kellogg's Corn Flakes in the RED and GREEN package bearing the signature of W. K. Kellogg, originator of Corn Flakes. None are genuine without it!

Canned Blue Plums

Prick the skin of each plum with a heavy needle. This will keep the skin whole and the skin will remain upon the plum. Pack into sterilized jars. Fill up the jars with boiling syrup made according to taste, that is, with the proportion of sugar to water, which is the best way. From one to two cups of sugar to three cups of water is the usual proportion. Place rubbers in position and screw on caps, leaving the covers slightly loose. Sterilize sixteen minutes by the cold pack method.

RIVER HEARING HERE SEPT. 10; GONVICK OCT. 3

Engineers' Report on Red Lake Project Submitted at Meeting Held Tuesday.

Viewers May Complete Work in Time For Hearing in This City in September.

Attitude of Water Powers an Important Factor and Will Be Known Soon.

The Red Lake Flood Control and Conservancy commissioners held a meeting in the court house in this city on Tuesday at which were present Chairman C. G. Selvig and Commissioners Paszewitz, Nelson and Johnson, Attorney Charles Baughton and Engineer G. W. Walker.

The meeting was called for the purpose of accepting the report of the engineers on the Red Lake river project. This formality paves the way for work by the viewers, but this cannot be undertaken at once as two of the latter are engaged in a reassessment of lands included in the Clearwater project. The probabilities therefore are that nothing more will be done with the Red Lake enterprise until after the hearing on the Clearwater, which is set for Oct. 3, at Gonvick.

Another hearing is scheduled for Sept. 10, in this city, when it is hoped that everything will be completed for the final hearing at Gonvick on Oct. 3. While it is possible that the report of the Red Lake river viewers may be submitted in time to be taken up at the Sept. 10 meeting here, it is not deemed likely and a later date will have to be set for the hearing on that particular project.

The water power companies have agreed to submit their acceptance or rejection of the assessments made against them at the Sept 10 meeting and as this is one of the important features connected with the fixing of costs, their proposition will be awaited with much interest.

A great deal depends upon the attitude of these power concerns. It is understood that they prefer to pay a stipulated yearly rental for the water power rights rather than a flat assessment at the outset. Just what view the board will take of that matter is not known but is one that will have to be settled before anything in the nature of active work can be begun on the Red Lake project.

Getting Ready For Elks' Picnic Here Next Sunday

Assurances have been received from members of the Elks lodge residing in towns near Thief River Falls that they will be here in large numbers for the annual picnic to be held at Squaw Point next Sunday. The lunch and refreshment committee met Monday and arranged for taking care of all the Elks in this district, together with their families, were made. Another committee has charge of the sports and games to be staged and these will be of an unusually interesting order.

A number of volunteers from the local lodge will go out to the grounds on Saturday for the purpose of getting everything in readiness. Refreshment booths must be erected, race courses laid out, arrangements made for looking after the youngsters, and a lot of other matters which cannot be left until the morning of the picnic. Exalted Ruler L. G. Larsen requests all local Elks who happen to have nothing more important to do on Saturday afternoon come out to the picnic grounds and give the committee a hand in making preperations.

WEEDS IN WATER HOLD BACK FLOW; MUCH POWER LOST

Electric Plants Here and at Crookston Handicapped; Remedy Being Sought.

With the Red Lake river containing plenty of water to provide the usual amount of power at Thief River Falls and Crookston, electric light plants are in danger of receiving no aid from the stream because of weeds in the upper stretches are preventing anything like a normal flow.

Gilbert Becken, formerly a river man, who was sent toward the outlet by the city council for the purpose of investigating the trouble, made his report on Tuesday evening. He says there is a stretch of 30 miles from the outlet in which wild rice and weeds have obstructed the flow to a point where the current is hardly discernable. The wild rice at certain points is three feet above the water, but Mr. Becken does not consider that this is the main source of trouble. Other water weeds have formed a regular mat on the bed of the stream for miles, in some places coming very close to the top, and this is what is holding the water back.

Settlers claim that they have never seen the obstruction so general as during the present season. At the Monstrom place near Neptune a pile of logs which were banked high and dry last spring are now in the water, and this in spite of the fact that the water should recede as the summer advances.

The city counciil is trying to devise some means whereby the weeds can be either cut off or pulled up, but no feasible plan has to date been suggested. The power company at Crookston will be asked to lend a hand in helping remove the obstruction as the power in that city is diminished to the same extent as that at Thief River Falls.

It is not a question of sufficient water. Farmers along the upper stretches of the river say that the stream has backed up into the ditches with the result that these have no drainage capacity whatever. Many of these farmers have stated that unless something is done to relieve them of the backwater from the river they will have to move out of the section.

FILTRATION PLANT PLANS SUBMITTED; OPEN BIDS SEPT. 12

No Estimate of Costs Submitted as Yet—Current Users Must Pay Up.

Blue print plans of the proposed filtration system to be installed in this city were received by the council on Tuesday evening but no specifications were included and the council members did not take up the subject. Bids for the construction of the plant will be considered at the regular meeting to be held on Sept. 12, at which time all details in connection with the proposed improvement will be at hand. No estimates of cost have as yet been submitted by the engineers.

The council is again going after delinquent electric current users. City Clerk A. H. Akre, at the request of council members, read off a list of concerns and individuals in the city who have neglected to pay their light and power bills and these will be notified that unless settlement is made by Sept. 15, further service will be cut off and that it will require the payment of $2.00 besides the amount of the bill to have the connection again made. An ordinance already empowers the council to take such action, but this has been disregarded where such policy seemed advisable until the total sum due the department has assumed quite sizable proportions. Hereafter no leniency is to be shown and all will be required to make settlement at the time specified.

The matter of resurfacing the Bridge street bridge came up for consideration and the street and alley committee was instructed to find out if it would be possible for the Bitulithic and Contracting people to undertake the job while machinery for the purpose is still in the city. This company is dismantling its plant at the foot of Fifth street and intend moving it to another point. In case this plan cannot be followed without too great an outlay the council may decide to do the job by day labor, using a tar and gravel surface.

Will Discuss Plans With Creamery Board Members

The members of the board of directors of the Thief River Cooperative Creamery association will meet with Mr. Kempfer, a well-known St. Paul architect, next Thursday for the purpose of talking over plans for the new creamery to be erected in this city next year. Mr. Kempfer furnished the plans for the creameries at Fergus Falls, Pelican Rapids and Frazee, and is regarded as an expert in this line of work.

The creamery directors have purchased a lot directly opposite the present offices of the association and will move one of the buildings to be taken from the site of the new factory thereto and convert it into an office while the building is in course of construction. The probabilities are that no start will be made on the new structure until spring.

Holstein Men Will Meet To Fix Date For Big Sale

There will be a meeting of the Pennington County Holstein Breeders association held at the farm bureau office on Saturday evening for the purpose of completing arrangements for the big dispersal sale to be held in this city about Sept. 15. It is now certain that there will be at least six hundred head offered at this sale, representing some of the finest herds in the northwest. It is the intention to have news of this opportunity for securing the finest cattle available scattered far and wide and there is no question but that it will attract a great deal of attention. More detailed information will be given in the next issue of The Times.

Many Fine Attractions For "Go to Movie" Week

Manager H. A. Brumund of the Lyceum and Princess theatres, left yesterday for Minneapolis, where he will attend a meeting of the moving picture exhibitors of the state. Will H. Hays, head of the producer-distributor organization, will be in the city and will address the meetings. Hays arrival will be the signal for the launching of the concerted effort which will be made the formal opening of the Northwest "Go to Movie Week," two days later.

"Go to Movie Week" will be observed all over the county beginning August 26, and continuing until the following Saturday. Mr. Brumund, in common with all progressive managers, has secured a wonderful array of pictures for this particular occasion. He has also signed up some of the best pictures made during the past year for exhibition here, a more extended account of these being given in the industrial page write-up in another part of The Times today. It is certain that such a showing of the very best has never been announced by a moving picture exhibitor in this section of the state. Mr. Brumund will make additional bookings while in Minneapolis, there being a number of the late releases he is particularly desirous of signing up.

CLUB WOMEN ARE MAKING PLANS FOR SEASON'S OPENING

Will Have Interesting Program Formulated For Presentation at First Meeting.

The woman's club of Thief River Falls is preparing for a season of great activity when the new season opens Oct. 3. During the summer months no meetings are held and interest in the club work drops off as a consequence. In order to call the attention of all members to the opening of another season, slips containing an outline of the proposed work will be mailed out about Sept. 1, and it is hoped that the ladies' who have been responsible for making the Thief River club one of the most important in the state will again show their interest and that all former members will be enrolled.

Attractive and interesting programs for the coming season have been arranged. Outside speakers and entertainers will appear at different times and visits from state and district presidents are on the schedule.

Particular attention will be given to the musical part of the program. This department is in charge of Mrs. Halvorson as chairman of the committee. Social gatherings will intersperse the regular programs.

Three hostesses will be selected for each meeting and light refreshments will be served from 8 to 3:30 o'clock. It is also the intention to change the place of meeting for next year.

The present officers of the club are: Mrs. Beatrice Hieber, president, and Mrs. P. W. Mabey, vice president, while the following compose the entertainment committee: Mrs. R. Arnold, Mrs. T. L. Melgaard, Mrs. P. W. Mabey and Mrs. J. Provncher.

The meeting of the state federation takes place at Bemidji in September and th local club will hav a full compliment of delegates present.

Dr. McCabe Here.

Dr. J. A. McCabe and family, formerly of Thief River Falls, were in the city the early part of the week visiting at the F. G. Engler home and calling on friends. They are now residents of Alexandria and and were on their way to Winnepeg on an outing trip. They expect to return by way of Minot. Dr. McCabe was engaged in chiropractic work here prior to his moving to Alexandria.

Finds Business Outlook In East Much Improved

H. O. Loken returned last Sunday evening from a buying trip to eastern markets. He visited Chicago and other wholesale and manufacturing centers and made personal selections of the goods to be offered at the big store for the fall and winter. Mr. Loken states that business in the sections visited by him seems to be picking up and that all the "big fellows" are anxious to find out how things are looking in the northwest. It seems as if the entire country will feel better when the bumper crops from this district gets moving.

While business is quite satisfactory at points farther east, all merchants will rejoice when the coal and railway strikes are settled, according to Mr. Loken.

Heavy Rains Spoil Picnic.

A large delegation of local people attended the Sons of Norway picnic held at Maple Lake Sunday, which, on account of the heavy showers throughout the day, did not provide much enjoyment for the joy-seekers. The visitors began to assemble at the lake about 10 o'clock in the morning and about that time it commenced raining so that many returned home immediately while others remained a while and had their picnic dinner before leaving. Besides a large number from this city there were also many from Grand Forks, Crookston, McIntosh, Fertile, and other towns in this section.

Among those who attended from here may be mentioned the families of Ed. Ness, Dr. P. L. Vistaunet, Attorney Theo. Quale, E. K. Aasen, T. P. Anderson, Halvor Olson, Bernhard Knudsen, Halvor Loken, Tilfred Reierson, Elmer Ohm, Jorgen Eide; Mr. and Mrs. Ole Ness, Mr. and Mrs. Lester Hendry, Haagen Hansen.

LAST CALL FOR FORMER PASTOR OF M. E. CHURCH

Rev. James A. Orrock Died Sunday Night of Blood Poisoning at Hospital Here.

Served Congregation in This City For Year and a Half, Beginning Spring of 1917.

Was Occupying Pulpit at Pine City But at Cass Lake on Vacation When Stricken.

Rev. James A. Orrock, pastor of the Methodist church in Thief River Falls from the spring of 1917 to the fall of 1918, died at the Physicians' hospital at 8 o'clock Sunday morning from blood poisoning, caused by infection setting in after the extraction of teeth.

Rev. Orrock, who during the past two years has served as pastor of the Methodist church in Pine City, was on a short vacation to Cass Lake and while there had a number of troublesome teeth extracted. Inflammation set in shortly afterward and he was taken to the hospital in this city. His condition continued to grow worse in spite of everything medical science could do to counteract the poison and he passed away Sunday night.

Mrs. Orrock and their daughter, the latter a student at Hamline, accompanied him to this city and were at his bedside constantly. A son, Rolland O. Orrock, of Spokane, Wash., arrived on Monday.

The funeral was held from the Methodist church Wednesday afternoon at 3 o'clock, and was in charge of Rev. Dr. J. C. Craig, superintendent of the Fergus Falls district, and Rev. Dr. Reese B. Kester, superintendent of the Minneapolis district. Other pastors present to pay the last respects to their departed brother were: Rev. L. A. Jensen, Cromwell; Rev. J. Wilbur Lillicoe and Rev. W. R. Morrison, Detroit, besides Rev. J. B. Smith, who succeeded Rev. Orrock as pastor of the local church. Special music was furnished at the funeral by Misses Mildred Wood and Jean Stevens of Warren.

Following were the pallbearers: Rev. Elmer LaRoe, Badger; Rev. Oscar Holt, Ada; Rev. Verne Mitchell, Warren; Rev. L. W. Barthelow of the Society for the Friendless, Warren; Rev. F. W. Hill, Crookston; Rev. L. W. Bates, Cass Lake.

James A. Orrock was born in Santiago, Minn., Jan. 22, 1873. When five years of age he moved with his parents to Milbank, S. D., and his boyhood was spent on the Dakota prairies. The family later moved to Illinis, where the mother died about 32 years ago. The father is still living, being a resident of Sharon, Wash. A brother resides at Spokane.

On Dec. 30, 1893, Rev. Orrock was married to Miss Georgiana B. Knowlton and to this union the two children mentined above were born.

Entering the ministry in November, 1900, Mr. Orrock was continually in the service up to the time of his death, with the exception of one year spent in the newspaper business at Dodgeville, Wis. He was pastor in Thief River Falls during the trying days of the war and devoted himself whole-heartedly to furthering in every way possible the work of providing for the men in the army as well as their dependents. He was well known and highly regarded

SANITORIUM ROUTE FOR NEW HIGHWAY MAY BE SELECTED

Engineers Will be Guided Some By People's Wishes—Traffic Census Being Taken.

Messrs. Flygare and Sewell, engineers in the employ of the State highway commission, were in the city the first of the week and stated that there would be considerable work done this fall on the Jefferson Highway from the city limits to a point at least three miles west. It is the intention to improve the entire 12 miles to the Pembina Trail as soon as possible, but it is doubtful if the whole stretch can be included in the coming winter's schedule.

The engineers stated that surveys for the road south to St. Hilaire had been made, both over the route passing the sanitorium and that paralleling the Great Northern tracks. It was represented to the highway experts that the people of this city greatly favor the sanatorium route and this fact will be given full consideration when the time for decision comes. If that route is finally decided upon it will be necessary to acquire about half a mile of right-of-way by purchase and the price of this will have some bearing on the decision. The matter is expected to be a topic for discussion at a commercial club noonday lunch in the near future.

The highway department is taking another traffic census in Thief River Falls. This time the count of vehicles is to be made on roads running west and north out of the city for the purpose of ascertaining the volume of traffic to be considered when it comes time for making upkeep and improvement appropriations. The census is being taken by Ersel and Lee Anderson and will cover a period of seven days, starting last Sunday evening.

To Attend Virginia Convention.

Oscar Smith left Saturday evening for Virginia to attend the annual state convention of the American Legion which is being held there this week.

Dies From Brain Fever.

Chester, the three months old son of Mr. and Mrs. Junie C. Olson, passed away Sunday morning after several weeks of ailing health which finally resulted in inflamation of the brain. The funeral services were held Tuesday afternoon at 2 o'clock from the house, interment being made at the Greenwood cemetery. Rev. Geo. Larson of the Zion Lutheran church officiated.

MILITARY HONORS FOR REMAINS OF AUTO RACE VICTIM

George Brink, Killed at Indiana Harbor, Laid to Rest Friday At St. Hilaire.

George Brink, son of Mr. and Mrs. O. W. Brink, formerly of St. Hilaire, who was killed while driving a racing car at Indiana Harbor, near Chicago, was buried in the Swedish cemetery in his home town on Friday evening under the auspices of Elmer J. Eklund post of the American Legion. Rev. Albin A. Larson of the Lutheran Augustana church in this city officiated.

Deceased was born Jan. 8, 1899, at St. Hilaire, where he resided with his parents until joining the army in 1918. Taken seriously ill while at Jefferson Barracks, Mo., he was discharged in December of the same year. During 1919 he was a deputy state boiler inspector and later worked as an auto mechanic at Virginia, following the same trade after removing to Indiana Harbor a short time afterward. During the past two years he was a driver of racing cars in and around Chicago.

Brink's car became disabled during the race and in order to save his fellow drivers from death or injury by their smashing into the stalled machine, was attempting to flag the driver immediately behind him, when Nicholson of Chicago, coming at terrific speed, crashed into his car. Brink was buried beneath the wreckage of the two machines, and while it was realized that he was seriously injured, no one thought that he had received a death blow. Both legs were broken just below the knees and internal injuries were discovered when the injured man was taken to St. Margaret's hospital at Indiana Harbor. An operation was hastily decided on but failed to save the young man's life.

Mr. and Mrs. Mauritz Brink of this city, left for the scene of the accident as soon as the serious nature of their brother's injuries became known. They brought the body to this city and it was later escorted to his old home by members of the American Legion.

Besides his parents, who with two younger brothers, Tudy and Elmer, now reside at Eight Point, Montana, deceased leaves three brothers and a sister. The former are: Victor and Albert of St. Hilaire, and Mauritz of Thief River Falls. The sister, Eda, resides at Fresno, Cal.

Good News For Youngsters; School Reopens on Sept. 5

Children in Thief River Falls, and the boys in particular will be glad to learn that school will re-open on Tuesday, Sept. 5, with everything arranged for a hard fall and winter's work. The school buildings have been renovated and repaired from roof to basement and the equipment is in excellent condition. Supt. I. T. Simley is very desirous that all pupils start when the semester opens in order that all may be given an equal chance. Parents are therefore urged to see that the youngsters show up for enrollment on the first day.

The faculty roster has been completed by the signing up of Miss Ezabel Skinner of Grand Forks, as a teacher of home economics, and Miss Katherine McMair of Sabin, Minn., for the department of public speaking, journalism and English.

JOHNSON AND BOWEN TO SPEAK HERE TOMORROW

The first political rally of the campaign will take place in Thief River Falls tomorrow (Friday) evening when Senator Magnus Johnson, candidate for governor on the Farmer-Labor ticket, and A. E. Bowen will speak at the Princess theatre on state issues. Both men are well-known as speakers of much ability and the expectations are that the house will be crowded The committee in charge wishes it understood that these addresses are of as great interest to the city dweller as to the farmer and invites everyone to come out and hear these men explain their views of the questions now confronting the American people.

PUBLIC UTILITIES OF THE CITY ARE LAUDED AS SUPERIOR TO THOSE OF MOST COMMUNITIES

This is the seventh of a series of fifteen industrial articles which will be published in The Times, one each week for the next fifteen weeks, for the purpose of outlining to Northwestern Minnesota and the outside world the vast field of resources and opportunities existing here for advancement and success and for the promotion of optimism and the right psychology. The facts contained in these articles are based absolutely on reliable facts and gathered by an expert publicist who has had many years experience.

The Times throughout this period, will make an effort to show that there is not a section of the country in the west or the northwest that offers a wider field of endeavor than Pennington county and the trade territory of Thief River Falls. Every phase of industrial life and business activity will be covered in a thorough and constructive manner.

The carrying out of this campaign has been made possible by thirty of the progressive business institutions of Thief River Falls, the leading distributing and commercial center for the entire Northwestern part of the state. After reading this article turn to the two inside industrial pages and see who these progressive firms are who so willingly have come to the assistance of this enterprise.

Every reader of The Times can assist very materially in this campaign by sending his own copy of the paper to a relative or friend in some other section of the country after he has completed reading it, that this relative or friend may learn of the opportunities in this splendidly productive section.

TIMES PRINTING & MFG. COMPANY

(By R. KENNETH EVANS.)

In fostering the development of a section of the country, where development offers opportunities, there is nothing that plays a more important part than the maintenance of adequate utilities in the commercial centers of that territory which will provide for the newcomer or those already here all the modern conveniences of living.

In the more congested or older states of the Union, which have been in the process of development for many years, all of these utilities have been provided and the residents of those sections have come to accept them as a part of their every day life.

They perhaps do not realize the extensiveness of such utilities or the thousands of dollars invested in their maintenance. Subconsciously he knows they are there but that is as far as it goes.

Bring these same people into a community, however, that has not provided all of these conveniences, and they will immediately realize that there is something of importance missing. It may take them some little time to ascertain what it is but as soon as they realize that the community is not able to provide for them all the modern conveniences they are used to and have had access to, they are immediately unfavorably impressed with that community.

Thief River Falls citizens, who have been instrumental in building the city to its present enviable standing in the business and social world in such a short space of time, realized the above stated facts and each year has noted advancement and a marked improvement in its conveniences, and today can offer the same privileges as offered by the larger commercial cities of the west and the northwest. Thousands of dollars have been expended in the building of these utilities, but it has been expended wisely.

The Water Supply.

The prime necessity and one which is always first considered in the establishment of a commonwealth, is its source of water supply. Many cities have been retarded in their growth because of the lack of sufficient pure water for commercial and domestic purposes.

The source of the city's water supply is a deep well which has in the past given an ample flow for all the commercial and domestic needs. The extensive water table which underlies this section is sufficient to furnish water for the city no matter how phenomenal its growth may be by merely drilling additional wells. The wells are of sufficient depth to eliminate the possible contamination of the water by surface matter.

A storage tank with a 450,000 gallon capacity has been provided and one deep well pump and a triplex pump, electrically operated, are maintained at the well to furnish the supply. The storage capacity is sufficient to supply the city for a reasonable length of time while possible repairs in the machinery might be made. The water pressure provided from the storage tank to the mains under normal conditions is 55 pounds but an auxiliary pressure of 100 pounds to the cubic inch can be pro-

CLOSER GRADING WILL RESULT IN BETTER PRICES

Potato Growers Told How to Avoid Loss in Handling District's Bumper Crop.

Large Surplus Indicated and Greater Care Than Ever Will Have to be Exercised.

Experts Say Best Potatoes in State Were Shipped From Here Last Year.

The Pennington County Potato association held a meeting in the commercial club rooms Friday evening. The purpose of the meeting was to discuss the grading of potatoes for the market this season. Due to the large surplus of potatoes this year the different grades call for a better potato than formerly.

The growers also passed a recommendation on the price of picking potatoes per basket. It was the opinion expressed that where the field yielded 200 bushels the pickers should receive 3 cents per basket, where they yielded 150 bushels 3½c; 100 bushels or less, 4c. In each case the laborer to furnish his own meals, unless the grower desires differently. This schedule would necessarily be changed where pickers work by the day or where they stay on the farm continually, but the above will be a basis on which all growers can work.

Following up the meeting Friday night the state department of agriculture held a grading school in this city on Tuesday, for the benefit of northwestern Minnesota growers. Representatives from Kittson, Roseau, Marshall, Pennington and Red Lake counties were present.

Importance of Grading.

E. W. Smith, representing the extension division of the University of Minnesota, opened the program by telling the importance this year of grading potatoes very closely, stating that any grower shipping inferior potatoes will only have to pay a bill for the freight. According to the closest estimate there is a large surplus of potatoes in the Northwest this year. This will make it necessary to ship only U. S. No. 1. These, according to Mr. Smith, must consist of potatoes of similar varietal characteristics which are not badly misshapen, free from freezing injury and soft rot, and from damage caused by dirt or other foreign matter, sunburn, second growth, growth cracks, hollow-heart, cuts, scabs, blight, dry rot, disease, insect or mechanical injury.

The diameter of potatoes of round varieties shall be not less than 1 7-8 inches and of potatoes of long varieties 1¾ inches.

In order to allow for variations incident to proper grading and handling, not more than 5 percent by weight of any lot may be below the prescribed size, and in addition not more than 6 per cent by weight may be below the remaining requirements of this grade, but not to exceed one-third of this 6 per cent tolerance shall be allowed for potatoes affected by soft rot.

U. S. No. 1 Small.

U. S. No. 1 Small shall consist of potatoes ranging in size from 1½ inches to 1 7-8 inches in diameter but meeting all the other requiremnts of U. S. No. 1.

In ordr to allow for variations incident to proper grading and handling not more than 25 per cent, by weight, of any lot may vary from the prescribed size, but not to exceed one-fifth of this tolerance shall be allowed for the potatoes under 1½ inches in diameter. In addition not more than 6 per cent by weight may be below the remaining requirements of this grade, but not to exceed one-third of this 6 per cent tolerance shall be allowed for potatoes affected by soft rot.

Best Potatoes Raised Here.

Pennington county growers were told that some of the best tubers in the state were shipped from Thief River Falls last year and firms in St. Louis in ordering potatoes stated that they wanted another carload from Thief River Falls or no shipment at all.

Henry Oen, Jens Letnes and Halvor Fodstad brought in samples to be graded. These were of excellent quality and were classed by Mr. Smith as prmium potatoes. This grade must consist of potatoes of one variety which are mature, bright, well shaped, free from freezing injury, soft rot, dirt or other foreign matter, sunburn, second growth, growth cracks, hollow-heart, cuts, scabs, blight, dry rot, disease, insect or mechanical injury, and other defects. The range in size shall be stated in terms of minimum and maximum diameters or weight following the grade name, but in no case shall the diameter be less than 2 inches.

In order to allow for variations incident to proper grading and handling, not more than 5 per cent, by weight, of any lot may vary from the range and size stated and, in addition, not more than 6 pec cent, by weight of any lot may be below the remaining requirements of this grade, but not to exceed one-third of this 6 per cent tolerance shall be allowed for potatoes affected by soft rot.

R. F. Hall, chief inspector of the

department of agriculture, was next on the program, emphasizing Mr. Smith's statements in regard to the grading and giving the feeding value of the poor potato, rather than shipping them down to the southern markets where some of them could never be sold and a large freight bill would have to be paid, regardless of the grade. Mr. Hall explained the work of the department of agriculture in having state inspection. He claimed that the inspection would stand in all courts of the United States, citing several instances where the purchaser had to live up to the grade delivered him. The state department would, if necessary place a state inspector in Thief River Falls, as the number of cars shipped from this place would pay the expenses of having such inspection.

At the close of Mr. Hall's talk the following resolution was adopted.

Resolved: That it be the census of opinion, that all present, grade potatoes shipped strictly up to U. S. No. 1 standard, in order to insure the same prestige for the potatoe shippers that the American Fruit Growers receive for their product by marketing only No. 1 fruit. Further, be it resolved, that the members present would call for state inspection and that an effort would be made to secure an inspector for each county in the valley.

CRIMINAL EXAGGERATION

One might almost think that the newspapers in the twin cities are vieing with one another to see which can do the most irreparable damage to the northern section of the state. Their reports of the forest fires during the past week have been so grossly inacurate as to be disgusting to persons who know something of the conditions in the neighborhoods where these firse occurred.

One paper came out with screaming headlines announcing that at least a dozen people has been burned to death and that the property loss, particularly to the farmers, was enormous. It now transpires that no lives were lost and outside of a quantity of second growth timber possessing little or no value in its present state, the loss does not exceed that which would result from the destruction of a business block in St. Paul or Minneapolis.

It all makes exciting reading, of course, and this is what metropolitan journals aim at, no matter how much damage the state or a particular section thereof may sustain. In certain other districts of this country such policy is not found necessary in order to secure readers for newspapers. Take California, for instance. Did you ever see a Los Angeles or San Francisco newspaper give an exaggerated account of a frost visitation among the fruit raisers? Notice is taken of the facts, naturally, but these are toned down and the damage minimized as far as possible. The same holds good when applied to the apple-growers farther north. Newspapers in these districts are very careful not to err in the direction of over-statements, very often taking to task anyone who dares suggest that anything like a disaster has overtaken the regions throughout which they circulate.

Forest fires would be serious enough if nothing but the truth were told. These periodical outbreaks have perhaps done more to retard the settlement of one of the finest regions in the country than any other agency. People residing in other parts of the world have been given to understand that calamities of this nature, so far from being rare occurrances, are to be expected at least once every summer. They read the fire reports sent out, in which the loss of life is particularly played up, and seldom have an opportunity to find out afterwards that is was all wrong. As a result other points are chosen should the time ever come when people might find a change of location advisable.

That there should be any great loss of life along the Miller Trunk highway in St. Louis county is next to an impossibility under any circumstances. There are automobiles on pracically every farm and a quick run can at any time be made either toward Duluth or the range towns. In the immediate region of these last fires there are at least three bodies of water within easy reach and which would afford absolute safety after being reached. Lake Nichols lies to the west of the highway in the nighborhood of the hamlet of Payne, while the Central lakes—three in number—are only a short distance to the east of the same highway. Settlers at that might be trapped and livestock, farm buildings and other property destroyed, but no such thing happened in this particular fire.

A bush fire seems more appalling to state officers located in St. Paul than to the people most directly concerned. These officers, undoubedly with the best intentions, went to Duluth in order to be near the scene of the trouble. From there the most outrageous reports were sent broadcast, most of which have since been proven unfounded.

The damage done to St. Louis county, the state as a whole and the settlers in the region cannot be overcome in ten years. There is no question but that the reports will cause greater damage than have all the forest fires occurring in the state this year.

It would certainly seem the part of good sense as well as patriotism to put the best possible construction on the facts. These are very often sufficiently serious, but never have they been as bad as at first reported. The country about Baudette was given a set back from which it is only now recovering; the range towns and nearby region are now the goats, and even Duluth is getting the worst of it. It is high time a more sensible attitude towards these things was taken by the city press and the state officials.

"Hey, you Buck an' Charley, you go an' lay down for a time while I get to the deep bottom of this big bowl of Kellogg's Corn Flakes an' fruit for my lunch! Fishes have got to wait for me when I eat Kellogg's—you jes' betcha, boy!"

Health and happiness in every spoonful of Kellogg's CORN FLAKES

For tomorrow's breakfast—treat the family to Kellogg's Corn Flakes and fresh fruit! See that there is a big pitcher of cold milk ready! And, urge each big and little family member to eat plenty, for Kellogg's are the perfect warm weather food!

Kellogg's Corn Flakes are not only delicious in crispness and flavor, but they're wonderfully nourishing and refreshing. They give stomachs a chance to rest in warm weather because they digest so easily. Eat Kellogg's regularly and get away from so much heavy foods and see how much better every one in the house feels!

Insist upon Kellogg's Corn Flakes in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes! None are genuine without it!

THE crops are safe, prosperity looms and everybody will be happy. We are now entering upon a new era and the motion picture industry is in the foreground. Producers everywhere are banking on this year to be the greatest in the history of the business. They have spent thousands of dollars believing in the future. Other lines of business have joined hands and are making great strides forward toward bringing prosperity back this fall. August 26th, has been designated as the Go-To-Movie Week. We have arranged for some splendid productions starting with "One Clear Call," a John M. Stahl production, with a truly all-star cast, including Milton Sills, Claire Windsor and Henry B. Walthall.

"A Connecticut Yankee in King Arthurs Court" is next, followed by "Thunderclap," a gripping picture, with Mary Carr and J. Barney Sherry in the leading roles.

"Turn to The Right," a Rex Ingram production, with Alice Terry and Jack Mulhall.

"Conquering Power," also a Rex Ingram production with Alice Terry and Rudolph Valentino.

"Camile," with Madam Nazimova and Rudolph Valentino.

"Fascination," the latest Mae Murray production, reported better than Peacock Alley.

"Missing Husbands," a French production. This made a hit in Paris.

"The Queen of Sheba," with Betty Blythe in the role of the Queen.

"Over The Hill," with Mary Carr in the greatest role of her career.

"The Glory of Clementine," with Pauline Frederick.

The Manager, Mr. Brumund, is now in Minneapolis arranging for the latest and best productions obtainable.

C. Gustafson & Son

(By R. KENNETH EVANS.)

ONE of the most influential firms of Thief River Falls from the standpoint of encouraging agricultural production and one which is behind every movement of a meritorious nature for advancement is the Gustafson and Son Implement company of this city. Since its establishment in 1911 this institution has grown abreast of the times, carrying one of the largest diversified stock of farm implements to be found in Northwestern Minnesota and extending service on their farm implements and machinery to the advantage of the owners.

The reader may get some idea of the activities of this company, which is also indicative of the advancement and development of Northwestern Minnesota, when it is stated that during the last year more than three times as much machinery has been sold to farmers in this trade territory as last year. These sales include fourteen tractors which have been sold and delivered and upon which excellent service is maintained.

The merchandise handled by Gustafson and Son is the very best recognized farm machinery to be found on the market and includes the entire International and Minnesota lines in farm machinery. Almost every farmer knows what this class of machinery means and all are willing to concede that the success of farming depends as much upon being able to use the very best class of farm implements as it does on any one particular factor. It was with this one feature in mind that this firm made connections enabling them to handle these lines.

Another of the attractive commodities handled by the firm is the Earl Motor car. This is a new product in this section of the country and is a car built for service. It has all the refinements and construction of the higher priced cars and is an automobile with an individuality which one would be glad to own. In connection it is well to add that the firm also carries a very extensive stock of Ajax tires and tubes in all sizes to fit any make of car and in the event the particular tire is not carried in stock such extensive buying connections have been established as to enable the firm to order it on short notice Puritan oils is another line handled in conjunction with tractors and automotive equipment. Puritan is an eastern oil and every drop is impregnated with the highest degree of lubricating properties. It is an oil that is being used by all particular motor users and is guaranteed to give satisfaction. The objectionable features, a characteristic of western oils, are eliminated in this grade of oil.

The Titan 8-16 tractors made by the International harvester company are handled by this company as well as Avery Tractors and thresher machines. The Minnesota prison twine is stocked for harvesting machinery and the company handles about 5 to 6 car loads of this twine a year, acting as a distribution center for an extensive range of territory.

The International Corn cultivator, which means greater crop cultivation, is handled by this company. In fact when it is stated that a piece of machinery for the handling of any kind of farm work is carried in stock by this company in a standard make and with the dependable Gustafson and Son service behind it. An extensive stock of parts for all machinery is carried in the large warehouse maintained by the firm in the heart of the business district of Thief River Falls which eliminates any long delays occasioned by being forced to order parts from the factories.

Not only has this firm been influential in agricultural activities by carrying complete and standard lines of implements but they have extended credits to farmers and courtesies where they were merited and assisted many a farmer in making a crop by furnishing him the machinery. In fact it is an institution deserving of all the support and co-operation that can be accorded them at the same time carrying through the assurrance that every individual who ha soccasion to do business with them will get dollar for dollar in value.

Notice of Mortgage Foreclosure Sale.

Whereas, default has been made in the conditions of a certain Indenture of Mortgage, made, executed and delivered by Andy C. Hurt and Celia Hurt, his wife, of the County of Pennington, and State of Minnesota, as Mortgagors, to First and Peoples State Bank, a Minnesota Corporation, as Mortgagee, upon and covering the following described real property lying and being in the County of Pennington, and State of Minnesota, to-wit: The Southwest Quarter (SW¼) of Section Twenty-One (21), in Township One Hundred Fifty-four (154), Range Forty-One (41), excepting and reserving therefrom a strip of land 100 feet wide, extending across from east side to west side parallel and adjacent to the North line of said Southwest Quarter above described, heretofore deeded for Railroad Right-of-way, Also excepting and reserving a strip of land described as follows—Commencing at a point 100 feet south of the Northwest corner of said Southwest Quarter above described, running thence south along the west line of said quarter section 40 rods and 10 feet, running thence due east 41 rods, running thence north 40 rods and 10 feet, running thence west 41 rods to place of beginning, land mortgaged being 145 acres more or less, according to the Government survey thereof, which said mortgage bears date the Tenth (10th) day of February, A. D. 1919, and was filed for record in the office of the Register of Deeds in and for said County of Pennington, in the State of Minnesota, on the Fifteenth (15th) day of February, A. D. 1919, at one o'clock P. M., and was duly recorded in said office in Book 12 of Mortgages, on page 484, which said mortgage was thereafter duly assigned to The Minnesota Mutual Life Insurance Company by written instrument bearing date the Fifth (5th) day of March, A. D. 1919, filed for record in the office of said Register of Deeds on the fourteenth (14th) day of March, A. D. 1919, at one o'clock P. M., and was recorded in Book 63 of Mortgages, on Page 74, and

WHEREAS, such default consists in the failure of said mortgagors to pay an installment of interest due February tenth (10), 1922, in the sum of One Hundred Eighty ($180.00) Dollars and interest thereon, and

WHEREAS, by reason of the default made as aforesaid, The Minnesota Mutual Life Insurance Company, assignee, as authorized by the said mortgage and the notes thereby secured has declared, and does hereby declare, the whole of the principal sum secured by the said mortgage and notes to be due and payable, and the same is now due and payable, and

WHEREAS, there is claimed to be due upon said mortgage and the note thereby secured at the date of this notice, the sum of Three Thousand Two Hundred Seventy-eight and 5-100 (3,278.05) Dollars, being ($3000 for principal and $278.05 for interest thereon), and no action or proceeding at law or otherwise has been instituted to recover the same or any part thereof.

Now, Therefore, Notice is hereby given, that in and pursuant to the power of sale said mortgage contains and the statute in such cases made and provided, the said mortgage will be foreclosed and the real property therein described will be sold by the Sheriff of said County of Pennington, in the State of Minnesota, or by his deputy at public auction to the highest bidder therefor, for cash, at the East Front Door of the Court House in the City of Thief River Falls and in said County of Pennington on Saturday, the thirtieth (30th) day of September, A. D. 1922, at ten (10) o'clock in the forenoon of that day, to pay the amount which will then be due upon said mortgage and the cost and expense of this foreclosure, including an attorney's fee of Seventy-five ($75.00) Dollars, as stipulated in said mortgage to be paid in case of foreclosure thereof, subject to redemption at any time within one year from the date of sale.

Gasoline in Storage and the Motor Car

MUCH has been said of the enormous stocks of gasoline in storage, but very little has been said of this storage as it compares to the number of cars in commission.

Recent statistics complied by the American Petroleum Institute comparing the number of motor cars in commission with the amount of gasoline in storage, show that there was less gasoline per car in storage June 1 of this year than at any similar period during the last 5 years, with the exception of 1920.

Year	Autos reg. Jan. 1	Stocks June 1	Gallons per car
1918	4,983,340	460,637,479	92.4

Nothwithstanding the fact that the crude oil production is very heavy at this time, the rapid increase in the production of automobiles and other automotive machinery has created a demand which already is greater than the increased supply.

The current output of the several large refineries of the Standard Oil Company (Indiana) supplemented by the reserves now on hand, enables the Company to guarantee that the public shall have a steady, dependable supply of Red Crown Gasoline at its command.

Because of its size, its progressive and efficient management, its ample resources, and unrivaled facilities, the Standard Oil Company (Indiana) is able to provide the needful amounts of petroleum products to supply the vast demands made upon it. Its manufacturing facilities are planned to anticipate these needs years in advance and always are ready for service. Its constantly expanding distribution system is growing as the need for this service grows. Even in the remote corners of the 10 states served by this Company, the dark green tank wagon is a familiar and welcome visitor.

No matter how the production of crude oil has fluctuated, no matter how urgent the demand nor how limited the supply, motorists will recall that not once in the most stringent emergencies of the past has the Standard Oil Company (Indiana) through any fault of its own, failed to supply their essential needs. This Company has every confidence that its future record of service will be equally satisfactory.

Hundreds Enjoyed Dance On Pavement Last Evening

Yesterday was Market day in Thief River Falls and the different attractions brought out the usual crowds, especially in the evening. Dancing on the pavement to music furnished by the Municipal band was enjoyed by hundreds of the young folks and the streets were crowded with those who simply came to look on.

It is still the busy season on many of the farms of northwestern Minnesota and the crowd during the day was not as large as on some previous Market Days. However, the merchants report a very good volume of business and are well pleased with the results.

Hauling Mail by Car.

L. J. Edwards of Viking has been engaged to haul the mail from both the local depots to the post office by car which displaces the old-time man-and-cart combination that we have formerly had. The mail was formerly brought from the Great Northern depot by Roy Brown and from the Soo depot by Geo. Doland.

Will Teach at Sioux City.

Miss Goldie Stebbins arrived Monday from Evanston, Ill., where she has been this summer taking a special short course at the Northwestern University. She is spending a few days at the home of her parents, Mr. and Mrs. F. J. Stebbins, and expects to leave Monday for Sioux City, Iowa, where she will teach latin in a high school during the coming year.

To Play With Mandan Band.

Norman Dybvik, xylophonist, and Earl Baker, cornetist, leave today for Mandan, N. D., where they have accepted an offer playing with the band of that city during the fair there and at Beulah, N. D. Mr. Dybvik was xylophonist soloist with the Mandan band for two months prior to his return to this city. In the past week these two boys have declined offers to play with the Bales Exposition Shows enroute to Florida, and Kleim's Musical Five, a dance and cafe organization of Cresco, Iowa.

Public Utilities of City Are Lauded as Superior

(Continued from page 1)

vided in case of fire.

Eight miles of water mains have been laid over the city consisting of 4 to 10 inch mains. This phase of the water system at this time is not complete for the city's use and plans have been made for the installation of 8,610 feet of four inch main this year which will cover virtually all sections of the city. With the installation of the new mains will go the installation of 12 additional fire plugs to give added protection against conflagration.

The city at this time has 425 water consumers and a minimum charge $1.50 per quarter is made for the use of water. The rates provide for 5 cents per hundred gallon for less than 10,000 gallons, 4 cents per hundred gallons for 10,000 to 20,000 gallons and three cents per hundred for anything over 20,000 gallons.

The department was established in 1905 at an original cost of approximately $25,000.00. There has never been a water shortage in the city nor an epidemic that could be traced to the water. Ole Legvold is superintendent of the plant and has held this position for three years. He has had thirteen years experience as chief electrician and thoroughly understands this phase of public work. There are 75 fire hydrants provided in the city, so distributed to give ample fire protection.

The fire department, which works in conjunction with the water plant, was established just one year after the building of the plant. The equipment provided consists of fire engines, one hose truck, one chemical, one *hook and ladder. The fire department* is under the supervision of Paul Midderigh who has been in Thief River for twenty years. There are twelve members of the department who are paid $125.00 annually with $185.00 for the chief a year and $140.00 for the captain annually. The equipment is kept in the fire barn adjacent to the wanter plant which is in the business district of the city.

The Sewer System.

There are eight miles of sewer laid in the city at this time ranging in size from 8 inch to 24 inch. At this time plans are made for additional extension of 10,910 feet in mains ranging in size from 6 to 12 inch. This will give the city adequate sewerage facilities as at this time there are many homes not connected. The probable cost of the extensions will be $14,000.00.

Storm sewers were constructed in 1920 for carrying away of surplus surface water at an expense of $19,500.00. This gives ample storm sewer facilities.

There are fifteen miles of cement sidewalks in the city with seven miles of curbing, which reaches to all the principle residence districts. There is at this time one and one-third miles of asphalt paving and plans are now completed for the paving of twelve running blocks during this year. In addition there are four miles of well graveled streets in the city and the work of grading and gravelling streets not paved or where paving is not contemplated is going steadily forward year by year.

Electric Light System.

The electric lighting system is also operated and maintained by the city of Thief River Falls and under the supervision of Mr. Legvold. This plant was established in 1900 and is maintained on a self supporting basis, which speaks well for its management. The plant was originally established at a cost of $9,000.00 and since that time a new power house has been constructed housing two Diesel engines, using oil for fuel, with 225 horse power each and the installation of one additional generator for the power plant at the dam on Red Lake river. The installation of this additional equipment cost the city $40,000.00 for the engines and equipment and $1,500 for the generator at the water power plant. The new plant building was constructed in 1911.

The city has ample electric power with its two plants which insures continuous serivce. Red Lake river provides ample water power and with the auxillary oil engine power in emergency cases there never is any danger of shortage of electric current.

Three engineers are employed at the electric plant and four seperate units are maintained for generating the current viz., two at the oil plant and two at the water power plant. Those at the water power station have a capacity of 150 h. p. each and those at the oil power station have 225 each. Four dynamos are maintained.

Fifteen miles of transmission line has been built over the city which gives electric possibilities to every home. There are today 1,200 users of electric current.

The street lighting system is also in keeping with the advancement of the town and consists of 150 lights located in the center of street intersecions, each with 200 candle power.

The city light rates for the first 300 k. w. is 9 cents per k. w. On the excess of 300 k. w. per month a rate of 8 cents is made. A minimum rate of 50 cents per month is maintained in addition to the meter rent charge of 25 cents. Discount of 10 per cent on light service only is allowed if paid on or before the tenth of the month. The power rates for the first 300 k. w. is 6 cents per k. w. On excess of 300 k. w. per month to 600 *k. w. a rate of 5 cents is provided.* On the excess over 600 k. w. per month to 1,500 k. w. a rate of 4 cents is provided. From 1,500 k. w. a rate of three cents is provided and in excess of 3,000 k. w. a rate of 2½ cents. A minimum rate of $2.00 per h. p. for motors or connected motors over 3 h. p. and $1.00 per h. p. for motors or connected motors over 3 h. p.

The Carnegie Library.

Thief River Falls boasts of one of the best Carnegie libraries in Northwestern Minnesota or the northern part of the state for that matter, which is rightfully classed as a public utility. The library association was first organized here in 1900 but the large, commodious and attractive library building was not constructed until 1914-1915.

In 1900 a number of public spirited women organized the original association and except for the first $500 which was raised by subscription for the purchase of books, the library was supported entirely by the efforts of these women. In 1909 the library was moved to the basement of the new auditorium which houses the city offices and is the city's forum, where it remained until May 17, 1915, when the new building was opened to the public.

The new building is constructed of brown tapestry brick with Bedford stone trimmings and is finished inside in dark oak. Including the site it was erected at a cost of $18,000.00. Of this sum Andrew Carnegie donated $12,500.00. The entire main floor is given over to the reading room while the library auditorium and committee rooms are in the basement. Christine Frissell is librarian and has been employed in this capacity since March 1, 1921. She has one assistant, Olive Lonson. There are 5,000 volumes in the library, consisting of 2,000 volumes of reference work and 3,000 volumes of fiction as well as 48 periodicals and some newspapers. The library hours are from 2 to 5:30 and 7 to 9 o'clock during the week and from 3 to 5 o'clock on Sundays. Any resident of Pennington county who promises to give good care to the books and to observe the rules of the library is extended the privilges. The building is located at the corner of Main avenue and First street.

The Telephone Company.

The local exchange here is a part of the Bell system giving direct service over its own lines, consisting of 10,000,000 miles of wire, to over 70,000 cities and towns and to 13,000,000 subscribers, and to this latter figure is added approximately 500,000 annually, which gives courteous personal universal service to its subscribers throughout the entire United States.

The exchange was established under its present management in Thief River Falls in 1918 and at that time the old exchange had approximately 800 subscribers. This number has now been increased to 1350. The plant was purchased from the Tri State Telephone and Telegraph company and was originally built by this latter company. The exchange is located in the large city auditorium and employs seven people including eight operators. William G. Plenty *is manager, having been located here* but a short time.

Good Government Jobs Open.

The collection of the income tax becomes a complicated affair after it passes the point of figuring the return of the average wage earner. That part, of course, is simple.

The technical staff of the Bureau of Internal Revenue at Washington is in need of valuation engineers in general mining, coal mining, oil and gas, and the forest industry. The positions pay from $3600 to $4800 a year. The United States Civil Service commission will receive application until October 1. No written examination will be given; the ratings will be based upon education, training, experience, and physicial ability.

The duties involve estimation of quantities, market values, value of equipment, cost of development, etc.

Full information and application blanks may be secured from the United States Civil Service Commission, Washington, D. C., or the civil service board at the post office in any city.

Reconstruction Aids Wanted.

The United States Civil Service commission states that there is urgent need at the hospitals of the Veterans' Bureau for reconstruction aides and assistants in occupational thereby and physiotherapy in connection with the rehabilitation of disabled soldiers, sailors, and marines. The commission will receive applications for these positions until further notice. Both men and women are admitted to examinations. Applicants are not required to report for a written examination, but are rated upon the subjects of education, training, experience, and physical ability.

Full information concerning salaries and requirements, and application blanks, may be secured from the United States Civil Service Commission, Washington, D. C., or the board of civil service examiners at the post office in any city.

MUST COMPLETE WATER SYSTEM BEFORE JAN. 15

Specifications For New Filtrator Place This as Day on Which Penalty Applies.

Capacity of One Million Gallons Every 24 Hours—Use Alum as Cleansing Agent.

Building to be Erected on South Second Street and East of Electric Power House.

Plans and specifications for the proposed million gallon filtration plant in Thief River Falls have been received at the office of City Clerk A. H. Akre and bids for installing the system will be opened by the council on Tuesday, Sept. 12. The plans were submitted by L. P. Wolff, consulting engineer, and G. M. Shephard, associate, of St. Paul, and the specifications call for completion by Jan. 15, 1922, stipulating for a payment of $10 per day as liquidated damages for any delay beyond that date. The estimated cost is between $30,000 and $35,000.

The building itself is to be of reinforced concrete construction, 43.2x44 feet inside measurement, located just east of the power house on Second street, and the equipment must be capable of providing 1,000,000 gallons of pure water every 24 hours.

The plans call for a filter plant building containing three filter basins, pipe gallery, clear water basin and two settling basins. The equipment will include one vertical motor driven centrifugal raw water pump, to be installed in the present intake well, and one horizontal motor driven centrifugal clear water pump to be installed in the pipe gallery of the filter plant building.

The new plant will employ alum as a purifier and bidders must guarantee efficiency of filter in the removal of color, suspended matter and bacteria when operated at its rated capacity, without the use of chlorine. The amount of alum required to do this work in a satisfactory manner must also be stipulated in the bid.

Exhaustive tests and analysis have determined that an alum filter plant is beter adapted to the needs of his community than a chlorine filter and will give better satisfaction so far as the general attactiveness and purity of the water is concerned. This system has proven very popular wherever installed and is said to possess marked advantages over the chlorine methods, both as regards quality of output and general appearance of the filtered product. The engineers gaurantee that the plant will meet every requirement to which it can be subjected up to its rated capacity, that it can be economically operated and that the water produced will comply in every detail with the exactions of any board of health in the country.

Should the contract be let on Sept. 12, it is expected that the work of excavation will be begun at once in order to get all the concrete construction out of the way before winter sets in.

Starts For Canada With Axe Blade But No Shoes

A 22-year-old son of Martin Wold, living just south of the Marshall county line, is missing from home and as the young man is mentally deficient considerable fear is felt for his safety. He left home on Tuesday afternoon without being observed by other members of the family, and was last seen in the neighborhood of the R. L. Muzzy place on the Thief river, barefooted and traveling northward. He carried a double-bitted axe blade in his hands, a circumstance accounted for the fact that he of going to the Canadian lumber woods.

MANY OUT TO HEAR FARMER-LABOR MEN STATE THEIR CASE

Magnus Johnson and A. E. Bowen Have Large Audience at Princess Friday Night.

A packed house greeted Magnus Johnson, candidate for governor on the Farmer-Labor ticket, and A. E. Bowen, a leader in the ranks in the Nonpartisan league, when they appeared at the Princess theatre last Friday evening to discuss the issues of the campaign from their viewpoint.

Mr. Bowen was the first speaker and announced as his subject, "The Railroad Ownership of Government," but this designation proved hardly correct. The speaker devoted a large part of his time to an attack on the Federal Reserve bank system and its former governor, Harding, taking pains to explain that the reserve bank head and the president of the United States were two entirely different persons. He asserted that during the period of deflation the banker had sent word to all affiliated institutions asserting that "the farmer has grown rich during the war and it is time he bears his share of the deflation costs," or words to that effect. He made a rather telling argument and as the crowd was evidently eager to believe him he was accorded the closest attention and very generous applause.

Mr. Johnson's remarks were scheduled to cover three subjects: "Why Taxes Are High, "The Soldier Bonus Bill" and "Dangers of the State Police Bill." The latter measure came in for rather severe handling at his hands, although the gentleman hardly lived up to his reputation as a fire-eater. As a whole the addresses were couched in moderate terms compared to what had been expected and it is likely that the speakers did not as a result suffer in the estimation of the considerable number of opposition voters in the audience.

State Senator O. A. Naplin was chairman of the meeting.

GRAIN MOVEMENT INDICATES HEAVY YIELD ALONG SOO

North Section Shipping 130 Cars Per Day of Which 60 Per Cent is Wheat.

In spite of all reports to the contrary, there is a heavy grain movement through this terminal at the present time, according to P. J. Keating, deputy state grain inspector. There are from 120 to 130 carloads cleared here for the head of the lakes every day, says Mr. Keating, and the peak of the movement has by no means been reached. The grain going through at this time is about 60 per cent wheat, according to Mr. Keating, whereas during the first of the shipping season it was nearly all rye. The grain is of exceptional quality, especially that coming from the region to the north and west of this city. From this direction practically everything being shipped is wheat, while that coming in over the electric line runs heavily to rye. This bears out the claim made during the season that farmers in Pennington and Marshall counties had cut down their wheat acreage by at least 50 per cent and that this loss had been largely taken up by winter rye.

The region between Thief River Falls and Noyes seems to have enjoyed a particularly favorable season, says Mr. Keating. During one day of the past week there was more grain came into the city over the Soo railway than on any one day since the road was constructed in 1904. That the movement has only begun is evidenced by the fact that the fields in the region referred to are running from 35 to 40 bushels to the acre.

The potato movement has not yet started from this neighborhood, according to County Agent J. J. McCann. F. T. Satre, who last year lead all growers hereabouts in production, has begun digging his crop, which he finds considerably short of expectations. The same report comes from other sections and Mr. McCann doubts if the yield will be more than 60 per cent that of last year, taking the larger acreage planted into consideration.

Mason and Star Picnic at Squaw Point on Labor Day

The annual picnic of the Masons and Eastern Star members will be held at Squaw Point on Labor Day—Monday, Sept. 4. Members of both lodges, together with their families, are expected to take part in this outing, which is an annual event of much interest. Non-members or visiting friends may attend upon the invitation of a Mason or a Star and any member of another lodge who may be temporarily in the city will be made welcome.

While all who attend are expected to bring their own lunch, coffee, ice cream and cold drinks will be furnished free. There will be the usual program of sports and races, this department being in the hands of a competent committee. For those who have no transportation facilities of their own there will be volunteers to see that they are taken to and from the picnic grounds. The cars will in all likelihood start from the leading hotels at stated intervals, this plan having been successfully followed by these organizations in the past.

Strathcona Star Quits.

O. H. Paulson, who for the past 20 months has published the Strathcona Star, bought the Winger (Polk County) Enterprise last week. He announces the Star for sale but if no buyer can be found then it will be discontinued with the Sept. 7th issue. Lack of advertising support at Strathcona, he says, is the reason for this action.

Discontinue Postoffice.

The postoffice at Jane, Marshall county, will be discontinued after August 31st. Mail will go to Middle River.

Hundreds Enjoy Annual Picnic of Elks on Sunday

Elks picnics are always successful and the one given last Sunday by Thief River Falls lodge was no exception. Elks and their families from all over the northwestern part of the state were present and they found that the trip was worth while. An excellent lunch was served at noon at no cost to those who were fortunate enough to be present and all the appointments were of the kind that have made this organization famous. The results of excellent committee work were evident in every detail, particular attention having been given to providing the kids with a good time.

This picnic closes the summer functions of the Elks and the work of formulating a fall and winter program is now in the hands of the proper committees. A full report of the picnic will be presented to members at the next meeting, which will be held on Friday evening, Sept. 1. After this date there will be two meetings every month instead of one, as has been the case since the first of June.

A radio concert will probably be one of the first on the program, the receiving set in the lodge room being now in fine condition.

Local Barber Leaving.

E. A. Soltau, who has conducted a barber shop in this city for some time has closed his shop and expects to leave next Tuesday together with the family, for Villard, Minn., where he will open another place of business. Mr. Soltau has been an active worker among the Boy Scouts and in the Methodist church and will be grealy missed when he leaves the city.

He wishes to extend his thanks to the public for the patronage received during his stay here.

DR. KIRBY TO AGAIN MAKE THIEF RIVER HIS HEADQUARTERS

Report Has it That Famous "Healer", Will be at Old Stand Here on Nov. 1.

"Dr." Samuel R. Kirby, who about two years ago left Thief River Falls to locate at Northwood, N. D., was in the city on Sunday, accompained by the young woman to whom he was recently married at that town.

Kirby became widely known while a resident of this city because of certain cures said to have been performed by him in cases where the regularly constituted physicians had failed. He had a tremendous following, more than 100 persons a day sometimes visiting his place just east of town. His methods of practice were questioned and he was haled before the court to answer to a charge of practicing medicine without a license. He was acquitted but the experience set him against some of the people of the community and he decided to leave in spite of the fact that efforts were made by many of our leading business men to have him remain.

His life in North Dakota has not been one continual bed of roses, but arrests in that state resulted the same way as that at Thief River Falls. Evidently the people over there concluded that as he might be doing some good and very little, if any, harm, they might as well leave him alone.

Mr. Kirby owns a fine farm near here and it was for the purpose of visiting this with his bride that he was in the city Sunday. Those in a position to know say that the place is being entirely refitted and renovated and that he will resume his residence here about the first of November. It is further stated that while he will reside on the place he will have an office in the city, deeming this more convenient for those who wish to consult him. There are many who will welcome him back as he was an asset to the town in many respects, no matter what may be said of his methods of treatment or their success.

Principal Issues Notice To High School Students

Principal M. P. Rapacz requests that all high school students who received failures or conditions last year appear at the Lincoln high school on Friday or Saturday to make the necessary re-arrangements of program for the coming term, which opens next Tuesday, Sept. 5. This should be done promptly by all those concerned so that unnecessary difficulties and trouble may be avoided.

All students are also requested to bring sufficient money with them the first day of school so that they may be able to buy their books then. Parents should see to it that this is done so that the purchasing of books may not continue thru a longer period and cause unnecessary delay in supplying every one with texts.

Mrs. J. M. Bishop Honored at American Legion Meeting

Mrs. J. M. Bishop of this city was honored by being elected as the delegate from the Ninth congressional district to the national convention of the American Legion auxiliary, which is to be held in New Orleans in October. Mrs. Bishop was not at the convention which elected her as a representative to this important gathering, and the compliment is therefore all the more appreciated. She has been active in auxiliary work in the state since the organization first began its work and was the organizer of the Ninth district branch. For two years she was a member of the state executive committee and has been president of her district.

GET READY FOR COUNTY'S FIRST HOLSTEIN SALE

Pennington Breeders Will Offer 60 Head For Dispersal on Wednesday, Oct. 4.

Merchants May Join in Making Event One of Unusual Interest—Parade at Noon.

Strict Inspection of all Animals Entered Will Precede Appearance in Sale Ring.

The most important sale of purebred and grade Holstein cattle to be held in northern Minnesota this year will take place on Oct. 4 at the sale pavillion of the Pennington County Agricultural association. The original intention was to offer 100 head for dispersal, but this has been cut down *to 60 head as this is all that can be* handled in one day.

While this sale is the first to be held under the direction of this association, the quality of the stock owned by Pennington county breeders has received such wide and favorable advertising that there are certain to be a large number of outside buyers present.

Arrangements are being completed for having the Merchants association co-operate with the breeders in making this a big event. Should the present plan be carried out it will include a livestock parade through the city at noon on the day of sale, special amusement and trading attractions for the afternoon and a pavement dance in the evening.

Notices of this sale have been sent to the leading Holstein men of the state by Secretary J. J. McCann of the association and he already has assurances of a large attendance at the sale as well as applications for many entry blanks. While farming conditions generally throughout the Northwest are not above the average, there is a steadily growing demand for better cattle and this sale will afford many who cannot attend sales at points farther away an opportunity to secure the desired stock from some of the best strains in the country. The "improved sire" campaign inaugurated last spring by the association has been instrumental in placing a considerable number of young purebred bulls among farmers of the immediate neighborhood, but there are still quite a number available. Heifers and calves are also in such demand that it is doubtful if a sufficient number can be entered to supply all those who will wish to buy.

All animals listed for sale will be inspected by a committee composed of M. T. McFarland, Fred Beerbower, Ben Rosenthal, F. T. and F. E. Hunt and all animals listed for sale will have to stand the most exacting examination. This is deemed necessary as a guarantee to the buyer and a protection to the reputation of the association.

The arrangements and publicity work is in the hands of Hans Anton, V. C. Noper, M. T. McFarland and J. J. McCann.

Dr. Swedenburg to Return.

Dr. A. W. Swedenburg will return from Chicago next Monday to resume his practice in this city after an absence of about a year, ten months of which were spent in Fargo and Sioux Falls hospitals, the latter two at the Chicago Surgical Hospital. He will occupy the building formerly called the Telemarken hotel.

Sweden Remains "Wet."

The "dries" seem to have lost the day in the Swedish prohibition plebiscite, according to late returns. The figures issued yesterday are 772,747 for and 846,436 against.

CANNOT PRESENT RED LAKE REPORT AT NEXT MEETING

Impossible For Viewers to Complete Work—Have Finished Clearwater Review.

The statement made last week in these columns to the effect that there would b a meeting of the Red Lake Drainage and Conservancy board in this city on Oct. 10, was somewhat misleading in that it did not state the purpose of the gathering. The above date falls on Sunday and there could naturally be no business legally transacted at that time. Members of the board will meet here on the day specified, however, but merely for the purpose of discussing informally the status of the drainage program as a whole in order to be the better enabled to present it to the court at the hearing set for Oct. 13. at Gonvick.

It was learned here this morning that the viewers had completed their back reference on the Clearwater project and are now engaged on their amended report. This means that it will be impossible for them to finish the Red Lake viewing in time for the Gonvick hearing, although it was hoped that such might be the case. A part of the Red Lake lands involved have been gone over but there is still a large stretch remaining.

A proposal made by farmers residing in Star and Reiner townships is receiving considerable attention, according to reports reaching this city. It is alleged that they are asking that a north-and-south ditch about 10 miles in length be constructed about a mile east of the county line in order to relieve them of the water that is now diverted from the reservation into Pennington county and damaging their lands. It is claimed the petitioners wish this to be made a part of the general drainage and conservancy project.

Engineer G. W. Walker left today for the Clearwater lake region for the purpose of investigating certain presentations made by persons residing in that neighborhood.

High School Principal Here.

Mr. and Mrs. M. P. Rapacz arrived Thursday from Argyle, where they spent a few days visiting. Mr. and Mrs. Rapacz have been traveling in various parts of this state and North Dakota visiting friends and relatives and outing at the summer resorts, during the vacation. Mr. Rapacz who was principal of the local high school last year, has been secured in the same capacity for the ensuing year, and has already commenced preparing for another *successful* school term. Mr. and Mrs. Rapacz will locate at 401 Arnold avenue north, formerly occupied by Dr. and Mrs. A. W. Swedenburg.

TRY TO INTEREST FARMERS HERE IN HEMP PRODUCTION

This Will be Mission of Twin City Business Men Coming to City Next Week.

A committee of business men representing the Minnesota Winter Wheat association will be in Thief River Falls next week for the purpose of discussing with farmers and others the possibility of having a considerable acreage devoted to hemp next year. These visitors favor the establishment here of a hemp-breaking plant which will provide a market for all of the product raised in the district.

The idea is to put in a portable mill as a starter and moving it to points where there is sufficient hemp grown to make such action feasible. Later on the plant may be extended, depending on the amount of raw matreial produced in the neighborhood.

It is frankly admitted that the hemp product is not all there is to this move. The men at the head of this association are vitally interested in having the district remain a producer of the spring wheat and they have become convinced that in order to do this the sow thistle will have to be scientifically combatted. The hemp will entirely eradicate the thistle, it is claimed, proving at the same time a highly profitable crop.

There is no question as to the adaptability of the district to hemp growing. In many countries of the old world the plant is produced on soil regarded as practically unfit for other purposes, peat being strongly favored. Those in this neighborhood who have experimented with the product say it will thrive here under almost any circumstances. It may provide a sure crop for peat lands as well as clear mineral soils of foul weeds.

The matter will be taken up at the commercial club luncheon today.

Legion Dance Monday.

Elmer J. Eklund Post, American Legion, will give a dancing party at the auditorium on Monday evening to which the public is invited. Music and all other appointments up to the usual legion standard.

Elected District Commander.

Morlan Bishop of this city was elected commander of the north division of the Ninth district branch of the American Legion at the annual convention of the organization held recently in Virginia. Mr. Bishop was also re-elected as a member of the state executive committee.

P. O. Inspector Here.

Major Adam E. Otto of Bemidji post office inspector of the St. Paul division, was in the city last week to look after matters connected with the local postoffice. He also made a trip out into the eastern part of the county to look after a contemplated change of route.

Pastor Returns from Honeymoon.

Rev. and Mrs. Chas. Gerlinger arrived here last week and the former has resumed his duties as pastor of the local Presbyterian church. The newlyweds enjoyed the greater part of their honeymoon at the lakes near Ely, Minn. Before that they were guests of relatives at Madison, Minn.

Auto Hits Peat Fire But No Great Damage Results

Mr. and Mrs. G. A. Fallness, while out on an auto tour last Sunday, had an experience with peat fires which will be remembered for a long time. They were in the Mud Lake district, about 24 miles northeast of Holt in East Valley township, and were coming toward home after dark, when their car gave a sudden lurch, leaving the highway and landing in a bed of smoldering peat. Mr. Fallness tried to extract the machine but it became imbedded in the soft substance until the mechanism jambed. Nothing could be done without help and Mr. Fallness started out to see if any were available. While he was gone Emil Simonson, who resides nearby came along with his one horse, having heard the noise made by the car while the driver was trying to work himself out of the difficulty. When the latter returned Mr. Simonson had managed to get the machine back onto the grade, but just how he did it with the one horse Mr. Fallness does not profess to know as it was bedded down to where there was no traction for the wheels.

Ditch Job Accepted.

The board of county commissioners met in special session on Monday for the purpose of accepting the ditch job recently completed by the American Drainage company under the supervision of Geo. W. Walker southwest of the city. This was the only matter of importance coming before the board.

FIRST TOURNAMENT OF NEW GOLF CLUB SATURDAY-SUNDAY

First Day Will be Given Over to Ladies' Contest—All Players Handicapped.

The officers of the Thief River Golf club have decided on Saturday and Sunday, Sept. 2 and 3, as the dates for the golf tournament. The ladies will play Saturday afternoon and the men on Sunday. Two sets of prizes will be given—one to the ladies and one to the men, as follows: One dozen golf balls, first prize; one half dozen golf balls, second prize.

There will be an entry fee charge of 25 cents to the men only. This small fee will help defray the cost of the tournament.

The tournament will be conducted by match playing and not by medal score. In playing this tournament it will be necessary to handicap all players, so every one will be playing on an equal basis. Therefore, when making entry players are asked to give the average score, which they have been making over the course, either for the four holes or nine. The management desires to have all entries for the tournament in their possession Friday, Sept. 1. In making entry, enclose the 25 cents entry fee (only applying to men and give average score. Entries may be sent either to R. M. Sheldon, Roy Lambert or L. H. Lawrence.

This is the first tournament to be held on the local links, and will be watched with a great deal of interest, not only in this city, but at other places in he neighborhood.

Boys and Girls Becoming Expert in Stock Judging

While interest in the boys' and girls' calf and lamb show held at Fisher's barn in connection with the market day of the Merchants' association last Wednesday was more keen than in any previous similar event, the attendance was not as large as expected, due principally to the fact that it is the busy season on the farms. The stock judging contest in particular proved interesting, many of the boys and girls demonstrating that they are becoming expert in this class of work.

Winners in the contest were: Orten Olson, first; Natalie Woolson, second; Vivian Olson, third; Lenning Aubol, fourth.

Calf contest awards were made by the judges as follows: Class A—Fred DuChamp, first; Kenwood Green, second. Class B—Fred DuChamp, first and second.

Following were the results in the sheep contest: Helen Satre, first; Virgil Denhart, second; Lenning Aubol, third; Wallace Benson, fourth; Vivian Olson, fifth; Bernice Woolson, sixth.

To Open Studio Sept. 11.

Miss Doris Halvorson, teacher of piano and exponent of the Virgil Method, announces that she will start her classes Sept. 12, registration beginning Sept. 11. Miss Halvorson is a graduate of the Oberlin Conservatory of Music, which is considered as the leading conservatory in the country. She was a member of the 1921 class, receiving the degree of Mus-B.

Thief River Teachers at Fine New Bemidji School

The new high school building which has been under erection at Bemidji this summer, is announced to open at the beginning of the school year, Sept. 12, and a record enrollment is expected as many students from surrounding towns will take advantage of the splendid school facilities afforded. Indications are that there will be about 800 students. The new structure, which is one of the finest in the state, will be called the Northern Minnesota High school and accommodates also the seventh and eighth grades. It will be remembered that the old high school building burned down about two years ago and since then the schools have been greatly handicapped.

Among the members of the faculty are Miss Avis Akre of this city, who will teach mathematics, and Miss Ella Pelto of Two Harbors, who at one time was principal at the Northrop school here. In the North grade school Miss Esther Malmquist of St. Hilaire will be employed.

FARM DISTRICTS CLOSING UP ON URBAN SCHOOLS

Only About 500 More Pupils in Incorporated Municipalities Than in Country.

Superintendent's Annual Report Shows Total of 2,508 Children of School Age.

First Graders Twice as Numerous as Pupils in Any Other School Division.

The annual report of Geo. M. Gunderson, county superintendent of schools just forwarded to the state board of education, contains many items of interest. It shows there is but a slight difference numerically among school attendants as regards boys and girls, both in the city and country, but that there are about 500 more in the three incorporated municipalities than in the rural districts.

The report gives the total enrollment in Thief River Falls, St. Hilaire and Goodridge as 1036 and in the rural schools as 1431. There are a total of 2,509 children of school age in the county, 1,113 of these being credited to the cities and villages and 1,396 to the outlying sections. The number of pupils entitled to apportionment in the county is 3,124, of whom 1,876 reside in the municipalities and 1,287 in the country districts. There are 243 pupils not entitled to apportionment, 60 of whom were found in the city and villages.

City Leads Slightly.

The number of pupils between the ages of five and eight is 720. Of these 413 live in the incorporated city and villages while 307 are from rural districts.

First grade pupils outnumber those in any other grade almost two to one, the following being the comparison of the enrollment in the city and country according to grade. In the column giving the city figures are included those for the graded schools in the two villages:

Grade	City	Rural
First	339	325
Second	167	168
Third	184	157
Fourth	173	165
Fifth	164	157
Sixth	174	147
Seventh	142	161
Eighth	133	171

Number of Teachers Equal.

There were 294 children attending school for the first time during the year, 140 of these being in the high and graded school districts and 154 in the rural and semi-graded districts. The number completing the eighth grade was 125 of whom 81 were in the more advanced schools and 44 in the rurals.

There were 70 teachers employed in the high and graded schools and 71 in the rurals and semi-graded. The number of men teachers was the same in each case—12. Ten teachers in the city and village schools taught in the same place three years, 15 had served the same district two years, and 44 had a one-year record in the city and village, while the record was 4, 14 and 53 for the same classes respectively in the outside districts.

The total attendance in days by all pupils was 299,925 in the incorporated places and 146,797 in the country districts. The average daily attendance in the advanced schools was 1,668 and 950 in the rurals.

The total enrollment for the graded and high schools was as follows: Thief River Falls, 1585; St. Hilaire, 177; Goodridge, 174.

Nearly 4,000 Vehicles Pass Over Two Highways In One Week, Count Shows

A total of 3,883 vehicles of all kinds passed over two trunk highways leading to this city during the seven days from Aug. 21 to 27, both inclusive, according to the count made by Erysle and Leigh Anderson, who took the census for the state highway department. On Sunday the number of passenger cars traversing Highway No. 32, the northern route, and Highway No. 33, which is the Jefferson Highway running west, was about twice as great as on any other day of the week. The total traffic showed about 300 more vehicles traveling over the west than the north road. Following is a summary of the census on the two highways:

	No. 32	No33
Minnesota, light	882	968
Minnesota, heavy	619	695
Other states, light	57	48
Other states, heavy	42	75
Trucks, over two tons	107	154
Teams	84	152

The travel over both roads was the lightest on Thursday, the following being the figures for each of the seven days:

	No. 32	No. 33
Monday	223	306
Tuesday	266	277
Wednesday	309	296
Thursday	158	202
Friday	229	264
Saturday	205	291
Sunday	401	456

People who live in glass houses should not take saxaphone lessions.

Birthday Party for Guests.

Mrs. F. Edward Hunt, 823 Duluth avenue north, entertained twelve guests at her home on Friday evening complimentary to her guest, Miss Lucy Hunt of Red Lake Falls. The occasion of the party was the celebration of Miss Hunt's birthday anniversary.

Hornseth-Dostal.
Syverson-Hanson.

Rev. J. B. Smith of the Methodist Episcopal church performed the ceremony at a double wedding on Saturday morning at 12:30 o'clock. The contracting parties were Miss Clarissa Hornseth, daughter of T. P. Hornseth, to Henry E. Dostal, son of Mr. and Mrs. J. Dostal, 1021 Schuneman street, and Miss Amy Syverson, daughter of Mr. and Mrs. Nels Syverson, 217 Markley avenue north, to Frank Hanson, son of Mr. and Mrs. Oscar Hanson of Viking.

Mr. and Mrs. Dostal acted as best man an bridesmaid for Mr. and Mrs. Hanson and the latter perfoming a similar service for the former. The wedding took place in the Methodist parsonage.

Both the brides wore similar traveling suits of blue tricotine. Miss Hornseth was graduated from the local high school with the class of 1921 and has for the past year been employed by the Times company as bookkeeper, until recently when she took up the position as ticket seller and cashier at the Lyceum theatre. Miss Syverson is also a graduate of the local high school, being a member of the 1920 class. During the past two years she has been employed in Dr. C. M. Adkin's office.

Mr. Dostal, who is well known in the city, has for some time been employed at the F. C. Nielai Cigar factory. Mr. Hansen is employed in a garage at Minneapolis.

The young couples left the same day for Union Lake, where they are enjoying their honeymoon, having engaged the W. J. Brown cottage. Mr. and Mrs. Dostal will return to this city and take up residence at 101 Tindolph avenue, while Mr. and Mrs. Hanson will make their home in Minneapolis.

AN UNPROMISING OUTLOOK.

Undoubtedly the general public is pleased to hear that there is no breakdown of transportation and that there will be plenty of coal to go around when all the fixers get through with their negotiations. Many will believe these things because they want to believe them and because it is convenient. Everybody realizes that the throwing out of employment of half a million men in the railroad shops of the country must in greater or less degree effect practically every citizen; most people feel in a sort of detached way that a scarcity of coal will be a bad thing for the country, but it is doubtful if anything could put the far-reaching effect of the breakdowns in these two important directions more forcably before our people than the statement that Henry Ford will shut down most of his plants on Sept. 16, thereby throwing 105,000 men out of work. Mr. Ford blames the rail and coal strikes for being forced to take this step, being particularly bitter against Wall street, claiming that the gentry there residing has manipulated the labor unions of the country while state and national officials have proven themselves impotent to deal with the crisis.

While Mr. Ford does not hold the strikers blameless by any means, he places the responsibility for existing conditions at the door of what he terms the "money barons," who, he claims, dominate railroads, coal mines and public utilities in this country.

All of which was to be expected of Henry and will cause no particular amount of surprise. The fact that he is to close down his factories, however, is something which is sure to cause a different sensation. The hundred thousand or so who will be out of employment in his shops are but a small part of those involved. It is safe to say that his action will mean the throwing out of work of at least a half million men, counting those now engaged in getting out raw products for his works and in handling his goods after these have been manufactured. The removal of this amount of earning power would be serious enough were nothing further involved, but when this army is added to the shopmen, the coal miners and all the others who are already unemployed, it adds quite a lot of seriousness to a situation even now sufficiently bad.

What is to be done about it? No one seems to know. Even though one is willing to give all those who assert they are trying to bring an end to the trouble credit for good intentions, the fact remains that they do not seem to be getting any place. The coal strike will probably be settled now that there is no longer a possibility of getting out sufficient coal to meet the demands of the country this year. The striking rail workers and the road heads seem as far from any agreement as ever. Meanwhile the public is the goat. It is not a pleasant situation and one that has vast possibilities of serious trouble.

SUPPORTING FARM BUREAUS.

In 61 out of 76 counties where county agents were working last year, commissioners already this year have voted appropriations to continue the work. In three counties favorable action will be taken this week. Only five counties failed to back up the county agent and farm bureau work with funds. While failure to appropriate in these instances has been a handicap, in most cases farmers are so determined that farm bureau work shall be continued and arrangements have been made to cover the cost of increasing the membership and increasing the bureaus' income.

The Reason.

"What in cat's fire are you letting that kid make all that infernal hooraw for?" inquired a hypercritical neighbor who had come over to borrow a clevis.

"Aw, his maw is away for a spell," replied Gap Johnson of Rampus Ridge, "and giving him them two cowbells and telling him to tear loose is the only way to keep him quiet.

AT THE THEATRES

A CONNECTICUT YANKEE IN KING ARTHUR'S COURT

(From The London Cinematograph Weekly.)

"To have read Mark Twain's story will not materially augment or detract from one's interest on seeing this film. But the reader cannot fail to discern the unmistakable Twain touch, that delightful humor that is as apparent in the situations as in the sub-titles.

"There are settings, mass effects, technical attributes and acting that cannot fail to stamp the production as a screen novelty of highest worth. From first to last it is high-quality entertainment and holds the interest right through. It is profusely peppered with laughs, in the production of which the author, the producer and the cast equally share the credit.

"As burlesque, it is largely dependent upon the choice incongruity of the situations and the brilliant witticisms of the sub-titles. And neither of these departments fail.

Some of the most wonderful panoramic scenes yet screened are contained in the film; a testimony of the art of the producer and the cameraman. Indeed, it is safe to say that merely from a spectacular point of view the production is well worthy of a place on any screen."

Nearly everyone is in some way acquainted with the great story by Mark Twain, America's favorite humorist. The play is said to follow the book very closely and is one of the most laughable things produced this year. Manager Brumund was fortunate in being able to book this attraction thus early as it is in great demand. It will be shown at the Princess next Sunday and Monday and at the Sunday matinee.

Another fine attraction for this theatre is billed for Friday and Saturday evenings when Jack Holt and Madge Bellamy appear in "The Call of the North." On Saturday, matinee and evening, Alice Calhoun appears in "Closed Doors," and Charles Chaplin in "Sunny Side."

Miss Pearl Stageberg is visiting at the home of her parents, Mr. and Mrs. T. O. Stageberg, coming here from Westby, N. D., where she was engaged in teaching last winter. Miss Stageberg has been employed there for the coming year also and will return next week.

ANNOUNCEMENT

Mr. E. M. Sathre has been elected President of the Crookston College, at Crookston, Minnesota, and has already assumed his duties. Mr. Sathre is no stranger among the friends of the Crookston College. He began teaching there in the year 1896 and has been connected directly or indirectly with the institution ever since. In 1906 he was elected Secretary and in 1920 he became Vice-President. Mr. Sathre is well qualified for this important position, both by way of education and business experience. He is supported by a strong teaching staff and the continuance of the excellent business training offered by the College is assured. Beginning classes in Shorthand, Typewriting, Bookkeeping and all Commercial subjects will begin on September 4th. For information as to how you can prepare yourself for a good paying Commercial position and pave the way for your success, write to E. M. Sathre, President, Crookston College, Crookston, Minn.

Can them now

THE season is closing. There's only a short time left in which to get these delicious, flavory peaches, pears and plums from the Pacific Northwest.

You can make such a wide variety of delightful preserves, jams, jellies, marmalades and pickles from these beautiful orchard fruits—you can always have "something different" for your meals.

Besides you save money—from one-third to one-half—by putting up your own fruits at home—in Ball Mason jars. Factory-prepared fruits are extravagant. But remember, if you don't do your canning right soon you will be disappointed.

DEVOE
BARN PAINT

Right now there is a thief prowling 'round your barn

WHEREVER there is a patch of bare or poorly painted surface, there he destroys the fibre and steals the value.

His name is Rot, and he'll rob you every day until he is driven off and kept off by the consistent application of Paint.

Devoe Barn Paint defeats Rot for years. It coats the wood with a tough long lasting film that resists the action of the air, sun and rain. It makes farm buildings last longer, look better, and worth more.

Devoe Products are time-tested and proven, backed by 168 years' experience of the oldest paint manufacturing concern in the U. S. Founded 1754.

F. L. Christenson

"Largest Exclusive Hardware"

(By R. Kenneth Evans)

ONE of the newest business men of the city of Thief River Falls is F. L. Christenson, hardware dealer, who in October 1921, acquired the interests of the Bottem Hardware company, and has been operating the store, with an added stock, since that time. Although being identified with the business world of the city a little less than a year, Mr. Christenson has already shown himself to be a valuable acquisition and has without a question of doubt got a bright future ahead of him.

The store is located in the heart of the business district of the city, on Third street, in the building of the Farmers and Merchants State bank. Two neat and modern rooms are provided for the housing of the stock, which makes an ideal possibility to display it as both rooms have a large frontage on Third street.

The stock carried includes everything in the hardware line, both in heavy and shelf hardware, as well as some implements and garden tools. One of the attractive features of this business which makes it one of the popular shopping places, is the fact that every article sold by Mr. Christenson goes out with an unconditional guarantee. In fact he is always doing everything possible to acquaint the people in Thief River Falls trade territory with the fact that here is a *store where they get value for their money and he stands back of* the merchandise handled.

The store is frequently known as the "Winchester Store," handling exclusively, in the city and this section, all the products of the Winchester Arms company, which includes fire arms of all descriptions. A large stock of arms is carried as well as the complete stock of ammunition. This store also carries a complete stock of fishing tackle, which is especially attractive in Minnesota, The Land of the Ten Thousand Lakes, stocked with all classes of fish. Winchester cutlery and other Winchester products are a feature of this store, because this is a nationally known line, widely advertised and proven to be the acme of perfection in this class of merchandise.

In the stove department the same high standard of quality is maintained. The store handles Round Oak ranges, known for many years as the very best class of ranges on the market, and also handles Round Oak furnaces as well as the Fox Sunbeam furnaces. To those contemplating the installation of heating systems this fall, it will be well to investigate these furnaces as they have proven their worth by years of satisfactory use. Mr. Christenson also maintains and employs one of the best furnace men in northern Minnesota, having had more than sixteen years of experience. All work guaranteed.

In the kitchen utensil line the Wearever Aluminum line is carried which is known as the most substantial line of aluminum on the market today. The modern kitchen is equipped with aluminum these days as it is recognized as the very best class of equipment. The Wearever stock is large and includes every design of pan, kettle or cooking utensil that could possibly be needed. The remarkable values in aluminum makes this department an attractive one.

The exclusive agency for the Universal Electric washing machine is maintained by Mr. Christenson, and other electrical appliances are carried in stock, such as flash lights, light globes, and the extensive buying connections maintained makes it possible for Mr. Christenson to order any special appliances that might be desired in the electrical line.

In paints and varnishes the DuPont line is carried, which includes high grade paints for automobiles or other classes of work demanding a high grade finish, as well as the P. L. Bloom & Co. line of paints. This line has been handled by Mr. Christenson in other locations for sixteen years. Alabastine and Murasco wall finishes are also carried.

The store also has the exclusive agency for the Detroit Vapor stove which carries with every sale a twenty-five year guarantee for satisfactory service.

Order your coal from Christenson and get a 2,000 lb. ton delivered.

A standard line of carpenter tools, Pyrex glassware, silverwear, bicycle accessories, safety razors, enamelware, tinware and many other standard lines of merchandise usually found in a modern and up-to-date hardware store, are to be found in stock at this institution.

The Christenson store is truly one which would be a credit to a city several times the size of Thief River Falls and is deserving of all the patronage that can be accorded it.

Minnesota Northwestern Electric Railway Co.

(By R. KENNETH EVANS.)

"LAY a nickle on the track and we will stop and pick it up."

This is the slogan under which the Minnesota Northwestern Electric Railway company is operated and from the standpoint of service—the company will stop its train to do just that. Of course the nickle must be in the hands of some patron of the road but the management of the company wants to convey the meaning that this strip of railroad line running east to Goodridge, a distance of twenty miles, is operated for the convenience of its patrons.

There have been many contributory forces making history for Northwestern Minnesota and which have been important factors in the development of Thief River Falls, and this railroad line is important among them. A few years ago, when the city was in its infancy, there was a demand on the part of a few of the more far-seeing for a railroad line between Thief River Falls and Intenational Falls, in the great lake county. This proposed line would tap a country which is still virgin so far as railroad facilities were concerned. A company was organized and incorporated in Thief River Falls for this purpose but the line was never constructed. It was the basis, however, from which the agitation started which resulted in the building of this piece of short line, which is one of the busiest little railroads in the western country.

With main offices in Thief River Falls and local men behind it, the company was incorporated in 1913 and the road constructed and completed October 12, 1914, and was put into operation the same day. It is a standard gauge line now owned by the Soo but operated independently by local men.

The line runs from Thief River Falls through the small trading points of Silverton and Mavie, into Goodridge. The entire line is within the confines of Pennington county at this time but taps a virgin country and is the starting of a line which will eventually be built on to its original destination.

The line is operated with gasoline electric equipment and two round trips are made daily. The passenger coach is the type of motor used for short runs on all the larger railroads, consisting of a combined freight and baggage compartment, passenger department again subdivided into smoker and chair car. The Soo depot is used for passenger and freight service.

Twelve men are employed by the company at a monthly payroll of $1,800.00. The property value of the road is listed at $300,000.00. In addition to the passenger car service a special freight car is operated over the line each way daily. Both cars stop for passengers and freight at every mile, hence the slogan at the opening of this article.

The officers of the company, all local men, are Daniel Shaw, president; S. W. Gardner, vice president; H. W. Protzeller, general manager; E. M. Schutt, general auditor and W. R. Patterson, superintendent. Mr. Protzeller is also president of the newly organized New Settlers' association, which is taking such an active part in the development of resources in this section of Minnesota and Mr. Shaw is one of the directors of the Jefferson Highway, one of the principle organizers of the Pennington county fair and a general booster for Pennington county and Northwestern Minnesota.

Freight trains varying from 10 to 30 cars are operated over the Minnesota Northwestern Electric Railway line. Sidings have been constructed along the route to set out cars to be loaded and unloaded. The trains on the line run on an average of 35,000 miles a year and an average of 1,550 freight cars are handled annually. An average of 32,500 passengers are carried and the average yearly tonnage handled is 19,864. In six years operation this line has only experienced in the aggregate ten hours in delays.

They handle flax, 3,500 bushels a year; wheat, 182,500 bushels; rye, 42,450 bushels; oats, 14,900 bushels; hay, 1,438 tons; potatoes, 20,000 tons. These figures are for the year 1921, and include 1,120,000 feet of lumber; 263,000 gallons of petroleum; 800 tons of coal; 12,000 barrels of sugar; 1,500 barrels of salt; 8,000 barrels of flour and 4,856 tons of miscellaneous freight.

These figures will show the reader conclusively that this line is one of importance to the city and one which does a large volume of business.

Mortgage Foreclosure Sale.

Whereas, default having been made in the conditions of a certain Mortgage, duly executed and delivered by Frank Elgin and Ida Elgin, his wife, Mortgagors, to J. L. Bonn, Mortgagee, bearing date the 3rd day of January, 1914, and with the power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the County of Pennington and State of Minnesota, on the 31st day of January, 1914, at 1 o'clock p. m., in Book 12 of Mortgages on page 110.

And, Whereas, the said J. L. Bonn, Mortgagee and holder of said Mortgage, has duly elected and does hereby elect to declare the whole principal sum of said Mortgage due and payable at the date of this notice under the terms and conditions of said Mortgage, and the power of sale therein contained, and whereas there is claimed to be due and is due at the date of this notice upon said Mortgage and the debt secured thereby the total sum of Two Thousand Six Hundred Seventy-nine Dollars ($2679.00), being the amount of principal and interest secured by the Mortgage hereby being foreclosed, and whereas the power of sale has become operative and no action or proceeding having been instituted at law or otherwise, to recover the debt secured by said Mortgage, or any part thereof.

NOW THEREFORE, NOTICE IS HEREBY GIVEN, That by virtue of the power of sale contained in said Mortgage, and pursuant to the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises described in and conveyed by said Mortgage, viz: East Half (E½) of Northwest Quarter (NW¼) and East Half (E½) of Southwest Quarter (SW¼) and Lots One (1), Two (2), Three (3), and Four (4), all in Section Seven (7) in Township One Hundred Fifty-two (152) North, Range Forty-five (45) West, (except reserving the right-of-way for the Great Northern Railway through said Lot Two (2) in Section Seven (7), being a strip of land 100 feet wide which may hereafter be owned or operated by said railway company or its branches), in Pennington County and State of Minnesota, with the hereditaments and appurtenances; which sale will be made by the Sheriff of Pennington County at the front door of the Court House in the City of Thief River Falls, in said County and State, on the 14th day of October, 1922, at 10 o'clock a. m., of that day, at public vendue, to the highest bidder for cash, to pay said debt of $2679.00, and interest, and taxes, if any, on said premises, and attorney's fees, as stipulated in and by said Mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from day of sale, as provided by law.

Dated August 24, 1922.

Notice of Mortgage Foreclosure Sale.

Whereas, default has been made in the conditions of a certain Indenture of Mortgage, made, executed and delivered by Andy C. Hurt and Celia Hurt, his wife, of the County of Pennington, and State of Minnesota, as Mortgagors, to First and Peoples State Bank, a Minnesota Corporation, as Mortgagee, upon and covering the following described real property lying and being in the County of Pennington, and State of Minnesota, to-wit: The Southwest Quarter (SW¼) of Section Twenty-One (21), in Township One Hundred Fifty-four (154), Range Forty-One (41), excepting and reserving therefrom a strip of land 100 feet wide extending across from east side to west side parallel and adjacent to the North line of said Southwest Quarter above described, heretofore deeded for Railroad Right-of-way, Also excepting and reserving a strip of land described as follows—Commencing at a point 100 feet south of the Northwest corner of said Southwest Quarter above described, running thence south along the west line of said quarter section 40 rods and 10 feet, running thence due east 41 rods, running thence north 40 rods and 10 feet, running thence west 41 rods to place of beginning, land mortgaged being 143 acres more or less, according to the Government survey thereof, which said mortgage bears date the Tenth (10th) day of February, A. D. 1919, and was filed for record in the office of the Register of Deeds in and for said County of Pennington, in the State of Minnesota, on the Fifteenth (15th) day of February, A. D. 1919, at one o'clock P. M., and was duly recorded in said office in Book 12 of Mortgages, on page 481, which said mortgage was thereafter duly assigned to The Minnesota Mutual Life Insurance Company by written instrument bearing date the Fifth (5th) day of March, A. D. 1919, filed for record in the office of said Register of Deeds on the fourteenth (14th) day of March, A. D. 1919, at one o'clock P. M., and was recorded in Book 63 of Mortgages, on Page 74, and

WHEREAS, such default consists in the failure of said mortgagors to pay an installment of interest due February tenth (10), 1922, in the sum of One Hundred Eighty ($180.00) Dollars, and interest thereon, and

WHEREAS, by reason of the default made as aforesaid, The Minnesota Mutual Life Insurance Company, assignee, as authorized by the said mortgage and the notes thereby secured has declared, and does hereby declare, the whole of the principal sum secured by the said mortgage and notes to be due and payable, and the same is now due and payable, and

WHEREAS, there is claimed to be due upon said mortgage and the note thereby secured at the date of this notice, the sum of Three Thousand Two Hundred Seventy-eight and 5-100 (3,278.05) Dollars, being ($3000 for principal and $278.05 for interest thereon), and no action or proceeding at law or otherwise has been instituted to recover the same or any part thereof.

Now, Therefore, Notice is hereby given, that in and pursuant to the power of sale said mortgage contains, and the statute in such cases made and provided, the said mortgage will be foreclosed and the real property therein described will be sold, by the Sheriff of said County of Pennington, in the State of Minnesota, or by his deputy at public auction to the highest bidder therefor, for cash, at the East Front Door of the Court House in the City of Thief River Falls and in said County of Pennington on Saturday, the thirtieth (30th) day of September, A. D. 1922, at ten (10) o'clock in the forenoon of that day, to pay the amount which will then be due upon said mortgage and the cost and expense of this foreclosure, including an attorney's fee of Seventy-five ($75.00) Dollars, as stipulated in said mortgage to be paid in case of foreclosure thereof, subject to redemption at any time within one year from the date of sale.

Gasoline Consumption Jumping

GASOLINE consumption during the month of June, 1922, was 20% greater than during the month of May, 1922, and considerably higher than June, 1921.

On June 1, 1922, there were in storage 856,607,102 gallons of gasoline, or 82 gallons for each of the 10,448,632 automobiles registered Jan. 1, 1922.

This means less gasoline per car in storage than for any similar period since 1918, with the single exception of the year 1920 when there were only 76.4 gallons per car.

The summer demand for gasoline is about double the lowest demand of the winter. If July and August consumption shows an increase proportionate to the June demand (as appears probable) stocks may be expected to decline rapidly.

However, because of its unrivaled facilities, the Standard Oil Company (Indiana) is equipped to care for the gasoline needs of its patrons throughout the Middle Western States it serves.

The refineries of this Company operate the year through in order that products will be ready when the heavy summer demand comes. At all times the Company attempts to have its field storage tanks full.

To maintain an abundant supply of gasoline at all points in the territory requires the unceasing efforts of 26,000 employees, the manufacturing capacity of 6 large refineries, the field storage of 3821 bulk stations, 1700 service stations, 515,000 iron barrels, and over 6600 tank wagon and delivery trucks.

The motorist who will think in terms of the unceasing streams of cars on the streets about him will quickly appreciate the magnitude of the task confronting the Standard Oil Company (Indiana). This task is far more difficult of performance in the Middle West than elsewhere in the United States because the number of cars per capita is greater and the mileage of these cars is greater.

Great as this undertaking is, the Standard Oil Company (Indiana) has proved equal to the job. As gasoline consumption increases, this Company provides facilities to meet it. It believes that this expansion of activity is an essential part of the service which it is expected to perform.

Aaseng-Nystul.

A marriage of interest to several local people who know John Nystul, for two years a member of the teaching staff at Goodridge and for the coming year secured as superintendent of the Middle River schools, occurred last week when he was united in wedlock to Miss Ida Aasegn of McIntosh. The following clipping from the McIntosh Times gives a full account of the wedding.

"A quiet wedding was solemnized at the home of Mr. and Mrs. Iver Aaseng yesterday afternoon, when their daughter Ida became the bride of John Nystul, of Goodridge, Minn.

"Rev. L. J. Njus spoke the words which bound them together for life.

"The bride has grown to womanhood in this community, and is a graduate of the McIntosh high school. For the past three years she has held a responsible position with the Northwestern Telephone Company in Fargo.

"The groom has for the past year or more been the principal of the consolidated school at Goodridge. He is a graduate of Concordia College at Moorhead.

"The newly-weds will go to housekeeping in Middle River, where Mr. Nystul will take charge of the school as superintendent.

"Only immediate relatives of the contracting parties were present at the ceremonies."

Mrs. Erickson Opens Studio.

Mrs. C. O. Erickson announces the opening of her studio above the Simonson store today. She is a graduate of the conservatory course of the North Star college of Warren and later studied under Forrest Washburn of Minneapolis. This summer she studied under one of the country's best musical pedagogues, Glenn Dillard Gunn, at the McPhail School of Music, who has a large conservatory known as the Glenn Dillard School Inc., on 1254 Lake Shore Drive, Chicago. She also reviewed harmony under Hamlin Hunt and took a course of piano normal under Glenn Dillard Gunn and Carolyn Bowen, receiving the latest and best in teaching methods. While in Minneapolis she was given three notices in the Minneapolis Journal for radio concert work.

Obituary

Alice J. Elgsten.

Miss Alice J. Elgsten, aged 27, a daughter of Mr. and Mrs. Carl Elgsten, who live on a farm three miles southeast of the city, passed away at her family home on Friday night. The cause of her death was consumption, from which she had been suffering for some time.

Deceased was born in Thief River Falls 27 years ago and has spent all here life here. She graduated from the local high school, and following her graduation she was employed in Perl Mabey's law office in which she worked for the past seven years. She continued her work at the office till some time ago when her health became too weak and it became apparent that she was suffering from consumption.

Miss Elgsten had a host of friends in this city who mourn her departure.

Deceased is survived by her parents, Mr. and Mrs. Carl Elgsten, a sister, Anna of Minneapolis, and a brother, Ed., who also lives in Minneapolis. Anna Beck, an aunt, also lives at the Elgsten farm.

The funeral was held Monday afternoon from the Scandanavian Evangelical church. Rev. Bot Nyborg officiated at the obsequies and interment was made in the Greenwood cemetery.

Card of Thanks.

We wish hereby to express our sincere thanks to the many who showed their sympathy during the last illness and after the death of our daughter and niece, Alice J. Elgsten.

—Mr. and Mrs. R. Elgsten, Ed. Elgsten, Anna Elgsten, Anna Beck. A-31.

We heard of a remarkable wedding ceremony a few days ago. When the bridegroom was asked by the minister if he would "take this woman, etc," he blushed and replied, "well, I came with that intention."

ENROLLMENT IN CITY'S SCHOOLS BREAKS RECORD

One Hundred More Pupils On Second Day Than at Close of First Week Last Year

High School Already Has 400 Applicants With Additional 100 Almost Certain

All Teachers at Their Posts When Schools Opened Tuesday Morning.

Attendance at the Thief River Falls schools will break all records for the term, if early figures are any indication. At the close of school last evening there was a total enrollment of 1461. At the end of the first week last year there were 1369 enrollments, showing an increase of nearly 100 with two more school days in which to make a still greater gain.

There are 400 students in the high school at this time as compared with 322 at the end of the first week a year ago. At graduation time last June there were 410 students enrolled in this division. Should the percentage of gain be maintained at the same ratio as last year it will mean an enrollment of 500 by the end of the term. It is invariably the case, according to Supt. I. T. Simley, that the attendance keeps increasing as the term advances, this being particularly true during the first two weeks.

The same condition applies, although in somewhat lesser degree, to the grades. In every instance these also show an increase over the opening week a year ago and the total is even now crowding the closing figures of last spring. The student population in the different buildings last evening was as follows: Kindergarten, 61; Central, 210; Knox, 249; Northrup, 310; Washington, 231, Lincoln High, 400.

Teachers All on Hand.

The term opens under the most favorable auspices. The buildings have all been carefully gone over during the vacation period and improvements and replacements made where were deemed necessary. Every teacher contracting with the board was on hand at the opening hour and all professed themselves in readiness for a term of hard, conscientious work. Many of those reporting served the district last year or at some previous time and Mr. Simley states that he is highly pleased with the enthusiasm and pep shown at the outset by his staff of assistants. A meeting of teachers was held on Monday afternoon at which general policies were discussed and tentative plans considered.

Early Football Practice.

Indications are that the athletic teams of the high school will be of a high order this year, according to M. P. Rapacz, principal. The football material seems particularly promising and those who will try to make the eleven have already started practice under the direction of Mr. McFarlane, the new athletic coach, who comes here recommended as a particularly competent man.

The school authorities, Supt. Simley and the entire teaching staff are greatly pleased over the interest taken by parents and pupils, this being made evident by the unusually heavy enrollment of the opening days.

Grain Movement Heaviest Since Banner Year, 1915

The grain movement from the west is now in full swing and promises to be the heaviest for many years. In fact, there are indications that all previous records for clearances through this terminal may be broken, according to P. J. Keating, deputy state grain inspector.

Yesterday was the heaviest day since the banner crop of 1915 was moved, 193 cars being inspected here and sent forward toward the head of the lakes. Of this total 130 cars contained wheat, 63 were rye and two barley. All except two carloads came from points to the west of Thief River Falls.

To Attend Lodge Convention.

C. W. Vorachek left Friday evening for Minneapolis, where he spent a few days visiting and attended the State Fair. He will continue to Omaha, as delegate from the local order of the Z. C. B. J., the Western Bohemian Fraternal association, at its national convention held there this week. He is expected to return the latter part of the week.

KEYNOTE ADDRESS BY MRS OLESEN AT CROOKSTON SEPT 9

Democratic Candidate For United States Senator to Formally Open Campaign.

Anna Dickie Olsen, Democratic candidate for United States senator, will make her keynote speech at Crookston on Saturday evening, Sept. 9, and there is naturally considerable interest shown in the event, especially among the women. Mrs. Olsen has appeared before the Women's club of Thief River on one or two occasions and has a large number of personal friends and admirers in the city who will no doubt make the trip to Crookston for the purpose of hearing this keynote address.

Following her Crookston speech, Mrs. Olsen is to participate in the formal opening of the campaign of Edward Indrehus, Democratic nominee for Governor, on his farm near Foley, Tuesday, Sept. 12.

With only a week's respite, during which she is preparing her Crookston address, her speaking schedule is solidly booked up to the last week in September which it is expected will be spent on the Iron Range.

"I am not a prophet, nor the daughter of a prophet" says Mrs. Olsen in a statement from her headquarters in Minneapolis, "but if I am any judge of human nature and the people of Minnesota with whom I have rubbed shoulders during these last six weeks, November 7, 1922, will be a day long remembered in Minnesota politics."

Traveling by Ford, the gift of Minneapolis women, the nation's first woman candidate for the United States senate has already delivered 95 speeches and has traveled over 3500 miles. This, even for a seasoned campaignor, is a strenuous record. It is believed that by election day Mrs. Olsen will have set a mark in campaigning which will stand for some time for women and men candidates as well.

WINS SWEEPSTAKE ON WHEAT GROWN IN THIS DISTRICT

Orton Olson of Thief River Falls Captures Blue Ribbon Prize at Aurora, Illinois.

Orton Olson of this city, last year's winner of first and sweepstakes prizes on wheat at the Crookston farm crop show, has been awarded the blue ribbon prize on wheat at the Central Fair and Exposition, held at Aurora, Ill. This prize was awarded at an exhibition in which the best samples of wheat from all the Central and Northern states were entered, the competition being perhaps keener than at any other show in the entire country. The award carries with it a cash prize of $65.

This young wheat-growing champion will ship his samples to other state and district fairs, including those for Minnesota and Wisconsin. Having carried off the honors at the larger exhibition he should have no difficulty in drawing first place wherever he may hereafter decide to exhibit.

The fact that a young man hailing from a district generally regarded as having passed from grain growing to diversified farming can carry off one of the most coveted wheat growing prizes in the entire country will cause a great deal of attention to be focussed on this section, particularly on the part of millers and others who are interested in a continued production of this cereal. These people have already turned their attention to this part of the state and are giving much thought to plans for again popularizing the production of wheat.

POULTRY EXPERT WILL SPEND WEEK IN NEIGHBORHOOD

E. W. Stanfield to Conduct Demonstrations—Annual Banquet, Sept. 21.

The dates for Poultry Week in Pennington county have been set for Sept. 18 to 25, with E. W. Stanfield, one of the best-known poultry experts in the country, as demonstrator. A noonday luncheon talk before the commercial club on Sept. 21 is a part of the program, the annual chicken dinner of the Pennington County Agricultural association being given the same evening in the basement of Zion Lutheran church.

The first meeting of Poultry Week will be held at Valhall hall in Rocksbury township on Monday afternoon, Sept. 18, at which time a demonstration will take place. This will be followed by a demonstration on a poultry farm near Goodridge on Tuesday afternoon and a meeting in that village in the evening. The same program will be carried out at St. Hilaire, where there will be an afternoon demonstration and an evening meeting on Wednesday.

Thursday afternoon and evening will be spent in Thief River Falls and on Friday meetings the same as those at Goodridge and St. Hilaire will be held at Rosewood, this program being repeated in Silverton on Saturday afternoon and evening.

The banquet on Thursday night will be in charge of a committee composed of Harry Schuster, Mrs. Ed. Battenfeld and C. M. Buoen. Members os the association will donate one or two birds for the feast, this plan having been followed with entire satisfaction to all concerned in the past.

Dates for the annual poultry show of the association were named, Dec. 12, 13, and 14 being selected. It was decided to accept entries up until noon on Dec. 12, although the day previous is the official entry time.

No Definite Date Set For Drainage Meeting Here

In a communication to The Times Chairman C. G. Selvig of the Red Lake Drainage and Conservancy commission states that no definite date has been set for the September meeting of the board at Thief River Falls. The meeting will be called, says Mr. Selvig, when the viewers are ready to report on the Clearwater project and somthing definite in the way of information is received from the water power companies.

Satisfactory progress is being made with both the Red Lake and Clearwater projects, says the chairman, the board adhering to a policy of making haste slowly.

The hearing on the Clearwater project will be held at Gonvick on Oct. 3

FIRE DAMAGES DUDLEY BLOCK, PALACE STOCK

Loss Totalling $23,000 Result of Blaze in Business District Tuesday Morning

Occupants of Second Floor Driven Out Into Rainstorm While Scantly Clad.

New Brick Structure to be Erected on Site Soon as Possible, Says Owner

The frame building at 221 North LaBree avenue, owned by F. J. Dudley, was gutted by fire which started about 4 o'clock Tuesday morning. The blaze broke out in the roof about the center of the building and is believed to have been caused by lightening as there was a severe electric storm, accompanied by heavy rain, raging at the time.

The stock of the Palace Clothing house, occupying the lower floor, was damaged. L. L. Cohn, proprieter of the clothing store had just received large shipments of fall and winter goods and this makes his loss heavier than would otherwise have been the case. Mr. Cohn places his loss at $12,000 with insurance of $6,000. The building will prove a total loss as it is within the fire limits and cannot be repaired. Mr. Dudley places its value at $6,000 with insurance of $5,400. His household furniture and the equipment of his insurance office he valued at $5,000 with $3,500 insurance.

Mr. Dudley and his two youngest children were asleep in their apartments when the fire started. So rapidly did the flames gain headway that they barely had time to grab an armful of clothing and make for the street, turning out thus scantily clad into the pelting rain. Nothing in the way of household effects or clothing, outside of what was hastily donned, could be saved.

The fire department responded promptly and the firemen were greatly aided by the rain in getting the blaze under control. The building is one of the oldest in the city, having been erected in 1892. Mr. Dudley has during the past few years spent considerable sums in its repair and improvement and it was in very fair shape in spite of its age.

Mr. Dudley states that he expects to begin the erection of a modern brick building on the site as soon as the old structure can be cleared away.

Home From Naval Academy.

John Melgaard arrived Sunday morning from Annapolis, where he is a student at the Naval Academy. John is now spending his second year at the academy and is very enthusiastic about the school. During eight months of the year the students are given academic work and training and three months they spend cruising with the fleet. John made a trip thru the Panama Canal and around along the western cost to San Francisco. He says it was hard work but he enjoyed it nevertheless. He will spend his month's vacation at the home of his parents, Mr. and Mrs. T. L. Melgaard.

Mrs. Fisher to Sing For Radio Broadcast Station

An article regarding Mrs. Erma Mallory Fisher, formerly of this city and well known to local people, appeared in the Grand Forks Herald last week. Dr. and Mrs. Fisher are now located in Minneapolis.

"Mrs. Erma Mallory Fisher, now of Minneapolis, formerly of Grand Forks, is in the city with her mother, Mrs. E. O. Mallory, 219 Euclid avenue, and tomorrow will sing at the wedding of Miss Louise Black, daughter of Mr. and Mrs. Geo. Black of this city.

"Mrs. Fisher has a two week's engagement with the State theater of Minneapolis and with the Capitol theater in St. Paul, beginning on Tuesday, and on Friday evening, next week, she will sing for the Tribune broadcasting radio station. Local persons who have radio receiving equipment will be in position to hear Mrs. Fisher, who is a contralto of recognized ability."

Bemidji Man Shoots at Target; Kills Young Son

Dr. C. J. Larson, one of the best known optometrists in northern Minnesota, accidentally shot and killed his 11 year old son, Leon, while practising rifle shooting on his farm eight miles northwest of Bemidji on Sunday. Picking up a 22 caliber rifle with which his two daughters had been practising, Dr. Larson aimed at a target and shot just as the boy ran in the path of the bullet, striking him in the head. He was rushed to Bemidji in an automobile, but died a few minutes after the shooting.

Pastor and Family Returned.

Rev. E. H. Kridt and family have returned from Wheaton, Minn., where they visited with Mrs. Kreidt's parents for a period of about six weeks. The regular services in the St. Johns church have been resumed.

Fair of Red Lake Indians To be Held Sept. 14, 15, 16

The annual fair of the Red Lake Indians will be held at Red Lake on Sept. 14, 15 and 16, and assurances are given that it will be the greatest exhibition of its kind ever attempted by the residents of that district. Indians on the reservation have made wonderful strides along agricultural lines during the past few years and visitors have been unanimous in their praise of the excellent work accomplished. The livestock and general farm products show is well worth making a long trip to see while the races and sports are better than at many fairs in this section of the state.

Roads to the reservation are now in such shape that Red Lake can be reached from any direction, the Thorhult route being the shortest for the people residing in Thief River Falls and nearby territory. Agent Geo. W. Cross assures all visitors of a hearty welcome and a good time.

Represents Local Bread Club.

Miss Myrtle Helgeland left Saturday for Crookston enroute to the Twin Cities, where she took part in the bread making contest as a representative of the Bread club of the Thief River Falls high school. Thru an elimination contest in the club this spring, Myrtle received first place which entitled her to participate in the state finals. From Crookston the contestants and fair visitors had a special coach.

MEDICS OF VALLEY MEET NEXT WEEK AT OAKLAND PARK

Interesting Program Participated in by Specialists in Tuberculosis Treatment.

The Red River Valley Medical society will hold its regular meeting at Oakland Park sanatorium on Thursday, Sept. 14, and a large attendance is expected as the program is one of unusual interest. Tuberculosis will form the general topic of discussion and medical men from other sections, widely known in the fight being made on this disease, will be in attendance. These included Dr. F. F. Callahan, Pokegama, Minn.; Dr. Emil S. Giest, Minneapolis, and Dr. Robinson, St. Paul.

At 10:30 o'clock Dr. M. Geo. Milan of Oakland Park, will conduct a clinic on pulmonary and laryngeal tuberculosis, after which luncheon will be served at the sanatorium for the doctors and invited guests.

Presentation of papers will begin at 1 o'clock, the program being as follows:

"Classification of the pulmonary Tuberculosis Individual," Dr. M. Geo. Milan, Thief River Falls.

"The Uses and Limitations of the X-ray in the diagnosis of pulmonary Tuberculosis," Dr. O. N. Meland, Warren.

"The Value of Rest in the Treatment of pulmonary Tuberculosis," Dr. F. F. Callahan, Pokegama.

"Surgical Tuberculosis," Dr. Emil S. Geist, Minneapolis.

"The State Campaign against Tuberculosis: Its Accomplishments and Its Future," Dr. Robinson Bosworth, St. Paul.

LaFollette's Lead For Senator in Wisconsin Primaries Breaks All Records

Gov. Blaine and Entire State Ticket Victors in Remarkable Landslide

Result Shows That Women Voters Flocked to LaFollette's Standard by Thousands

What promises to be the largest majority ever given a candidate in a primary election in Wisconsin is being rolled up by Senator Robert M. Lafollette as a result of Tuesday's primary.

With something like more than half of the precincts in the state reporting, indications are that LaFollette's majority will exceed 150,000 over W. A. Ganfield of Waukesha, in his contest for the republican United States senatorial nomination.

Women Flock to LaFollette

Returns from 1,859 precincts out of 2,523 gave LaFollette 250,134, Ganfield 102,242. LaFollette's vote is tremendous and it is apparent that women flocked to his banner in sufficient numbers to make possible the overwhelming lead.

La Follette made a thorough canvass of the state. The principal issues he urged as reasons for renomination were: Opposition to the Esch-Cummins act and the four power treaty, Newberryism and his record on the war. He has recognized as a wet advocate while his opponent, Mr. Ganfield, was endorsed by the Anti-saloon league. Mr. Ganfield also toured the state, based his plea for votes on the fact, he said, that La Follette has proven himself useless to Wisconsin by reason of his opposition to every administration since he went to the senate in 1906, his radical tendencies and his attitude on the war.

Blaine Has Big Lead

Governor John J. Blaine and the entire La Follette state ticket are also making a remarkable run with one exception, out of 1,854 precincts reporting Blaine obtained 232,972, Morgan 109,875, McHenry 9,652. A close contest has developed between Solomon Levitan, La Follette, candidate for state treasurer, and Henry Johnson, incumbent. Levitan is leading by 4,300 in 892 precincts.

G. Halvorson accompanied by his daughter Doris and son Craig, motored to Crookston Monday.

THE RAILROAD CENTER OF THIS SECTION; REVIEW OF EVENTS WHICH LED TO ITS PROMINENCE

This is the eighth of a series of fifteen industrial articles which will be published in The Times, one each week for the next fifteen weeks, for the purpose of outlining to Northwestern Minnesota and the outside world the vast field of resources and opportunities existing here for advancement and success and for the promotion of optimism and the right psychology. The facts contained in these articles are based absolutely on reliable facts and gathered by an expert publicist who has had many years experience.

The Times throughout this period, will make an effort to show that there is not a section of the country in the west or the northwest that offers a wider field of endeavor than Pennington county and the trade territory of Thief River Falls. Every phase of industrial life and business activity will be covered in a thorough and constructive manner.

The carrying out of this campaign has been made possible by thirty of the progressive business institutions of Thief River Falls, the leading distributing and commercial center for the entire Northwestern part of the state. After reading this article turn to the two inside industrial pages and see who these progressive firms are who so willingly have come to the assistance of this enterprise.

Every reader of The Times can assist very materially in this campaign by sending his own copy of the paper to a relative or friend in some other section of the country after he has completed reading it, that this relative or friend may learn of the opportunities in this splendidly productive section.

TIMES PRINTING & MFG. COMPANY

(By R. RENNETH EVANS.)

Thief River Falls "The Hub City."

In the short existence of thirty years this city has grown from a small inland settlement, peopled by a few of the more venturesome, who, forsaking birthplace and family ties, came west to build an inland empire, to the largest and most important distributing center in the Northwestern part of the large state of Minnesota. Thirty years ago freight to supply the little handful of people who lived here was hauled by wagon from the end of the Great Northern railroad at St. Hilaire at a cost of $1.50 per hundred pounds, over roads that were at times almost impassible.

Today Thief River Falls is a railroad center with transportation lines leading out from it like the spokes from the hub of a wheel. The Great Northern to the north through Greenbush and east to Warroad and the Lake-Of-The-Woods,—one of the most international picturesque spots of America—and connecting with the main line of the Canadian Northern at that point; the main line of the Minneapolis, St. Paul and Sault Ste Marie, popularly known as the Soo Line, to Winnipeg and the great Northwest; the Wheat Line of the Soo west through Warren, Minn., and the hard wheat belt of North Dakota, crossing the main line of the Great Northern; the main line of the Soo across the state southeast to the Twin Cities and east on the Soo from Plummer, a few miles south of Thief River Falls, to Duluth and Superior and the Great Lakes region; the Great Northern south through Red Lake Falls to Crookston and via the Northern Pacific to Grand Forks, N. D., and the west and northwest diverging lines makes travel possible in all directions to any part of the United States.

The history of railroad construction in Northwest Minnesota, where less than half a century ago the red-skin battled with all his cunning against the encroachments of the sturdy pioneers and the "iron horse," is interesting. There hand has but given away that the march of progress might make possible of conversion into cash the vast resources with which Dame Nature so freely endowed this great state while in a most generous mood.

Awe inspiring, with recognition of endeavor, one can see in his mind's eye, who has the happy faculty of vision, just how rumors of railroads, reaching the little settlement, would set it all in a flurry. To the presistent endeavors of these "commonwealth builders," many of whom live here today to see their dreams realized, goes much of the credit for the enviable reputation Thief River Falls and Northwestern Minnesota possesses today. This metropolis stands as a monument to their endeavors, which were fraught with hardships, denials and discouragements. With a less dauntless class this section of Minnesota would still stand the playground of the "wild things" and its resources relegated to deteriation through the ravages of time.

The abnormal visions pictured by Jules Verne, read by almost every man, woman and child, in his "Ten Thousand Leagues Under the Sea" or "My Trip to the Moon", could portray no more of a thrill than that experienced by the seasoned pioneers who stood in Main Street of Thief River Falls on October 6, 1892, when the first Great Northern train steamed into the city with "Hank" Murray as conductor in charge and M. B. Milligan at the throttle, blazing a new trail into a labrynth of unfathomed richness.

The supreme DeLuxe transcontinental trains, with all the conveniences of the modern home enroute, which are today a feature of transportation, are naught compared to the little wheezing engine, three or four box cars and a caboose, which pulled up to the impromptu station to the cheers of the populace on that day. With every shovel full of coal into the firebox the "tally pot" wrote history on an azure sky which had never before been punctured by the black colums of smoke of the railroad train.

The names of Meehan and Hill are emblazoned in vivid letters in the minds of those familiar with the

FINE OPPORTUNITY FOR CATTLE BUYER AT HOLSTEIN SALE

Fofty Grades and 21 Purebreds Already Listed For Dispersal Here on Oct. 4.

The Pennington County Holstein Breeders association will have to enlarge their program at the dispersal sale which is scheduled for Wednesday, Oct. 4, unless they wish to have a considerable number of disappointed breeders on their hands. It was announced last week that but 60 head would be offered at this sale, it being feared that time would not permit of a larger number being handled. County Agent J. J. McCann states, however, that there are listed 50 grades and 21 purebreds at the present time and that the number is certain to be considerably increased.

Interest in this event is not confined to the sellers, according to Mr. McCann. From every section of northern Minnesota as well as from the Dakotas inquiries are coming in asking for lists and breeding records. The outlook is excellent for one of the largest and most successful sales ever held in the northern part of the state.

A committee of inspection consisting of S. E. Hunt, Ben Rosenthal, F. T. Satre, M. T. McFarland and Fred Beerbower will start at 7:30 o'clock next Sunday for the purpose of inspecting all cattle to be offered by breeders in the county. They will travel by auto and expect to be able to make the rounds in one day. They will make certain that only cattle of merit are brought into the sales ring, having pledged themselves to cull unmercifully where such action seems necessary.

A parade of the cattle offered for sale will be held at noon, a fact that will add considerable interest to the market day to be staged by the Thief River Falls Merchants association on the same day.

FUEL SITUATION IS CAUSING CONCERN; WORST IN HISTORY

Wartime Regulations May Become Necessary in Order to Prevent Severe Suffering

People residing in this section of Minnesota are vitally interested in the result of plans now being formulated to insure sufficient coal to prevent serious suffering during the coming winter.

A complete organization thoroughly equipped to handle the procuring and distributing of coal was decided upon at the close of the northwest coal committee in conference at St. Paul on Tuesday.

The organization will be divided into three sections, comprising one committee at Washington with Donald D. Conn, Minnesota representative as chairman; one committee in St. Paul with Ivan Bowen, Minnesota fuel administrator as chairman and local committees in each of the six states co-operating in the movement.

The states are Minnesota, Wisconsin, North Dakota, South Dakota, Iowa and Michigan.

Representatives of all of the states except Iowa present at the conference agreed that the fuel problem in the northwest this fall is the worst in history. They pointed out that in previous years when a shortage scare was raised the docks at the head of the lakes held from three to five million tons on hand while at present there is not to exceed 200,000 tons.

The situation is so serious as to warrant immediate conservation measures on war-time basis with dimmed lights and the use of every available coal substance, the conference declared in a set of resolutions unanimously adopted urging the governors to issue proclamations calling upon the people to conserve. The resolutions ask that the use of electricity for display advertising and other unnecessary illumination be limited wherever possible.

Returns From Convention

Oscar Smith returned last week from an extended trip thru the Iron Range and parts of Wisconsin. At Virginia he attended the state convention of the American Legion which he states was very interesting, the "boys" being treated loyally by their hosts. Mr. Smith also went thru the other Range towns—Hibbing, Eveleth, Chisholm and others and from there he went on to Superior, where he looked after business matters and called on friends at Washburn, Wis.

LOCAL GOLFER WINS PRIZE IN FIRST TOURNEY

C. F. Niclai Carries Off Finals Against C. J. Stone, Crack Winning Player

Excellent Turnout and Interesting Contests Mark First Tournament of Locals.

Many Players Put Up Astonishing Game, Giving Great Promise for Future

High honors in the first tournament of the Thief River Falls Golf club were carried off by F. C. Niclai of this city, although he was pitted in the finals against C. J. Stone of Winnipeg, a player of note in his own country and whose reputation has penetrated to this side of the border. Under the rules of the tournament it was necessary for Mr. Stone to grant his opponent a handicap of six strokes for the nine holes, but even under these circumstances the showing made by Mr. Niclai was most creditable.

In order to keep all the trophies in the same family, Mrs. Niclai carried off the prize in the woman's tournament, Miss Irma Johnson winning second place.

Mr. Niclai negotiated the nine holes in 51 as compared with Mr. Stone's 47, which with the handicap gave the former an edge of six strokes.

The Canadian player grew quite enthusiastic over the prospects for golf in this city. "You have the foundation for an excellent course," he said, and if the present interest keeps up there is no reason why you should not have one of the best golf clubs in the state. There is a lot of very good material among your members and with a little more experience there are many who should be able to give an excellent account of themselves in any company. I have had a very good time in your city and am decidedly glad that I came."

The tournament showed conclusively that the beginners—those who never before this year had a golf club in their hands—are among the most devoted votaries of the game and have applied themselves to practice so diligently that the old-timers are having a hard time in holding their own. So keen has interest in the game become that another tournament, to be held early this fall, is practically arranged for.

Eight Women in Contest.

There were 28 entries in the men's division on Sunday, while eight women entered the contest. In the men's class the following handicaps were announced:

Perl W. Mabey, 18; Andy Anderson, 18; H. O. Chommie, 15; F. J. Stebbins, 16; Dr. O. F. Mellby, 13; W. W. Prichard, Jr., 14; R. M. Sheldon, 9; Ernest Barzen, 13; Nels Christensen, 13; Geo. Loken, 16; W. A. Barnard, 11; Jordan Penney, 16; Anton Langseth, 18; D. P. Gamble, 9; D. M. McGinn, 18; C. J. Stone, 9; C. H. Jung, 18; Roy Langseth, 16; Dr. G. A. Penney, 15; H. W. Protzeller, 18; Stanton R. Dahlen, 14; Milton Larson, 18; S. V. Arneson, 18; J. P. Curtis, 18; Haakon Olson, 18; Milford Sorenson, 15; Edwin Stebbins, 16; Fred Niclai, 15.

The following won the first round: Mabey from Anderson, Chommie from Stebbins, Prichard from Melby, Sheldon from Barzen, Christensen from Loken, Barnard from Jordan Penney, Langseth from Gamble by default, Stone from McGinn, Roy Langseth from Jung, Protzeller from Dahlen, Arneson from Larson, Sorenson from Stebbins.

The following played no match the first round but went into the second with a bye, in other words, having no one marked up to play with them the first round: Dr. Penney, J. P. Curtis, Haakon Olson and Fred Niclai.

The second round was won as follows: Chommie from Mabey, Prichard from Sheldon, Barnard from Christensen, Stone from Anton Langseth, Roy Langseth from Dr. Penney, by default, Protzeller from Arneson, by default, Niclai from Sorenson, by default.

The third round was won as follows: Chommie from Prichard, Stone from Barnard, Roy Langseth from Protzeller, Niclai won by default. This left Chommie and Stone, Roy Langseth and Niclai in the semi-finals, which turned out as follows:

Stone won from Chommie in a hard fought match in which, on account of a tie at the nine holes three extra holes had to be played, Mr. Chommie loosing on account of an overdriven ball over the fourth green out of bounds. Niclai won from Roy Langseth in a hard fought battle by a close margin.

The finals between Stone and Niclai were played Monday morning, Niclai winning in a very hard fought match. Mr. Stone is an old experienced player and even though Mr. Niclai received six holes handicap he is to be congratulated on winning the match from an old-timer at the game. The lowest score made for the nine holes was played by Mr. Stone in the second round when he turned in a 29. The next lowest score was played by Mr. Chommie in the third round with 44.

In the second round Miss Arneson and Miss McGinn both defaulted to Irma Johnson, and Mrs. Nichlai won from Mrs. Chommie. In the finals Mrs. Nichlai won from Irma Johnson.

St. Hilaire H. S. Accredited.

Upon petition to the state department of education the high school in the village of St. Hilaire has made an accredited school which makes it possible for its graduates to enter university without special examinations.

AT THE THEATRES

"THUNDERCLAP" FULL OF EXCITEMENT AND THRILLS

"Thunderclap," the big William Fox picture, will be shown at the Lyceum Theatre Sunday and Monday. This production contains some of the greatest sporting incidents that have ever been shown on the local screen as well as an excellent cast.

Mary Carr, the great mother in "Over the Hill," plays the leading part with Violet Mersereau, Paul Willis, J. Barney Sherry, John Daly Murphy and others supporting. Again the "great mother" scores, but this time she is deprived of the use of her body and speech. A great opportunity for Mary Carr and a wonderful performance by her.

Paul H. Sloane scenarist of "The Thief," "Tiger's Cub," "Over the Hill," "Beyond Price" and several other successful William Fox productions, adapted the story to the screen, while Richard Stanton, a widely known Fox director, made the picture.

The truly remarkable scene showing young Tommy, on top of a board, riding a tempestuous rapids is thrill number one. The second is the horse race.

Opens Potato Warehouse

M. G. Thoreson, formerly with the Goodridge Mercantile company, has taken over the Tessum elevator in that village and will convert it into a potato warehouse.

Named Convention Speaker.

The annual convention of the Social Welfare workers of the state will be held at Glenwood, Sept. 9 to 13. Mrs. J. M. Bishop of this city is on the program as one of the speakers on Monday.

Lost End of Thumb.

Joe Kuzava of Gatzke is minus the end of one thumb, the result of the accidental discharge of a shot gun. He was getting out of an automobile with the gun in his hand when the hammer struck the running board, with results as stated.

Boy Hurt In Runaway.

Richard Singer, adopted son of Stephen Singer, Kratka merchant, was quite badly hurt when a team ran away last Sunday. The horses, which are young and mettlesome, were being driven by another person when young Singer jumped onto the back of one horse with the intention of taking a ride. He was thrown off, receiving a bad gash in the head and a severe cut on one arm. He is at the Physicians hospital.

Argyle Bank Closed.

The Citizens State bank of Argyle was closed on Tuesday by the state banking department. Depleted reserves are given as the cause of the suspension. The institution started business in 1916 during a period of inflated values with a number of well-to-do farmers as the principal stockholders. The bank had a capital of $20,000 and the last statement showed deposits of $119,250 while the loans outstanding totalled $163,300.

The Misses Gullingsrud reside in this city, while Miss Knutson is from Kratka.

The Railroad Center of This Section; Review of Events Which Led to Its Prominence

(Continued from page one.)

early development of Thief River Falls. The Meehan brothers for starting the development of the lumbering interests which played an important part in the demand for railroad facilities, and the late James J. Hill, the Northwest's pioneer railroad builder, who with his keen business perception and principles laid the "iron trails" throughout the Northwest and opened to the world its richest, productive sections.

Coincidence has played an important part in the development of the west. The least little circumstance very frequently will throw one from his chosen course into by-paths, heretofore unexplored and at the end of which might be the proverbial "pot of gold." The lure of exploration was responsible for a young teacher coming to Red Lake Falls in the early eighties. He was a son of Jas. Meehan, lumberman of the north. He readily realized the possibilities of lumbering interests in this section of Minnesota. In the Red Lake river was the means of transportation. The elder Meehan, after having his attention called to these possibilities was induced to build a saw mill at Red Lake Falls, then the terminus of the Great Northern. The following year, however, a drought period caused no little consternation for it was impossible to get the logs to the Red Lake mill in sufficient quantities to operate it. Soundings were made that year and it was found that the logical place for a mill was at the present townsite of Thief River Falls. Regardless of the objections of the citizens of Red Lake Falls, who would not permit the mill to be moved, Mr. Meehan and his brother, P. Meehan, constructed a mill at Thief River Falls.

Influences were brought to bear on James J. Hill, then in the prime of his constructiveness, and by contracting to furnish certain amounts of freight for a spur of the line from St. Hilaire the Meehan's were able to get Mr. Hill to build the line.

For a year the Great Northern gave the city tri-weekly railroad service, and the coming of the train was watched with as much interest as the advent of the stage coaches into the mining cities of the west, which has been portrayed to those of this generation. It was a railroad however. It filled the need. It connected a rich territory with the outside world.

With true American characterics those who lived here and pictured the future soon grew tired of the tri-weekly service and demanded a train every day. Development activities warranted this added service. Twenty-eight buildings, including stores and dwellings, were constructed that year.

The balance of the history of railroad construction in Northwestern Minnesota is the natural consequence of advancement which has been pictured for every community of the Great West. In 1894 the rumor of an additional railroad from the west caused some little stimulation. This road was never constructed. The business world, however, had taken cognizance of the possibilities and in 1903 the right-of-way for the Minneapolis, St. Paul and Sault Ste Marie was purchased, local interests playing an important part.

How often have you hear the old saying that "history repeats itself?" On September 11, 1904 with the same thrills and enthusiasm, of a more metropolitan nature, however, the train on the Soo steamed into the littl city just before noon. This was the main line of the Soo from the Twin Cities to Winnipeg and every ring of the maul on the iron spikes through the city of Thief River Falls spelled advancement in a language peculiar only to growing communities. This time instead of a bonus of $750.00 which was given the Great Northren, the city gave the Soo $18,000.00 to secure the line.

In 1905 this line was extended west Dakota to Kenmare and that year another star in the crown of the city's development was added when this was made the division point and a quarter of a million was expended in shops, round house and other railroad equipment.

Then followed a period of construction along the routes of these roads until 1911, when again railroad construction proved to be a factor. The line of the Soo known as the D and S. line was constructed from Plummer, a few miles south of Thief River Falls to Superior and Duluth, giving direct connections with the Great Lakes and their water shipping facilities. That year the little city was woven into a net of railroad lines and the commercial life of the United States, there to remain ensnarled with the general scheme of advancement, with as much security as the spider weaves his web around his victim.

In 1908 a railroad company was incorporated with a capital stock of $500,000.00, composed of some local business interests, to build a line from Thief River Falls to the Northeast to International Falls. This line was never constructed but the agitation was the starting point for construction of the Minnesota Northwestern Electric railroad.

This latter company was incorporated in 1913 and constructed its line east to Goodridge, a distance of twenty miles, which line is being operated today. The first train over it was run into Thief River Falls in 1914. The year previous the Soo constructed its magnificent depot in Thief River Falls at a cost of $52,000.00.

Next week's article will deal with the present status of railroad facilities, wholesaling and distributing and show what an important place in the commercial world this "Hub City" plays. History being made today will be just as important to the coming generation a quarter of a century hence and no doubt they will look back upon our present day facilities with the same reminescences as we feel today for the earlier day periods of constructiveness.

A FARMERS CONTEST ALSO.

The butter for the National Dairy Exposition to be held in St. Paul, October 9th to 14th, will be made between September 12th and 20th.

In this buttermakers' contest the farmers play an important part. To make high scoring butter—butter that will score 95 and above,—the cream must be sweet and pure and not over two days old when delivered to the creamery.

Half a buttermaker's ability is shown in getting the co-operation of his patrons to deliver high scoring cream. Other things being equal, the buttermaker will win whose patrons deliver the best cream.

Minnesota has won the National banner for the best butter made in the United States, 16 out of 19 years. The banner was lost last year to Iowa. It must be won again this year by Minnesota and it can be if the farmers will take a willing hand in the game.

The winning of the National banner will give the dairy industry of Minnesota advertising for its good butter that will be worth money to every dairy farmer in the State.

In order to help win the banner, the Minnesota Co-operative creameries association, Inc. is offering $500 to be prorated among the Minnesota co-operative creamery buttermakers who score 95 and above.

Iowa won last year with a score of 95.47. Minnesota had a score of 95.42. Wisconsin had a score of 94.9.

Iowa is making a desperate fight to win again. Minnesota must work and work hard to bring the banner back to the state. The farmers who produce the cream will win or lose the contest through the quality of cream-is-on-the-riwht-now.

Society

Dorcas Has Big Supper.

The picnic planned by the Dorcas society at Squaw Point on Thursday evening was held on Friday evening in the Trinity church parlors. The hours were spent socially and in the course of the evening an elaborate supper was served.

Young Peoples Meeting.

The Young Peoples society of the Trinity Lutheran church will meet in the church parlors on Thursday evening, Sept. 14. Activity in the society is being resumed after a few weeks rest and will be taken up with renewed interest. Good programs are promised for the coming season.

Operators Entertain.

Miss Sophie Johnson, who became the bride of Lawrence Borgen last Saturday, was honored at a miscellaneous shower by the Northwestern Bell Telephone operators on Friday evening. The party took place at the home of Mr. and Mrs. John Jordahl, 218 Kendall avenue south. The honor guest received many appropriate and pretty gifts. Seventeen guests were present.

Reception for Teachers and Students.

The people of the M. E. church hereby invite the teachers and out-of-town students of the various city schools, to be present at a reception to be given in their honor Friday evening, Sept. 8, at the M. E. church, Conley avenue and Bridge street, at 8 o'clock. Come and get acquainted.

Cote-Morrisette.

Yesterday, Sept. 6, at 9 o'clock, Miss Grace Cote, daughter of Mr. and Mrs. Phil Cote of this city, was united in marriage to Arthur Morrisette of Sommersett, Wis. The ceremony took place at the St. Bernard church, Father Noesen officiating. The bride was attended by Miss Katherine Dudley and Joe Cloutier acted as best man. Following the ceremony at the church an elaborate reception dinner was served at the home of the bride's parents, Mr. and Mrs. Phil Cote, 601 Conley avenue south, to a group of relatives and immedate friends.

The bride is well known locally, having been raised here, but during the past year she has been employed in Minneapolis.

Mr. and Mrs. Morrisette leaves tomorrow for Duluth, where they expect to make their future home.

Johnson-Borgen.

Miss Sophie Johnson, daughter of Mr. and Mrs. Amund Johnson of Germantown, and Lawrence Borgen, son of Mr. and Mrs. L. Borgen of this city, were united in marriage Saturday, Sept. 2, at the German Lutheran parsonage. Rev. Kreidt performed the ceremony in the presence of Mr. and Mrs. Ben Borgen. The bride wore a gown of white satin trimmed in white beads and carried an arm bouquet of white roses. The bridesmaid was similarly attired. Following the ceremony a sumptuous supper was served to relatives and intimate friends at the home of the bride's brother-in-law and sister, Mr. and Mrs. Arthur Rambeck, 120 St. Paul avenue south.

During the past two years the bride has been engaged as operator in the Northwestern Bell Telephone exchange, and is well known in the city. Mr. Borgen who is employed by the Gamble-Robinson Co., is well and favorable known to local people, having spent the greater share of his life here.

The newlyweds will make this city their home, having rented apartments in the Trovaton flat.

Reception for Rev. and Mrs. Gerlinger.

Rev. and Mrs. Chas. Gerlinger were heartily welcomed into the community last Friday evening when a reception was given in their honor by the Presbyterian congregation at the home of Mr. and Mrs. J. M. Bishop. It was attended by practically all the members of the congregation and a number of their friends, who wished to welcome the pastor and his wife to the city and community.

The rooms were beautifully decorated for the occasion with various kinds of flowers. A splendid program was rendered consisting of several numbers by an instrumental ensemble composed of M. J. Sorflaten, Mrs. A. Holmberg, Geo. Loken, and Theone Walker, accompanist; a quartet composed of Mrs. M. B. Brink, Miss Eileen Arneson, Carl Sundahl and Guy Johnson; R. M. Sheldon at the piano and several solos by Carl Sundahl. F. F. Haynes gave the address of welcome to which Rev. Gerlinger fittingly responded. Following the program refreshments brought by the ladies of the congregation, were served, during which time the orchestra rendered several numbers.

Mrs. M. J. Bishop was in charge of the event and Mrs. Albert Johnson, Mrs. Holmberg and Mrs. Loken were on the program, decorations and refreshment committees respectively. A very enjoyable evening was had by all.

Mrs. Melby Entertains.

Mrs. Oscar Melby, 109 Kendall avenue north, entertained a group of ladies at her home on Monday afternoon. The hours were spent in needlework, at the close of which a two-course luncheon was served at 5 o'clock.

Mrs. Melby also entertained a company of ladies yesterday afternoon.

Celebrates 14th Birthday.

Miss Ruth Mellby, daughter of Dr. and Mrs. O. F. Mellby, entertained a number of her friends on Saturday evening, August 26, the event being the celebration of her 14th birthday anniversary. A dainty lunch was served at 10 o'clock, a feature of which was a large birthday cake topped with candles. A very enjoyable evening was spent.

Surprised Mrs. Gulrud.

About fifty ladies tendered a delightful surprise on Mrs. C. C. Gulrud on Friday afternoon at her home, 620 Horace avenue north. The afternoon was spent socially, and to show their esteem of the honored lady, the visitors left a sum of money, for which an appropriate gift was to be bought. A bounteous lunch brought by the ladies was served at the close of the hours.

Entertains for Guest.

Mrs. Nat Harris entertained a few young people at her home, 101 Conley avenue south, on Friday evening, complimentary to Miss Marian Neusick of Minneapolis, who was house guest at the Harris home until Monday. Dancing formed the main diversion of the evening. Delicious refreshments were served by the hostess.

For Mrs. Aaker.

A report has come in from Goodridge of a surprise party given in honor of Mrs. V. O. Aaker on Saturday afternoon. The ladies brought a very delicious lunch and at the conclusion of the afternoon they presented the honored lady with a pretty set of dishes. Mrs. Aaker is a very highly esteemed lady in the community.

For Miss Craik.

Last Thursday evening at the home of Miss Minnie Leavitt, the Christian Endeavor society of the Presbyterian church gave a party in honor of Miss Grace Craik, who is going to attend the Bemidji Teachers' college. Progressive dominoes formed the chief entertainment until 10:30, when Miss Leavitt served refreshments. At the close of the party Grace Craik was presented with a work-basket and its furnishings. A very pleasant time was enjoyed.

Wedding Reception.

Mr. and Mrs. Arthur Rambeck were hosts at a wedding supper given for Mr. and Mrs. Lawrence Borgen, who were married Saturday at their home, 120 St. Paul avenue south, on Saturday at 6 o'clock. Mrs. Borgen, formerly Miss Sophie Johnson, is a sister of Mrs. Rambeck. The rooms was attractively decorated in pink and white streamers and sweet peas. The guests were: Mr. and Mrs. Ben Borgen, Mr. and Mrs. Carl Norquist, Mr. and Mrs. John Jordahl, Misses Helen and Edla Norquist, Bertha Borgen, Louise and Alice Johnson and Victor Norquist.

Rev. Gerlinger Installed.

A meeting of the Adams Presbytertory was held Tuesday evening in the Presbyterian church to officially install Rev. Chas. Gerlinger as pastor of the local church. The following program was rendered: Vocal duet, Mrs. Brink and Miss Eileen Arneson. Sermon, preached by Dr. Evans, pastor Presbyterian church of Red Lake Falls; charge to pastor, Rev. McLeod of Duluth. Charge to congregation, Dr. Hibbard, pastor of Presbyterian church at Crookston.

Rev. Clinton Cook of this city and Rev. Haas of Middle River also took part in the installation.

Surprised on Birthday.

Mrs. Adolph Bailey was pleasantly surprised by a number of friends who gathered at her home on Monday, the occasion being to help her celebrate her birthday anniversary. She was given a table linen as a token of their esteem and good will. Lunch brought by the ladies was served in the course of the afternoon. These present were: Mrs. Thorson, Mrs. Omundson, Mrs. Peterson, Mrs. Ostvolden, Mrs. Olson, Mrs. Grindeland, Mrs. Dokken, Mrs. Hoveland, Mrs. Hoium, Mrs. Gulrud, Mrs. Hoverstad, Mrs. Learold, Mrs. Halbert, Miss Pearl Warring, Miss Florence Gulrud and Miss Ruby Warring.

Service Club Meets.

The Service Club of the J. C. Penney company met at the home of Mr. and Mrs. H. E. Nelson on Monday evening. After the regular business meeting the election of officers took place. Archie Dahl was elected president of the club and Olive Olson secy-treas. Mr. Nelson gave a very interesting talk on salesmanship and merchandising, also speaking of the J. C. Penney Company conventions which are held semi-annually, one of which will be held this month. R. H. Dickey gave a very instructive talk on stock keeping and Mr. Dahl spoke on constructive salesmanship. Miss Hammarsten spoke on "Helping the Cashier." After the meeting a fine musical program was rendered by Miss Olive Olson and Mrs. H. E. Nelson, after which a delicious luncheon was served by Mrs. Nelson.

Miss Bottelson Surprised.

Miss Mildred Bottelson was delightfully surprised by a number of friends at her home on Friday evening. Miss Bottelson is training in a hospital at Rochester and is spending her vacation at the home of her parents, Mr. and Mrs. Andrew Bottelson. Dancing and cards formed the chief entertainment of the evening and at midnight refreshments were served. Those included were: Misses Anne Leimers, Marguerite Burns, Beatrice Sandum, Agnes Tandberg, Eileen Arneson, Sybil McGinn, Eileen Herron, Maebelle Ostby, Mae Rowan, Lulu Cook; Messrs. Dennis McGinn, Harold Arneson, Ray Kiland, Alvin ton Larson, Ray Kiland, Alvin Holsk- Holzknecht, John Hendry, Stanley Powley, Math Barzen Jr., Gordon LaBree and Bernard Barzen.

Miscellaneous Shower.

On Tuesday evening of last week Misses Mae Olson and Lily B. Hoard shared honors in a surprise parcel shower tendered Miss Anna Bredeson at the home of her parents, Rev. and Mrs. Aug. Bredeson. Miss Bredeson, who is in the employ of a refining company at Casper, Wyo., returned Saturday, after having spent a two weeks vacation at her parental home. On Sept. 11 she will become the bride of Virgil R. Davis of Casper, Wyo. The hours were spent socially and at the conclusion of the evening delicious refreshments were served. The bride-to-be was the recipient of many appropriate and pretty gifts from her host of friends. Those who took part in the event were: Misses Jeannette Oftedahl, Louise Majers, Laura Brown, Mable Hustad, Christine Clausen, Inga and Borget Iverson, Vallerrie Parenteau, Florence Bredeson, Gene, Ida and Betsey Legvold, Cora Swanson, Helen Strand, Caroline Melby, Louise Erickson, Olga Sortland, and Mesdames Lester Hendry, A. Ask Your Doctor

We have been making a purely 100% Whole Wheat Bread for some time, but have never advertised the fact. As a result a lot of you folks have been missing a real treat and a chance to improve your physical condition. We are now going to put the facts squarely before you and we think it would be a good idea to get your Doctor's opinion in the case.

The end we have in mind when making this bread is to give the public an article that is baked to fill one need, MAINLY, (a 100% Whole Wheat Bread as the Doctor orders it) and SECONDLY, to make it as pleasant to take as possible. We are not trying to make a beautiful loaf, just a loaf that will fill the Doctor's orders and still be pleasant to eat.

To this end we have reduced the Salt, Sugar and Lard to the lowest possible percentage and are using only a 100% Whole Wheat Flour, made from the whole wheat berry with nothing added and nothing taken away.

We ask you to try this loaf for your own good. Specify "JUNGS," and order through your grocer or direct from The Bakery.

Northern Trading Co.

(By R. Kenneth Evans)

THE wholesaleing industry of Thief River Falls has been materially enlarged with the Northern Trading company taking on the distributing agency for this territory for Diamond Tires. The company has put in a large stock of these tires and are jobbers for Northwestern Minnesota, having a very extensive territory. They will serve to increase the already enviable reputation the city has as a commercial and distributing center.

The Northern Trading company has been one of the active business institutions of Thief River Falls for the last ten years. The firm was first established in 1912 as the Thief River Hide and Fur commany and operated under that name for several years. They have always maintained a ready cash market for hides, furs, wool, and at this time are buying eggs, poultry and during the coming season will make a specialty of the turkey business.

In taking on the jobbing line of Diamond tires the company chose a line of tires which they believed would stand up and answer the serivce required from any standard make of tires. They are going to develop this business very extensively and will be the only wholesale tire dealers in this section of the state. In connection with the tire industry they also handle Milmore oil, which is prepared especially for them. They have five distributing points outside of Thief River Falls.

The wool industry is one that is attracting much attention in Northwestern Minnesota, and Pennington county is achieving a reputation for the production of this commodity. Because of its close connections with markets and ability to give the highest daily cash price for wool the Northern Trading company is developing into an important factor in the establishment of a market in Thief River Falls. By maintaining a very extensive mailing list, including all the wool producers of the trade territory, the company makes it one of their special duties to keep every wool producer informed of changes and fluctuations in the market price of the commodity. Because of this service, which is kept up to the minute, many farmers in this section have materially benefitted.

The same conditions exists from a fur-trading standpoint. It is now the intention of the management to mail a circular to each trapper or producer of furs in Northern Minnesota and will make a specialty during the coming fur season of Northern Minnesota fur, which is recognized to be the very best class of furs on the market or that can be produced. With present indications the company will double their business in furs this coming season.

During the fall season traveling men are kept on the road by the Northern Trading company calling on merchants and buying their hides and shipping them to the company's warehouse in Thief River Falls. A hide territory for a radius of 150 miles of the city has been developed through this method of operation. A very extensive hide business is enjoyed by the company and the farmers in this section should appreciate the fact that the company is always glad to keep them posted as to the prices and to pay them the highest market price.

Poultry dealing is another feature of this company and they are especially equipped to handle all the poultry marketed. In fact, according to the records of the company, a large share of the poultry marketed in the county last year was handled through this firm. They also deal very extensively in eggs and can pay a higher market price here than is paid in the cities for this product. This fact should especially appeal to the poultry dealers of this section.

Johnson's Millinery

(By R. KENNETH EVANS.)

ONE of the pioneer business institutions in the city of Thief River Falls, which has kept abreast of the times in the march of progress is the Johnson Millinery, operated by the Johnson Sisters, experienced milliners. With the approach of every new season this little business establishment is one of the busiest of the city, supplying particular women with hats which give them identity and which are the latest and very acme of style.

A student of style once said that nothing is more important to being well dressed than stylish hats and shoes. They are the wearing apparel first noticed and if not up to style the entire dress is not attractive.

The Johnson Sisters are students of style. They are acquainted with every individual who enters their store. They have the individual in mind in building their headwear. The result naturally is that the characteristics of the individual are molded into the hat. How often have you heard the remark, "That hat looks just like you." The reason that this statement is true of the hats purchased from the Johnson Millinery is because the hat was really constructed with the personal identity of the owner in the mind of the milliner.

The Johnson Millinery is now making the early showing of fall hats. Being closely in touch with those who design the styles in the centers of the nation they are able to give the same service in headwear that Milady would receive in the larger cities. New creations are being displayed, chic, becoming, and reasonably priced. And coupled with the merchandise on display the Johnson Sisters take pleasure in showing the headwear to every one interested in new fall hats. They are courteous, obliging and have since the first opening of the store tried to make every person feel that their business is appreciated and that in addition to making their business a financial success they strive to please the individual wearer.

This is the oldest millinery establishment in Thief River Falls. It was originally established on Main street and was moved to the present location eighteen years ago. But recently new fixtures and display cases have been installed in keeping with the plan of the management to make this a modern and up to date establishment and it can truthfully be said that the store is attractive and appealing to every visitor. Environment is important in choosing headwear and with the keen perception of good business women this enviroment has been provided at this store.

In the work room of the establishment experienced milliners are employed, who have made an extensive study of creation and design. Much originality is displayed in the construction of hats which is so important to individuality. Many of the hats displayed are constructed in this establishment although a very dependable line of pattern hats, nationally known, is carried to please those who prefer the hats patterned and constructed by the larger milliners of the cities.

The Johnson Millinery is enjoying a very extensive and wonderful business. This fact can be traced to several different causes directly. In the first place, no excessive prices are placed on hats in the early part of the season and reduced to practically nothing at the close. Again, every hat has an individuality and no duplicates are to be found. In fact, the making of hats locally is on the same basis as that followed by the manufacturers of pattern hats, making only one of each kind. Another attractive feature of this business is the fact that the ideas of the owner can be worked into the construction of the headwear if they will but explain to the Johnson Sisters just what they want, which gives them the advantage of a hat tailored for the individual.

It is this class of business institutions which have been responsible for the building of such an enviable reputation for Thief River Falls as a commercial and distributing center.

Band Leader Leaves City After Successful Season

M. J. Sorflaten, who during the summer season has been leader and instructor of the Thief River Falls Municipal band, leaves after the open air concert next Wednesday evening to resume his duties as instructor of music at the State Agricultural school at Morris.

The university extension musical course consists of two semesters of three months each, which gives Mr. Sorflaten an opportunity to conduct some band during the summer months. He is a man standing high in his profession and his work here has proven highly satisfactory. The band boys give him unstinted praise as an instructor while the public generally approves his methods and willingness to be of service at all times.

Mr. Sorflaten says he considers the band in Thief River Falls the most efficient and thoroughly trained organization he has ever had the privilege of conducting or listening to, and the boys are all "six-footers" when it comes to any line of band work. He also expresses keen appreciation of the interest shown by the people of the city and surrounding territory in the concerts given during the season.

Mrs. Sorflaten left last week to resume her duties as music instructor in the public schools of Morris.

Receives Army Promotion.

G. Howard Smith, who has been a second Lieutenant in the reserve corps of the United States army since the war, this morning received word that he had been promoted to first Lieutenant in the same service.

Returns to St. Paul.

Mrs. S. Summerfield returned last ... to her home in St. Paul after spending the summer at the home of her son-in-law and daughter, Mr. and Mrs. L. L. Cohn. Little Betty Cohn accompanied her to St. Paul for a short visit.

Attractions at the Rink.

Manager Phil Zeh of the Mozart Roller rink has arranged for the appearance at that favorite amusement place of the Peterson & Leifur attractions. The first of these is the Hawaiia Dance orchestra, which will play for a dance there on Monday next. This will be followed shortly by the Montana Stars, and there will be others later in the season.

To Play at State Fair.

Herman Bischoff left Sunday evening for the cities, where he represents the state institutions for the blind by playing the piano and various instruments at the state fair. Mr. Bischoff is totally blind but has rare musical ability which has been well developed during his studies at the schools for the blind. He will take part in several exhibition concerts during fair week.

For Miss Westby.

Mrs. Martin Bothum, 933 Arnold avenue north, entertained last evening in honor of Miss Hannah Westby, who will leave shortly for her former home, Erhart, Minn., after a residence of four years in this city. The evening was spent in conversation and music. The guests were: Misses Maura and Olga Lund, Blanche and Alice Hoyum, Bernice and Alice Moen, Esther Hanson, Nettie Ove, Olga Skaar and Mary Muldoon.

Resumes Work at St. Thomas

Denis McGinn left Monday evening for Minneapolis to resume his second year's work at St. Thomas college after having spent the summer at his home here, being employed in the Farmers and Merchants bank. The college does not open before about the middle of the month but preliminary practice in football commenced the early part of the week. Denis was a letter man in the St. Thomas football team of the '21 season.

Whereas, default has been made in the conditions of a certain Indenture of Mortgage, made, executed and delivered by Andy C. Hurt and Celia Hurt, his wife, of the County of Pennington, and State of Minnesota, as Mortgagors, to First and Peoples State Bank, a Minnesota Corporation, as Mortgagee, upon and covering the following described real property lying and being in the County of Pennington, and State of Minnesota, to-wit: The Southwest Quarter (SW¼) of Section Twenty-One (21), in Township One Hundred Fifty-four (154), Range Forty-One (41), excepting and reserving therefrom a strip of land 100 feet wide extending across from east side to west side parallel and adjacent to the North line of said Southwest Quarter above described, heretofore deeded for Railroad Right-of-way, Also excepting and reserving a strip of land described as follows—Commencing at a point 100 feet south of the Northwest corner of said Southwest Quarter above described; running thence south along the west line of said quarter section 40 rods and 10 feet, running thence due east 41 rods, running thence north 40 rods and 10 feet, running thence west 41 rods to place of beginning, land mortgaged being 145 acres more or less, according to the Government survey thereof, which said mortgage bears date the Tenth (10th) day of February, A. D. 1919, and was filed for record in the office of the Register of Deeds in and for said County of Pennington, in the State of Minnesota, on the Fifteenth (15th) day of February, A. D. 1919, at one o'clock P. M., and was duly recorded in said office in Book 12 of Mortgages, on page 484, which said mortgage was thereafter duly assigned to The Minnesota Mutual Life Insurance Company by written instrument bearing date the Fifth (5th) day of March, A. D. 1919, filed for record in the office of said Register of Deeds on the fourteenth (14th) day of March, A. D. 1919, at one o'clock P. M., and was recorded in Book 63 of Mortgages, on Page 74, and

WHEREAS, such default consists in the failure of said mortgagors to pay an installment of interest due February tenth (10), 1922, in the sum of One Hundred Eighty ($180.00) Dollars / and interest thereon, and

WHEREAS, by reason of the default made as aforesaid, The Minnesota Mutual Life Insurance Company, assignee, as authorized by the said mortgage and the notes thereby secured has declared, and does hereby declare, the whole of the principal sum secured by the said mortgage and notes to be due and payable, and the same is now due and payable, and

WHEREAS, there is claimed to be due upon said mortgage and the note thereby secured at the date of this notice, the sum of Three Thousand Two Hundred Seventy-eight and 5-100 (3,278.05 Dollars, being ($3000 for principal and $278.05 for interest thereon), and no action or proceeding at law or otherwise has been instituted to recover the same or any part thereof.

Now, Therefore, Notice is hereby given, that in and pursuant to the power of sale in said mortgage contains and the statute in such cases made and provided, the said mortgage will be foreclosed and the real property therein described will be sold by the Sheriff of said County of Pennington, in the State of Minnesota, or by his deputy at public auction to the highest bidder therefor, for cash, at the East Front Door of the Court House in the City of Thief River Falls and in said County of Pennington on Saturday, the thirtieth (30th) day of September, A. D. 1922, at ten (10) o'clock in the forenoon of that day, to pay the amount which will then be due upon said mortgage and the cost and expense of this foreclosure, including an attorney's fee of Seventy-five ($75.00) Dollars, as stipulated in said mortgage to be paid in case of foreclosure thereof, subject to redemption at any time within one year from the date of sale.

Dated August fifteenth (15th), 1922.

Gasoline For Every Motor Car

DURING June, 1922, 271 thousand automobiles and trucks were produced as against 180 thousand cars in June, 1921, and 256 thousand cars in May, 1922. This is a new high record.

The estimated increase for 1922 in automobile registration for the 10 states served by the Standard Oil Company (Indiana) is 500,000, making a probable registration for this territory of 3,850,000 automobiles and trucks besides a largely increased number of tractors.

This means that the already enormous demand for petroleum products will be materially increased. To meet this demand requires unremitting effort on the part of the Standard Oil Company (Indiana).

When you look down the street and see the curb lined with automobiles, parked so closely that you have difficulty in finding space for your car, multiply what you see by hundreds of streets in hundreds of towns all over the Middle West and you will have a faint conception of the problem confronting the petroleum industry.

Next consider that the Standard Oil Company (Indiana) is performing without a hitch a large part of the job of supplying this multitude of machines with fuel. This is made possible by a superb organization and by keen appreciation of human values in business.

The same spirit of progressiveness which is applied to refining methods, machinery, stills, storage depots, and to distributing units is also applied to the personnel of 26 thousand men and women all interested in carrying out the Company's policy of serving the public well.

Obituary

James Marvin Johnson.

James Marvin Johnson, the five year old son of Mr. and Mrs. John A. Johnson, died Tuesday morning after an illness of several months. The young boy is survived by his parents and a sister.

The funeral is being held this afternoon at 2 o'clock from the Larson Undertaking parlors and interment will be made in the Greenwood cemetery.

Mrs. Mathea Johnson Berg.

Mrs. Mathea Johnson Berg passed away on Thursday, Aug. 31, at her family home near Steiner, seven miles north of this city, the cause of her death being a number of ailments with which she had been seriously affected for a period of about six months. Mrs. Berg was born Feb. 5, 1849, and was a native of Norway, being born at Ringsaker, Hedemarken. She emigrated to the United States in 1873 and in 1878 she was married to John Jonson Berg of Minneapolis, who died July 25, 1917. In 1881 they moved on a homestead in Excel township, Marshall county where they underwent the hardships of early pioneer life, being among the first to settle in that section.

Deceased leaves to mourn the death of a loving mother, four sons, Emil, Christian, and Harold Berg, who reside near Stiner, and Joseph Johnson of Kenora, Ont. She also has a brother in Alaska and another brother and sister in Norway.

The funeral took place Sunday afternoon from the Zion Lutheran church in this city, Rev. Larson officiating. The remains were laid to rest in the Greenwood cemetery. The following neighbors acted as pallbearers: P. B. Malberg, John P. Swanson, John Whitman, Fred Copp, John Kellberg and Peter Solem.

Adelaide Mulry.

Little Miss Adelaide Mulry, daughter of Mr. and Mrs. W. H. Mulry of this city, passed away at her home, 704 Horace avenue north, Friday evening. The cause of her death was diabetes, from which she had suffered for several months. She was taken out of school last February when it became evident that her health failed, but was up and around until Wednesday preceding her death, when she was taken seriously ill and died two days later.

Adelaide was born in this city Dec. 1, 1913, being eight years and nine months old at the time of her death. She attended the city schools and had a large circle of friends who mourn her early departure from their midst.

Deceased is survived by her parents, Mr. and Mrs. W. H. Mulry, three sisters, Loretta, Alice and Bernadette, and two brothers, Lawrence and William, all of whom live in Thief River Falls.

The funeral which was attended by a large number of relatives and friends, took place Monday morning at 10 o'clock at the St. Bernard church, Father Noesen officiating. Interment was in the Catholic cemetery. The following boys acted as pallbearers: Emmett Shanahan, Morris Jaranson, Clement Cloutier and Omer Belland.

Out-of-town relatives who attended the funeral were: Mr. and Mrs. John Noesen, Mr. and Mrs. Louis Noesen, Mr. and Mrs. James O'Connell and George Noesen of Crookston, and Mr. and Mrs. Paul Uselvinger and daughter, Frances, of Euclid.

Card of Thanks

We hereby wish to express our sincere thanks to our many friends who showed their sympathy during the illness and after the death of our beloved mother, Mrs. Mathea Johnson Berg. Also for the beautiful floral offerings. We wish to thank Mrs. Geo. Larson for the beautiful song rendered at the funeral.

Only A Few Days Left
To Can Peaches, Pears, Plums

Do your canning now or you will be disappointed. Make sure of having a delightful variety of delicious, wholesome, home-made preserves, jams, jellies, pickles, etc., to relieve the monotony of winter meals. Your family and guests will appreciate fruits you put up yourself at home.

The money-saving alone makes it worth-while, too. Avoid the extravagance of factory-canned fruits—save one-third to one-half by canning your own. Fill up your Ball Mason jars now—get more if necessary—be sure to can enough peaches, pears and plums to last you till next season.

Canned Peaches
Remove skins by allowing peaches to remain for 1 or 2 minutes in boiling water. The skins will then come off very readily. Pack into sterilized jars either whole or in halves or quarters. The addition of 1 or 2 peach stones, where the stones have been removed, adds a flavor. Fill up the jars with boiling syrup, made according to taste. From 1 to 2 cups of sugar to 3 cups of water is the usual proportion. Place rubbers in position and screw on caps, leaving the cover slightly loose. Sterilize 16 minutes by the cold pack method.

Saw City Grow From Hamlet to Present Proportions and Aided in Development.

Samuel T. Johnson, aged 82, one of the early settlers of this section and a veteran of the Civil War, passed away at his family home, 715 Arnold avenue north, on Sunday evening at 9 o'clock. The cause of his death was cancer of the stomach, from which he had suffered for about a year. In July, his condition became worse and since then he was obliged to remain in bed a great share of the time. Mr. Johnson had never been sick before this last year.

Deceased was born October 20, 1840, at Buckfield, Maine, and spent most of his early life in the New England states. In 1861, at the opening of the Civil war and then but a very young man, he enlisted from Cambridge, Mass., in the Union ranks in Capt. George Sherwood's Company D 74th, New York Volunteers. He served with his regiment for about 18 months, when he was transferred to Company B, 13th regiment V. R. Corps.

He took part in the "Seven Days Battle" and other conflicts which were of the bloodiest in the struggle. It was in the "Seven Days Battle" that Mr. Johnson was seriously wounded and discharged to private life because of the severe injuries. However, after a year's recuperation, he reinlisted in Company 5, 1st regiment of the Light Artilley of Maine Veterans, with which he continued to serve until the close of the war when he was finally discharged, July 6, 1865.

Mr. Johnson took active part at the fighting line thruout the period of the war except for the one year following his severe injuries.

In 1865 he married Miss Jennie Heath of Concord and moved west. After pioneering in various parts of the country they came to what is now Thief River Falls, in 1884, when this was a wilderness with Crookston the closest railroad station. For some time he was engaged in farming near Excel, after which he operated the first barber shop in Thief River Falls. He later had a candy store in the old Brink building at the location where Chris Porter now is, but had at the time of his death been retired for several years. In 1899 his first wife died and in 1902 he was united in marriage to Mrs. Regina Sande of this city.

Mr. Johnson is survived by his widow and four children, Leonard, Mabel, Sina and Walter all of whom reside at their home here. Deceased was a member of Reynolds Post No. 51.

The funeral took place yesterday, afternoon, at 2 o'clock from the home and at 2:30 from the Methodist church, the services being conducted by Rev. J. B. Smith. The services were in charge of the Eklund Post of the American Legion which took charge with the customary escort and salute. Interment was made at the Greenbush cemetery.

The following acted as pallbearers: Chris Porter, M. C. Burns, W. B. Fuller, Anton Langseth, Charles Alexander and Robt. McGinn.

Returns From Convention.

Charles Voracheck returned Tuesday morning from a trip to Omaha, where he was a delegate to a national convention of the Western Bohemian Fraternal association, which was held there last week. Mr. Voracheck was a member of the financial committee of the convention. The meeting was atteded by delegates from all parts of the country. Mr. Voracheck states that the heat was very intense during his stay there and has a decided preference for the Northern climate.

INTERESTING TALKS TO FEATURE CLUB NOONDAY LUNCHES

Speakers on Different Subjects Pertaining to Agriculture Will Soon be Heard.

The Commercial club has arranged for a number of interesting programs at Thursday's noonday luncheons for the next few weeks. On the 14th, Professor Clark of Crookston, will talk on "Opportunities of agriculture Education in the Red River Valley." On Sept. 21, W. E. Stanfield lectures on "Diversified Farming and Poultry Raising for Northern Minnesota." Sept. 28th a representative of the National Dairy show will endeavor to arouse the enthusiasm of all dairy men to attend the National Exhibition at St. Paul, Oct. 7.

Other interesting talks to be given in the near future are moving pictures and a lecture on "Muscle Shoals." A lecture on the growing of hemp to eradicate sow thistle and fit the land for the growing of spring wheat will be given by a committee from Minneapolis.

The Commercial club has also arranged for the holding of a vegetable and fruit show and in co-operation with the Merchants' association will give a free lunch on the day of the show to all exhibitors.

Shipstead Here Soon.

The Knut Wefald political meeting which was to have been held in Thief River Falls tonight has been postponed to a later date. He will appear here at a Shipstead meeting to be held soon, the exact date of which will be announced later.

Lincoln High Football Squad is Strong Outfit

Once again do we have the excitement of the "pig skin" season. Coach MacFarlane announces that the punters of the local high school are developing into a strong, unconquerable organization. Prospects for a successful season are very promising this year, there being ten veterans from last year's aggregation, who have donned the moleskins in behalf of Lincoln high. Five of these are playing their third year of football. The members of last year's squad who will, according to present indications, play this season, are: Russel Anderson, captain, Ernest Barzen, Stanley Sorenson, Charles Herron, Milford LaBree, John Sether, Math Barzen, Henry Vorlicky, Craig Halvorson and Roy Holmgren. The first five named are those who have played for three years. There are also many new recruits out for practice so there will be no difficulty in making up a first class team.

Practice was begun the second day of school, considerable time since then having been devoted to blocking, tackling and various other football tactics. This week the "gang" is enjoying some scrimmage and undoubtedly a number of ex-players among the alumni will turn out and help give them some real toughening.

Coach MacFarlane is a competent man and is already making up the minds of the boys that they are going to make a winning team. He hails from Cedar Rapids, Iowa and is a graduate of Coe college, where he played end on the football team. Last year he coached successfully the high school team at Casselton, N. D.

A tentative schedule for the coming season includes, Red Lake Falls, East Grand Forks, Crookston, Fosston, Bemidji and Stephen, several games to be played on the home grounds. Arrangements are being made to play Red Lake Falls the 23rd of this month, although the date is not definite as yet. Crookston will be played here during the Teachers Institute.

Good turnouts are expected at the games this year and the public is assured of seeing a fast bunch in action when the 1922 eleven appears on the gridiron.

BOYS DRINK MOON AND SAY FARMER SOLD IT TO THEM

Raise Disturbance at School and Are Arrested—One Cannot Now be Located.

Melvin Voldness of the town of North, was arrested last week by Sheriff LaBree charged with having provided three minors with intoxicating liquors. The boys—they are only about 18 years of age—are Ruben Larson of Thief River Falls, Norman Edmundson and Ralph Swenson of Warren.

The boys appeared at the Lincoln high school on Friday afternoon in an intoxicated condition and were placed in jail by Chief of Police E. O. Erickson. At the hearing on Saturday they pleaded guilty to intoxication and were placed on probation by Judge N. W. Tarrant at the request of County Attorney Theo. Quale, with orders to report to Sheriff W. J. LaBree every week for 60 days. At first they steadfastly refused to tell where they procured the liquor but finally stated that Voldness had given it to them. The latter was arrested and pleaded not guilty, being released on bail and remanded to the custody of the Sheriff with the trial set for Monday morning. He was present with his attorney at the appointed time, but the chief witnesses against him failed to show up and the case was postponed until today. Voldness was again available but Larson, regarded as the principal witness, could not be found. Investigation showed he has not been seen Sunday night. A postponement until Monday forenoon was requested and granted.

SHOPMEN'S STRIKE SETTLEMENT DOES NOT APPLY TO N-W

Soo, Great Northern and Northern Pacific Evidently Not Parties to Agreement.

Officials of the Soo and Great Northern in this city have heard nothing concerning a settlement of the shopmen's strike and doubt if either of these roads as well as the Northern Pacific are included in the agreement reached at Chicago, an account of which was given by the daily papers last evening. The announcement was dated at Washington and is as follows:

"Virtual settlement of the rail strike as affecting 35 to 40 roads of the country was announced late today (Tuesday) by Secretary of Labor Davis on the basis of reports of the meeting in Chicago of the general policy committee of the striking shop craft unions. The basis of the settlement, as understood here, follows along the line of the tentative agreement recently worked out by B. M. Jewell.

"Secretary Davis, in a formal statement, said that "with the settlement of the strike 400,000 shop craftmen assured, the whole industrial machinery of the country is ready for a forward movement unprecedented in our history."

"The strike plan is understood to involve briefly return of all strikers except those who have engaged in violence; retention by carriers of all men now at work and adjudication of of disputed questions by committees representing railroads and employes. Nothing is known regarding the seniority question. The Chicago Northwestern and the Chicago, Milwaukee & St. Paul confirm Mr. Davis' statement, while the Southern, Chicago, Burlington & Quincy, Atchison, Topeka & Santa Fe and the Chicago Rock Island officials declare they are not included in the settlement plan. Mr. Jewell remains silent.

Remember the purpose of Seed Corn week.

VEGETABLE SHOW WILL REPRESENT ENTIRE DISTRICT

Special Display for Class of Products Heretofore Given But Little Attention.

Aim is to Encourage Wider Diversification of Farm Crops in All Directions.

Commercial Club and Merchants Association Jointly Sponsor Important Movement.

The Commercial club of Thief River Falls, in co-operation with the Merchants' association, will in the near future hold a vegetable show in the city auditorium. This is a co-operative move between farmers and business men to bring before the proper parties the advantages of the resources of this section. The plan is to get everyone residing tributary to Thief River Falls, whether in Pennington or Marshall, to interest themselves in the welfare of the district at large.

This year particularly the products of agriculture raised in this section are extremely low in price, whereas in many parts of the country where fruit and vegetable raising is carried on the people are receiving high prices for their products.

This section can and does raise some of the finest vegetables in the world. The trouble heretofore has been that not one has known to what extent these products are being raised in this vicinity and even though some very fine exhibits are shown at the county fair no accurate data as to where they were raised and the amount produced has ever been recorded.

The Commercial club plan is to secure in the next few weeks as fine an exhibit of vegetables and fruits as can be found, together with complete information as to where these products are being raised and to what extent. From the exhibit will be selected and preserved some of the best for exhibition purposes elsewhere in order to demonstrate to representatives of canning factories and others interested that vegetables can be grown in this section. During the fall and winter photos and complete information of these products will be gathered and sent out to different companies who have asked for information relative to the nature and quality of such products produced here.

To secure the best exhibits possible the Commercial club is offering $50.00 in premiums and the Merchants' association a like sum, to be awarded to the exhibitors of the vegetables listed below.

Dry—Peas, 1 quart; beans, 1 quart; pumpkins, sugar beets, sweet corn, cucumbers; 1 dozen crab apples.

Canned fruits and vegetables—Currants, pie plant, plums, raspberries, strawberries, ground cherries, tomatoes, peas and corn.

A ten dollar cash prize will be given for the best collection of the above named dry vegetables, containing one dozen crab apples, 1 quart beans, 1 quart peas, three cucumbers, six ears of sweet corn, three sugar beets, and one pumpkin. There will also be a first and second and third prize given as individual prizes on each of the vegetables and canned goods mentioned.

A free lunch will be given to exhibitors at noon on the day the show is held. More information as to the details and time of holding the show will be given in the next issue. Everyone having vegetables or fruit is requested to save them until that time and bring them in to the exhibit.

Hinrichs at Roseau.

E. W. Hinrichs, until last spring manager of the J. C. Penney store, has left for Roseau where he will be connected with the Roseau Mercantile company. Following is a clipping from the Roseau Times-Region:

"E. W. Hinrichs of Thief River Falls arirved in Roseau the first of the week to take charge of the mercantile department of the Roseau Mercantile Company. The new manager has had many years of experience in merchandising and is an expert in this line. He has been with the J. C. Penney Company for a number of years, the past two years as manager of their Thief River Falls store. Mr. Hinrichs will move his family to Roseau some time this month and they will occupy apartments over the Roseau County National Bank. A daughter is already here and attending the Roseau high school."

Breaks Arm.

August Austinson, who lives near Steiner, had the painful misfortune last Monday of getting his arm into a pulley while putting on the belt on a threshing machine, with the result that his arm was completely broken below the elbow. Also two fingers were fractured. He was brought to a local doctor immediately and given medical attention. It was found that an operation would be necessary to make the correct adjustment of the broken bones.

POULTRY FANCIERS TO HOLD INTEREST FOR ENTIRE WEEK

Meetings and Demonstrations At Different Points—Opens at Valhall Sept. 18.

The "Poultry week" meetings in Pennington county will begin on Monday evening, Sept. 18, with a talk at Valhall hall in Rocksbury township and will continue throughout the week, a demonstration being given at different points every day with meetings in the evening.

Thursday afternoon a demonstration on a poultry farm in Rosewood and a meeting the same evening. Wednesday afternoon a demonstration on a farm near St. Hilaire and a meeting in St. Hilaire during the evening. Thursday, W. E. Stanfield will talk at the Commercial club noon luncheon in Thief River Falls and at the chicken supper Thursday evening. On Friday a demonstration will be given at a poultry yard in Goodridge with a meeting in the village in the evening. Saturday afternoon a demonstration in Silverton and a meeting in the Silverton town hall in the evening.

There has been a slight change made in the program and a change of date for Goodridge and Rosewood. The meeting in Rosewood will be held in the school house one mile north of that village on Tuesday evening, Sept. 19. The demonstration will be given at Fred Dol's place in the afternoon of the 19th. In Goodridge the afternoon demonstration will be given at Palmer Tvedt's place, in Silverton, on Saturday afternoon at Harry Woolson's, and in the evening in the Silverton hall. Wednesday afternoon the demonstration will be given at the home of R. J. McKercher, near St. Hilaire.

Thief River Bread Makers Win Prizes at State Fair

Misses Myrtle Helgeland and Gladys Kolden were the representatives of Thief River Falls at the bread making contest at the state fair last week and were successful in bringing home honors after having won first places in the Pennington county contest. This should mean a great deal to Thief River Falls and Pennington county as a whole as it makes a splendid showing for the ability of its girls.

Fined for Intoxication.

Tony Hanson of the Great Northern bridge crew, known as "Tony the Wop," was arrested Sunday evening by Chief of Police Erickson on charge of drunkenness. He was placed in county jail and on Monday morning brought before Municipal Judge N. W. Tarrant. He was released by paying a fine of $5 and expenses. Hanson refused to say where he procured the liquor.

Elks' Meeting Friday.

There will be an important meeting of the Elks lodge on Friday evening of this week. Matters pertaining to the big initiation to be held in the early fall is expected to come up for consideration and it is desired that all members be present.

Attending Convention

Mrs. H. W. Froehlich is attending the convention of the Woman's Club federation held at Bemidji this week.

ORDER WARDEN TO INSPECT HYDRANTS ONCE EACH MONTH

City Council Issues Instructions to Place Everything in Readiness for Winter.

Outside of the opening of bids and the letting of the contract for the new filteration plant, the city council session Tuesday night was of little importance. The various monthly reports were submitted and ordered received and filled while the usual grist of bills was allowed, including payments on the sewer and water mains as far as completed and approved by the engineer.

The fire marshall was ordered to inspect all fire hydrants once a month hereafter to insure better fire protection to the city. Within a short time the hydrants will all be placed in condition for the winter and the water and light department will flush the mains before cold weather arrives. Another flushing will be necessary when the filteration plant is completed as a supply of chlorine will be placed in the wells and the entire water system thoroughly cleaned according to state board of health regulations, after which the water will be fit for drinking purposes.

The report of the city clerk, filed with the council Tuesday night, showed a balance on hand Aug. 1 of $63,180.79, with monthly receipts of $4,643.71 and disbursements of $11,150.59, leaving a balance Sept. 1 of $56,673.91. This report also showed that the earnings of the light department for the month were $4,366.24

According to the report of the chief of police, two drunks were taken up during the month of August.

Attend Telephone Meeting.

W. J. Plenty, manager of the local office of the Northwestern Bell Telephone company, and Miss Marie Thill, chief operator, attended a meeting of the Bell Telephone company and various other telephone companies at Warren Monday. It was a meeting of the managers and operators of various companies in the northern part of the state conducted by the Bell Telephone company and was the tenth of its kind in the state this year. At the meeting instructive addresses were given by representatives of the several companies, discussing the various phases of successful telephone service. About 40 representatives attended the meeting.

CONTRACT FOR FILTER PLANT TO LOCAL MAN

C. M. Carlson Awarded Job of Erecting Proposed Building at Cost of $19,000.

J. G. Robertson, St. Paul, Sue Week and Rushed to Completion Before Winter.

Expected Work Will Start This Week and Rushed Completion Before Winter.

A pure water supply for Thief River Falls after January 15, next, is assured by the action of the city council Tuesday evening when the aldermen awarded the contracts for the million gallon filtration plant to C. M. Carlson of this city, and J. G. supplyRobertson of St. Paul.

The building proper will be erected by Mr. Carlson and the interior equipment, consisting of filtering and water supply paraphenalia, will be supplied by Mr. Robertson. Actual work on the project will start the last of this week, or as soon as the city can move the present frame warehouse to the city property at the corner of Third and Knight.

The engineer's estimate, submitted by Mr. Sheppard some time ago, placed the cost at approximately $32,800 whereas the bids on which the contracts were let totaled $34,270, a difference of $1,470, which to a great extent is due to recent advances in the cost of cement and steel, this advance averaging about double the difference.

The cost of the building proper will be $19,100 and the interior equipment will come up to $15,170. Other bids submitted varied considerably and ran as high as $28,500 on the building and $38,612 for the building and equipment complete. Thirteen bids altogether were submitted and some were for the work complete while others were for merely some portion thereof. Only one local bid was submitted, that of Mr. Carlson. Most of then came from the twin cities, altho there were three from far eastern cities, including Philadelphia and Pittsburgh.

When seen by a representative of The Times today Mr Carlson stated that work would be started as soon as the city can vacate the property. Excavation will require quite a number of men at the start but additional men will be used as the concrete work gets under way. The contract calls for an early completion of this work

Mr. Carlson has already contracted for the cement and has half of it on hand now, while the balance will be here before the close of the month. The Soo railway has promised to transport the gravel, beginning next week, as soon as it is loaded, having already sent cars to the gravel pit where they will be loaded within the next two or three days.

The necessary steel and other materials have all been contracted by Mr. Carlson and Mr. Robertson, and co-operation by these two contractors will mean the structure will be enclosed probably within the next six weeks so that the interior work may proceed when cold weather arrives.

VALLEY POTATOES A DEAD LOSS TO GROWERS UNLESS GREAT CARE IS TAKEN TO SHIP BEST ONLY

(Crookston Times.)

Unless something is done, and done quickly, to change the situation, Red River Valley potato growers are going to see their potato crops a dead loss, according to information from well informed sources. A reduction in freight rates has just been granted for the movement of potatoes from Idaho, Utah and Colorado to the Kansas City markets, which amounts to 15 and 20 per cent, bringing the freight rate down from 68 cents to 48 cents. This is just six cents above the rate on shipments from the Red River Valley. Red River valley potatoes have been bringing much lower prices than those of other districts on account, it is said, of the presistence of shippers in sending field-run potatoes to market instead of high-class stuff. The price paid on the low grade cars has a big bearing on the good stock, practically bringing the good grade down to the same level.

Today, Red River Valley Early Ohios are bringing $1.15 on the Chicago market. This means 40 to 45 cents per bushel here to growers; but—and here is the important point—that is the price for acceptable stock, and nothing but good stock is proving acceptable now.

Information received yesterday by officers of the Development association, who have been giving the matter attention, was to the effect that nearly 300 cars of Minnesota potatoes are standing on the tracks in Chicago unsold. During the past few days some of the larger potato-buying concerns have instructed their buyers to insist on shipments subject to Minneapolis acceptance. This will prove a benefit to growers in a measure in that potatoes which cannot get a good grading at Minneapolis will not move on to the more distant markets at additional costs to the shippers for freight charges.

Potato loading will be in full swing in this section of the state within a week or two now, and if the present tendency, to ship potatoes field run, is continued there will be little market for the valley crop. The meeting tomorrow evening here to give attention to the matter of storing potatoes will probably give attention to the market situation as it is now developing also. The state agricultural department has for some time been advising that a glut was inevitable if more care in the matter of selection was not exercised, but the fact that it has been found that locally the yields would not be as heavy as had been predicted in earlier estimates has had the effect of lulling interest in or attention to the matter.

The Chicago Packer, a daily publication devoted to the fruit and vegetable trade, under date of September 9 announced that heavy receipts, warm weather and the general tendency of the markets on practically all products had served to bring track accumulations on potatoes up so that shippers from distant points were not getting freight out of their shipments. If this is the situation thus early in the season, it is unquestionable that a more unfavorable situation will develop if shipments are crowded onto the market, and particularly if low grade shipments are allowed to go forward at all.

Honors in Essay Contest and Poster Drawing Go to Students at Lincoln High

At the state convention of the W. C. T. U. held recently at St. Paul, Ole Helle, a senior in the local high school, was given second place in an essay contest in which there were 3,000 contestants. Preliminary contests were held in the various high schools of the state this spring, the winners in the high school here being Ole Helle, Orrin Storholm and Margaret Melgaard.

Helle's paper entitled "Why a High School Student Should Fight Cigarettes" will be sent to the national convention of the Union held at Philadelphia in November.

A special prize of $15 was awarded Miss Margaret Melgaard for her essay on "The Physical Effect of Cigarette Smoking." She was in competition with contestants from 40 other schools of the state, and deserves credit for this accomplishment.

Miss Marguerite Hilson won second prize in the poster contest. Her drawing called "Qualification" showed an athletic field and two aspiring athletes working for places on the squad, one a victim of the smoking habit and the other a non-smoker.

The prizes to respective winners were awarded this week at the high school. A great deal of interest has been shown among the students in the campaign against the use of cigarettes, particularly among students.

Monday is Last Day for First-Graders to Enroll

The attention of parents is again called to the rules and regulations governing the admittance of children to the first grade. Please note that all children who become six on or before November 6, 1922, may register for first grade work the first semester but that they may not enroll later than September 18 which is next Monday. Children who become six on or before March 26, 1923, may enroll for first grade at the beginning of the second semester, namely, January 22. Those who wish to enroll the second semester have similarly only two weeks in which to get started. The reason for not admitting children after September 18 and February 5 respectively, is that late entrance into the department will retard the work of the entire department.

First Party of Season By U. C. T. Great Success

The Union of Commercial Travelers had its first regular meeting this season at the Masonic hall on Friday evening. The union has again resumed its activities after being laid up during the summer months, and will continue with its regular meetings on the second Friday of every month.

Plans are now being made for the annual U. C. T. ball which will be held at the auditorium on the evening of Halloween day, Oct. 27. This affair is an annual event and is looked forward to as one of the biggest events of the season.

PRESENT RAILROAD FACILITIES AND WHOLESALING SERVICE OF CITY FINEST IN THE NORTHWEST

This is the ninth of a series of fifteen industrial articles which will be published in The Times, one each week for the next fifteen weeks, for the purpose of outlining to Northwestern Minnesota and the outside world the vast field of resources and opportunities existing here for advancement and success and for the propation of optimism and the right psychology. The facts contained in these articles are based absolutely on reliable facts and gathered by an expert publicist who has had many years experience.

The Times throughout this period, will make an effort to show that there is not a section of the country in the west or the northwest that offers a wider field of endeavor than Pennington county and the trade territory of Thief River Falls. Every phase of industrial life and business activity will be covered in a thorough and constructive manner.

The carrying out of this campaign has been made possibe by thirty of the progressive business institutions of Thief River Falls, the leading distributing and commercial center for the entire Northwestern part of the state. After reading this article turn to the two inside industrial pages and see who these progressive firms are who so willingly have come to the assistance of this enterprise.

Every reader of The Times can assist very materially in this campaign by sending his own copy of the paper to a relative or friend in some other section of the country after he has completed reading it, that this relative or friend may learn of the opportunities in this splendidly productive section.

TIMES PRINTING & MFG. COMPANY

(By R. KENNETH EVANS.)

There is not a city in Northwestern Minnesota that has more advantages from a geographical standpoint for the making of a wholesale and distributing center than Thief River Falls.

With railroad lines leading in all directions connecting with other transcontinental lines, the city has transportation facilities to and from all sections of the United States and Canada.

It is but a question of time until Thief River Falls, in addition to being an agricultural and dairying center, will be a wholesale and manufacturing city. Today, with a prodigality that knows no ending, the entire output of this vast section is poured into her lap. The farmer and dairyman seeks this city as a market for his produce and the stockman gravitates this way as naturally as the rivers flow to the bounding seas. Wholesale houses, some manufacturing institutions are already here and others contemplating this location as a center of distribution.

The Railroads Important.

The railroad history, as portrayed last week by The Times, shows that the city has made a growth and development over the last thirty years which has been unequalled by any city in the great Northwest. From an inland town, unheard of except by a mere handful of people who had chose to make it their habitat, to the "Hub City" of a territory comprising at least 100 miles in all directions is growth classed as phenomenal.

The Minneapolis, St. Paul and Sault Ste Marie, railroad with its transcontinental line into Canada has been one of the most important factors in the development of the city's commercial possibilities. The railroad has ten miles of sidings in the yards and maintains a fourteen stall round house and is an important division point. The passenger station, constructed of brick and all modern with

THIEF RIVER FALLS TIMES

An Independent Legal Weekly, Newspaper Published Every Thursday at Thief River Falls, Minnesota.

Times Prtg. and Mfg. Co., Publishers (Incorporated)

R. H. ROSS - - - - - President
W. J. AUSTAD - - - - - Editor

Entered as second-class matter at the Postoffice at Thief River Falls, Minn.

(Official Paper, Pennington County)

Neil H. Swanson, publicity director of the Minnesota Farm Bureau federation during the past year and a half, has severed his connection with that organization and goes back onto the Minneapolis Journal as city editor. We are not at all certain that the change is a promotion. One thing is certain: The city editor of the Minneapolis Journal will no longer be able to give the best there is in him toward furthering the farmers' interests. His new job will not run along that particular line. Mr. Swanson has perhaps had as much to do with the success of the farm bureau movement in Minnesota as any man connected with it. Being a newspaper man he understands the difference between news and propaganda and, so far as possible, managed to inject some of the former ingredient into his communications. Swanson was a good man and everyone will be glad to learn that he is to be succeeded by another experienced newspaper writer, S. E. Elliott, whose first contributions will be awaited with interest.

NO EXCUSE FOR WHEAT DROP.

(Crookston Times)

No other commodity in America today is as cheap as wheat. While everything else still hovers close to war prices and there is a world shortage of 500,000,000 bushels of wheat, the price has gone down below prewar figures. Considering that the purchasing power of a dollar today is computed at slightly over 80 cents it is easy to figure that the farmers are realizing 50 or 55 cents actual money for a bushel of the world's most necessary food product. In other dords, they are paying for the privilege of growing wheat to feed others.

The fact that the price of grain regularly begins falling at the time the growers are marketing their grain and just as regularly begins to raise as soon as it is out of the farmers' hands gives good grounds for the suspicion of manipulated markets.

It is this situation that has caused the dissatisfaction that has almost reached the point of rebellion among the farmers. And who can blame them? That there is something radically wrong with a situation that produces such a condition no one can doubt. But what the remedy is no one seems to be able to tell.

Many solutions have been offered. Some have been tried. But so far none of them have afforded relief.

Now comes a measure that, if enacted into law, will at least set at rest the suspicion that the grain gamblers are responsible for low prices.

The United States senate agricultural committee has reported favorably upon the Capper-Tincher anti-grain gambling bill.

This bill is designed to regulate the sale of wheat futures upon boards of trade and a study by the department of agriculture of the reports which this bill requires from the exchanges and their members should show why there has at times not been a proper hedging market and also point the way to the remedy. The study would also show more definitely the extent to which manipulation is practiced and the degree in which it injuriously affects the price of grain.

The facilities for study and investigation offered by this bill will enable the secretary of agriculture to remove or confirm the suspicions which exist in the minds of the producers and the public with respect to future trading on boards of trade and to devise ways and means for elimitating such abuses as are found to exist.

The industrial edition just issued by the Grand Rapids Herald-Review is one of the finest and most elaborate things of its kind ever turned out by a newspaper in the northern part of the state. The varied industries of Itasca county are set forth in a manner that cannot help but attract attention. The farming opportunities of the region are particularly playing up, but mines, lakes and roads come in for a large share of valuable notice. The work was compiled by John A. Munger and shows painstaking research into the county's history. It is a good job all the way through.

Wants City Water Taken From Red Lake River.

Editor Times: Thief River Falls is going to have pure drinking water at last.

How are they going to get it? By taking water from the swamps and mud lakes northeast of the city and the sewage from the Soo roundhouse and running it through a filtering plant.

The ice from the Red Lake river has been analyzed and found pure, therefore the water must also be pure. Why not use Red Lake water? The writer does not profess to know what the cost of filtering water will be, but he does know that it will cost more to filter mud than water.

The councils of the city have spent thousands of dollars of the people's money for wells, water mains, reservoirs and what not, to get good drinking water and have made a shameful failure of it. Are the people going to stand for any more of this wasteful use of their money? I hope not.

The board of health has prohibited the taking of ice below the junction of the Red Lake and Thief rivers and now the city dads propose to use this water for the people of the city to drink.

Wouldn't you feel like taking another drink of water when you think of where it came from and of all the peat and rotting vegetable matter it has passed through, besides the clay and mud it geathered on the way, to say nothing of the roundhouse sewage?

Some will say that after the water is filtered it is all right anyway. If that is so, answer this question: Why don't the large cities use the water that it is cheapest to get? New York city gets its water from the Catskill mountains, 84 miles away; Los Angeles gets water from the Sierra Navada mountains, 246 miles distant; Chicago and Duluth get their supplies from Lake Michigan and Lake Superior respectively, but their intake pipes are a long way from shore. Minneapolis goes many miles for water, and yet the Mississippi is right at its doors. All these cities have lots of water cheaply available but do not use it.

"The cost will be too great to take it from Red Lake river," says one. Another says: "The wages of one man can be saved by using the mud." Others merely say "Amen."

It is up to the people now to take action—and such action as will not be misunderstood by the powers that be. Start something! Don't wait until it is too late. For my part I would rather have Red Lake river water as it is above the city, than to use it after the Thief River had been emptied into it and the whole mass filtered.

The Evelyn Hotel

(By R. KENNETH EVANS.)

THERE is not a city in Northwestern Minnesota that can boast of more modern hotel facilities than Thief River Falls and the credit of this fact goes directly to Julien Provencher, a hotel man of many years experience, who knows the traveling public, their desires, and how to please them, and who constructed and planned the Evelyn Hotel from the standpoint of not only making it a financial success but a credit to the city, county and state. To say he has accomplished this fact does not give him the credit he deserves.

In the first place the hotels are the medium through which the traveling public get their first impression of a city. As first impressions are usually lasting ones it is always very important to the growth and development that modern hotel facilities be provided. No one but the traveler realizes how quick a city gets a "black eye" if its hotel accommodations are bad. Traveling men will not come. Merchants are naturally hindered in choosing diversified lines of merchandise if such be the case, and there are many avenues through which a modern hotel can be a source of importance.

The Evelyn hotel is a modern three story, brick structure, designed especially for a hotel, occupies one of the principle corners of the city within close proximity of garages, stores and the railroad stations. Its large and spacious, well lighted lobby, with large leather upholstered *chairs give the guest the impression of metropolitan* service the moment he steps into the hotel. Ample writing tables are provided in the lobby. The congenial smile of the proprietor and the clerks and their obliging manners in trying to do everything possible to accommodate the guests are valuable assets.

The hotel has fifty rooms with fifteen of these provided with private bath and lavatories. Hot and cold running water, twenty-four hours out of the day, is provided. The rooms are all steam heated in winter, all are outside rooms with plenty of windows and cool in summer. Private telephone connections, with long distance privileges are provided for every room. The furniture is substantial and neat little appointments are provided in the rooms for the convenience of the guests, like medicine cabinets in the bath rooms, plenty of hangers and hooks for garments, tables, rocking chairs, etc.

The large, attractive, well lighted dining room is another of the feature. The kitchen is modern and well equipped in every particular and transient public just what they want in hotel service and to this end operates a European hotel, with dining room in connection which is open at meal hours serving table de hote meals or short orders. Five competent dining room girls are employed and service is a feature The kitchen is modern and well equipped in every particular including warming oven for dishes, modern large range, dish washing machine, automatic peelers for potatoes, apples etc., and all equipment for cooking is the best aluminum wear on the market and represents an investment of several hundred dollars. A large cold storage room is maintained as well as a large store room for canned goods and supplies. Meats are purchased by the carcass and cut to suit the taste of the patron.

All jellies, jams, preserves and canned fruits served in the dining room are prepared and canned in the kitchen of the hotel which insures the "Home cooked" flavor which is not present in factory canned goods handled in such large volume. The same is true of pickles with the addition that all pickles are also raised in the Provencher gardens.

A modern equipped laundry plant is operated in the basement with all modern laundry facilities for the handling of the house linen. Never is there a shortage of linen and this is always kept in the very best of repair. Each guest is supplied with ample towels and everything along the linen line he might desire. This department has been under the supervision of one laundress for seven years.

The boiler room is supplied with a 40 ton coal bin, large boilers for hot water and heating purposes, all modern equipment and complying with the underwriters provisions to the letter.

Several large commodious sample rooms are maintained in the basement, well lighted and cool in summer and warm in winter. These are easily accessible from the lobby and equipment to meet the demands of the travelers who carry trunk lines.

Service and convenience are two of the paramount features in the management of this business. Mr. Provencher is well known in the hotel world in Northwestern Minnesota and operated the Brummund hotel from 1908 until the time of the building of the Evelyn. No one move has had a wider effect on the growth of the city of Thief River Falls than the construction of this modern hostelry, which is a feature so frequently lacking in other progressive cities.

The Kleanall Company.

(By R. Kenneth Evans)

THERE has long been an old saying, "Clothes do not make the man," which is always potentially true when it comes to considering the real inner man, but it certainly does not hold good when it comes to paving the way for a successful business career.

On the other hand a man's personal appearance is of vast importance. If his clothing is neat, well pressed and stylish he is bound to create a much more favorable impression than if he displays the characteristic of one who does not care how he looks. A man's true character is portrayed through his personal appearance. Students of human nature size a man up by the taste he employes in choosing his clothing and by the methods he adopts in keeping his appearance up.

To assist the man who wishes to appear well before his fellow men such institutions as the Kleanall company in Thief River Falls are of vast importance. This company does a general dry cleaning, pressing and tailoring business for the accommodation of both ladies and gentlemen and was first established in Thief River Falls in 1912 at 319 LaBree avenue. The establishment was moved to its present location in the heart of the business district in 1919.

The company does all classes of cleaning, pressing and repairing of garments. The work is handled through the latest improved machinery built for this class of business and includes two washers, extractors, steam pressing machine and similar equipment. Experience has shown that to remove grime and dirt from garments increases their life sufficiently to more than pay the cost of the cleaning operation. Dirt becomes imbedded in the fabric of garments to such an extent that every move of the body grinds the particles of dirt together and cutting out the fabric and hastening the deteriation of the garment. The machinery installed by the Kleanall company takes out all the particles of dirts and saves the owner the cost of the process in longer wear.

One of the important features of the Kleanall company is its tailoring department. Many cleaning and pressing establishments handle a merchant tailoring line with the garments being made in the larger tailoring establishments of the cities. The garments are made without the patron having the opportunity of trying on which is eliminated by the Kleanall company as all men's suits and ladies garments are tailored in their establishment in Thief River Falls with frequent try-on being given which makes it possible to guarantee a fit. They also take measurments for suits which are made in large tailoring establishments in the cities. One of the most competent tailors in the state of Minnesota is a member of the firm and personally supervises the work of making every garment contracted for, doing all the cutting of patterns himself. A large stock of materials are carried on hand giving the patron a deversified line to choose from and the latest style plates are available. This service is augmented by the fact that popular prices are made for these high class tailored garments, the company depending upon its volume instead of exorbitant prices.

In the cleaning and pressing department delivery service is maintained. Garments are called for, cleaned, pressed and repaired and returned ready for service. The daintiest of fabrics can be handled through this machinery without any wear and tear and every job is turned out guaranteed to be satisfactory in every respect.

The Kleanall company is operated and owned by Erling Dahl and N. Reiter. Both men have had years of experience in this business and operate it from the standpoint of making it an asset to the city and trade territory as well as a financial success. Parcel post business is handled especially and prompt service and satisfaction is a feature of this class of work.

THE BANK OF PERSONAL SERVICE

It has always been the policy of this institution to come in personal contact with its patrons and handle every item of business with as much care and consideration possible. We respectfully invite you to make our bank your bank.

Present Railroad Facilities and Wholesaling Service of City Finest in Northwest

the divisional offices on the second floor is a modern railroad station, a credit to the city and was constructed in 1913 at an approximate cost of $32,000.00. The old station is now being used as a freight house where thousands of dollars of freight are handled every month.

The offices of the division superintendent, trainmen, master mechanic, chief dispatcher, road master, chief claim agent, civil engineer, station agent and passenger agent are maintained in Thief River Falls. W. A. Barnard is division superintendent, Herbert D. Keen trainmaster and J. W. Hendry master mechanic.

The Soo Line maintains one of the most important pay rolls of the city and Northwestern Minnesota. Nineteen men are employed in the station service, fourteen employed in the track department, eight in the telegraph offices, eight in the officials' offices, sixteen in the bridge and building department, seventy in train service, seventy in the roundhouse and 125 in the car service. At this time the employment at Thief River Falls is within 90 per cent of normal and makes a monthly payroll of approximately $37,000.00, the majority of which is expended in the city every month or placed on deposit in the Thief River Falls banks.

The capacity of the round house and shops makes it possible to handle approximately nine engines daily for repair and thirty to forty cars are handled in this department for repair daily.

The passenger service is also one of the attractive features of the Soo Line for Thief River Falls. Two thru trains are operated daily to Winnipeg and to minneapolis and to Chicago. The local trains are also operated every day. These trains connect with all diverging roads at Minneapolis and St. Paul and with the main line of the Soo at Glenwood, Minn. and Kenmare, N. D. and Drake, N. Dak.

The freight business of this line is also of vast importance. Four through freight trains are operated each way daily and two of these are trans-continental freights handling such tonnage. The principle commodites handled into Thief River Falls over this road are lumber, cement, oil, cereals, flour, hay, agricultural implements, fruit, salt, sugar, [illegible], and from 50 to 160 carloads are handled monthly. The commodities shipped out are principally cement culverts, cement blocks, grain, livestock, eggs, potatoes, and from 8,000 to 20,000 tons of sugar beets are handled through here. The outgoing freight just about equals the incoming, there being from 50 to 160 car loads handled monthly.

One of the attractive features is the fact that this line maintains twenty-four hour freight service between the Twin Cities and Thief River Falls. They maintain time freight service into Thief River Falls from the east and out (east-bound) which provides very good service for shipments destined to the Twin Cities, Duluth, Chicago. The road also maintains day and night transfer crews which means that there is no delay to through shipments and local shipments are delivered early each morning. The passenger service is par excellence. Train 109, which is the Twin Cities-Winnipeg Flyer, operates a sleeper out of St. Paul which "sets out" at Thief River Falls and returns on Winnipeg-Twin Citise train 110, the passengers being allowed to occupy the sleeper until 8 o'clock in the morning.

The Great Northern Railroad

While the Great Northern Railroad was the pioneer railroad into this section of the country and much credit goes to its founders for the development of commercial possibilities, it is not as important as a railroad line through Thief River Falls, although it connects up some fertile country. A passenger and freight yards are maintained here and trains are operated from Crookston to Warroad Minnesota, on the Canadian line and in the Lake of the Woods country.

The superintendency of this division is maintaned at Grand Forks under J. E. O'Brien. Five employes handle the business of this road in Thief River Falls with a monthly payroll of approximately $1,000.00. Two local passenger trains are operated over the line daily and connect with the main line for the Northwest at Fertile, Minn. and the Canadian Northern at Warroad. From a passenger standpoint, through diverging lines, it is an important railroad, maintaining universal connections at Crookston.

Two freight trains are handled daily, one in each direction, and they are strictly local trains, all transcontinental shipments being handled at the diverging points. There is a monthly tonnage of approximately 950 tons, handled through the city over this line. Twenty carloads of merchandise and commodities are handled in monthly with ten handled out. The commodities handled are generally lumber, cement, cereals, oils, flour, hay and grain as well as implements and other general merchandise for incoming shipments and grain, cement products, live stock, etc., out.

The Minnesota Northwestern Electric.

While one of the shortest pieces of railroad in the entire state of Minnesota, the Minnesota Northwestern Railroad is one of importance, operating directly east from Thief River Falls for a distance of twenty miles, tapping a country which is yet unbroken so far as railroad service is concerned and on a direct line for International Falls, which will some day be its terminal.

This company was incorporated in September 1913 and building started in December 1913. The line was completed October 12, 1914, and placed in operation the same day. It now operates from Thief River Falls to Goodridge through the little trading centers of Silverton and Mavie. The power consists of a combined gasoline electric equipment with mail car, passenger and express handled together as well as freight service.

This road is now owned and controlled by the Soo Line but is operated independently by local men. Two round trips are made daily and the Soo Line passenger and freight station are used. Twelve men are employed by the company and a payroll of $1,800 is maintained monthly. The property value of the road is listed at $250,000.00. One special freight car is operated each way daily and both cars stop for passengers and freight at all cross roads.

The company operates its stock over approximately 35,000 miles annually, handles on an average of 1,550 car loads annually and carries on an average of 32,500 passengers. The average tonnage handled yearly is approximately 20,000 tons and during the last seven years the total delays experienced amount to ten hours.

The officers of the company are all local men and consist of Daniel Shaw, president; C. W. Gardner, vice president; H. W. Protzeller, general manager; E. M. Schutt, general auditor and W. R. Patterson, superintendent. The main offices are maintained in Thief River Falls.

"PA TOLD MA, AND MA TOLD THE HIRED MAN"

(Farmers Independent, Bagley.)

Under the caption, "Sen. Naplin Opposed Lower Interest Rate," and commenting upon the speeches made at the John Rustin farm August 27th, the following statement is made by the editor of the Clearbrook Leader in reference to Senator Naplin's explanation as to why he voted against the bill to lower the interest rate from ten to eight per cent.

"'I voted against the bill,' said Mr. Naplin, 'because I knew it was intended to be killed in the senate.' After elaborating on this confused explanation, he said the voters could retire him if they were dissatisfied with his record.'"

The editor of the Leader perhaps is excusable for making such misstatements on the ground that he was not present at the meeting and was forced to accept the statement of others, but in the interests of the truth it might be well for him to attend these meetings and not garble statements of this kind. What Mr. Naplin said was this:

"I voted against the bill because right at the time this bill was introduced in 1919 inflation was at its heighth, and Clearwater county was dependent for its financing upon outside capital, which was the case of many other counties, and to have lowered the interest rate from ten to eight per cent would have resulted in the withdrawal of this capital from the counties who needed outside aid.

"Furthermore, had the bill gone into effect at once, as stipulated, it would have rendered null and void all notes accepted after that time by those in ignorance of the law and would have been highly detrimental. The author of this bill refused to amend it to place the operation of the law far enough in the future to enable it to become operative after the provisions were thoroughly understood.

We might also add that this bill was introduced by Representative Boyd of Polk county who was later responsible for the defeat of the tonnage tax bill by remaining away when the final vote on the measure was taken. His vote would have passed the bill had he been present and his excuse for not being present when found in the lobby of the Jewel Hotel in Minneapolis with a number of letters in his hand was that he had been sick!

The editor of the Clearbrook Leader also states that A. E. Bowen "paid a fine compliment to C. L. Hansen, progressive candidate for senator." This "fine cimpliment" consisted in the statement by Mr. Bowen that "Mr. Hansen is more progressive than most candidates who are running in opposition to the Farmer-Labor candidates."

We would advise our estimable contemporary to devote more time towards verification of statements which he intends to make in his columns, and he could, perhaps, keep himself better informed were he to attend in person these meetings upon which he is so ready to comment.

And while we are discussing Mr. Naplin, we take this opportunity to state that, excepting Magnus Johnson, whose honesty during his occupancy of the senatorship from his district is proverbial, Mr. Naplin's record stands foremost upon all questions which concern the people of the state at large, and his return to that office is but small recompense for the efficient service which he has rendered his district.

Isaac Andreas Skauge

Isaac Andreas Skauge passed quietly away Tuesday afternoon at the family home of his daughter, Mrs. Ole Ystesund, who resides at 328 Riverside avenue, this city. Mr. Skauge reached the ripe old age of 80 years and died as the result of a general weakness, having been seriously ill only for a period of three weeks.

Deceased was born at Throndhjem, Norway, Jan. 9, 1842, came to the United States in 1859 and settled at Lansing, Iowa, where he was married to Miss Gurine Mahla in 1866. In 1874 the couple moved to Sibley county, where they operated a farm near New Ulm for a few years before homesteading in Polk county, near Fertile, 42 years ago. He was one of the first settlers in that community and underwent the many hardships of early pioneer life. After eleven years residence near Fertile, his wife died. In 1907 he homesteaded again, this time near Erie in the eastern part of Pennington county. Eleven children were born to Mr. and Mrs. Skauge, eight daughters, all of whom are living and three sons, of whom, only one is surviving. Those who mourn the death of a beloved father are the eight daughters, Mrs. Ole Ystesund, and Mrs. Ole Morstad of Thief River Falls, Mrs. Bessie Mosher, Chicago, Ill., Mrs. A. H. Tollerud, Fertile, Minn., Mrs. Gust Ivarson, Erie, Minn., Mrs. Anna Johnson, Artland, Sask., Mrs. Hannah Amunson, Pinewood, Minn. and Mrs. Henry McCrehin, Leonard, Minn., and one son, Julius, of this city. There are 56 grandchildren in the family, 44 of whom are living, and 11 great grandchildren.

Funeral services were held Wednesday afternoon at the Lutheran church at Erie, Rev. V. O. Aaker of Goodridge officiating. Interment took place at the Erie cemetery. The following, Mr. Skauge's neighbors near Erie, acted as pallbearers: Halvor Swenson, Andrew Nelson, Aslak Swanjord, Henry Costello, Otto Stuey and Oluf Omlid.

Hiver Folkedahl.

Report has been received that Hiver Folkedahl passed away at his family home near Erie on Tuesday, the cause of his death being cancer of the throat. Deceased was well known in the eastern part of the county as he was an old settler in that section and has been traveling thru the country as salesman for a woolen mill company. He leaves several children to mourn his death.

Card of Thanks.

We hereby express our heartfelt thanks to our friends and neighbors who so kindly showed their sympathy during the illness and death of our beloved father, Isaac Skauge, especially Mrs. F. J. Stebbins for floral offerings.—Mrs. Ole Ystesung, Mrs. Gust Iverson, Mrs. H. McCrehin, Mrs. Ole Morstad, Mrs. Hannah Amunson, Mrs. Anna Johnson, Mrs. A. H. Tollerud, Mrs. Bessie Mosher, Julius T. Skauge.

"An' Missus Johnson, you be sure to get Kellogg's Corn Flakes, because the children won't eat any other kind. Kellogg's have the goody flavor and they're never tough and hard to eat!"

Children are quick to know Kellogg's superior goodness

Little folks instantly recognize Kellogg's Corn Flakes from imitations! They know the delicious Kellogg flavor and they know that Kellogg's are never tough or leathery or hard to eat!

Kellogg's Corn Flakes are so superior in flavor and in crisp crunchiness that once you know Kellogg's you will always serve Kellogg's!

And, Kellogg's should be best because they are the original Corn Flakes—the most delightful cereal ever made! Insist upon Kellogg's—the kind in the RED and GREEN package, because none are genuine without the signature of W. K. Kellogg, originator of Corn Flakes!

BIG-SIX TOURING **$1650**

THE dependability of the Studebaker Big-Six is due to correct design, the use of the best materials money can buy and the highest standard of workmanship.

Studebaker stands in absolute control of the quality of the materials at all times, because Studebaker makes in its own plants such vital parts as motors, transmissions, axles, frames, bodies, tops, castings, forgings, stampings, etc. The parts-makers' profits on such items are, therefore, eliminated and only one manufacturing profit is included in Studebaker prices.

The Big-Six is distinctive in appearance with its handsome body and many refinements. It offers genuine comfort through its long semi-elliptic springs, restful 9-inch seat cushions, fine upholstery and shock absorbers. It is economical to buy and own, and enjoys a high resale value.

The new price of $1650 for the Big-Six Touring car is the lowest at which it has ever sold. Yet the quality is actually better than ever and this means a value that is duplicated nowhere else in the field of fine cars. You won't find greater satisfaction at any price.

The Big-Six Touring car provides ample room for seven. When not in use the auxiliary seats fold neatly out of sight—always ready for instant use when you need them.

The name Studebaker is our greatest asset and your best protection.

HIGH SCHOOL PROGRESS

Thief River Falls, Minnesota, Thursday, Sept. 14, 1922.

Number 1

HIGH SCHOOL PROGRESS

Published by The Thief River Falls High School.

Greetings.

This year, instead of wasting a week or more getting settled, school started right in with the first stroke of the gong. As proof of this, we are getting out the first issue of the "Progress" the second week of school. The editing staff has not yet been elected, but the journalism class is already on the job, and will give the readers of the "Progress" a fairly good understanding of what is being done at the Lincoln by the new classes, the old teachers, and by the new ones. As the management is the same as it was last year, school will go on much the same as it closed last spring, with only a few minor changes. We will attempt to acquaint you with the new teachers, thru the joke column if they don't do anything noble enough to get into the weekly news.

The numerous freshmen will also have to be introduced thru the comic section unless they choose the more praiseworthy medium of making a name for themselves in athletics, debate, dramatics, scholarship, or (need we mention it?) writing for the "Progress." Take it from us who have tried them all, there is no more pleasant or profitable school activity than writing for our school paper.

With this short word of greeting, the "Progress" commences its fourth happy year. May we all join together in making it worthy of its name!

First Week of School.

School reopened Tuesday, September 5. The first morning was used to complete the enrollment which was started last spring. Everything was so well in hand that classes assembled the same afternoon in the same manner as last year when school was in full swing. Since the first day classes have gone on without interruption.

The program had been planned by Mr. Rapacz before school started. Because of this practically every student was able to secure the subjects desired. They were also able to begin classes immediately. As a result, the classes have advanced so rapidly that at present they stand where they were after two weeks of school last year.

Almost all the students who enrolled last spring have returned and a large number of new students, which makes the enrollment considerably larger than the year before.

The students who have not yet returned to school and all new students not yet enrolled, are urged to begin as soon as possible because the classes are advancing so fast that it will soon be almost impossible to catch up and they will find themselves lost.

Getting Started.

Have you ever listened to a speaker who gave his introduction entirely to uninteresting material? Tho the rest of his speech was good. Did you give him credit for a good speech? Didn't you tell your friends "his speech was all right but"—? Would you ever hurry and rush to hear him speak again? Had he, from the standpoint of a public speaker, put his speech over? Had he made good entirely?

You will say "Of Course Not," and then proceed to do just what the speaker did. You will not at first put yourself whole heartedly into your school work. It is not at all uncommon to hear a group of high school students say—"Oh, well, the first two or three weeks don't matter so much anyway"—and try to convince themselves that it is true.

But, tho they are unaware of the fact, they are missing something—they are the losers. Missing the fundamentals of a subject, how can they make good in the more complicated work? As the speaker, having lost the attention of the audience finds it difficult to regain, so the student flounders helplessly.

These, the first weeks in school, are your introduction. Your success as a student depends largely on your work NOW. Each day of delay that much lessens your chance of success.

Why not profit by the mistake of the speaker, make a good beginning and come through with flying colors?

Back Again.

Oh boy! wasn't it a grand and glorious feeling after a whole long summer of loafing to walk up to old Lincoln high again? And then, when once inside its walls to see all one's old schoolmates and many new ones. Finally you reach the assembly and you march in, greeted by Mr. Rapacz as a bewildered freshie, a sophisticated sophomore, a studious junior, or a most wise and proud senior.

But these thrills were not all! Indeed, the greatest was to again see Mr. Simley briskly take his place on the stage and welcome the new teachers and students as well as the old. His talk was not only a welcome, however, but also a warning. The students took the warning and I believe are trying to live up to it though it is a little hard for most of them after a joyous vacation to "buckle down to work" again.

Though the world outside was weeping and you almost thought you were in Holland and the dikes had broken, when you tried to swim to school, we didn't mind. I guess we were ducks instead of hens that morning. At least it sounded that way when we "quacked" a welcome to the faculty. But who could help "quacking" his best with Miss Johnson at the piano once more.

To make a long story short you may see that though it was wet and gloomy without there was sunshine enough within to brighten up the first day of school.

Absent Hi-ites, Take Notice.

First weeks enrollment is 27 greater than last year at the same time.

The end of the first week showed an enrollment of 349 students. Last year at the same time only 322 pupils were enrolled. The increase is due chiefly to the large number of freshmen from the country districts. Up to date, 48 new freshmen have come in with a few more being added every day.

The enrollment by classes is as follows:

Freshmen	111
Sophomores	110
Juniors	52
Seniors	76
Total	349

Sixty-two of the students who were enrolled last June have not reported thus far. Eighteen of these have signified their intention of returning, twenty-six are known to have either moved away or discontinued school while the other eighteen have not been heard from.

Many of the classes are already filled to capacity and it will be advisable for all students to report to school at once in order to get a program to their liking. If it is impossible to report at once, advise me of your intention to return so that we can take care of you when you come. All who wish to enter high school for the first time should report without delay. The classes are making rapid progress and consequently late entrants will be lost in their work.

Classes will not be held open for old students much longer unless they signify their intention of returning by telephoning or writing me at an early date.

M. P. RAPACZ,
H. S. Principal.

Team Rah, Team Rah.

Last Tuesday, the 1921 football squad and the prospects for 1922 were called together for a short meeting. This year our school should have one of the best football teams in the district not to say the entire state of Minnesota. Coach MacFarlane gave the boys a short introductory talk and two hours later ninety-five percent of the candidates were out trying for a berth on the 1922 team.

Football is not to be treated as a trifle by the students of our school. The last few years it was a "cinch" for a fellow of any size to get on the team, but this year each one must work and show the real stuff.

There are from thirty to thirty-five out every evening, all falling on the "apple," bucking up against each other, and trying to show who's who and why. We have the best chance in years to put Lincoln high school on the map in large red letters.

Last year Lincoln high made a very good showing, four games being won, two lost and one tied. In the last game of the season the team was matched against one of the best teams of North Dakota. The game was won by the "wearers of the blue and red," with a score of twenty-one to seven. Every man played like a tiger and the bunch from North Dakota were outclassed and outplayed.

This is the kind of football we want this year! We lost only three men through graduation, we have a good coach and with the support from the student body we will make a good showing. The boys are already working hard and getting into condition.

We are out for the state title! Barring unforeseen conditions, the team is going to be an unbeatable combination.

Football Arithmetic.

One good team Minus all help
Equals one loser.
One good team Plus lots of help
Equals Big Winner.

Let's get back of the old gang and make this year the big one.

Second Annual Bulletin.

Shortly before the opening of the schools of our city, there was distributed to the patrons of the district The Second Annual Bulletin of the Thief River Falls Public Schools.

Besides the formal introduction and a paragraph on why schools are maintained, there is a great deal of valuable and interesting information in regard to the school plant, the size of the schools, the value of buildings, sites, and equipment, the costs of instruction etc. There is also a statement concerning the different departments together with entrance requirements.

There are no new requirements for the different departments. All children who wish to enroll in kindergarten must be five on or before November 6 and March 26 for the two semesters respectively. The same limitations as to age are placed on the first graders. The first graders, however, must be six instead of five. In the first grade the time for beginning school is also limited to the first two weeks of school. Consequently all first graders must register not later than September 18 and February 5 repectively. The same requirements as formerly hold for admittance to and classification in high school.

Considerable help is offered both parent and pupil in planning the courses of study in order to make them fit the work the student is later going to do. A complete outline of the courses of study is given together with supplementary notes and college entrance requirements. The paragraphs under General Information deserve the careful study of every patron of our schools.

On the whole the information contained in the bulletin will be of value to everyone and each should have and preserve a copy. Anyone who has not already received a copy will confer a favor by calling telephone No. 52.

Seniors Elect Officers

The Senior class met on Tuesday afternoon and elected the following officers for the ensuing year:

President—Ole Helle.
Vice-president—Henry Vorlicky.
Secretary—Eileen Arneson.
Treasurer—Allison Stitt.
Sergeants-at-arms—Milford La Bree and Henry Mellum.
Class Advisor—S. W. Powley.

New Department.

Ever have anyone from a larger place than Thief River Falls ask you if you're taking French, and then hurry to add, "but I don't suppose they teach French there," in such a way as to make you feel that no small towns could boast of French in their high schools. Remember how mean you felt? Any time now, you can meet up with that friend and, careless like, lead the talk to French and when the old slam comes, elevate your nose two or three inches, smile sweetly and say, "Oh, but we do." Then, ingeniously, without seeming to brag or anything, just let your friend know that biology, public speaking, and journalism are also studied here this year. Gently but firmly, impress it on his mind that Thief River Falls doesn't intend to get behind times, even if from his standpoint, it is a small town.

What Does He Think About?

"These people think I'm gonna act green but I'll show them. I'll walk into the assembly (I know where it is and how the seats are fixed and everything) and I'll get as far from the desk as I can and sit down and start to talk to someone and nobody'll even guess I'm a freshman."

At this point it is customary to trip upstairs, due to an overdose of studying the ceiling, thereby advertising his position in life and ruining the day.

Side Lights On School.

In the excitement occasioned by the first day of school, Mr. Simley informed us that most of the teachers were old. You see, the truth will come out about you, Mr. Powley. Mr. Rapacz made the startling remark that the freshmen would rise when they passed out, and we thought all the time the little dears were going to crawl out as becomes children of such a tender age.

The worst downpour of the season occurred on the very day and hour that saw the opening of a new school term. Could it have an evil omen, foreboding an unsuccessful term? Cheer up, ye crepe hangers, this is the twentieth century, not the dark ages.

Herbert Keen: Is it true that we can eat sand, Mr. Harmen?

Mr. Harner: Go ahead Herbert, I have no objections.

The week before school started a would-be freshman asked a prospective sophomore if he might have his seat in the assembly for the coming year. This goes to prove that the proverbial shade of the new arrivals.

Helpful Hints.

Dear Editor:—Would it be altogether fitting and proper to wear a dress suit to the senior reception?

Foxy Grandpa.

Foxy Grandpa—By all means, if you have one. It makes a great hit with the girls.

Dear Editor,—All my teachers this year are men and as I wish to make an impression, I need advice. I have acquired a bad habit of blushing and stammering. How can I overcome it?

Bashful Betty.

Bashful Betty:—I have been informed that at class day exercises last year, a can of powder, guaranteed to whiten any young blush, was presented to one of the men of your faculty. If you will send a stamped, addressed envelope, I will send the name of the afore mentioned teacher that you may procure a sample from him. For stammering, count one hundred before speaking.

Editor:—Where did Mr. P. learn to dance?

Dancing Doll.

Dancing Doll:—Sorry to have kept you waiting but considerable research was required to answer your question correctly. He learned to dance at Notre Dame college, the only place where his feet kept time with his heart.

Post Graduates in Normal Training.

Ten girls who have previously graduated from the general course of the local high school have enrolled in the Normal Training department this fall. There appears to be an increased interest taken in the teaching profession, the enrollments in the various teachers' colleges and training schools being considerably greater than previous years. The local high school has an excellent normal training department and has each year turned out a large class of efficient teachers, a large number of whom teach in the schools of Pennington county. The total enrollment in the department at present is about thirty, all girls.

Dear Helpful Hinter: I find it difficult to get to school on time. I always leave home at 8:30, but I seldom have time to scrape my shoes before the last gong. Advise and oblige,

Poky.

Poky:—When a block from school, shuffle your feet. When you arrive at school there will be no necessity for scrapping them.

City News

Fred Will Jr., returned Tuesday evening from a two months vacation which he enjoyed at various places in the western states. He was at Portland, Ore., Tacoma and Seattle, Wash., Glacier Park and various other points of interest. He remained in Montana for about a month and returned by way of Minot. He will resume his duties as call boy for the Soo line.

Misses Lola Jubb and Hulda Dahl, nurses at the Physicians hospital, left Friday morning for Drayton, N. D., to visit at the home of the latter's parents. They returned the early part of this week.

Stanton Dahlen returned Monday evening from a visit with relatives at Overly, N. D., and other points. He also spent some of his vacation with the rest of the family on a trip to the cities and points in South Dakota.

Conrad Swanson and Magnus Lund, who are employed by the Minneapolis Bridge company near Argyle, visited with friends and relatives here Saturday and Sunday. They returned to Argyle Sunday night.

Milford LaBree and Charles Herron returned last week from Grafton, N. D., where they were employed, to resume their studies at the local high school. They are both members of the football team.

Mr. and Mrs. Bernhard Knudsen have as a guest at their home Miss Elisa Jacobson of Minneapolis, who accompanied them on their return from the state fair last week. She expects to remain about two weeks.

According to a Lake City paper A. N. Tommeraasen, for two years athletic coach and teacher in the local high school, has been engaged as principal of the Lake City high school, which position he held last year also.

Mrs. W. W. Prichard Jr., left Tuesday for Minneapolis, where she was called as her father is seriously ill. On receiving the telegram as to his critical condition, she was taken to Crookston by car and from there she took the train to the cities.

Tractors Increase Farm Yield 25%

A RECENT report from a large number of Kansas farmers shows that they were able to plow an average of 2 inches deeper with tractors than with horses. Those who kept records claimed that this deeper plowing resulted in an increased yield per acre of 25%.

Power—petroleum power—is revolutionizing agriculture. Henry Ford says: "In the tractor, truck, automobile, and stationary gas engine—we have facilities that make farming enjoyable, profitable and worth while. Of all modern machines the tractor is one of the greatest blessings that has been devised for mankind. Fields cultivated by tractor-drawn plows produce more than fields turned by horse-drawn ones. Tractors make deeper plowing and sub-soiling possible. This, in turn, enables the ground to renew itself instead of gradually wearing out."

The Standard Oil Company (Indiana) appreciates the value of the tractor on the farm, and realizing that the use of the tractor is now in its infancy, is preparing to meet the resulting demand for gasoline; for highly specialized lubricants and other petroleum products needful to successful power-farming.

When the power-farmer needs petroleum products his need is urgent and the entire community is interested in seeing that these needs are supplied promptly.

One of the most vital services rendered by the Standard Oil Company (Indiana) is that of assuring the farmer at all times a constant, dependable supply of high quality petroleum products.

This Company is able to guarantee such a supply because of its modern, constantly expanding manufacturing and distributing facilities, its efficient organization and its knowledge of markets and economic conditions.

These are conditions under which great expansion, coupled with high centralization are indispensable to the performance of a service essential alike to the farmer and the general public.

We have been making a purely 100% Whole Wheat Bread for some time, but have never advertised the fact. As a result a lot of you folks have been missing a real treat and a chance to improve your physical condition. We are now going to put the facts before you and we think it would be a good idea to get your Doctor's opinion in the case.

The end we have in mind when making this bread is to give the public an article that is baked to fill one need, MAINLY, (a 100% Whole Wheat Bread as the Doctor orders it) and SECONDLY, to make it as pleasant to take as possible. We are not trying to make a beautiful loaf, just a loaf that will fill the Doctor's orders and still be pleasant to eat.

To this end we have reduced the Salt, Sugar and Lard to the lowest possible percentage and are using only a 100% Whole Wheat Flour, made from the whole wheat berry with nothing added and nothing taken away.

We ask you to try this loaf for your own good. Specify "JUNGS," and order through your grocer or direct from The Bakery.

ROSEWOOD

Poultry Expert Coming

E. W. Stanfield, a poultry expert working under auspices of County Agent C. J. McCann of Thief River Falls, will visit Rosewood on Friday, Sept. 22, and will in the afternoon hold a culling and feeding demonstration at the farm of F. G. Bols northwest of town, and will in the evening lecture publicly on poultry raising, different breeds, advantages and disadvantages each represent, and other topics connected with the successful raising of "Biddy". This meeting will be held at the Rosebank school building and commences at 8:00 p. m. and to which the public is cordially invited. Come and learn more about this fascinating and well paying side line of farming, it will be time well spent. A movement has been under foot the last year, and has every prospect of materialism, whereby the Minnesota creameries will in the future purchase eggs under the same plan as they purchase farmers' cream at present, and the distinct advantages of this plan will be readily looked into, and the outlook at present indicates that the poultry industry in this state will be greatly increased with the coming of these marketing conditions.

Michigan and Ontario Visitors.

Mr. and Mrs. Oscar Vixie have during the past week entertained George Petterson of Berrien Springs, Michigan, and the former's brothers, Philip and Levi Vixie, on their return from Bergland, Ontario, where they have spent some time visiting with their sister, Mrs. Carl Mosbeck. Before arriving here the boys had spent some time yachting on Lake of the Woods and describe it as a most wonderful outing.

Harry Barhals came home this week from Argyle, and Frank Halder came home on Thursday from west of Argyle, where they have been employed during threshing and were temporarily out of work owing to the rains.

[illegible] and Mrs. Carl Stroberg and [illegible]y, in company with a number of [illegible] River Falls friends, spent Sun[illegible] at an outing picnic at Aubol's [illegible] near St. Hilaire.

[illegible] Nelson from Newfolden [illegible] a mixed carload of stock [illegible] this place last Saturday. Victor [illegible] from that place accompanied [illegible] car to South St. Paul.

Florence Ostrom came out from Thief River Falls, where she attends school, on Saturday for a week end visit with her mother, who stays at the John Sagmoen farm here.

Mrs. James Johnson, from Thief River Falls spent Saturday here visiting with her father, J. E. Hellquist.

Mr. and Mrs. Arthur Johnson from Northwood were Sunday visitors at the C. S. Hellerud home.

School will open at Rosebank next Monday morning, Sept. 18, and the teacher, Miss Ruth Lonson will arrive from her home at Thief River Falls the same day. She will board and room at the C. S. Hellerud home in town.

Miss Inga Westby is home from Minneapolis, where she has been employed for several years, for a brief visit with her parents, Mr. and Mrs. I. M. Westby.

Mrs. Carl Stromberg from Dakota Junction spent Tuesday here to visit with her sister, Mrs. Gust Nakken and also attended the Rindal Ladies Aid at the Mrs. I. M. Westby home that same day.

Mrs. Lund, accompanied by a daughter from Thief River Falls, visited last Tuesday at the I. M. Westby home and attended the Ladies Aid entertainment.

Mr. and Mrs. Arvid Carlson and son, Alton, from Middle River and Mrs. Sollom from Holt, were among the Sunday visitors at the Mrs. Sor home.

Abe Stroble and family and Will Stroble and Percy Hanson from Angus, spent Sunday here visiting at the Sorenson and Haugen homes.

Mr. and Mrs. Nels Johnson and family and Hans Bjornstad motored to Grand Forks last Sunday.

A report reaches us from Anita that the Soo freight depot at that place was destroyed by fire one night last week, and suspicion points to foul play. The section foreman, Mr. Doran, awoke just in time to danger the Winnipeg flier which was due at that time, and it was allowed to pass on the side track. The next morning it was discovered that a pile of burnable trash had been piled up against the water tank and had been ignited but had died of itself. The report comes from a section worker on the Anita division.

A carload of rye was shipped from the H. & B. elevator the beginning of the week.

Mr. and Mrs. Severt Benson and family from Thief River Falls spent Sunday visiting with the B. P. Sagmoen folks here.

Jalmer Raftesoth has spent the last week at Hibbing visiting with his brother, M. B. Rafteseth.

Chas. Sagmoen and John Sorenson motored to Thief River Falls last Sunday to look over a contemplated building contract.

Notice of Mortgage Foreclosure Sale.

Whereas, default has been made in the conditions of a certain Indenture of Mortgage made, executed and delivered by Andy C. Hurt and Celia Hurt, his wife, of the County of Pennington, and State of Minnesota, as Mortgagors, to First and Peoples State Bank, a Minnesota Corporation, as Mortgagee, upon and covering the following described real property lying and being in the County of Pennington, and State of Minnesota, to-wit: The Southwest Quarter (SW¼) of Section Twenty-One (21), in Township One Hundred Fifty-four (154), Range Forty-One (41), excepting and reserving therefrom a strip of land 100 feet wide extending across from east side to west side parallel and adjacent to the North line of said Southwest Quarter above described, heretofore deeded for Railroad Right-of-way, Also excepting and reserving a strip of land described as follows—Commencing at a point 100 feet south of the Northwest corner of said Southwest Quarter above described, running thence south along the west line of said quarter section 10 rods and 10 feet, running thence due east 41 rods, running thence north 40 rods and 10 feet, running thence west 41 rods to place of beginning, land mortgaged being 115 acres more or less, according to the Government survey thereof, which said mortgage bears date the Tenth (10th) day of February, A. D. 1919, and was filed for record in the office of the Register of Deeds in and for said County of Pennington, in the State of Minnesota, on the Fifteenth (15th) day of February, A. D. 1919, at one o'clock P. M., and was duly recorded in said office in Book 12 of Mortgages, on page 484, which said mortgage was thereafter duly assigned to The Minnesota Mutual Life Insurance Company by written instrument bearing date the Fifth (5th) day of March, A. D. 1919, filed for record in the office of said Register of Deeds on the fourteenth (14th) day of March, A. D. 1919, at one o'clock P. M., and was recorded in Book 63 of Mortgages, on Page 74, and

WHEREAS, such default consists in the failure of said mortgagors to pay an installment of interest due February tenth (10), 1922, in the sum of One Hundred Eighty ($180.00) Dollars and interest thereon, and

WHEREAS, by reason of the default made as aforesaid, The Minnesota Mutual Life Insurance Company, assignee, as authorized by the said mortgage and the notes thereby secured has declared, and does hereby declare, the whole of the principal sum secured by the said mortgage and notes to be due and payable, and the same is now due and payable, and

WHEREAS, there is claimed to be due upon said mortgage and the note thereby secured at the date of this notice, the sum of Three Thousand Two Hundred Seventy-eight and 5-100 (3,278.05) Dollars, being ($3000 for principal and $278.05 for interest thereon), and no action or proceeding at law or otherwise has been instituted to recover the same or any part thereof.

Now, Therefore, Notice is hereby given, that in and pursuant to the power of sale said mortgage contains and the statute in such cases made and provided, the said mortgage will be foreclosed and the real property therein described will be sold by the Sheriff of said County of Pennington, in the State of Minnesota, or by his deputy at public auction to the highest bidder therefor, for cash, at the East Front Door of the Court House in the City of Thief River Falls and in said County of Pennington on Saturday, the thirtieth (30th) day of September, A. D. 1922, at ten (10) o'clock in the forenoon of that day, to pay the amount which will then be due upon said mortgage and the cost and expense of this foreclosure, including an attorney's fee of Seventy-five ($75.00) Dollars, as stipulated in said mortgage to be paid in case of foreclosure thereof, subject to redemption at any time within one year from the date of sale.

Dated August fifteenth (15th), 1922.

Fill Your Shelves Now

With Home-canned Peaches, Pears and Plums

THIS is the last call for those delicious peaches, pears and plums from the Pacific Northwest. The last of the crop is now on the market. When it is gone there will be no more this season. Avoid disappointment—can now.

Every meal is made more inviting, more healthful, by including these delicious fruits in one of the many ways in which they can be put up and served. And if you do your own canning you avoid the extravagance of buying factory-canned fruits—you save one-third to one-half! Use Ball Mason jars.

Canned Blue Plums

Prick the skin of each plum with a heavy needle. This will keep the skin whole and the skin will remain upon the plum. Pack into sterilized jars. Fill up the jars with boiling syrup made according to taste, that is, with the proportion of sugar to water, which is the best way. From one to two cups of sugar to three cups of water is the usual proportion. Place rubbers in position and screw on caps, leaving the covers slightly loose. Sterilize sixteen minutes by the cold pack method.

LOKEN BROTHERS ANNOUNCE THE REMOVAL OF THEIR SPLENDID ESTABLISHMENT TO MADISON

Exceptional Business Opening in Wisconsin City Presents Itself and Firm Secures Long Lease on New Business Block. Will Open February 1st.

Store Here Established in 1913 and Recognized as Finest Mercantile Establishment in This Section of the State. Big Loss to City.

Immense Stock in Local Store Will Be Closed Out at Once. December 23rd Will Be Last Day Store Will Be Open in Thief River Falls.

The announcement is made this week by H. O. Loken, manager of Loken Brothers department store, that a deal has been closed by them which means the removal of their store from Thief River Falls to Madison, Wisconsin.

The firm will immediately start the closing out of their immense stock here and on December 23rd they will terminate their business in Thief River Falls. Their new store at Madison will open February 1st.

Distinct Loss to City.

The removal of this store from Thief River Falls will be a distinct loss to the city and the northwestern section of the state. For years Loken Brothers store has been recognized as the most progressive and up-to-date mercantile establishment in the northwest and as a result of the excellent lines of merchandise handled and the intensive advertising campaigns conducted thousands of people from all parts of this section of the state have come to recognize this city as their trading center.

Established in 1913.

Loken Brothers, which firm consists of H. O. and Geo. C. Loken, established their business in Thief River Falls in August, 1913, occupying a building on the corner now occupied by their convenient and modern structure. They had hardly settled themselves, however, when the old building burned to the ground. This occurred January 24, 1914, but on May 2nd of the same year they re-opened for business at the same stand in their present building, taking only ten weeks to rebuild and install the fixtures; an unusual record.

H. O. LOKEN

Windows a Feature.

The store as now arranged occupies 12,800 square feet of floor space and its equipment is modern to the last degree. They have two hundred running feet of show windows eight feet deep and under the direction of Geo. C. Loken the displays used throughout the year have been exceedingly attractive and on a par with those of cities many times the size of Thief River Falls.

In line with the other up-to-date methods of the concern buying representatives have been maintained at Chicago and New York City, giving them an opportunity to keep in constant touch with the marketing conditions and supply their trade with the latest designs and newest styles. They have made a close study of merchandising for many years and consequently have been highly successful here. The style shows conducted by them at the auditorium and county fair at different times have proven them to be systematizers and organizers of exceptional ability. From fifty to one hundred people have taken part in these events and the preparations have always been so thorough that the big undertakings have gone through with clock-like precision. The employees of the establishment number from eighteen to thirty, varying with the different seasons.

Northwest's Finest Store.

Their efficient system and thorough knowledge of every phase of the business has earned for them the distinction of being classed as the "Northwest's Finest Store." All of these facts have caused them to proceed very cautiously in reaching a decision to move to their new location and the deal was closed only after most thoroughly investigating the proposition and carefully analyzing their new field.

New Location Obtained.

Madison, is a city of fifty thousand population, is the capital of Wisconsin. The state university with an enrollment of ten thousand students is also located there. It is situated in the most prosperous section of the state and is destined to be a city many times its present size. It is a beautiful place and is popularly known as the "City of Four Lakes." The state capitol is located in the center of the city and the building which Loken Brothers have leased is a structure known as the Mendota block, facing the capitol.

Madison, a city of fifty thousand consisting of two floors and the basement. All three floors will be used by them, providing about 30,000 square feet of space. The most modern fixtures obtainable will be installed throughout the entire establishment and an order for these was placed this week with the Northwestern Furniture company of Milwaukee, an institution which has a reputation of being manufacturers of the "last word" in fixtures of all *kinds. The lease entered into by* Loken Brothers is for a period of fifteen years and the rental for that length of time will amount to $300,000.00. Under these conditions the firm of Loken Brothers is certain of prosper and give the people of Madison the finest kind of a high grade business estabishment. That city is to be congratuated upon its acquisition.

Penny Manager on Buying Trip.

H. E. Nelson, manager of the local J. C. Penney store, left last evening for St. Paul where he will attend the semi-annual convention of the J. C. Penney company which opens Friday. This convention is attended by the managers of the 371 stores which the company now has in operation and about 34 buyers from New York, who are also engaged by them. J. C. Penney, chairman of the board of directors of the company, will be at the meeting in person to address the convention, which will be his first appearance at the St. Paul convention. Mr. Nelson expects to be gone about two or three weeks, as he will also do his buying at this time.

Young Girl Sent To State School.

Miss Amanda Bakken, the 16 year old daughter of Mr. and Mrs. Mathias Bakken of Deer Park township, and her little child, were taken to the Home School for Girls at Sauk Centre Monday, thru action of the juvenile court of Pennington county. They were taken to Sauk Centre by Sheriff LaBree, who returned Tuesday evening. The Home School is not a penal institution but a place for the bringing up and educating of delinquent girls.

RED CROSS MAKES POSSIBLE PLAN OF COMMUNITY CLUB

Club Rooms to be Open Every Day Under Supervision of Trained Social Worker.

The first regular meeting of the Girls Community club for the fall and winter season will be held on Monday evening, Sept. 25th, at their club rooms. As the program of work for the coming winter will be formulated and explained at this time it is much desired that a goodly number be present.

The local Red Cross is co-operating with the Girls Community club is securing a trained social worker who will work for the betterment of the entire community. The Red Cross executive committee held a meeting on Sept 12th, at which time it decided to appropriate one hundred dollars a month to aid in defraying the expenses of such an official. The Girls Community club have turned over their club rooms where the social workers will have her headquarters. The club rooms will be open every week day under her supervisiony.

The idea is to provide some place where young people can gather for enjoyment and recreation under the proper supervision and should prove most popular from the start. It was tried out last spring, but lack of funds forced its discontinuance. With this appropriation from the Red Cross the Girls Community club believe that they will be able to accomplish great things.

Attend Bemidji Conference.

Mrs. I. T. Simley, Mrs. Daniel Shaw and Mrs. L. M. Rayson returned Saturday evening from Bemidji, where they were delegates from the local Woman's club to the annual convention of the Minnesota Federation of Women's clubs which was held last week during a four day session. Mrs. H. W. Froehlich also attended as state chairman of the federation's endowment fund.

The ladies state that they were royally treated by their Bemidji hostesses and express nothing but satisfaction with the meeting as a whole. The convention was very well attended and a success in every respect. The Bemidji women did all in their power to make the visitors' stay as comfortable and pleasant as possible.

Among the prominent persons who addressed the convention were: Mrs. T. G Winters; president of National Women's clubs; Mayor Arthur E Nelson of St. Paul; Judge C. W. Stanton of Bemidji; George Selke, state inspector of rural schools; W. T. Fox, state forest commissioner; Mrs. Geo. J. Allen of Rochester and others. At each session there were also several musical and entertaining numbers.

Mrs. Froehlich was selected to continue her services as chairman of the endowment fund.

The president of the Minnesota federation is Mrs. J. E. Rounds of St. Paul, while C. G. Selvig of Crookston is at the head of this district. The next convention wil be held in Hibbing some time next September.

Draws Ten Days.

Luther Engelstad who hails from Warren was put in jail Tuesday evening by Chief of Police Erickson on charges of being drunk and disorderly. Yesterday morning he was brought into municipal court before Judge Tarrant where, he pleaded guilty and was given a sentence of a fine of $10 or ten days in jail. As he was unable to pay the fine he was placed in jail to serve the ten days.

Lodge Building Nearing Completion.

The Sons of Norway lodge building which is under construction across the tracks from the Soo depot, is rapidly nearing completion, the management expecting the structure to be finished at the beginning of next month. When the rooms have been completely touched up and equipped with the necessary fixtures and furniture, a grand opening of the hall will take place. Those in charge expect to have the district officers for the occasion. The building is one of the finest of its kind and will surely be a great asset to the city of Thief River Falls. The Daughters of Norway met for the first time in the new quarters Tuesday evening and last evening the Sons also held their regular meeting there. A considerable increase in the membership of the two lodges is looked for at the opening of the new club rooms.

MEDICAL SOCIETY HOLDS SUCCESSFUL ONE-DAY MEETING

Prominent Red River Valley Medical Men Gather for Discussion of Tuberculosis.

The semi-annual meeting of the Red River Valley Medical society held at the Oakland Park Sanatorium last Thursday was well attended by the medical men of this section, there being about twenty-five at the morning session at the sanatorium and about forty at the afternoon meeting in the Commercial club rooms. This was out of a total of fifty-two members.

In the forenoon a tuberculosis clinic was conducted at the sanatorium by Dr. Milan of this city, with demonstrations of various cases. A noon luncheon was served at the sanatorium to about twenty-five visiting medical men, following which the regular meeting was held at the club rooms, the main topic for discussion being tuberculosis.

Several prominent medics addressed the meeting and the following papers on tuberculosis were read and discussed:

"Classification of the Pulmonary Tuberculosis Individual"—Dr. M. Geo. Milan, of this city.

"The Uses and Limitations of the X-Ray in the Diagnosis of Pulmonary Tuberculosis"—Dr. O. N. Meland, Warren.

"The Value of Rest in the Treatment of Pulmonary Tuberculosis"—Dr. F. F. Callahan, Pokegama.

"Surgical Tuberculosis"—Dr. Emil S. Geist, Minneapolis.

"The State Campaign Against Tuberculosis; Its Accomplishments and Its Future"—Dr. Robinson Bosworth, St. Paul.

Dr. Robinson Bosworth, executive secretary of the State Advisory commission on tuberculosis, also spoke about the need of taking the proper charge of discharged patients. He stated that there was a necessity of asking the state to provide some sort of an industrial colony where the patients discharged from the sanatorium could go with their families and make a livelihood under the proper supervision of medical men. In this way it would be possible to keep a check on the patients as to whether they are cured or not. This project should be financed by the state instead of depending on individual voluntary contributions. The society went on record as in favor of such a measure and resolutions were adopted to that effect.

The winter meeting will be held at Crookston but no definite date has been arranged for as yet.

Two Hundred Get Licenses.

According to County Auditor T. P. Anderson the interest in hunting among local sportsmen is considerably below par this year, there being only 218 licenses issued up until yesterday noon. But 200 were issued at the opening of the season Saturday, while last year there were 400. The reason for this lack of interest is undoubtedly due to the fact that prairie chickens can not be shot according to law this season. However, a larger number is expected to get out for partridge, ducks and geese later in the season.

Austad at Hospital.

T. J. Austad, editor of the Times, is receiving medical treatment at the local Physicians hospital, where he is expected to remain for a period of a week or ten days.

MAN KILLED BY LIGHTNING IN STORM SUNDAY

Bolt Strikes Hans Hermanson While Seated in His Home. Worst Storm in Years.

Pioneer Resident Having Resided in Thief River Falls Over Twenty-two Years.

Funeral Services Conducted on Wednesday Afternoon from Trinity Lutheran Church.

Hans Hermanson, for many years a resident of this city, was instantly killed last Sunday about noon when struck by lightning as he sat reading his Sunday paper at his home, west of the city, towards the fair grounds. The bolt which put Hermanson's life to an end, came down the chimney, passing thru his body, into an iron bed upon which his feet were placed and out thru the opposite wall. Mrs. Hermanson, who was seated only a few feet from her husband when the bolt struck him, was *so stunned that she remained in a* daze the rest of the day. She is now reported to have recovered completely from the shock, although a little weakened. The bolt of lightning was so violent that the chimney was wrecked and bricks thrown a considerable distance away and several holes were burned in the walls.

Mr. Hermanson had lived in this city about 22 years and had a large circle of friends who are greatly shocked to hear of his sudden and violent death. He was born in Christiana, Norway, November 9, 1856 and would have been 66 years of age on his next birthday. At the age of sixteen he came to this country and made Spring Grove his home until he moved to Hendrum, Minn., in 1878 and a little later to Halstad, where he resided until he moved to Thief River Falls in 1901. In February, 1882 he was married to Kjerstie Estensen, who survives him. In the early days Hermanson was employed at the saw mill but in the later years he was engaged as mechanic at the Soo roundhouse. During the past four years he has been retired from active work. He was a member of the Trinity Lutheran church.

Deceased is survived by his widow, Kjerstie, two daughters, Mrs. O. G. (Marie) Granum of this city, Miss Belle of Minneapolis, and two sons, Lawrence of this city and Edward of Minneapolis. Another son, Henry died in service, Jan. 26, 1918.

The funeral took place yesterday from the home at 2 o'clock and from the Trinity Lutheran church at 2:30. Rev. T. E. Sweger officiated at the services which were attended by a large number of friends of the deceased and family who also gave many beautiful floral offerings. Two vocal solos were rendered by Roy Prytz. The remains were laid to rest in the Greenwood cemetery.

The following old friends of the deceased acted as pall bearers: Chris Porter, Carl Edseth, Gilbert Granum, Ole Fevig, Halvor Anderson and E. O. Gullingsrud.

Out of town relatives and friends who attended the funeral were:

Mr. and Mrs. John Reitan, Fargo, N. D.; Misses Clara and Emma Reitan, Fargo, N. D.; Mr. Irvin Reitan, Fargo, N. D.; Mrs. N. O. Strommen, Halstad, Minn; Mrs. O. Oseth, and daughter, Myrtle, Halstad, Minn.; Mrs. O. Benson, Crookston, Minn.; Mrs. Carl Hermanson and daughter, Hazel, Grandin, N. D.; Mr. and Mrs. Carl Edseth, Goodridge, Minn.; Louis Edseth, Halstad, Minn.; Anton Norby, Grygla, Minn.; Mr. and Mrs. Jacob Nygaard, Halstad, Minn.; Mr. and Mrs. K. O. Standy, Mahnomen, Minn.; Mr. and Mrs. Edward A. Hermanson, Minneapolis, Minn.; Miss Belle Hermanson, Minneapolis, Minn.

Mayfield Township Boy Victim of Sunday Storm

Tellef, the 15 year old son of Mr. and Mrs. Grunde Austad of Mayfield township, was struck by lightning and instantly killed last Sunday in the storm. The lad went out in the pasture to bring home the cattle in the morning about 8:30 o'clock. As he did not return within a reasonable length of time, the parents began to hunt for him but were unable to run across him. Aided by a few of the neighbors they succeeded in finding his body out in the pasture in the afternoon. The boy's clothes were almost all torn off from his body and it appeared evident that he had been killed instantly. Deputy Corondr Larson and Sheriff LaBree went out there the same evening.

His sudden death is a severe shock for his parents particularly as he was the oldest son and a very fine and industrious boy. He is survived by several brothers and sisters. The young boy has a large circle of friends in the community who mourn his death.

Funeral services are being held today at the Mayfield church, Rev. S. Leirfallom officiating.

Conference Condemns Dances.

The thirteenth annual session of the State Conference of Social Workers, composed of state associations of probate judges, officers charged with the enforcement of laws relating to children, and the home service secretaries of the Red Cross, besides a large number of county welfare workers, county nurses, heads of state and church institutions of mercy, was held at Glenwood last week. Lars Backe, judge of the probate court of Pennington county, attended as a representative of this section.

Various phases of social work were discussed by a number of prominent workers, putting particular stress on the different types of amusements afforded the young people of today. They condemned the present day dance hall and the barn dances as being detrimental to the moral of those who frequent those places. One reason for the decided undesirable conditions of many of these places of amusement is the fact that the barn dance is also frequently the distributing place of moonshine and other intoxicants.

Great Northern Resume Schedule.

Regular passenger and freight service was resumed on the Crookston-Warroad line of the Great Northern Monday. During the past few weeks mixed trains have been running on this line coming thru here at various times of the day causing considerable inconvenience to travelers who use this line. The trains are now run according to the usual schedule, that is, the Crookston train arrives here about 11:15 and leaves at 11:30 and the train from the north comes here at 3:15 and leaves for Crookston at 3:30. Yesterday, however, the Warroad train did not get here before about three o'clock.

Barn Struck by Lightning.

It has been reported that the barn on the R. L. Muzzy farm was struck by lightning Sunday and one horse killed. There were no other damages according to the report.

Undergoes Operation.

Clifford Overum, student at the high school, underwent a serious operation Monday. He is now improving rapidly and will be able to resume his studies in the course of a short time.

MAN FALLS FROM FREIGHT TRAIN AND IS KILLED

Accident Occured Monday Evening Between Rosewood and Thief River Falls.

Frank Williams, an unknown transient, fell beneath the freight train No. 58 on the Soo line shortly after it pulled out of Rosewood Monday evening between the hours of six and seven and died at the local Physicians hospital a short time later. The man, who appeared to be about 25 years of age, was beating his way and was riding on top of a car near the front end of the train when he fell off with the result that his body was all mangled by cars passing over it before the train could be stopped. He was seen, when falling by one of the train crew but there was no time to avert the accident. Williams left leg was cut off at the ankle his right leg at the thigh and his right arm was severed from the body at shoulder. The severed limbs were connected with the body only by pieces of skin. He became unconscious at once from the shock and the loss of blood and altho rushed to the hospital immediately, died about half an hour after being brought there.

In his pockets were found a membership card in the International Brotherhood of Steam Shovelers and Dredgemen, a few receipts, and $25. A broken bottle of lemon extract and the fact that the dead man smelled strongly of liquor indicates that he was intoxicated at the time of his fall.

Thru inquiries by local authorities it has been found that Williams hails from Minneapolis. It is thought that he has relatives there and at Garrett, Indiana, but no report has been received to verify this. No definite arrangements have been made for his funeral, as the authorities are expecting to locate his relatives, if any, before doing anything further.

Campaign on For Livestock Association Pavilion Funds

At a well attended meeting of the Red River Valley Livestock association, it was decided to complete the payments on the livestock pavilion building at Crookston owned by the association members. The 11 northwestern Minnesota counties have been divided into 100 districts, each district being asked to sell $250 of shares in the building. Pennington county has five districts.

Paul Engelstad, Thief River Falls, was named chairman for the county. Associated with him for the campaign are the following well known men: O. Ramstad, C. L. Hansen, W. B. Fuller, Fred Beerbauer, Hans Anton and J. J. McCann, Thief River Falls; K. O. Gigstad, Pat Hall and F. S. Erdman, St. Hilaire and Stuart McLeod, Goodridge.

Sept. 18-30 are the dates set for this work.

All the counties are going ahead enthusiastically to complete the payments and save the winter shows for the Valley.

More Room For Proud Father.

It will be necessary for the J. C. Penney company to provide larger quarters for their clothing department in order to adequately accommodate Archie Dahl, the manager of this department, since the arrival of an eight pound son at the Dahl home Wednesday.

YEGGS TERRORIZE VILLAGE OF MENTOR FOR FOUR HOURS AND LOOT STATE BANK OF $2000

One of Most Daring Bank Robberies in History of Northwest. Men Barricade Themselves in Front of Bank and Maintain Gun Fire.

Four Citizens Who Venture From Homes are Wounded by Shot But All Will Recover. Hunting Coat Saves Life of One.

No Trace Has Been Found of the Holdup Men and Present Indications Are that They Have Made Good Their Escape.

The Mentor State bank was looted by yeggmen early Wednesday morning. According to the following account which appeared this morning in the Crookston Times, it was the most daring robbery ever staged in the northwest:

Four Mentor residents were in Crookston today, three of them having buckshot removed from wounds received from the gun-fire of four yeggmen, who early this morning wrecked the Mentor State Bank and disappeared with loot estimated between $2,000 and $2,500. The robbery was said by county authorities to be one of the most daring ever staged in this section. For four hours the burglars terrorized the inhabitants, holding them inside their homes by occasional shots, while others inside the bank systematically went about the task of blowing open the safe and vault.

Cashier Joseph Tagley, J. W. Benoy, his son, Arthur Benoy, and William Frazee, were those wounded. Frazee was struck over the head by one of the robbers, while the other received gun-shot wounds.

A telephone call from Fergus Falls to the Times late this afternoon regarding the Mentor Bank robbery tended to link the Mentor holdup with a similar attack at Melby, a small town near Fergus Falls, Monday night. Authorities at Fergus Falls believe both attacks were committed by the same gang, as operations were identical in many respects. Bandits in a closed car drove into Melby but were chased out of town by residents after attempting to rob the bank there: The men took refuge in a warehouse and exchanged shots with a Melby posse but later managed to break away.

The robbers, their work completed, disppeared as quietly as they came and Sheriff Oscar Bolstad and his deputies today were puzzled regarding the direction they took. Towns surrounding Mentor, however, have been notified to keep a lookout for suspicious characters. They believe the yeggmen made for one of the larger towns, possibly Fargo, and are laying low until the search lessens.

Well Planned Robbery.

The robbery was carefully planned. *Telephone and telegraph* wires had been cut. A barricade had been erected in the rear of the bank behind which two or three of the robbers remained while their pals went about the work of breaking open the strong boxes.

William Frazee, 22 was the first Mentor resident to be aware of the burgars' presence. He was sleeping in the depot when the robbers entered to cut the telegraph wire. He was led from the station house at the point of a gun but showed fight when he awoke to the fact that he was the principal figure of a holdup.

Another yegg, running up to the struggling youth, knocked him on the head with the butt of his gun, momentarily stunning him. He broke away from the yeggman, however, who fired after his retreating form. Th shots failed to find their mark, however.

Cashier Hears Explosion.

The gunmen then made their way to the rear of the Mentor State Bank and jimmied their way inside. The first explosion of nitroglycerin used to blow open the safe awakened Mr. Tagley. Dressing hurriedly the cashier endeavored to get to his gun, in a garage nearby, but as he left the front door of his house, one of the desperados yelled he would shoot to kill if the cashier didn't return to the house. As he reached the doorway the gunman fired and scattered buckshot entered the side of the bank cashier.

Tagley then attempted to leave by the back door of his house but again he was spotted by the burglars. According to Mr. Tagley, the gang had placed guards throughout the town. This became evident when Joe Benoy and his son Arthur hearing the shooting, came out to investigate. They were also met by a fire of buckshots.

The elder Benoy attempted to scare the men away by firing his shot gun but he was answered by a fussillade from the robbers. Benoy only had two shells in the gun and he was helpless after they had been spent. It is believed, however, that one of the shells took effect for one of the burglars was heard to cry out.

Benoy's shots were returned by the robbers and father and son were wounded, the elder man the most severely. The father owes his life to the fact that he was wearing his old hunting coat and carried his hunting license in an inside pocket over his heart. Some of the buck shot plowed through the coat and license and entered the skin directly over the heart. It is believed however, the thick canvass of the coat and the heavy paper in the license, checked the shot from pentrating to the heart.

Other residents were awakened by the shots, but were prevented from leaving their homes by the watchful barricade men. Efforts to give alarm by telephone proved futile as all wires had been cut. Occasional blasts from the bank continued to inform the village of the presence of the yeggs. The last explosion was heard about 4:30 a. m. and as silence continued after that the townspeople timidly ventured forth only to find the thieves had disappeared. It is believed they had left their automobile on the outskirts of town but it is not known which direction they took.

Sheriff Bolstad was not notified of the robbery until 6:30 this morning when he and Deputy E. F. Kelley left for the scene. Upon his return Sheriff Bolstad declared the only clue obtained was an automatic revolver dropped outside the bank by one of the robbers. He found the bank a complete wreck, the safe and vault gutted, the fixtures smashed, and the interior badly damaged. The yeggs had gone about their work systematically and had even smashed open some of the safety deposit boxes. However, only cash and currency, with the exception of one liberty bond were stolen, the men ignoring all securities and pennies.

To Attend Meeting of Surgeons.

Dr. O. F. Mellby, who is the local surgeon for the Soo Line, will leave Saturday for Minot, N. D., where he will attend the annual meeting of the Soo surgeons which will be held on Monday. A large number of prominent medical men will be present and various phases of the treatment of accidents in particular will be discussed. Dr. Melby expects to be gone only a few days.

FIRST FOOTBALL GAME OF SEASON HERE SATURDAY

Warren Aggregation Will Meet High School Eleven for First Time in Two Years.

The football season inasmuch as Thief River Falls is concerned, opens Saturday afternoon when the local high school eleven will clash with the Warren aggregation. The game will be played at the local fair grounds and will commence at 3 o'clock.

This will be the first game of the season for both teams but some real display of football work will be displayed as several of the members of the team are veterans from previous encounters. The Thief River team has been hard at work since the opening of school and under the direction of Coach MacFarlane has developed into a strong machine that will according to present indications make a favorable showing. Most of the locals are heavy men and all have played football before so that there is no reason why it shouldn't be a winning team.

Coach MacFarlane announces that the following will most likely constitute the line-up for Saturday's game: John Sether, right end; Milford LaBree, left end; Math Barzen left guard; Craig Halvorson, right guard; Charles Herron, left tackle; Roy Holmgren, right tackle; Henry Vorlicky, center; In the backfield, Ernest Barzen, fullback; Russel Anderson, capthin, left half; Stanley Sorenson right half; and Clifford Sorenson, quarterback. Substitutes who may also play part of the game are Sydney Schutt and Herbert Keene.

Thief River Falls has not played Warren during the past couple of years and it is expected that there will be a strong turnout of Thief River rooters at the contest Saturday. Come out and usher in the season! Saturday at 3 p. m. at the fair grounds.

Rainfall Sunday 2.54 Inches.

According to measurements made by L. M. Rayson, chief clerk at the Soo Line, 2.54 inches of rain fell here on Sunday, which is one of the heaviest rainfalls accorded here. Most of this came down between the hours of 7 a. m. and 3 p. m.

Entertains for Friends.

Theodore Prichard entertained a few young people at a theater party last evening following which a social hour was spent at his home, complimentary to John Melgaard who will return shortly to Annapolis, and Olaf Fjelde of Minneapolis, who is a guest at the Prichard home. Theodore and Mr. Fjelde expect to leave for Minneapolis Sunday evening to resume their studies at the University.

For Mrs. Penney.

Mrs. Catherine Penney of Louisville, Ky., who has spent the summer at the home of her son and daughter-in-law, Dr. and Mrs. G. A. Penney, was honored yesterday afternoon when Mrs. T. L. Melgaard entertained a company of ladies at her home, 105 St. Paul avenue south. The afternoon was spent socially and at about 5 o'clock a delicious lunch was served. Mrs. Penney expects to leave this week for her home at Louisville.

Mrs. Cook Entertains.

On Friday afternoon last week Mrs. R. G. Cook delightfully entertained a party of ladies at her home. The hours were spent socially and at fancy work and at the conclusion of the afternoon a dainty lunch was served by the hostess. Those present were: Mrs. Charles Alexander, Mrs. Lyla Munther, Mrs. John Robinson, Mrs. Joseph Weirus, Mrs. Herman Olm, Mrs. Orra Richardson, Mrs. John Collins, Mrs. John Wassgren.

Entertains Friends.

On Thursday evening last week John Melgaard delightfully entertained a company of boys at his home, 105 St. Paul avenue south. The hours were spent socially and at playing cards. At the close of the evening a very delicious lunch was served by the host's mother, Mrs. T. L. Melgaard. Those included were: Theodore Prichard, Norbert Holaknecht, Harold Smithers, Edward Fiterman, Ernest Barzen, David Evenson and Dreng Bjornaraa.

Form Sewing Club.

This afternoon a number of ladies will organize a sewing club for the winter season and will have their first meeting in the form of a picnic out near the Golf Links. Regular meetings will be held every week, the next to be entertained by Mrs. Ila Reynolds. Those included are the following: Mesdames H. O. Loken W. J. LaBree, H. W. Froehlich, E. O. Mogenson, P. W. Mabey, J. Biedermann, J. Provencher, Ila Reynolds, Beatrice Heiber, E. M. Stanton Sr., R. H. Ross, I. T. Simley, Oscar Sponheim, Long Beach, Cal.

Bredesen-Davis.

Announcements have been received by local people that Miss Anna Bredesen, daughter of Rev. and Mrs. Aug. Bredesen of this city, who for some time has been employed at Casper, Wyo., was united in marriage to Robert V. Davis, also of Casper, Friday, Sept. 15. Miss Bredesen was graduated from the Lincoln high school with the class of 1916 and since that time has been employed in the office of Attorney Quale, and for a short time in Hallock and during the past year has been engaged in stenographic work for a refining company at Casper, Wyo. Mr. and Mrs. Davis will be home after Oct. 1 at Apt. P. McRorey Apartments, Casper, Wyo.

Nelson-Walter.

Following is a clipping from the Crookston Times giving the account of the marriage of Miss Mabel Nelson of Thief River Falls.

"Saturday afternoon at 3 o'clock at the Methodist Parsonage occurred a simple but impressive wedding ceremony when Miss Mabel Nelson and Richard Earle Walter were united in the holy bonds of matrimony, Rev. P. W. Hill, pastor of the Methodist church officiating. The bride is the daughter of Mr. and Mrs. J. Nelson of Thief River Falls. The groom is the son of Mr. and Mrs. B. W. Walter of Chasdley, N. D. He is an electrical engineer. The young couple will enjoy a wedding trip to Thief River Falls and Jamestown, N. D. They expect to make their home in Grand Forks.

Dinner Party.

Mrs. E. F. Dolan, Mrs. John Bratrud and Mrs. Daniel Shaw will share honors at a neighborhood dinner party to be given at the latter's home, 523 Muzzey street, today at 6 o'clock. The event is complimentary to Mrs. Catherine Penney of Louisville, Ky., who has spent the summer at the home of her son, Dr. G. A. Penney and family and expects to return to her home Saturday, and to John Melgaard, student at the Annapolis Academy, who is visiting with his parents, Mr. and Mrs. T. L. Melgaard, during his vacation. John will also return Saturday but will visit friends in Minneapolis a few days before going back to Annapolis. The hours will be spent socially and at cards.

Cronquist-Lucian.

A wedding of interest to many friends of the contracting parties occurred last Friday, Sept. 15, when Miss Ruth Cronquist of Erskine became the bride of Dr. Arthur Lucian of Red Lake Falls. The ceremony took place at the Catholic parsonage, Father Noesen officiating in the presence of Mr. and Mrs. M. C. Burns.

The bride is the daughter of Mr. and Mrs. A. F. Cronquist of Erskine, and is at the present time engaged as instructor in the Northrop building of the local schools. She is a graduate of the Moorhead State Teachers college and has spent the past four years teaching, having taught two years at Blackduck and two at Long Prairie. Dr. Lucian is the son of Mr. and Mrs. S. Lucian of Crookston and since receiving his D. D. S. degree at the University of Minnesota four years ago, he was been practicing dentistry at Red Lake Falls. Mrs. Lucian will continue to teach in the city schools until the completion of the present term, when she and her husband will make their home where he is at present located.

The wedding was attended by the brides mother, Mrs. A. F. Cronquist of Erskine. The newlyweds left the same day for Crookston, where they visited at the Lucian home until Sunday.

A large host of friends extend their congratulations and best wishes.

Card of Thanks.

We sincerely wish to thank our neighbors and friends for their kind assistance during the illness and death of our beloved husband and father. Especially do we wish to thank the American Legion Post, No. 117 for their kindness during our period of sorrow and for the beautiful floral offerings. We want to thank Mr. and Mrs. C. Orme and Mrs. N. Harris for the music and songs, and Rev. I. B. Smith, also the Royal Neighbors, Mrs. Ove, Miss Nettie Ove, Mr. and Mrs. Nels Syverson, Rose Syverson and Bredeson and company, for their floral offerings.—Mrs. S. T. Johnson and children.

Mrs. T. G. Kinsella entered the local hospital yesterday, where she underwent an operation this afternoon.

Public Forum

Editir Times:

I have noticed in the newspapers some articles about Senator Naplin's vote on a certain bill to reduce the rate of interest, and it seems funny to me that Mr. C. L. Hanson's manager or managers did not know any better than put such stuff in the newspapers. Everybody around here knows that Hansen has made himself rich on "interest," and I feel sure most of it has been 10%. Why he should now want to cut down the rate looks suspicious to me. It looks like an attempt to fool the farmers, but farmers are not fooled so easy any more. Or possibly his conscience hurts him, and then I would suggest that he get right with his God, by putting an article in the newspapers calling upon all who owe him money at 10% to come in at once and have their notes changed to 8% and if it hurts real bad, make it 5%. If he is honest in his talk, now is his chance to prove it, and make lots of votes.

I have asked lawyers and they tell me a bank can charge as low interest as it wants to. Then I wonder why Hansen did not do so, instead of going around and talking about it. I guess his 8% is just politics and he will vote like all the other bankers if he should happen to get there, for a man is known by the company he keeps.

Respectively,
A FARMER.

Thief River Falls, Minn., October 5, 6 and 7, 1922

Citizens State Bank of Thief River Falls

"THE BANK THAT BACKS THE FARMER"

$100.00 In Cash Prizes

No Entry Fee OR OBLIGATION OF ANY KIND

To Stimulate Interest in the Raising of More and Better Corn and Potatoes

Territory Included In Contest.

The prize competition in this show is to open to every farmer in the County of Pennington and the southern tier of townships in Marshall, which border on our county. It will be conducted in such a manner that farmers may compete with associates, having no advantage over them in the way of soil, climatic conditions, etc. Competition will be confined entirely to individual exhibits.

$100.00 in Cash Prizes

Thirty prizes will be awarded in the contest. Fifteen for the best exhibits of Corn, and fifteen for the best exhibits of Potatoes, to be divided as follows:

FOR CORN	FOR POTATOES
$15.00 First Prize	$15.00 First Prize
$10.00 Second Prize	$10.00 Second Prize
$ 7.00 Third Prize	$ 7.00 Third Prize
$ 5.00 Fourth Prize	$ 5.00 Fourth Prize
$ 3.00 Fifth Prize	$ 3.00 Fifth Prize
$1 each to next 10 exhibits	$1 each to next 10 exhibits

With this equitable distribution of the prize money a large number will be benefited by the liberal award.

$50.00 will go to the fifteen best Corn exhibits, and another $50.00 will be divided in a like manner among the fifteen best Potato exhibits. Each farmer is permitted to make an exhibit of both Corn and Potatoes, governed only by the following rules.

Judges and Manner of Judging.

The judge, or judges, appointed to award the prizes at the Citizens State Corn and Potato Show will be men recognized as authorities on these two products. The names will be announced later.

The entries will be judged by what is considered the recognized standard of any variety of Corn or Potatoes raised in this particular district. Average size, productiveness, breed type and general appearance will be the governing factors. The show will be conducted in all fairness to every exhibitor.

Rules of the Contest and Instructions to Exhibitors

The following rules and instructions will govern the Corn and Potato Show, and every entrant is required to follow them:

1. Each exhibit of Corn will consist of ten ears of any variety of Dent Corn. Each exhibit of Potatoes will consist of 32 Potatoes, of any variety.
2. The contestant must himself have raised the Corn or Potatoes, which he shows for a prize, in a field of one or more acres, but not less than one acre.
3. The Corn or Potatoes shown must have been raised in Pennington County, or the southern tier of townships in Marshall, which border on Pennington.
4. The contestant is at liberty to drill and check his Corn, to plant his Potatoes in any manner, to cultivate and fertilize as he may think best.
5. The dates of the Show are October 5 to 7, 1922, to be held at the Citizens State Bank, Thief River Falls, Minnesota. It is desired that all exhibits reach the bank on or before October 4th. No exhibits will be accepted for entry after that date. The results of the contest will be announced October 7th.
6. The Citizens State Bank reserves the right to retain the Prize Winning Exhibits, for future display. However, if the exhibits are placed on display at other shows, any prize money will be deferred to the original owner.
7. Every contestant must accompany his exhibit with an entry blank. When it is desired to make entrance, fill the blank out completely, omitting none of the information provided thereon, and bring or send it to the bank in the same package with the exhibit.
8. Packing.—Where the entries are mailed to the bank eache contestant must carefully wrap his entry, and enclose in a small wooden or cardboard box so as to insure against damage in shipment. The entry blank is to be enclosed in the top of the box, so there may be no error in judging.
9. Addressing and Shipping.—Each box must be addressed to the "Citizens Corn and Potato Show," care of The Citizens State Bank, Thief River Falls, Minnesota. The name and address of the exhibiter is to be written in the upper left hand corner of the top of the box. All entries must be shipped prepaid.

LOKEN BROS. Going Out of Business SALE

The Entire Stock of Merchandise and all our handsome Store Fixtures, our Two Residences and Furniture therein Must Be Sold in the next very few weeks. It is positively the last opportunity you will have to purchase goods in Thief River Falls from Loken Brothers.

A Master Stroke of Merchandising Right at the Beginning of the Season

Notice to the Public

We have just completed a deal which means the removal of our store to Madison, Wisconsin. We have leased for a term of fifteen years one of the largest and finest store buildings there and under the terms of this lease we must open our store there February 1st.

This demands immediate action on our part for we must be completely sold out here, ready to move the latter part of December at the latest. Our entire new fall and winter stocks have been arriving for the past two months, ever since our style show at the fair and the result is that all our fall and winter merchandise is now here. Had we known before that our deal in the Wisconsin city would go through we would not have had these new stocks on our hands as this alone means a big loss to us. It means bargains for you, though, and a purchasing opportunity that may never come your way again.

H. O. Loken.

Motor Trucks Extend Food Supply Radius 50 Miles

HERBERT HOOVER says: "The motor truck has given every town an extended radius of food supply by some 50 miles, and thereby protects such vital matters as milk and perishables."

Formerly 10 miles was as far as the farmer could profitably haul his produce. The increasing number of motor trucks on the farm is making the farmer more and more independent of other forms of transportation. It is extending a primary market five times, giving the farmer greater security and doing much to insure him the full profit from his crops and produce.

E. E. La Schum, Superintendent of Equipment of the American Railway Express Company, says that while the average mileage of trucks is about 40 miles per day, they are capable of making 100 miles without undue strain.

This means that in every truck there are 60 unused daily transportation miles, which can be used when emergency calls.

The farmers of the 10 states served by the Standard Oil Company (Indiana) own 46,582 trucks. These represent unused, potential transportation of 2,794,920 miles per day—quite enough to make the farmer feel reasonably independent and to make the city dweller secure.

The value of these trucks to their owners, and to the community, depends upon an ample supply of gasoline and oils, instantly available when needed.

The Standard Oil Company (Indiana), recognizing its duty to the public, has organized its distributing facilities to a point where only a complete breakdown of public utilities can prevent its supplying these trucks with oil and gasoline needed, no matter in what corner of the 10 states they may be.

In the cycle of service to which the Standard Oil Company (Indiana) is committed, the truck plays just as important a part as the automobile and the tractor.

This entire organization is working as one man, to perfect a complete service, and to maintain this service at such a maximum of efficiency that no piece of automotive machinery in the Middle West need ever be delayed a single moment of usefulness through lack of suitable petroleum products.

Are your walls cracking?

As your house settles—any house will do it—something cracks; usually a plaster wall or ceiling. A good way to fix it is to use

Cornell Wood-Board

You get a permanent, good-looking job that will never crack.

Cornell-Wood-Board is made to give you satisfaction. It's all wood, *triple-sized* to resist moisture, heat and cold; *mill-primed* for paint or calcimine; or the unique *oatmeal-finish* looks well without paint. It's inexpensive; easy to handle and work with. We have it here for you.

"165 Uses for Cornell-Wood-Board" is a booklet telling how you can make many useful things for the home. You can have it for the asking. Phone, write or call for it.

Is This For You?

Only a part of the student's working day is spent at school. At least five hours remain after the dismissal of school, which must be made use of as profitably as possible. A few of the more advanced may use these hours to good advantage for out-of-door sports, recreation, and outside research work; but the great majority will find that part of this time, say an hour each evening, may well be spent in preparing the next day's lessons. We do not want to make school a grind. Physical exercise and wholesome recreation are as necessary to success in school as the perusal of text-books. By the observation of a few time tried pointers on home study, however, considerable work can be accomplished in the evening hours without its either becoming a bore or interfering with other activities.

The important thing to bear in mind is that home study must be made a regular habit. Phsychologists find that regularity in habit is a great help to the busy professional or business man, and there is no good reason why it should not also be to the student. Make it a point to prepare the same lesson at home every day, at the same hour, and you will feel no distaste when you first sit down to work.

Different individuals find that they must apply themselves different for efficient study. Some learn readily by repetition; others find intense concentration most effective. If you will discover the method that suits you best and apply it, you cannot fail to make a good showing in class. While well-prepared lessons should by no means be our only objective in school, that is to the majority of us the most important one, and one that cannot be neglected without serious consequences.

Wanted! Your Whole Hearted Support

The foot-ball season of 1922 is well under way and prospects seem more promising than ever before. The enthusiasm shown by both men and student body point to a successful season. A rally was held Wednesday morning and indications are that the school as a whole are behind the men and if the support that was shown at this meeting is continued it will help in a great measure to lead the team on to victories of which Lincoln high school will be proud.

Most of last year's regulars are back in the line-up and so far all are eligible. These men are all seasoned with from one to three years experience, and with this material a team should be brought to the firing line that will display a barrier difficult for any opponent to score upon. Nor is this all that we have to rely upon, as each night brings more candidates to the fields. Although all of these men will not be seen on this year's "eleven," they will give the opposition on the practice field what is needed to turn out a fighting aggression.

Coach McFarlane's tactics are somewhat different from those used by previous coaches. He is particularly insistent that the training rules must be followed with penalty of suspension for non-observance. So far practice has been limited to blocking, tackling, passing, kicking, and various other fundamentals of modern foot-ball.

Wednesday Assembly.

Last Wednesday morning we were surprised by four bells, which meant assemble for chapel. Assemble for chapel means, broadly speaking, assemble for a treat, calling down, or some advice. This time it was on football. A few minutes later the normal students joined us to hear what was in store.

Mr. Rapacz called the assembly to order, and explained that chapel had been called to give the students some enlightenment on the Rules and Regulations of the Minnesota State High School Athletic association.

Mr. Simley then gave a short talk about the team. He stated that we had choice material for a good team and there was no reason why we could not win the championship if the students would get back of the team and give them their utmost and loyal support. He also emphasized the importance of living up to the eligibility rules.

Coach McFarlane was called upon. He also called for support in the form of "Oil." He likened the team to a machine with even parts or cogs. If the cogs were not oiled, the machine could not work right. Therefore it was up to the students to produce the "Oil."

"Rus" Anderson, the captain, gave a short talk to the effect that the members were learning to tackle. He then gave a football axiom; "A team of eleven good tacklers cannot be scored upon; a team that can not be scored upon, cannot be beaten."

Mr. Rapacz closed chapel by reading the Rules and Regulations. He urged that all students observe the rules as any offender would become ineligible to participate in school sports.

Teachers Meet Here.

On October 11, 12, 13, teachers from all parts of Northwestern Minnesota will gather in Thief River Falls for the annual meeting of the Northwestern Minnesota Educational association. School will not be in session except from 9 to 10 a. m. on Thursday. No definite arrangements regarding the housing of so many teachers has been made as yet, but we feel that Thief River Falls can cope with the situation as it has on previous occasions.

Mr I. T. Simley, secretary-treasurer of the associate, estimates that between five and six hundred teachers will attend its sessions. The city has very kindly donated the use of the auditorium. The Executive Committee has made elaborate arrangements to entertain each and every teacher and send them back to their schools with new ideas and methods.

The purpose of the meetings of this association is to exchange ideas, forms of teaching, discussing new state regulations and a general open forum. Because Thief River Falls is centrally located, practically all of the teachers from the surrounding countries will be present.

Further information regarding the musical entertainment will be presented in next weeks' issue.

Mr. Bartholow Addresses Assembly.

On Friday last Mr. Bartholow representing the Society for the Homeless and Friendless, addressed the *high school.* He urged giving to humanity that which we do not need. He used a college education as an example. When we have completed the course, it is not necessary to commercialize the education so as to gain a fortune, but to use it in such a way that we can have a comfortable livelihood and to give to humanity what is left.

"It is, then, for us, the men and women of tomorrow," said Mr. Bartholow, "to see that we absorb our education so that we, too, in a few years can give of that which will be beneficial to others."

Girl's Glee Club Organizes.

Miss Maude Johnson, the music instructor of the public schools, was pleasantly surprised last Monday when forty-two girls assembled to rehearse for the Glee Club. With the right proportions of girls in the soprano, second soprano, and alto, she will have a Glee Club of between fifty and sixty voices.

At this meeting officers were elected as follows:

Eileen Arneson ______ President.
Manine Johnson ______ Secretary and Treasurer.
Rose Flynn, Gail Warner, Liv Vistaunt, Ersyle Anderson ______ Custodians
Mildred Engin ______ Pianist.

The Girl's Glee Club has always been one of the best organizations in the high school and we are sure that with Miss Johnson's capable instruction and so many good voices, this year it will not lose its good reputation.

The Boys' Glee Club.

At seven o'clock Tuesday evening a number of the high school boys met for the first glee club practice under the directorship of Miss Maude Johnson. A number of songs were practiced and everything went very well, considering that most of the basses and all of the first tenors were new members. Most of the second tenor section belonged to last year's glee club, but their attempts to drown out the other sections—were discouraged by orders to sing more softly.

There are many more boys in school who can sing. In order to have a successful year these singers must join in and the 1922-23 glee club will be the best ever.

Miss Johnson stated that the girls glee club, also made a good start, so come on fellows and we'll show them that we can sing as well as the girls.

Debate, Declamation, and Oratory.

Anybody who is carrying less than seven subjects and who is game may take part in one or more of these activities. You may be going out for football and glee club and orchestra, but if you haven't signed up for Debate, Declamation or Oratory now is the time.

To be captain on a football team you must be able to speak before a crowd and to voice your opinion. If you can't speak up you might have to resign as captain.

Miss MacNair says that good public speakers aren't born but made. Many hundreds of people earn their livelihood by the use of their persuasive powers. Any time you spend on public speaking will not be time wasted.

There will be class and inter-class contests, so come out and help boost your class.

Definite arrangements will be made in the near future as to when work will commence.

If you want to boost your class, boost your school, or just naturally improve yourself by learning some of the fundamentals of good speaking; sign NOW for Debate, Declamation or Oratory.

Myrtle Helgeland and Gladys Kolden Win Honors.

Thief River Falls high school was singularly honored at the State Fair, winning both first and second prizes in the state bread baking contest. Lincoln high school was represented by the Misses Myrtle Helgeland and Gladys Kolden, who won first and second prizes respectively. The contest, in which two hundred and fifty boys and girls from all parts of the state participated, was held at the "Honey and Bee" building at the state fair grounds, St. Paul, on September 7.

Myrtle is a senior and Gladys is a junior. Both were members of Miss Soule's breadbaking club and were sent as representatives of that organization because they were local city and county winners. Because of their local fame as bread bakers the State Fair association offered to pay all expenses to and from the fair.

Orchestra Started.

Miss Johnson has cranked up the orchestra again. Many members have graduated and some have dropped out, but by the sound of things the majority seem to be with us yet.

Yells.

Last Wednesday's demonstration of high school cheering give to the new teachers and students the impression that our school had very few cheers, and that very few knew those we did have. If we are going to "put across" our yells each and every student must be thoroughly familiar with them all.

This high school is in need of pep! The best way to get this is by having "pep fests" of the student body.

If the student body will get down *and make it a point to learn the* Lincoln cheers, it will serve a two-fold purpose. To begin with, it will give the high school the pep and enthusiasm that is needed. In the second place it will spur on a football team with the needed thrill.

In order to give the new students and teachers a chance to memorize our yells we are going to publish a few of them in the Progress each week. The one that every student should learn first is our own school cheer.

Lincoln High School, L. H. S.

Memorize these two yells and the ones that will be in the Progress from time to time. Yell them every time you have the opportunity and—our Lincoln will be looked upon as one of the most "peppy" in this district.

Gas and Auto Engineering.

The Smith Hughes department in gas and automobile engineering which was established in our high School in 1919 has increased in enrollment every year. This year it is larger than any previous year.

Considerable remodeling has been undertaken this year, and all shop work has been removed to the basement. An extra class room has also been added.

It is advisable for all boys wishing to enroll in the auto mechanic's course to report at once. The course should appeal in particular to all who are interested in any kind of gasoline engine work.

Ole's Experience.

Dear Otto:

I told you I would rite you about dis school at Teef River. Gee its terible. The classes ahead of us must be jelous of someting couse dey sure have ben raising cane wit us. I cant see what dey want to be jelous for, because they is much bigger and everything. The first thing dey did was to heard us into the room they call dey asembly or something like daat and den dey just put us up on dey stage in front of all dose students and made big fools of us. We were going to fight dem but some of us that it was too much for us little ones. So we dodn't do it. And den what do you suppose dey try to do, dey herded us outside and made us run a round de town. Ane wot you dink, the police stood on de corner and laughed his hed off. Den we were moved down to wot was call da Mill and then they all drove us in and we got wet from the water. When we all that we were through they made us swim across that old Mill race again and run around till de clothes dried on us. I'm tellen you we were mighti tired when we had gotten thru. If we don't hate dose Sopomores and others. I hate to do the same ting to the poor Freshmen next year but I guess it is a custom. We have come to respect da high class men and you had beter to if you know what is good for you.

Your loving friend,
OLE.

Door Open at Eight Thirty.

There seems to be a desire among the students of the high school to come to school as early as seven-forty-five and eight A. M. and wait at the door until school starts. Since the new plan has been started, the doors do not open until 8:30 and as it is neither pleasant nor profitable to wait, it is suggested that no one come to school before time for the doors to open.

SPECIAL-SIX SEDAN
Studebaker
$2050

THE Studebaker Special-Six Sedan will win your admiration at first glance. After you have examined it you will be even more delighted with it. When you have ridden in it you won't be satisfied with anything else.

The market does not offer a more beautiful enclosed body. Certainly none is built of better materials and finer workmanship. It is a striking example of the handicraft of Studebaker artisans.

Everything is in exquisite taste. Its distinctive body lines are enhanced by massive headlights, the graceful cowl lamps and the courtesy light just above the running board on the driver's side, which illuminates the roadway in passing other cars at night.

Inside, the inviting depth of the cushions, the subdued harmony of upholstery, the soft carpeting and the completeness of appointments offer an irresistible appeal.

It is mounted on the same Special-Six chassis which has won the enthusiasm of thousands of owners for its dependable performance, power, comfort and economy in fuel and tires.

The Studebaker Special-Six Sedan offers the utmost closed car refinement—and at moderate cost. At the new low price of $2050 it represents the greatest closed car value that Studebaker ever offered.

The name Studebaker is your assurance of satisfaction.

Four doors that swing wide open; simple, automatic window lifts raise or lower plate glass windows; opalescent corner lights; massive headlights; artistic cowl lamps; courtesy light; cowl ventilator; windshield wiper and rain visor; jeweled eight-day clock; exhaust heater; thief-proof transmission lock.

On a Small Income!

It is easy to make money, someone has said, but difficult to save it. Saving money is also made easy as a casual tour of our store at this time will prove. Price interests you, of course, but when better-than-usual quality merchandise is given you at uniformly low prices, then you can prosper on a small income.

As Interesting as Your Every Day Mail

"Going to town" or "downtown," as the case may be, to shop should be a pleasure.

How often is it a real ordeal?

No one likes to be hurried when buying.

A salesperson that appears impatient to complete a sale is annoying.

One likes to see the different styles. "Something else" may please better. The purchase is to be "an old friend" and everybody likes an old friend to "wear well."

A visit to our store is as interesting as your daily mail.

Daniel Shaw

(By R. KENNETH EVANS.)

THE Successful business man of today, does everything known to modern business methods to protect himself against loss and in this connection "business man" does not mean just the man who maintains a mercantile establishment or a professional office, but includes every line of endeavor. All successful endeavor in this advanced day of commercialism is handled on a strictly business basis and calls for business methods.

Insurance has grown to be a part of every well managed business with just as much importance to the business as any of its other requisites. And again the various state legislatures have enacted laws which make every insurance company admitted to the state and writing business, reliable and dependable. Of course, some companies make settlements more rapid than others, but in the main, every company lives up to its contract.

Many people labor under the impression that insurance is based in a large degree on the principles of chance. This is not true. Every well managed insurance company knows just what its losses for a year are going to be, barring disaster and then this only effects localized sections. These figures are obtained by the law of average, hence when a company guarantees to reimburse for loss it knows that it will be able to reimburse for that loss and that they are going *to have a certain percent of loss during the year. The only possible* element of chance that enters into the insurance business is the individual himself. He cannot figure just what or when his loss will be therefore he must carry protection and if he sustains no loss he helps to pay the loss of his neighbor. Thus insurance has grown to be a practical business institution and one supported by every progressive business man.

For more than twenty years Daniel Shaw, of Thief River Falls, has been writing insurance. Today he maintains one of the most reliable insurance agencies to be found in Northwestern Minnesota, writing insurance in twenty-two of the most reliable companies doing business under the rigid insurance laws of the state of Minnesota. Mr. Shaw, by careful attention to business, looking after the interests of the insured, has established an enviable reputation for his agency and can today write any class of dependable insurance written by any company doing business in the United States. His policies cover fire, damage by the elements, theft, life, accident, plate glass,, automobile, fidelity bonds, etc.

One of the attractive features of this agency which has been more or less original with Mr. Shaw is the educational features along insurance lines which he has endeavored to make a part of his business. In other words, he has always done everything possible to explain to his patrons the value of insurance, just how it operates, assist them in adjustments in case of losses and assist them in maintenance of premiums in the case of life insurance. He has courted investigation and always stood ready to explain every little detail of insurance whether the inquirer was a policy holder with him or not.

In addition to the insurance business Mr. Shaw also handles real estate and specializes in residence property and today has on his lists some of the choicest opportunities to invest in Thief River Falls and Pennington county real estate. His twenty-two years experience in the county has made him conversant with every phase and condition and made him competent to pass judgment on the possibilities of successful investment on Northern Minnesota.

During that time he has identified himself with every possible move for the development of resources and is today president of the Minnesota Northwestern Electric Railway Company, was one of the founders of the Pennington county fair, and a director in the Jefferson Highway Association.

The insurance and real estate agency maintained by Mr. Shaw is for the service of those who wish dependable insurance and who might be interested in real estate investment. Satisfaction is assured and all inquiries are promptly answered satisfactorily.

The Soo Cafe

(By R. KENNETH EVANS.)

NO slogan could be more significant nor convey more to the mind of the reader in connection with the operation of a cafe than the one above, which has been a rule of operation closely adhered to by the management of the Soo cafe, which is one of the popular eating places of the city of Thief River Falls and along the main line of the Soo railroad.

It has long been realized that no class of institutions play a more important part in the development and advancement of a city than its hotels and cafes, so far as the interest of the transient is concerned. In fact, a city is known among travelers by these institutions, and if they are operated and maintained abreast of the times, they are one of the best advertising assets that the city can possess.

Realizing this fact, Joe Strubeck, of the Soo Cafe, is constantly alert to any possibility of improvement in service. The guest gets the little attentions which are so essential to his satisfaction and the environment is pleasing and attractive. Expert waiters are employed to always have the desires of the individual patron at heart and the personal attention given each guest makes him a future patron.

The Soo Cafe is located in the heart of the business district, close to the railroads and hotels and points of interest in the city. It is metropolitan in appearance with an attractive business front of stucco. Seating capacity has been provided for many guests with seven 4-chair tables and a fourteen stool counter. Five girls are employed as waiters which eliminates any possible long waits for service and experts are employed in the preparation of food in the kitchen. Sanitation is a paramount feature and in this connection the management invites the inspection of the kitchen by any patron who might feel so inclined.

The Soo Cafe has gained an enviable reputation for the class of meals served. This includes the choicest cuts of steaks and chops. The roasts are chosen with the same care and consideration and the cooking is done in such a manner as to preserve the flavor and vitimines, the lack of the latter being the principle objection of people who eat at public places. A large store room is maintained which is always filled to overflowing with the choicest in quality of food stuffs and the guest has but to request what he wants and he gets it in record time, just as he has ordered it.

The Soo Cafe has established the reputation of serving the best coffee in the city. Coffee is one of the important requisites of a good meal. All doughnuts, pastries, cakes, etc., are home baked in the cafe and are exceptionally toothsome. Service is maintained both day and night. In fact, the key to the Soo Cafe has been thrown away. A full line of cigars and smokers' supplies, including various brands of cigarettes are carried.

In addition to the operation of the cafe a rooming house is operated on the second floor with sixteen rooms for transients which are rented at reasonable rates. One can get a substantially furnished room, well-equipped for $1.00 a night. This feature is very popular among the transients who visit the city for one night.

For the storage of foods a large two ton ice bix is a part of the equipment and meats are purchased from Swift and Armour in quarters and cut to order to suit the patron. Nothing but the very best of foods including fruits, melons and sea food in season are served at the Soo and for those who wish the assurance of a good meal it can be said that they will certainly not be dissappointed either in cuisine or service at the Soo.

Mortgage Foreclosure Sale

WHEREAS, Default has been made in the conditions of a certain indenture of mortgage bearing date the 16th day of February, A. D., 1917, executed and delivered by I. C. Week, an unmarried man, mortgagor, of the county of Clay and State of Minnesota, party of the first part, to the Citizens State Bank of Thief River Falls, a corporation under the laws of the State of Minnesota, mortgagee, whereby said mortgagor did grant, bargain, sell and convey unto said mortgagee, its successors and assigns, that certain real estate situate and being in the County of Pennington and State of Minnesota, known and described as follows, to-wit:

"The Southwest Quarter (SW¼) of Section Twenty-two (22), in Township One Hundred Fifty-four (154) North of Range Thirty-nine (39) West of the Fifth Principle Meridian, containing One Hundred Sixty (160) acres, more or less, according to the Government Survey thereof,

Together with all the hereditaments, privileges and appurtenances thereunto in any wise appertaining, to secure the payment of the sum of Fifteen Hundred ($1500.00) Dollars on the 16th day of February, A. D. 1922, with annual interest thereon from the 16th day of February, A. D. 1917, until paid, at the rate of Five and One-half (5½) per cent per annum, payable on the 16th day of February in each year, according to the conditions of a certain bond in said mortgage described, and which said mortgage was thereafter and on the 16th day of February, A. D. 1917, at nine o'clock A. M. duly recorded in the office of the Register of Deeds in and for Pennington County, Minnesota, in Book 12 of Mortgages on page 372, and,

WHEREAS, said mortgage was thereafter duly assigned by said Citizens State Bank of Thief River Falls to S. Listoe, by an instrument in writing dated February 21st, A. D. 1917, and duly recorded in the office of the Register of Deeds for said County of Pennington, Minnesota, on the 17th day of May, A. D. 1921, at 11:00 o'clock A. M. in Book 63 of Mortgages on page 322, and,

WHEREAS, default has been made in the payment of the principal sum of said mortgage and of the whole thereof and said mortgagor has neglected to pay and has not paid said principal sum of Fifteen Hundred ($1500.00) Dollars nor any part thereof, and,

WHEREAS, said mortgagor has further neglected to pay and has not paid any interest on said principal sum since the 16th day of February, A. D. 1920, and there is now claimed to be due and is actually due upon said mortgage at the date of this notice, for principal and interest, the sum of One Thousand, Seven Hundred and Thirteen and 13-100ths Dollars, and no suit or other proceeding having been instituted at law or otherwise, to recover the debt so secured by said mortgage, or any part thereof,

NOW, THEREFORE, Notice is hereby given that by virtue of a power of sale in said mortgage contained and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of said mortgaged premises and said mortgaged premises will be sold by the sheriff of said Pennington County, Minnesota, at public auction to the highest bidder for cash, at the east front door of the Courthouse in Thief River Falls, the county seat in and for said Pennington County, on Tuesday, the 14th day of November, 1922, at 10:00 o'clock in the forenoon to satisfy the amount which shall then be due on said bond and mortgage, with all legal costs and disbursements, including an attorneys fee of Seventy-five ($75.00) Dollars, stipulated in said mortgage to be paid in case of such foreclosure.

NOTICE OF MORTGAGE FORCLOSURE SALE

Default having been made in the conditions of that certain mortgage made, executed and delivered by Lars Olsen Bak, a batchelor, as mortgagor, to Goodridge State Bank, a corporation under the laws of the State of Minnesota, as mortgagee, on the 23rd day of January, 1919, and with a power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the County of Pennington, State of Minnesota, on the 25th day of January, 1919, at 11 o'clock A. M. in book "13," of mortgages, on page "157," and which mortgage was thereafter assigned by [illegible] A. M. in book "63" of mortgages, on page "433," and which mortgage was given upon the following described land, situated and being in the said County of Pennington, State of Minnesota and in said mortgage described as "The North East quarter (N. E. ¼) of section numbered twenty-(20) in township one hundred fifty four-(154) North, of Range numbered thirty nine-(39) West, of the Fifth Principal Meridian" and was given to secure the payment of the sum of One Thousand-(1000) Dollars, and interest on that sum at the rate of six per centum per annum, payable annually on the first day of December of each year, the principal sum being due and payable on the first day of December, 1923, and which default consists in the failure to pay the sum of Sixty-(60) dollars, which were due and payable on the first day of December, 1921, interest on said $1000.00; And the said Wade Pinckney, said assigned of said assignee of said mortgagee having by reason of said default declared and hereby does declare the whole sum secured in and by said mortgage to be due as he is duly authorized to do under and by the provisions in said mortgage contained.

That there is now due and payable upon the indebtedness secured by said mortgage, the sum of One Thousand-(1000) Dollars, with interest thereon at the rate of six per centum per annum from and since the first day of December, 1920.

Now, therefore, notice is hereby given that by virtue of the power of sale in said mortgage contained, and pursuant to the Statutes in such cases made and provided, the said mortgage will be foreclosed by a sale of the said premises described in and conveyed by said mortgage, with all the appurtenances thereunto belonging or in anywise appertaining, which sale will be made by the sheriff of said Pennington County, at the front door of the Court House in the city of Thief River Falls in said County on Friday the 20th day of October 1922, at ten o'clock in the forenoon of that day, at public vendue, to the highest bidder for cash, or so much thereof as shall be necessary to pay the said debt of $1000.00, with interest on that sum at the rate of six per centum per annum from and since the first day of December, 1920, and fifty dollars as stipulated in and by said mortgage in case of foreclosure and the disbursements allowed by law, subject to redemption at any time within one year from the date of said sale, as provided by law.

What Results Would be If Esch-Cummings Law Were Applied to Farms

(Moorhead Press.)

"If the Esch-Cummins law is good for the railroads, why would it not also be good if applied to the farmer's operations? If applied to the farming as it is now applied to the railroads, the following is just how it would be carried out.

"Now suppose you owned a farm of 320 acres of land, and the actual value of your place was $100 per acre. That would amount to an actual valuation of $32,000, but you *have the privilege of placing* your own valuation upon your land, so you call your place worth $200 per acre, which would amonut to $64,000. Now go ahead and put this land into crop. Keep a strict account of every bit of expense you have in producing this crop—put in good wages for every day spent by yourself and family, and also hired help, figure out a good price for every bit of seed used on it, figure out good pay for your teams, tractors and everything else. Don't use an old machine too long, just go into town and buy yourself a new one, fix up all your buildings and keep them in good repair. Keep a strict account of all your expenses connected with it, such as the upkeep and running expense of everything, including your automobile. Figure in your doctor bills, your attorney fees, if you have any, and everything else which you spend while running that farm during the year. Now after you have sold everything you have produced on the place during the year, keep a strict account of that, add up what your products came to for the year, then add up all your expenses, including good wages for yourself and family, hired help, etc., and subtract it from the amounts of what your products sold for. Now add to your expenses a 6 per cent dividend on your so-called valuation of $64,000, and if the crops you have produced are not enough to pay the whole amount, just send in your bill for the balance to the government of the United States and receive a government check, payable to yourself, for the balance.

"That is just what the Esch-Cummins railroad law is doing for the railroads and Congressman Steenerson and Senator Kellogg voted for this law.

"Now when you figure up your own salary for managing and working your farm, don't put it too high—say that you fix it at $1,000 per year, that will do, although a railroad president gets from $50,000 to $75,000 a year.

"The Esch-Cummins railroad law gives the railroads of this country just such a privilige as above described and they are taking full advantage of it. If the law is good for the railroads why would it not be a good law for the farmers? Such special privilege laws as that and the federal reserve bank laws is what has upset the country at the present time. It is said that 75 per cent of the merchants are virtually bankrupt at this time and if the change is not made soon, the farmers will be on the same toboggan slide."

CONVENTION OF TEACHERS HERE OCTOBER 12-13

Northwestern Minnesota Educational Association Will Hold Two Day Session.

Over 600 Delegates Expected From All Parts of This Section of the State.

Local Committees Making Arrangements to Entertain Visitors While in City.

The annual session of the Northwestern Minnesota Educational association, which will convene at the auditorium in this city on Thursday, October 12 and continue through two days and two evenings, will be the most important ever held by this organization. It is also certain that in point of numbers the delegates and visitors will eclipse anything of a similar nature ever seen in Thief River Falls. Their total is conservatively estimated at 600.

Two Days Session.

The convention will open at the auditorium at nine o'clock on Thursday morning. A complete and comprehensive program is being arranged which provides among other things for sectional and round table programs at which subjects and problems of a general nature will be brought up and discussed. A considerable part of the daily programs will be devoted to rural school work, the intention being to place particular emphasis upon this branch of instruction.

All Details Attended to.

Local committees are busy making arrangements for the proper entertainment of the visiting delegates and nothing will be left undone that can in any manner aid in making it a great success. Guides will meet all incoming trains and every provision will be made for the convenience and comfort of the visitors.

New Books at Library.

A shipment of new books has just arrived at the Carnegie library and are at the dispositon of its patrons. Among them are nine volumes for adults, and a set of twenty-one volumes of Burgess's adventure books for children. The latter will surely prove to be of great interest to youngsters of the city.

The new Americana Encyclopedia also arrived a short time ago. It contains thirty volumes and is in the opinion of many, the best encyclopedia published. It particularly fits the needs of the American reader, more so than does the Brittanica. The public should visit the library and become acquainted with this wonderful collection of practical information.

Following is the list of the new books besides the Americana:

Encyclopedia of Etiquette. Toasts for all occasions, Birthright, Stribling; Mysterious Stranger, new edition, Mark Twain; Robin, Burnett; Babbitt, Sinclair Lewis; This Freedom, Hutchinson; The Glimpse of the Moon, Wharton; Mercy of Allah, Belloc.

Adventures of Reddy Fox, Burgess; Adventures of Johnny Chuck, Burgess; Adventures of Peter Cottontail, Burgess; Adventures of Unc' Billy Possum, Burgess; Adventures of Mr. Mocker, Burgess; Adventures of Jerry Muskrat, Burgess; Adventures of Danny Meadow Mouse, Burgess; Adventures of Grandfather Frog, Burgess Adventures of Chatterer, the Red Squirrel, Burgess; Adventures of Sammy Jay, Burgess; Adventures of Buster Bear, Burgess; Adventures of Old Mr. Toad, Burgess; Adventures of Prickly Porky, Burgess; Adventures of Old Man Coyote, Burgess; Adventures of Paddy the Beaver, Burgess; Adventures of Poor Mrs. Quack, Burgess; Adventures of Bobby Coon, Burgess; Adventures of Jimmy Skunk, Burgess; Adventures of Bob White, Burgess; Adventures of Ol' Mistah Buzzard, Burgess.

Wilson Returns.

Geo. M. Wilson returned last week from Iowa where he had been spending some time looking after his farming interests. Mr. Wilson was a candidate for district judge in the primary election, being styled the "dirt farmer candidate." He received about four thousand votes but was eliminated and he states that his interest now is in his fourteen hundred acres of land in eastern Marshall county. He appears, however, to be vitally interested in the judgeship election this fall and says that, together with several hundred farmers in his section of Marshall county, he is out to elect Judge J. M. Bishop of Thief River Falls.

Taken to Insane Asylum.

Mrs. M. Teig of Smiley township was taken to the insane asylum at Fergus Falls last week, by Deputy Sheriff Frank McGinnity.

McGinn Plays on St. Thomas Team.

Denis McGinn, who left about three weeks ago to resume his second year's work at St. Thomas college, took part in the football game played last Sunday between the Cadets and Fort Snelling in which the lateter were defeated by a score 19 to 0. McGinn appeared in the lineup as right end and it is safe to say that he will retain a permanent berth on the college eleven. Denis is a strong enthusiast for all forms of athletics and has always distinguished himself in various lines of this activity, particularly in football, baseball and basketball. It will be with particular interest that local football fans will watch the sport columns of the twin city papers this fall so as not to miss any comments on this Thief River boy.

Car Smashed in Collision.

The car of Theodore Urdahl was badly wrecked last Sunday evening when Peter Joringdahl of Viking ran his machine into it as it was parked alongside the road near Nopor's farm. The parked car had no lights which also was the case with the Joringdahl car. It is said that the driver of the latter was intoxicated and drove recklessly so that he did not see the car on the side of the road and drove into it on the side, smashing it up considerably and also doing a great deal of damage on his own machine. Nobody sustained any injuries as a result of the collision. Mr. Joringdahl settled the matter by paying the damage sustained by the other car.

Has Operation for Appendicitis.

Mrs. J. W. McGilvery of this city underwent an operation for appendicitis at the local hospital Tuesday. She is reported to be improving very rapidly considering the nature of the operation.

VEGETABLE SHOW IS SCHEDULED FOR THURSDAY OCT. 5

Commercial Club and Merchants Association Co-operate in Undertaking.

The Commercial Club and Merchants' Association Vegetable Show will be held in the Commercial club rooms on Oct. 5. The vegetables listed in last week's paper, namely: Pumpkins, sugar beets, sweet corn, cucumbers, peas, beans, currants, pie plant, plums, raspberries, strawberries, ground cherries, and tomatoes will be given very liberal premiums. Any other vegetable or fruit grown in this section which is worthy of exhibit and declared so by the judges and committee will be given premiums. First prize on these vegetables is $3.00, 2nd $2.00 and 3rd prize $1.00. A $10.00 cash prize is offered for the best collection.

Speakers will be secured who will strongly advise farmers and others the great possibilities in growing more garden produce in this section of the state.

The Citizens State bank is giving $100.00 for premiums on corn and potatoes during the same days. Everyone raising either potatoes or corn should make it a point to exhibit at this show.

Nortz Lumber Co. Sells Yard in Thief River Falls

A deal has been closed by which the local yard of the Nortz Lumber company has been exchanged for a yard owned by the Ireland Lumber company at Lakota, N. D. The new concern will take over the local yard as soon as the necessary arrangements can be made, the management and force to remain the same according to present plans. The Ireland company has its headquarters in Grand Forks and has yards at several points in this section of the country.

RING LARDNER WRITES ON "QUEEN OF SHEBA"

Ring Lardner, the noted humorist, whose writings on sports and other subjects have handed the entire country many a laugh, saw "Queen of Sheba," the William Fox great love spectacle, and wrote to the producer the following letter from Great Neck:

"Well I seen the Queen of Sheba and got a good laugh when Solomon showed the 10 commandments to his 4 year old kid David and told him to never break none of them as I have also got a son David that ain't only 2 years old and has all ready man handled the most of them and beat No. 5 into a state of torpor. And if Solomon was such a wise cracker why didn't he marry the Sheba gal which would of given him another $1000 personal exemption making a total of $1,001.00 off for wives alone and from what I see of her he could of went without camels a couple of days and kept her in clothes for a year. But all you got a swell picture Mr. Fox and it looks to me more people would read the bood if Virginia Tracy had wrote all of it."

Fined for Using Firearms.

Andrew Nelson and Amos Peterson, two young fellows, were brought before Judge Tarrant Monday morning, the charge being that said boys used firearms unlawfully inside the city limits. They were arrested by Chief Erickson and were obliged to pay a fine of $5 each and costs. Chief Erickson warns anybody from this practice and states that anyone violating this ruling will receive no mercy from the police force.

COUNTY'S FIRST HOLSTEIN SALE HERE NEXT WEEK

Pennington Breeders Will Offer 64 Head For Absolute Sale On Wednesday, Oct. 4.

Many Inform Committee That They Will Be Here to Participate in Buying.

Strict Inspection of All Animals Entered Will Precede Appearance in Sale Ring.

Next Wednesday, October 4, is the date set for the first annual Holstein consignment sale by the breeders of Pennington county. Extensive preparations are being made for the event and it promises to be the most successful of any similar affair ever held in the Red River valley.

64 Head Consigned.

Sixty-four head of pure bred and high grade animals have been consigned for absolute sale to the highest bidder. While this sale is the first to be held under the direction of this association, the quality of the stock owned by Pennington county breeders has received such wide and favorable advertising that there are certain to be a large number of outside buyers present.

Large Attendance Expected.

Notices of this sale have been sent to the leading Holstein men of the state by Secretary J. J. McCann of the association and he already has assurances of a large attendance at the sale as well as applications for many entry blanks. While farming conditions generally throughout the Northwest are not above the average, there is a steadily growing demand for better cattle and this sale will afford many who cannot attend sales at points farther away an opportunity to secure the desired stock from some of the best strains in the country. The "improved sire" campaign inaugurated last spring by the association has been instrumental in placing a considerable number of young pure-bred bulls among farmers of the immediate neighborhood, but there are still quite a number available. Heifers and calves are also in such demand that it is doubtful if a sufficient number can be entered to supply all those who will wish to buy.

All animals listed for sale will be inspected by a committee composed of M. T. McFarland, Fred Beerbower, Ben Rosendal, F. T. and S. E. Hunt and all animals listed for sale will have to stand the most exacting examination. This is deemed necessary as a gaurantee to the buyer and a protection to the reputation of the association.

The arrangements and publicity work is in the hands of Hans Anton, V. C. Nopor, M. T. McFarland and J. J. McCann.

American Legion Dance Oct 28.

The American Legion will officially open the dancing season tomorrow evening when a dance will be staged at the auditorium. It will be the first hop sponsored by the local legion post this season and a good time is assured.

NAZINOVA BRINGS "CAMILLE" UP TO DATE AS PHOTOPLAY

"Camille," the Nazimova production which will be seen on Sunday and Monday at the Lyceum theatre, has been modernized for the screen in an adaptation by June Mathis, who wrote the continuity for the Rex Ingram production for Metro of "The Four Horsemen of the Apocalypse" and "The Conquering Power." In playing the Dumas heroine, Nazimova follows the tradition that has led nearly all of the great actresses to give it a place in their repertoire; the tradition of Bernhardt, Eleanora Duse, Clara Morris, Rejane Modjeska, Laura Keene, Olga Nethersole and Ethel Barrymore.

In Rudolph Valentino, the dashing young actor who plays the role of Armand Duval, Nazimova has a leading man of brilliant gifts who has won much praise for his remarkable performances in "The Four Horsemen of the Apocalypse," as Julio Desroyers, and "The Conquering Power," as Charles Grandet.

Woman's Club Will Hold First Meeting Next Monday

The first meeting of the Woman's Club will be held in the basement church Monday, October 2. Every woman interested in the Woman's Club and who wishes to be a member is invited to be present. The board members will serve a light lunch and will have some entertainment between the hours of 3 and 4, after which the program for the year will be discussed, and also any other matters that may be brought up.

The secretary has not had returns from all of the women to whom membership slips were sent and it is urged that the women desiring to be members of the club be present at the first meeting.

W. C. T. U. Meet Oct. 3

A meeting of the W. C. T. U. will be held Tuesday afternoon, Oct. 3, at the home of Mrs. S. M. Poston. Everybody is invited to attend.

Parent-Teacher Meeting

The Parent-Teacher Association will be the host at a reception for the teachers of Thief River Falls, to be given Friday evening, September 29, at the Knox school. This is the first meeting of the Association this year and it is hoped that a large number will come out to welcome the teachers, get acquainted with them and start the work of the year. A short program will be given, followed by a lunch and social meeting. Everyone interested in the school is invited. The time is 8 p. m. Plan to be there to be on time.

Return From National Park.

John Brumund and Sam Plough returned last week from a trip to Yellowstone National Park, which they made in the former's Ford. They were gone for one month and enjoyed the various phases of outdoor life on the way and in the park. It took approximately five days to make the trip one way. They spent about one week within the park, making a complete trip through it which constitutes a distance of over 200 miles. The tourists saw most of the places of interest and are very enthusiastic about the scenery. They state that the roads were generally good.

Hemp Mill Proposition is Discussed at Club Meeting

The Commercial club was addressed today by Bert Ball, director of plans of Chicago, and J. S. Laidlaw, from the Crop Improvement association of Minneapolis, lectured on the growing of spring wheat in this section. The proposition of installing a hemp mill and growing of hemp in this neighborhood to eradicate sow thistle was also taken up by Mr. Laidlaw. On October 5th, state speakers are scheduled to give talks on the growing of garden produce and the possibilities of growing suitable vegetables for a canning factory in Pennington county. On October 13th a Teachers' Institute is being held in Thief River Falls and approximately 600 teachers will be present at thata time. The entertainment committee of the Commercial club is making provisions for scheduling their speakers at the noon-day luncheon at that time.

HIGH SCHOOL TEAM PLAYS GRAND FORKS SCHOOL SATURDAY

North Dakota Aggregation Defeated Crookston Last Week By Score of 21 to 6.

Saturday afternoon, Sept. 30, the football representatives of the local high school will continue their activities by clashing with an aggregation of fast fellows from the Central high of Grand Forks. The game will be played at the fair grounds and will commence at the usual time, 3 o'clock.

The home team is a strong outfit and made a worthy showing in last Saturday's game when they defeated the Warren eleven to the tune of 65 to 0. The locals do not expect to duplicate this with their Saturdays opponents but indications are favorable towards a victory. The men are getting splendid coaching under the direction of MacFarlane and are going thru some particularly stiff practice this week preparing for one of the hardest games of the season. Grand Forks is said to have a bunch of clever pigskin artists and succeeded in winning over Crookston Saturday by a score of 21 to 6.

The coach announces that practically the same lineup will be used in the Grand Forks game as was used last Saturday.

With a backfield composed of Ernest Barzen, Russel Anderson and Stanley Sorenson there is no doubt but what the spectators will see some real sensational playing. According to all indications the game Saturday will be one of the best ever played here and local fans should be on the grounds in full number and show the boys they are boosting for them.

A full account of the Warren game will be found on the High School Progress page. Watch that page for any high school activities.

Three Hundred Private Rooms Wanted.

The Northwestern Educational Association will hold its annual meeting in our city October 12 and 13. Ordinarily the attendance at this meeting is about five to six hundred. The hotels of our city can accommodate a part of those coming and so it is necessary for us to call upon all citizens of Thief River Falls who can supply furnished rooms to help out. We are just as anxious to make this convention a huge success in advertising Thief River Falls as we are to make it an educational success, and hospitality is the best kind of advertising. Everyone who has a room for rent can help by listing the number of rooms and the address with the school secretary. Telephone us at your earliest convenience. Call 62.

PETITION ASKS FOR NEW BRIDGE AT THIRD STREET

City Council Decides to Get Plans and Specifications to Determine Cost.

Will Be Necessary For Voters to Approve Bond Issue if Structure is Built.

Thought Possible That County Might Aid if Decision to Build is Reached.

At the regular meeting of the city council Tuesday evening a petition signed by over three hundred taxpayers was presented, asking for the construction of a bridge across Red Lake river at the foot of Third street and connecting with the east side at Johnson street

Council Favorable.

The various members of the council all expressed themselves as favoring the proposition providing it could be done at a reasonable cost and properly financed at this time. The petition was, therefore, accepted and placed on file.

Will Get Plans.

The first move in connection with the project will be the securing of plans and specifications in order to determine the cost. It is understood that this detail will be attended to without any delay and that the matter can be put up to the voters at an early date, it being necessary to secure the approval of a bond issue before the project can be undertaken. In this connection some members of the council are of the opinion that help can be secured from the county and possibly from the state highway department.

Breaks Arm At School.

Little Stanley Ranum had the misfortune last Friday of falling from a swing on the Rosewood school play ground and breaking his arm shortly above the elbow and also dislocating the elbow joints. The full extent of the injury was not ascertained before in the evening when the little fellow was taken for an examination at Thief River Falls, and by that time the flesh had swollen so the bone could not be set, and it will be necessary to await the abnormalcy of the parts before anything can be done to straighten the arm.

R. N. A. Convention.

A delegation of about 35 ladies left this morning by car for Crookston to attend a district convention of the Royal Neighbors of America held there today.

Here From Washington.

Mr. and Mrs. T. P. Anderson had as guests at their home last week Mr. and Mrs. Norman Peterson, who motored here from Washington, D. C., where Mr. Peterson is engaged as assistant secretary to Hon. Halvor Steenerson. Prior to his entering the service Mr. Peterson was employed in Thief River Falls. From here they continued their journey to Badger, to visit with Mr. Peterson's parents.

Return to University.

Mr. and Mrs. Glen Anderson and Mr. and Mrs. Fred Scanlan, who visited among relatives and friends in this city for about three weeks, returned to Minneapolis Saturday morning. They made the trip by car. Mr. Anderson and Mr. Scanlan resumed their studies at the University when it opened yesterday, the former in the business department and the latter in the law school. This is their second year at the U.

Large numbers of laborers are now returning from the harvest fields of this section and North Dakota. The Wheat Line train on the Great Northern during the last few days has been crowded with returning threshers. In some places threshing has been completed while many are coming back due to the heavy rains which delayed the work considerably.

Very little threshing is left in this community except in the eastern part of the county.

Voldness Waives Hearing; Held to District Court

Melvin Voldness, who was arrested on Sept. 8 charged with having provided three minors with intoxicating liquors, appeared in municipal court Thursday, last week, before Judge Tarrant and preliminary examination was waived, Voldness being bound over to the grand jury at the next term of district court. The bond was placed at $500, which he furnished.

W. W. Secretary.

It is announced to members of the local order of the Woodmen of the World that P. J. Keating has been appointed acting clerk.

Rosewood Poultry Demonstration.

The poultry demonstration and meeting were held last Tuesday instead of Friday as previously announced owing to the principal speaker Mr. Stanfield being unable to remain that long in this section of the state. The change brought about some confusion but on the whole it was generally well known. Mr. Stanfield was accompanied by county agent J. J. McCann and Olaf Neset from Thief River Falls and the gentlemen were well posted on their subject. The meetings were not as well attended as might have been wished for evidently owing to the busy season and the political rally and young peoples meeting the same evening. The afternoon's demonstration was held before a handful of people at the farm of Mr. and Mrs. Fred Dols and the cheif feature was the showing of proper means of culling layers and ascertaining the profitable hen from those intended for the market. Mr. Stanfield also spoke briefly on other subjects including turkey raising and distributed free booklets on the culling of poultry, feeding and housing and the raising of turkeys. The evening meeting was held at Rosebank and was a very interesting lecture on poultry raising in general. The gentlemen left the same evening for Thief River Falls.

Breaks Ankle in Auto Smash.

Ewald Pomerenke of Germantown was brought to Dr. Froehlich for medical attention as the result of an automobile crash in which Mr. Pomerenke sustained a broken ankle and other minor bruises. He was riding in a buggy on the road north of Mavie on Saturday evening when a car passed a team ahead of him and crashed right into his rig throwing it into the ditch and smashing it almost completely. A wheel passed over Mr. Pomerenke's leg with the result that the ankle was fractured.

POULTRY WEEK IN COUNTY PROVES VERY SUCCESSFUL

Many Meetings Held and Much Information Gained by Local Poultry Men.

Poultry week in Pennington county was very successful, both in information given and attendance at the programs. Mr. W. E. Stanfield, poultry expert of the Northwest Farmstead, distributed blue prints of poultry houses, literature on how to cull, how to feed and how to construct buildings for the best results.

Two meetings a day were held throughout the county and many interested poultry raisers were present at every meeting.

On Thursday evening, Sept. 21st, the annual poultry supper was held by the County Poultry Association.

The association wishes to express their thanks to the members and others who assisted them in the way of service and donation of fowls.

The poultry raisers who contributed fowls were as follows:

Olaf Neset, Dave Gustafson, A. M. Jensen, V. C. Noper, O. Olson, Ed. Battenfelt, F. B. Conklin, Fred Dols, W. Yonke, Mrs. Wm. Arnold, C. M. Buoen, Paul Engelstad and Harry Schuster.

Death Takes Pioneer Resident.

Anton Bartinus Remmem, 25 years resident of this city and community, passed away at his family home, 123 Third street, on Monday morning at 3 o'clock, the cause of his demise being a general nervous breakdown and weakness from which he had suffered during the past year. Last spring he was sent away for treatment but it was of little avail, his condition growing gradually worse.

Mr. Remmem was a resident of Thief River Falls for 25 years and saw the city grow from a meager frontier village to its present state. He was born July 18, 1872, in Romsdalen, Norway, and came to this country together with his parents at the age of 14. The family settled down at New Solem, where they resided for many years. He came to this city 25 years ago and has since been engaged in the livery business and also at one time operated the Christiania hotel for a period of about eight years. In 1903 he was united in marriage to Miss Inga Nordhagen, also of Pennington county, and to this union six daughters were born, five of whom survive. Agnes died about a year ago.

Deceased is survived by his widow and five daughters, Bertha, Mildred, Gladys, Goldie and Ruth. He also has a brother, John, who resides at Rosewood.

Funeral services were held yesterday afternoon from the Zion Lutheran church, Rev. Geo. Larson officiating and interment being made in Greenwood cemetery.

The following acted as pall bearers: Halvor Loken, Martin Benson, Alfred Rasmusson, Rasmus Oen, Bernhard Knudsen, and Anton Langseth.

Auto Trip Into Four States.

Arnold, Paul and Alphie Abrahamson of Lanesboro, Minn., spent last week with their aunt and uncle, Mr. and Mrs. Olaf Tessum. These young folks have made a ten week's tour, covering various points in North and South Dakota, and Montana, also Yellow Stone Park. They will make a brief visit with relatives at Fergus Falls and the twin cities before returning home.

Mrs. Ole Johnson of the Knox Farm, accompanied by her brother, Ole H. Johnson of Erhart, Minn., will leave Monday for Blair, Wis., where they will visit at the home of their brother Edw. Johnson. On their return trip they will stop off at the twin cities to visit her daughter, Mrs. T. G. Robertson. They will also stop off at Alexandria, Minn., where they will visit Mrs. Johnson's old acquaintances and friends, being her former home.

CASH PRIZES OF $100.00 FOR BEST CORN, POTATOES

Show to Be Held at Bank in October—No Strings or Conditions to Proposition.

Citizens State Bank to Stage Exhibition at Which Above Awards Will Be Given.

Any Farmer in Pennington and Part of Marshall County May Enter the Contest.

One of the most encouraging signs for the future of this section is the interest taken by banking institutions in the welfare of farmers. In no other region of Minnesota are the banks getting behind men who till the soil with programs of such real helpfulness and in a manner so calculated to encourage a better system of farming. Business men of all kinds, and bankers in particular, realize that on the prosperity of the farmer depends the welfare of the country in general and are doing their full share toward securing for the man on the land a greater and more certain return on his labor and investment.

As its share in this encouragement movement the Citizens State bank of Thief River Falls proposes to stage a corn and potato show at which substantial prizes will be given. The show will be held at the bank on Oct. 5 to 7, and the simple rules of competition will be found in the announcement printed in another place in The Times this week.

$100 In Cash Prizes.

The bank offers $100 in prizes, half each in the corn and potato divisions. The first prize is $15, second $10, third $7, fourth $5, fifth, $3, and $1 each to the next ten best. This applies to both corn and potatoes. The territory included takes in all of Pennington county and the southern tier of townships in Marshall county, contestants thus having equal advantages as regards soil and climate conditions. Competition will be confined entirely to individual exhibits. Competent judges will be appointed and awards will be made on points and according to what is considered the recognized standards for this district. Average size, productiveness, breed, type and general appearance will be the governing factors. Assurance is given that the show will be conducted with the utmost fairness and impartiality.

Bank officials reserve the right to retain the prize-winning exhibits at this show for entry at any other exhibition and for future display. It is stipulated, however, that in case any additional prizes are won at these other shows, the awards shall go to the original owner.

There are no strings of any kind attached to this prize offer and every farmer in the territory specified has exactly the same chance of winning as his neighbor.

With corn and potatoes coming to the front as among the most staple and important crops of the district, this offer should create a good deal of interest. The winning of one of these prizes entails no extra labor or other condition on the farmer and all have an equal chance.

WORTHY OF SUPPORT.

It is none too early to begin making arrangements for exhibiting livestock and other farm products at the big Northwest Winter Show at Crookston in February. This is perhaps the most important sectional fair in the entire country and it devolves upon the people of the northwestern counties to make it of even greater value.

There seems to be a tendency on the part of many people in Pennington and some of the other counties to regard this mid-winter show and sales event as primarily and principally a Crookston and Polk county affair, and one in which other counties and cities are therefore only incidentally interested. Nothing could be farther from the facts. The show and sales pavilion is being paid for by contributions gathered over a large stretch of country and is no more a Crookston institution than the state fair is a Minneapolis adjunct.

The mid-winter fair is an event of *great importance to the entire* Northwestern section of the state. Products from all the participating counties are exhibited on an even footing, none being in any manner favored either in point of display or judging. The officers of the association are interested in calling the attention of outsiders to the opportunities presented in this district and at the same time stimulating competition among the people already residing here. They have had an uphill fight, principally for the reason that many of the people they have been trying to help have failed to grasp the importance of the movement. During the past year this condition has been greatly improved and the prospects now are for the greatest show ever staged.

But before the fair is held an attempt is to be made to pay off the debt on the pavilion and a drive is to be staged during the coming week for this purpose. An attempt will be made to sell sufficient stock in the pavilion to meet the outstanding indebtedness and each county has been alloted a certain amount, based on population and the relative importance of its farming interests. In Pennington county the committee is headed by Paul Englestad and composed of the leading business men and farmers. This committee will make a thorough canvass of the county and should have no trouble in raising the small sum asked for. As wide a distribution as possible will be sought for these shares, as this will mean a direct interest in the success of the fair and show by a larger number of people. It is not the intention that any large amount of stock shall be taken up by any one person, the aim being rather to scatter the holdings over as wide a territory as possible, small amounts being particularly favored.

The stock is good property as a business proposition, but its greatest value lies in the aid given a most worthy and sensible movement. The money is needed to put the association out of debt, a condition that will grately enhance its usefulness by removing one of the most serious handicaps under which its has labored.

The Times hopes Pennington county will oversubscribe its allotment, and do it early in the campaign.

The first meeting of the Parent-Teachers association this year will take the form of a public reception for the teachers in the schools of Thief River Falls. It will take place tomorrow evening commencing at eight o'clock, at the Knox school on the East Side.

The management has made arrangements for a brief and informal program which will consist mostly of musical numbers. The main purpose of the meeting is to provide an opportunity for teachers and school patrons and parents to become acquainted and in this way launch the association's activities for the ensuing year.

Last year the association enjoyed a very successful existence and growth and prospects for the coming season are very favorable towards even a perfection of that. This will depend largely upon the way the public will respond to the efforts of those who are working to bring about a closer relationship and understanding between teachers, students and parents. Plans are being made for a series of exceptionally interesting meetings.

It is hoped that as many as possible come out for the reception tomorrow evening to meet the new teachers and renew acquaintance with those who have been here before.

COMMERCIAL AND SOCIAL ORGANIZATIONS IMPORTANT FACTOR OF COMMUNITY

This is the twelfth of a series of fifteen Industrial articles which will be published in The Times, one each week for the next fifteen weeks, for the purpose of outlining to Northwestern Minnesota and the outside world the vast field of resources and opportunities existing here for advancement and success and for the promotion of optimism and the right psychology. The facts contained in these articles are based absolutely on reliable facts and gathered by an expert publicist who has had many years experience.

The Times throughout this period will make an effort to show that there is not a section of the country in the west or the northwest that offers a wider field of endeavor than Pennington county and the trade territory of Thief River Falls. Every phase of industrial life and business activity will be covered in a thorough and constructive manner.

The carrying out of this campaign has been made possible by thirty of the progressive business institutions of Thief River Falls, the leading distributing and commercial center for the entire Northwestern part of the state. After reading this article turn to the two inside industrial pages and see who these progressive firms are who so willingly have come to the assistance of this enterprise.

Every reader of The Times can assist very materially in this campaign by sending his own copy of the paper to a relative or friend in some other section of the country after he has completed reading it, that this relative or friend may learn of the opportunities in this splendidly productive section.

TIMES PRINTING & MFG. COMPANY

(By R. KENNETH EVANS.)

Co-operation and advancement are two of the requisites for the making of a live, productive community and this co-operation of cities and counties is best served through the organization of the forces which are at hand for the development of the commercial possibilities. The fostering of commercial organizations for development purposes is one of the most effective methods.

What applies to a larger manufacturing institution with its governing head and various governing bodies will apply to a city and county. Without a president, executive manager, foreman in the various departments, the efficiency of such a plant would undoubtedly be in the minority. Each executive officer has his duties to perform and through their efforts the workmen are taught efficiency, each having his own individual work to do. The results under the class of management are that it is usually working to a capacity and from a profitable standpoint.

The commercial associations of a city or county should be the governing heads for development activity. The county bureau should direct the farmers, which it does very successfully while the Commercial club should look after various important features relative to the city's management, while credit associations look after protection of the merchants. Rotary clubs, Lyons clubs, Woman's clubs and similar organizations promote a good fellowship among the merchants and high moral standards in the city generally, and give incentives for harder work along the line of advancement. These organizations are all well represented in Thief River Falls and are functioning.

"There is not a city in the developing Northwest which has made maximum progress or advancement without the good influences of a commercial association. The functions of such associations are to supervise plans for advancement; to pass on the integrity of propositions which are always being submitted to a growing city for the purpose of stimulating its advancement. If such associations are functioning properly thousands of dollars can be saved annually through the elimination of the undesirous individual whose only aim is to promote his own gain.

The New Settlers Association.

What promises to be the strongest commercial organization in Northern Minnesota has just been organized in Thief River Falls and has created much enthusiasm and optimism. Quoting from the literature being distributed by the association:

"A contented family on every farm" expresses exactly the aim and purpose of this association. Our soul desire is to see our country filled with happy, contented and prosperous neighbors and to this end are we organized to efficiently lend a hand of mutual assistance to all who wish to settle in our midst and—above all—to render at all times such aid and advise as will insure their remaining permanently among us.

"We are not a land selling agency; nor are we particularly interested in the transfer of lands except in so far as new settlers are concerned, in which case we purpose to exercise a supervision over such deals in order that the purchaser may be assured of conditions being honestly represented and of receiving full value.

"We recognize that the real estate agent or land dealer is an essential factor in many land sales, serving a purpose as necessary as the family grocer and we do not intend to interfere in any manner with his work while conducted along the right lines; but we do consider that the welfare of the newcomer is a paramount importance; that the new settler is too valuable an asset to the community as a whole to be exploited by any one man or class.

"We also recognize the fact that the fair name of our community has often been slandered by the sale of so called 'Volstead' lands which in all instances lay many miles outside the border of our valley, but were disposed of by reason of the reputation gained by our own fertile lands. One of the primary purposes of this association is to ascertain and insure that all lands offered to prospective homeseekers can qualify as being worthy of the Thief Rivery Valley Brand."

The association is organized to aid the homeseekers by supplying desired information in detail and by intelligent advise on practical problems and by trying to keep the present farm citizenry contentedly on their farms.

H. W. Protzeller is president and general manager of the Minnesota Northwestern Railway; W. B. Fuller is vice president, secretary Hansen Barzen Milling company; J. J. McCann, secretary and treasurer, Pennington county Farm Bureau director and secretary Commercial club.

The directors are C. L. Hansen, banker; Waldie Christensen, farmer; Olaf Ramstad, banker; I. T. Simley, superintendent of schools; S. E. Hunt, farmer; Rasmus Oen merchant; Rev. J. B. Smith; T. P. Anderson, county auditor; H. S. Dahlen, banker; A. J. Anderson, banker; K. O. Gigstad, banker; Edwin Karwand, banker; J. P. Jensen, banker; Thos. H. Smith, banker; Stuart McLeod, farmer; Hans. Anton, farmer and creamery man; Rev. T. E. Sweger; Hugh Best, farmer; R. F. Hayes, farmer; P. Englestad, secretary Thief River Falls Creamery.

The Commercial Club.

The Commercial club, which has been a part of the commercial life of Thief River Falls for several years, was primarily organized for the purpose of assisting in the upbuilding of Thief River Falls and Pennington county as outlined above and the encouragement of the development of the manufacturing and wholesale industry. In the case of the latter the Commercial club realized that Thief River Falls is the logical metropolis for Northwestern Minnesota and as such offers unlimited opportunities for wholesalers because of railroad connections and to manufacturers because of the ideal location, ample water power and other facilities which are provided and which are rapidly making Thief River Falls one of the most important wholesale and distributing centers.

Club rooms for the club are maintained in the large city auditorium building, the city's most pretentious building, and business meetings are held every Thursday for the purpose of discussing pro and con the general business conditions and possibilities for their advancement and development.

Some of the city's most influential business men are officers and directors of the Commercial club while the membership of 212, the majority men in all classes of business in the city. From the standpoint of its membership there are few cities the size of this that can boast of a stronger organization generally. It is also a significant that these members are in the majority active at all times in all projects which are inaugrated for the general advancement and development of the city.

Dr. H. W. Froehlich, is president of the Commercial club while E. M. Bennes is vice president with J. J. McCann secretary and A. Lonson treasurer. The directors consist of representative business men, the board being composed of Math Barzen, president of the Hanson Barzen Milling company; P. Engelstad, secretary Farmers Co-operative creamery; Carl Christofferson, merchant; W. B. Fuller, secretary milling company and W. A. Hall, merchant.

Much activity towards development features can be traced directly to the Commercial club, while good road activity and provision of a tourist camp is one of the especially attractive accomplishments. A tourist camp is maintained with a capacity for 100 cars, located on the Jefferson Highway and equipped with excellent

"Citizens State" Corn and Potato Show

Starting **Thursday, October 5th.** — Ending **Saturday, October 7th.**

Citizens State Bank
Thief River Falls, Minn.

$100.00 in Cash Prizes.

Have your exhibits at the Citizens State Bank not later than October 5th. Each exhibitor is permitted to make an exhibit of both corn and potatoes.

Remember the Grain and Vegetable Show to be held in the Auditorium on Thursday, Oct. 5th. The Merchants Association and Commercial Club are offering $100 in prizes for the best exhibits. Arrange to bring in your exhibits for both shows. For further information, in regard to the Grain and Vegetable Show, call or write the Pennington County Farm Bureau.

Rules of the Contest and Instructions to Exhibitors

The following rules and instructions will govern the Corn and Potato Show, and every entrant is required to follow them:

1. Each exhibit of Corn will consist of ten ears of any variety of Dent Corn. Each exhibit of Potatoes will consist of 32 Potatoes, of any variety.
2. The contestant must himself have raised the Corn or Potatoes, which he shows for a prize, in a field of one or more acres, but not less than one acre.
3. The Corn or Potatoes shown must have been raised in Pennington County, or the southern tier of townships in Marshall, which border on Pennington.
4. The contestant is at liberty to drill and check his Corn, to plant his Potatoes in any manner, to cultivate and fertilize as he may think best.
5. The dates of the Show are October 5 to 7, 1922, to be held at the Citizens State Bank, Thief River Falls, Minnesota. It is desired that all exhibits reach the bank on or before October 4th. No exhibits will be accepted for entry after that date. The results of the contest will be announced October 7th.
6. The Citizens State Bank reserves the right to retain the Prize Winning Exhibits, for future display. However, if the exhibits are placed on display at other shows, any prize money will be delivered to the original owner.
7. Every contestant must accompany his exhibit with an entry blank. When it is desired to make entrance, fill the blank out completely, omitting none of the information provided thereon, and bring or send it to the bank in the same package with the exhibit.
8. Packing.—Where the entries are mailed to the bank each contestant must carefully wrap his entry, and enclose in a small wooden or cardboard box so as to insure against damage in shipment. The entry blank is to be enclosed in the top of the box, so there may be no error in judging.
9. Addressing and Shipping.—Each box must be addressed to the "Citizens Corn and Potato Show," care of The Citizens State Bank, Thief River Falls, Minnesota. The name and address of the exhibitor is to be written in the upper left hand corner of the top of the box. All entries must be shipped prepaid.

HIGH SCHOOL PROGRESS

Thief River Falls, Minnesota, Thursday, Sept. 28, 1922 Number 3

HIGH SCHOOL PROGRESS

Published by The Thief River Falls High School

Your Education

The education which you now possess has been acquired in three ways. By facts and truths that have been uncovered by the teachers; by keeping your eyes open and observing; and by your choice of good books to read.

The presence of the teacher is an essential in the years of early youth; for then is the time that you form the desire to study. A true teacher creates in her pupils a longing for knowledge, and fortunate is the boy or girl who has acquired the determination to advance. Few people become so old that they lose interest in investigation, provided that they started right. No one is so great in business or so skilled in the arts or the professions that he can afford to neglect self-improvement.

But, merely going to school does not insure success. The idea of outside study must go with it. The opportunities for study which the quiet home offers are unequalled. The way the leisure hours have been used has determined the success or failure of many a man and woman.

"How do you spend your leisure hours and your spare moments?"

School education lays the foundation but self-education erects the building.

Someone is probably just now a rival of yours for local honors, and is working while you sleep too long or, play too much. Some day you may wonder why he is always "lucky" in getting the desired positions. Do not call it "luck", it is preparedness. Today more than ever before, it is the man who knows, the man who is ready to grasp opportunities as they come who succeeds.

Coming! This Season

The foot-ball team is in action. The players are determined to make a record better than ever established by a Thief River Falls high school team, and also a good name for the school by establishing more firmly the fact that Thief River Falls stands for good sportsmanship and clean athletics.

The competition this year is very keen as is the team—and with the cooperation of every student of our school there is no reason why every game cannot end up with victory for us.

Bemidji, one of our usual rivals in athletics, has a team that is out for honors. They have a strong line-up which consists of most of last year's men, and they will require careful consideration.

Crookston has a team that is made up of real foot-ball men, and it is going to be our duty to honestly claim the long end of that score.

Fosston has a good team and the support of the whole school, which means a lot in a close game; so let us show them that we can have our school spirit as well.

East Grand Forks played a hard and fast game last year, and owing to the fact that they are losing only one man, the game with them ought to be exceptionally interesting.

Most of these games are to be played on our home field, and we are out to conquer. With Camile Warner and Steve Arneson as yell masters, and with the support of the student body, there is to be no question.

Eligibility

Eligibility plays an important part in football. We all heard the talk Mr. McFarlane gave us at our assembly. He stated that the team was composed of 11 members or cogs and if the machine was not properly supported it could not run smoothly. Eligibility also plays a part in the running of this machine, for if any member becomes ineligible, mechanically speaking, it is stripping a cog out of the wheel, and you know what a loose cog will do to the others. Many a team of championship material has gone into the discard because of ineligibility.

What does eligibility mean? Eligibility means about an hour of good work every day, outside of class periods, on each subject. I am sure there isn't a member of the team who would be so selfish as to neglect his work, and strip a cog out of the machine by allowing himself to become ineligible.

Ineligibility means a poor student, and I am positive no one wants to be classed as such. Therefore let's be good students, for good students are always eligible.

The Football Schedule

Our 1922 football schedule was almost complete as the paper went to press today.

The schedule is as follows:

Warren vs. Thief River Falls Sept. 23, at Thief River Falls.

Grand Forks vs. Thief River Falls Sept. 30, at Thief River Falls.

East Grand Forks vs. Thief River Falls Oct. 6, at East Grand Forks.

Crookston vs. Thief River Falls Oct. 13, at Thief River Falls.

Bemidji vs. Thief River Falls Oct 26, at Thief River Falls.

Oct. 27, open.

Nov. 3, open.

The day the locals play Crookston, the Northwestern Education association will be in session here.

Superintendent I. T. Simley is in communication with Fosston and Stephen. We are in hopes of securing games for the last two dates, October 27th and November 3rd.

The New Teacher

The Board of Education, in a special meeting, decided that another teacher should be added to the high school faculty. The new teacher will assist in the mathematics and science departments, which are at present overcrowded.

When the new Instructor arrives, Miss Thompson will be obliged to give up her general science classes and take charge of a new class in ancient history and english I.

Mrs. Korstad will teache the Algebra class and give up her classes in unified mathematics.

In the meantime, the classes are being cared for as follows: Miss MacNair is teaching one ancient history class; Mr. Rapacz has charge of a class in general science; Mrs. Korstad is teaching unified mathematics, and Miss Leavitte the class in English I.

Anderson-Alnes

An event which caused quite a furore among the students and faculty of Lincoln high, was the rather unexpected marriage of Miss Shirley Anderson, a senior, to Lloyd Alnes, a member of the class of '22, at 5 o'clock Monday, Sept. 25, at the Methodist parsonage.

Mr. Alnes took a prominent part in school activities last year, being among other things a member of the debating team and business manager of the "Prowler." The newlyweds have not as yet made definite plans for the future. The youthful couple are making their temporary home with the bride's parents, Mr. and Mrs. T. P. Anderson, 111 Kendall ave. south.

American Legion

Lincoln High students are now offered a chance to earn a scholarship at any college of university in the United States. The American Legion this year is offering three scholarship prizes of $700, $500, and $250 respectively for the best essay on "How The American Legion May Best Serve the Nation."

There are many ways in which our nation can be served by the American Legion. They can aid enforcement of prohibition by practicing temperance. They can benefit the nation by using their influence in the railroad strike. They can assist law enforcement by being exemplary law-abiding citizens. They can strive definitely to prevent posterity from passing through the horrors of another war. Another way in which they may help the nation is to assist in reforming some of the newspapers that are published. Many of these papers are a disgrace to a broad-minded nation.

It can readily be seen that there are many phases of discussion. If you are going to enter the contest, as we know you woll, there will be no dearth of topics. How do YOU think the American Legion may best serve the nation?

Senior Class Meeting

The seniors held their second class meeting Thursday after school. President Helle gave his inaugural address. He announced that the class had at last become seniors and that they should accomplish something both for ourselves and the school.

A part of the business of the meeting was the discussion of the class rings. A committee of four, Pearl Weeks chairman, Ernest Barzen, Myrtle Helgeland, and Herbert Johnson were appointed for the purpose of selecting a few styles of rings from which the class will take their choice.

President Helle announced that the Prowleer staff was to be elected in about a week.

Mr. Powley, our class advisor, also gave a talk. Everyone listened eagerly to the advice he had to give them. He encouraged the seniors to start work immediately and gave them the assurance of his help. The class feels proud of their chosen advisor and are sure that with him as a leader their crowning year of high school will be a success.

Socials and Personals

Paul Helseth, a member of the class of '22, is attending the University of Minnesota. He is in the college of Civil Engineering.

Loyal Arnold, also a member of the class of '22, may be found in the Dentistry college at the U. of M.

Roy Brown brought his "Gryglа Farmers" over Tuesday to scrimmage against the first team. Mr. Brown is an old football man, who captained the Thief River Falls 1916 "pig skin chasers."

We appreciate the efforts of Gordon LaBree and Ray Kiland who were out last Tuesday giving out team practice. Both men belong to the alumni.

Otto Saugen, a freshman of last year, will leave October 6 for Crookston to enter the Agricultural college. Hate to see you leave us Otto! Anybody remember the "touch down" Otto made February 20 playing preliminaries for the Den. E. Lane vs. Thief River Falls basket ball game? That's all right, Otto, it counted six points anyway.

We're proud to know we have the champion "dough punchers" of the state in our school.

Ruby Bennes, a member of the senior class of 1922, left last Monday for Minneapolis to enter the "U."

Violette Krohn was a visitor at school last Monday.

If its a case of getting fussed up, boys, we'll promise not to treat you rough.

William Alexander visited school Thursday. "Bill" is call boy on the Soo Line Ry.

Milford LaBree, Charles Herron, Fridolph Gabrielson, Henry Vorlicky and Grant Gulrud spent last week-end on a hunting trip.

Lincoln Arnold, Leon Johnson and Edmund Keene were promoted to the high school on Monday, because they had done exceedingly good work in the eighth grade. That's good, boys, see if you can do exceedingly good work as freshmen.

Myrtle Homme, a resident of Highlanding, entered high school on Monday, as a freshman.

Alve Spokely of Golden Valley, Minn. enrolled last Monday as a senior. We're glad to have you with us, Alve.

Hon. Geo. Selke made a pleasant call on the school officials Thursday. Mr. Selke is the type of school official everyone is glad to see and always has something worth while for both teachers and students.

Among the students enrolled last week were Willie Anderson, Michael Parenteau, Roy Longevin, and Lillian Johnson, all of Thief River Falls.

Lillian Johnson, Dorothy Swedenburg, Edward Kiland, Helen Satre and Thilda Lebak are part time students in high school. These students will report at the Central school for a part of the time and at high school the remainder of the day.

Grand Forks vs Thief River High, September 30th

Saturday, September 30th, the local pigskin pushers will meet Grand Forks on the gridiron. North Dakota comes with two victories to their credit, having defeated Crookston and East Grand Forks.

If you have ever seen our team in action, you have seen our team taste victory. Let's all turn out and see the boys match with Grand Forks for the second victory.

Health Report

No cases of contagious disease have been reported so far this year. Miss Ruth Johnson, school nurse, has not found a sign of any disease of this kind in any school in the city. It means a great deal to the parents of the city to feel that such conditions prevail in their schools. However, several cases of infectious skin disease have been found at the present time, among them, impetigo, ring-worm, and scabies. These happen at the present to be the most prevalent in the Knox building.

Remember 'Way Back When

Old Lincoln high suddenly developed an appearance resembling a cross between a roof garden and a fresh air school? If you happen to be one of the miracle men who performed the remarkable transition, you probably do.

The Progressive, Orchestra made its debut (and incidentally its last public appearance)? Around that time we developed a slight impediment in our hearing. We just wonder—But they sure could play "Old Tucky Home" so affectively we wished we were there.

Great Weather—For Ducks

Didst hear the hunter wind his merry horn and the shrill bark of the hound? Didst see, preadventure, the huntsman return with spoils of a successful chase—last Sunday? Neither did we.

Progress Fun

"I'm all up in the air listening to the birch bark. It's enough to make the water pail, sighed the baloon as it burst in the room."

Central News

On Sept. 18 the total enrollment in the Seventh and Eighth grades was 231.

Up to Sept. 20, room 4 had a record of 100% attendance.

Ruel Cook has left the Seventh grade. His family is moving to Kansas next week.

If you wish to spend a very pleasant afternoon, visit the kindergarten room and see what those little folks can do.

Miss Tharaldson's room won the banner this week for the best marching in the seventh grade.

Don't forget the Grand Forks-Thief River Falls game here Saturday afternoon. Boost for the boys! They made a good showing against Warren but Saturday's will be a hard one and the locals need all the support they can get.

SEASON'S FIRST GAME VICTORY FOR LOCALS

Warren Defeated 65-0.

The Warren pigskin artists visited our city Saturday, with a clear view of victory, but in the distance loomed the local squad to stop them.

The Game by Quarters.

The game started with a whirl, our boys receiving the kick-off. Inspite of the high wind the ball was caught on the twenty-yard line, and carried to the 30 yard line. Barzen gained 10 yards on an off-tackle play, fumble in backfield, locals lost ball. Warren's first down on 40 yard line. Warren punts to Thief River 20 yard line. A pass from Sorenson to LaBree incomplete, Barzen netted 5 yards off-tackle. Anderson made end run, netting 10 yards. First down for. Locals, fumble, recovered by Anderson on 40 yard line. Third down Vorlicky completed pass from Sorenson. Thief River first down on for 10 yards, Anredson rounded end 50 yard line. Anderson rounded end for touchdown. Placement kick by Barzen, score 7-0.

Second Quarter.

Warren received ball and carrield to 30 yard line. A punt to Thief River 50 yard line, Thief River first down—Sorenson 30 yards around end, Anderson 15 yards off tackle, Barzen over for touchdown. Score 13-0.

Thief River received and carried to 20 yard line. First down S. Sorenson passed to LaBree—incomplete—Sorenson makes 8 yards, Anderson 5 yards, Barzen 5 yards, Barzen 8 yards, Anderson 8 yards, Sorenson 2 yards. Barzen made 10 yards on freak play, after receiving a fumble. Locals first down on 70 yard line. Barzen made 5 yards, a lose of 5 yards on a fumble, Anderson gained 5 yards. Twenty yards to go and Thief River first down. Barzen 5 yards, Anderson 8 yards and Barzen over for a touchdown. End of first half. Score 19-0.

Second Half.

Locals received ball. Charles Herron caught the ball on 30 yard line and carried it over for a touchdown. Try for goal incompleted. Score 25-0.

Warren kicks to 20 yard line, received by Barzen and carried to 30 yard line. Thief River first down, Stanley Sorenson passed to Cliff Sorenson, who completed pass and went over for a touchdown. Its all in the family. Score 31-0.

Warren kicked to 20 yard line and ball received by Barzen and carried to 50 yard line. First down Sorenson netted 60 yards line. Barzen 5 yards. Next play a fumble and Warren received the ball, for second time in the game. Warren punted to 30 yard line.

Thief River first down on 30 yard line. S. Sorenson passed to Cliff, incomplete. Barzen gained 5 yards, Sorenson 5 yards, and Anderson around end for a touchdown. Goal completed by Sether. Score 38-0.

Warren kicked to 20 yard line. Holmgren to 40 yard line, Barzen 8 yards, Anderson 10 yards, Barzen one yard, and Sorenson 10 yards. Thief River first down on 70 yards line. Pass incomplete and Warren's ball on downs.

Warren first down results in a punt to Thief River Falls 20 yard line. Thief River Falls first down, Barzen 15 yards, Anderson 8 yards, end of 3rd quarter, score 38-0.

Last Quarter

Thief River first down on Warren's 40 yard line. Anderson around end for one of the most spectacular runs of the game, resulting in a touchdown. Score 44-0.

Last Quarter (Cont.)

T. R. received on 20 yard line. Sorenson carried to 50 yard line, Barzen around end for a touchdown. Try for goal completed. Score 51-0.

T. R. received on 20 yard line. Sorenson carried to 50 yard line. Barzen around end and Sorenson around the other end nets another touchdown, goal kick by Barzen, score 58-0.

T. R. receives on 20 yard line, Anderson carries to Warren's 40 yard line and Penny completes a pass from Sorenson. Goal kick by Barzen. Score 65-0.

The attendance was poor and the boys did surely not, have the support they were entitled to, so let's get out next Saturday and boost our boys to victory such as they had in Saturday's game.

The line up of the local aggregation was as follows:

C. Sorenson, re; Holmgren, rt; Halverson, rg; Vorlicky, c; M. Barzen, lg; Herron, lt; LaBree, le; Sether, q; S. Sorenson, rh; Anderson, Capt., lh; E. Barzen, fb.

Substitutes—Keene for Labree. Penny for C. Sorenson, Schutt for Holmgren, Gabrielson for Halvorson.

Referee—Guy Johnson. Umpire—Alvin Holzknecht. Headlinesman—Oscar Smith.

DEVOE

BARN PAINT

If ROT were as visible as FIRE you'd paint your barn today!

IF you could actually see how surely your outbuildings were being destroyed by the action of the elements, you'd be convinced that the way to save money is to use good paint, and use it now!

The saving can be effected by the application of Devoe Barn Paint. Into the manufacture of this product goes only those basic materials in proportions that years of experience have proven to be the best.

Devoe Products are time-tested and proven, backed by 168 years' experience of the oldest paint manufacturing concern in the U. S. Founded 1754.

You don't have to coax big and little folks to eat Kellogg's Corn Flakes

"Here's a big an' full box, Betty. Mother always has several packages of Kellogg's 'cause we eat 'em up—oh, awful fast."

Just as soon as you serve Kellogg's you'll note fussy and faded appetites getting mighty sharp; you'll find big bowls being handed back for "just a few more Kellogg's, mother—they're wonderful!"

And, that'll make you glad, for Kellogg's Corn Flakes are a great speed-start for the day's doings! They make for health and happy digestions! Kellogg's are never leathery or tough, but always joyously crisp!

Kellogg's—the original Corn Flakes—will be a revelation to your taste if you have been eating imitations! For your own enjoyment, do this:—compare the big, sunny-brown Kellogg's Corn Flakes with other "corn flakes." Eat some of Kellogg's—then try the imitations! You'll realize then why Kellogg's Corn Flakes are the largest and fastest selling cereal in the whole world!

Do more than ask for "corn flakes." Insist upon KELLOGG'S Corn Flakes in the RED and GREEN package! My, but it's worth while!

Cornell Wood-Board

For repairing broken walls and ceilings; for finishing off the attic or basement; for new shelves, bins, and partitions—we know Cornell is the ideal material for these and many other purposes.

You'll know it, too, when you understand what Cornell-Wood-Board is. It's clean, tough wood fibre—nothing else; saws easily; holds nails solidly. It's triple-sized to resist moisture, heat, and cold; mill-primed, ready for paint; or you'll like the popular oatmeal-finish without paint. Cornell is made to look well and serve well.

"165 Uses for Cornell-Wood-Board" is a booklet telling how you can make many useful things for the home. You can have it for the asking. Phone, write or call for it.

Bredesen-Davis.

Announcement was made in last week's issue of The Times in regard to the marriage of Miss Anna Bredesen. A full account of the wedding has been received and we delight in publishing the same in full.

A quiet but impressive ceremony was performed by Rev. A. W. Wilson, pastor of the Presbyterian church at Casper, Wyo., on the evening of Friday, September 15th, at 8:00 p. m., when Miss Anna Bredesen, daughter of Rev. and Mrs. Bredesen, 305 Arnold avenue north, became the bride of Herbert Virgil Davis, son of Mrs. Katherine Davis of Brookfield, Missouri. The ring ceremony was used.

The only witnesses of the affair were the attendants, Miss Helen Davis, sister of the groom, and J. H. Mutz, and Mr. and Mrs. Peter Neste and children.

The bride wore a suit of brown French twill, with accessories to match. Her corsage was of pink bride's roses. The bridesmaid was attired in a suit of brown duvetyn with accessories to match, and whose corsage was of red Killarney roses.

Mrs. Davis will be pleasantly remembered as a member of the graduating class of 1916, and left here about two years ago for Casper, Wyoming, where she entered the employ of the Midwest Refining company.

Mr. Davis holds a responsible position with the Standard Oil company, at Casper, where he has resided for three years.

Mr. and Mrs. Davis left immediately for Douglas, Wyoming, where they attended the State Fair, and upon their return will reside in the McRorey Apartments, 431½ East Railroad avenue.

Several pretty parties were held in Mrs. Davis' honor preceding the wedding, among them being a linen shower where she was the recipient of many useful and beautiful gifts.

Successful Club Meeting.

The initial meeting of the Girls Community club held Monday evening at the club rooms on the corner of Horace avenue and Fourth street, was a decided success, there being an attendance of about 75 girls. The rooms were appropriately decorated for the occasion with asters, bittersweets and candles which added greatly to the atmosphere of the place. The first meeting was more in the form of a get-acquainted event, there being a large number of new girls present. A short program composed of vocal solos by Miss Thora Hanson and Miss Dora Holmes and a piano solo by Mrs. C. O. Erickson, was rendered. Mrs. L. G. Larson discussed the need of a social worker and Mrs. Chas. Gerlinger also addressed the club concerning social work. The club expects to secure a social worker in the near future. Following the program refreshments were served and a social hour enjoyed.

Miss Effie Hanry is the president of the organization, while Miss Carrie Trogan is vice-president, Miss Thora Hanson treasurer, and Miss Anna Quale secretary. The executive board is composed of the following members: Misses Lovina Adams, Gladys Anderson, Maude Frissel and Jeanette Oftedahl.

All girls in the city are urged to attend these meetings which are held in the club rooms every second and fourth Monday of each month. The club is putting forth all the effort possible to make this season the most successful since its organization, and it is essential that all take part.

For Dr. and Mrs. Lucian.

Following is an account of a party given at Crookston last Sunday complimentary to Dr. and Mrs. Lucian, the latter whom teaches in the city schools. Dr. Arthur Lucian, who is a dentist at Red Lake Falls, and Miss Cronquist were married here about two weeks ago, and were guests at the home of the former's parents at Crookston over Sunday.

"Dr. Arthur Lucian and his bride of Red Lake Falls arrived Saturday for a brief visit at the home of the groom's parents, Mr. and Mrs. Sam Lucian, 607 Stewart avenue, and on Sunday they were honor guests at a dinner at which Mr. and Mrs. Sam Lucian were hosts. The guest list included Mrs. Sam Lucian's brother-in-law and sister, Mr. and Mrs. Jerry Collins of Pine City, Minn.; the bride's brother and wife, Mr. and Mrs. Floyd Cronquist of Erskine, Mrs. Pearl Chase and Miss Luverne Goole of Minneapolis; Mr. and Mrs. Zeb Lucian; Mr. and Mrs. A. J. Dufresne, Mr. and Mrs. C. Munn, Miss Dora Munn, Charley Munn, Miss Dora Brosseau, Mrs. Klefe and her father, Mr. Silver, Mr. and Mrs. Art Billedeau and Miss Irene Billedeau." Dr. and Mrs. Lucian returned to their home Sunday evening.

Anderson-Alnes.

A wedding which was a suprise to the many friends of the contracting parties took place last Monday afternoon at 5:30 o'clock, when Miss Shirley Anderson, daughter of Mr. and Mrs. T. P. Anderson, and Lloyd Alnes, both of this city were united in marriage at the Methodist parsonage. Rev. J. B. Smith officiated at the ceremony in the presence of Miss Evelyn Lund and Abert Webb.

The newlyweds are both well known young people of this city, having been raised here and educated in the city schools. The bride is at present a senior at the local high school, while Mr. Alnes was graduated with the '22 class. The young couple is making their home in this city.

The Louis Halvorson threshing rig came up from Viking last Friday to finish a few late jobs in this vicinity. Martin Jarshaw finished his run here on Friday and left for his home regions the same day, and Olaf Nordhagen will finish his last job here at the Oscar Vixie farm in a couple of days and will then return to Norden where some flax threshing remains. Thus is ended the threshing season, the most tedious in several years owing to the unsteady weather and the potato harvest is and will be the predominating feature the coming week.

The Rosebank teacher, Miss R. C. Lonson went to Thief River Falls with Mr. Engelstead of the creamery last Friday afternoon to spend the week end with hey family.

Mr. and Mrs. Albert Paulson and Mrs. Emil Anderson and daughter Irma motored to Crookston last Sunday to visit at the home of Mr. and Mrs. Oscar Blomberg.

Joe Sindelir has leased the old Tornell farm west of Viking and has this week been moving his machinery and household belongings out there. The place will be vacated on Oct. 2, when the present leasee, Frank Leach has an auction sale and will leave for Iowa and Mr. Sindelir will immediately take possession.

Mr. and Mrs. Albert Vorseth and daughter Elsie from Thief River Falls pere pleasant Sunday visitors at the Mrs. Sor home.

John Remmem is expected to leave on Sunday for Warren with his team where he expects to put in some time threshing at the Chas. Franks farm.

School at Rosebank is suspended this week owing to the teacher, Miss Lonson, being laid up with an attack of poison ivy.

Mr. and Mrs. Abe Stroble and family from Angus were Sunday visitors at the Haugen and Sorenson homes.

Julius Liden returned on Saturday evening from Warren where he has been employed during threshing.

Misses Glyadys Sagmoen and Violet Furan spent Sunday visiting with relatives at Thief River Falls.

Mrs. E. P. Johnson returned on Monday morning from an over Sunday visit with her daughter, Mrs. V. Mosbeck and family at Thief River Falls.

NUMEDAL

Back again! You bet—the Numedal news.

Everybody is enjoying the nice fall weather we are having these days.

Thuro Blomberg is busy hauling mail on Route No. 3 now, Mr. Develing being on the sick list.

Joe Joringdal and Leaf Clabo motored to Thief River Falls Saturday evening.

Mr. and Mrs. Alfred Forslund motored to Warren on Sunday and were guests at the Ole Anderson home of that place.

Quite a few from this vicinity took in the dance at Viking Saturday evening.

Among the callers at Blomberg's on Sunday were Mr. and Mrs. Engvald Peterson and family of Warren and Mrs. Arsang and Vierra Skog, also of Warren.

Voters of the 14th Judicial District:—

Our last legislature, in 1921, raised the salary of each District Judge from $4,000.00 per annum to $4,800.00 per annum, and also provided for additional compensation to them.

There has been considerable discussion lately of this matter.

Our legislators could have no object in making the raise, and thereby incurring additional burdens of taxation, unless the ones who receive the benefits of it desired it.

You had no chance to vote upon this matter, but you do now have a chance to vote for the men who shall be District Judges of this Judicial District.

I have not asked that any of the lawyers announce their indorsement for me, as that would place us under obligations to each other, and that is not for the benefit of all.

Many of the lawyers favor my election, and I am appreciative of that.

The Facts in the Case

RECENTLY there has been some revival of the story that the Standard Oil Company (Indiana) belongs to a trust, and is operated as a part of a larger organization directed by interests other than its Board of Directors.

Such stories are absolutely and unqualifiedly false.

The Standard Oil Company (Indiana) is an independent corporation owned by 27,109 individual shareholders, many of them employees.

No individual owns as much as 10 per cent of the capital stock.

The policies of the Company are formulated, and the practices directed, by a Board consisting of nine men, all actively engaged in this business, and in no other.

Robert W. Stewart, *Chairman*
W. M. Burton, *President*
W. E. Warwick, *Second Vice-President*
B. Parks, *Third Vice-President*
E. G. Seubert, *Fourth Vice-Pres., Sec. & Treas.*
Allan Jackson, *Fifth Vice-President*
R. H. McElroy, *Traffic Manager*
E. J. Bullock, *Director of Purchases*
T. J. Thompson, *General Manager—Sales*

These men are striving to manage the business of this Company so as to render the utmost of service to the people of the Middle West; to furnish steady employment to 26,000 men and women; and to render a fair return to the stockholders on the capital they have invested in the enterprise.

The Standard Oil Company (Indiana) neither owes, nor acknowledges, allegiance to any individual or other organization. It stands squarely on its own feet and says proudly that its trying to do a big job in a big way.

Peterson-Biddick Co.

(By R. Kenneth Evans)

MARKETING facilities of a commercial center are the most important to its development. Without a place to dispose of his production at a profit the farmer has no incentive to produce and with the Peterson-Biddick company, Thief River Falls has a market for eggs, poultry, potatoes, wool and seed as well as other farm products which is one of its most important factors in the making of this, the commercial distributing center of Northwestern Minnesota.

Not only has the Peterson-Biddick company assisted very materially in the upbuilding of this section of the country and encouraging maximum production along all agricultural lines but they also operate three other houses in the state which are just as important factors in their locations as the Peterson-Biddick company is to Pennington county and the Northwest.

The main office of the company is maintained at Wadena, where a produce house is operated. Another house is also operated at Crookston and a large house is operated in Minneapolis.

The Thief River house was established in 1916, at a time when marketing facilities were badly needed and when the lack of them would materially retard the future development of Pennington county. *The management of the Peterson-Biddick company* entered into the spirit of development which was prevalent at that time, using educational campaigns to educate the farmers to the advantage of poultry and egg production as well as auxillary farm products which will maintain the expense of the farm and yet not detract from its main operations.

The company maintains traveling buyers who come in touch with the producer by directly visiting the farmers, inspecting his products and offering him the highest possible cash price. This one feature alone facilitates the marketing of production to the highest possible advantage. The farmer is kept in close touch with market quotations and is given offers which he can either accept or reject as the conditions warrant.

In addition to the close communication kept with the farmers through the traveling buyers, the Peterson-Biddick company maintains ready cash market at the large storage house operated on the right of way of the Soo railroad. Prompt and courteous treatment is always accorded the farmer when he brings his products direct to the house in Thief River Falls and never does the sun go down on an unpaid for delivery of any of the commodities which this company buys.

An extensive shipping business is maintained by the company from Thief River Falls and the reader may get some idea of the phenomenal growth this business has experienced in the short period of its existance when it is stated that last year alone 40 car loads of eggs were shipped from here to the central markets. These eggs were bought from the farmers during the egg season which lasts usually about five months. In addition to this 10 car loads of poultry were shipped last year in the six months season that the poultry buying is rife. Seven men are employed by the company throughout the year and thirty-five car loads of potatoes are purchased from the farmers and shipped annually.

These figures are only for the house in Thief River Falls which includes about 20,000 pounds of wool. The reader can readily see what an important institution this firm is to the agricultural sections in which they operate when it is stated that the other houses handle just as large if not larger volume of business as that handled from Thief River Falls.

The management of the local plant is in the hands of G. L. Biddick. Mr. Biddick has been with the company since its organization. He is one of the younger visionary business men of Northwestern Minnesota, with all the business characteristics which are responsible for the rapid growth this section is making. Mr. Biddick takes pleasure in giving his support and co-operation to every undertaking which has for its purpose the future development of resources.

Citizens State Bank

(By R. KENNETH EVANS.)

HOUSED in one of the most modern, fireproof, substantial business blocks in Northwestern Minnesota, the Citizens State bank is an institution to which the residents of Thief River Falls and Pennington county can point with pride, and one which has been a factor in the development of resources and maintenance of high financial status in the community.

The Citizens State bank was established in 1903, with a capital stock of $20,000.00 and at that time was located in the building now occupied by the Empire Farms Company. The first officers of the bank were: D. B. Bakke, president; O. J. Schei, vice president and T. L. Melgaard, cashier.

From the time the bank's doors were first opened for business it has enjoyed a substantial growth augmented by retaining the confidence of the community. This growth has been so rapid that it has been necessary to increase the capital stock, until today it is operating under a charter, with a capital of $50,000 and a surplus of $10,000.00.

The beautiful banking house, which is one of the prides of the city, located on the busiest corner of the city, was constructed in 1914. It is a two story brick structure, designed especially for a banking house, reinforced with steel and concrete and was erected at a cost of $70,000.00 including the cost of the lot. It is not fully occupied by the bank, two of the first floor rooms being occupied by two of the city's leading commercial institutions. The second floor is occupied by six office suites and a large lodge hall.

The interior of the building is substantially and modernly finished with marble, and tile floors have been laid in the banking room proper. The latest metropolitan banking house fixtures have been installed as well as modern equipment for bookkeeping, office work, etc. A modern burgular proof vault, safety deposit boxes and other equipment is included.

The Citizens State bank has always followed the policy of giving personal service. The man who has one dollar on deposit gets as much personal consideration for his business matters as the big depositor. In fact the management has always made it a policy to try and come directly in personal contact with every patron of the bank and handle every item of business with as much care and consideration as though it were their own. The result of this policy has classed the bank with the leading conservative yet progressive banks of the state.

During times of adversity the bank has always stood squarely behind its patrons with every dollar of its resources so far as consistent with good banking and provisions of the banking laws. The development of resources has always been encouraged and money has been advanced for meritorious undertakings along this line so far as it was possible to do.

The present officers of the Citizens State bank consist of Olaf Ramstad, president; Louis Hanson, vice president; A. M. Langseth, vice president; T. L. Melgaard, cashier; C. W. Vorachek, assistant cashier; E. P. Brevig, assistant cashier and Carl Gulrud, Teller. Every one of the officers of the bank take a vital interest in its success and are active in its management so far as possible. In addition to the officers the board of directors consist of C. Amundson, retired and R. Oen, head of the Oen Mercantile company, one of the largest merchandising houses in Northwestern Minnesota. The moral financial support back of this institution in the individual wealth of the officers and stock holders goes well up into the hundreds of thousands of dollars.

The Commercial club has given the matter of good roads every possible encouragement and has subscribed liberally to organized bodies promising anything of a development nature to the good roads program. The club has also co-operated with the farmers in every possible manner in the development of agricultural and dairying possibilities, promotion of marketing conditions, reduction of freight rates and other moves. The club rooms have always been at the disposal of the farmers for the holding of meetings and gatherings.

Woman's Civic League.

A report of the Woman's Civic League, another of the city's strong commercial associations which is here published to show the activities of this organization.

Secretary's Report for Year 1921-22.

During the past year sixteen meetings have been held, with miscellaneous programs through the year. A Social Welfare section has been conducted in connection with the regular club work. The work in this section has been the heaviest in the history of the organization, due to conditions throughout the country. In previous years the work was confined to the city but the past year has assisted many families in the surrounding country.

Mrs. Glines, our chairman, is indeed to be congratulated on the efficient manner in which this department has been conducted, as she has given freely her time and efforts.

A Social Welfare dinner from which $38.40 was realized, was given. Our first meeting was in the nature of a social meeting. Lunch was served by the board and a musical program given. At each meeting we have had a leader on current events assisted by two or three members, a musical number, instrumental or vocal solo.

Two of our meetings were devoted to health. Miss Margaret Hughes, a State Welfare worker, gave an address on child welfare. The life of Dr. Trudeau was given by Dr. Milan, the work of the Child Welfare Board in Pennington county, by Mrs. L. G. Larson. Miss Ruth Johnson, our school nurse, gave an address on school nursing, and a talk on the teeth and their care was given by Dr. Haug. Excellent papers on various topics have been given at different meetings, namely, Belgium and Brave, including the rules and artists of Belgium, the Story of the Pilgrims, their life, and mode of living and The Courtship of Miles Standish, The Holy Land, including the "Out of Doors" and Places of Interest, Modern Photography, Over the Inland Seas, and a Shakespearean Program, consisting of an excellent paper and reading, and one program of "The Literary Landmarks of New York." Time and thought have been given these papers in their preparation and all were enjoyed by our members. One meeting was devoted to a Federation Day Program. The history of the Federation was given and current events were in the nature of Federation notes. One meeting was in charge of the League of Women Voters and what the League had accomplished the past two years was discussed, also the conference at Washington.

In the month of February a social afternoon was enjoyed by the members in the form of a valentine party. The club rooms were decorated in appropriate colors, and an excellent lunch was served. An address by our superentendent of schools, Mr. Simley, on the schools and their duties, and an address on the Value of Community music by our band master, Mr. Sorfluten, was also enjoyed. The Silver Loving Cup, presented by the club to the street having made the most improvements, was awarded to LaBree avenue by Mr. McCann, our county agent, who was appointed chairman of the committee to act as judges. The club has a committee to care for the plot of ground of our auditorium, used as a flower garden and in this way we have tried to make our city a cleaner and more beautiful place to live in. A chairman was appointed to take charge of the poster contest in our schools for which prizes will be given, and a chairman appointed to take charge of a group of singers who will take part in the singing contest in Ada, May 23rd and 24th. A committee was appointed to act as judges for the marching of the different grades in our schools at the request of Miss Johnson, instructor of music in our schools.

During the past year the club has endorsed the, Shepherd-Tower Bill, the Volstead Act, and protested against the tax on musical instruments.

Our club had the distinction of being the club in the state chosen to make a comforter for the state president, Mrs. B. G. Rounds. A member kindly opened her home to other members who willingly donated their services for the purpose of making the largest comforter in the state, to cover the largest bed in the state. Without a doubt the comforter measured 9x10. The club has co-operated with the Public Health association and Child Welfare Board in securing rooms for delegates to the Welfare convention held there in December, co-operated on the sale of the Christmas seals, with the Elks and Salvation Army in filling baskets for Xmas cheer, furnished music for a community picnic, sponsored a piano recital by Miss Halverson, cooperated with the chairman of Pennington county for the state organization for the blind on a tag day, netting $61.00.

During the summer the club cooperated with the Commercial club in collecting and serving a supper to about 125 men who volunteered their services for the purpose of clearing the grounds known as Lovers Lane, making them into a desirable Tourist Park, also assisted at a clinic held during the summer for children. The past year the club has donated $10.00 to the Red Cross, $25.00 for the needy at Christmas time and conducted a food sale. The proceeds, $30.29 to be donated towards a fund for a public swimming pool.

Resolutions were drafted by a committee appointed by the president to be sent our retiring state president, Mrs. Allen, expressing our appreciation of her services as state president, and the interest she took in our club. Three letters of sympathy have been written by the secretary to members who have sustained losses by death in the family and one a misfortune through accident, and flowers sent on the death of one of our members during the year.

A report on the Biennial Consul of the National Federation of Womens clubs was given by our delegate, Mrs. Mabey. A report on the state convention held at Owattona was given by Mrs. Froehlich, who represented our club as delegate and on the midwinter meeting held in St. Paul by delegates, Mrs. C. T. Christensen and Mrs. Richards.

The Social Welfare Section.

We took in 621 pieces of clothing. This included 96 pairs of shoes, 2 large quilts, (given by Loken's clerks), 2 matresses, 1 bedstead, 1 bed blanket and some clothes for men, such as, trousers, coats, overcoats, and underwear. The rest were *miscellaneous articles of clothing for* women and children.

We helped 35 families. Five of these were people living in the country. Total of 139 people.

We gave out 129 pairs of shoes, overshoes, rubbers, slippers, and packs, twenty suits of men's and young men's clothes, besides odd trousers and coats, 6 large new quilts (4 of which we made). We bought 1 new mattress and four pairs of large bed blankets. We gave out 52 winter coats for men, women and children. We bought one new spring coat. In all we gave out 932 articles, including clothing for new babies which are to arrive. We made new baby quilts, underwear, stockings, dresses and aprons for women and children, blouses and suits for small boys, and other articles too numerous to mention. We bought oil, soap, talcum, and safety pins for a new baby. We bought wood for one family, 7 orders of groceries, 2 meat orders, 5 pairs of shoes, 6 suits of underwear, and 25 pairs of stockings. We bought cloth for one night gown for a girl. We bought flowers for Mrs. Brummund's funeral. We had in all 13 meetings, including the supper. We took in $129.01 at these meetings.

Thief River Falls Credit Association.

One of the most valuable associations to any city, if it is properly and effectively managed is a credit association, established primarily for the protection of the merchant from the parasite who lives by establishing credit and failing to pay his honest debts. Since the organization of this association in Thief River Falls thousands of dollars have been saved to the merchants of the city and many unsatisfactory propositions have been kept out.

This association was first organized in 1915 and has grown steadily ever since until it today has 50 members. Its purposes are to pass on credits and to make collections of bad accounts. In many instances the bad accounts are eliminated by giving the merchants of the city advice as to who are the bad accounts and very frequently collections are made through the association which could be secured through no other medium.

The officers of the association are: W. H. Larson, president; A. M. Langseth, first vice president; Carl Christofferson, second vice president and W. A. Hall Jr., treasurer. The directors are: E. L. Mogensen; W. W. Prichard Jr.; C. H. Jung; Frank Voelz; Alfred Bredeson and the above named officers.

The County Farm Bureau.

In a previous issue of the Industrial Campaign the county Farm Bureau was thoroughly exploited, which is one of the most effective farm organizations in Northwestern Minnesota under the directorship of J. J. McCann, a competent farm agent. This association has grown and developed until practically all the leading dairymen and farmers of the county are members co-operating for the maximum development of these resources.

Girls Community Club.

For the purpose of working for the betterment of the city and to extend aid to the poor a Girl's Community club is organized in Thief River Falls. This club extends aid and cheer to patients in the hospitals. All girls in the city who ~~are out~~ of school are eligible to belong to the club and a membership of 174 is now maintained. Meetings are held twice each month in their club rooms on Horace avenue. Work is now being done by this club to establish a Boys and Girls Community house in the city which will be kept open afternoon's and evenings. Finances to carry on the work of this club are raised by giving plays, parties, concerts, etc. The present officers are: Effie Hamry, president; Carrie Trogan, vice president; Thora Hanson, treasurer and Ann Quale, secretary.

LIGHT-SIX
CLOSED CARS

COUPE-ROADSTER
$1225
SEDAN
$1550

Present prices are the lowest at which Studebaker Light-Six closed cars have ever been sold.

Yet the intrinsic values are emphatically the greatest Studebaker ever offered. This means they are the best values that the industry affords, because Studebaker cars have always been above par in the amount of value per dollar invested.

Capacity production and the savings resulting from Studebaker methods of complete manufacture make these low prices possible.

Light-Six closed cars are sturdily built of finest materials and best workmanship. The bodies are the product of Studebaker skill and craftsmanship, and the prices of $1550 for the Sedan and $1225 for the Coupe-Roadster are no index to their inherent value.

When you buy a car you want to look at several makes. Include Studebaker in your list and after you have ridden in the Light-Six Sedan or Coupe-Roadster it will not be difficult to make up your mind.

The foundations of Studebaker success are quality, durability, comfort and integrity—principles that have been upheld steadfastly by Studebaker for seventy years. You can depend upon Studebaker automobiles because of the name they bear.

EQUIPMENT

The Studebaker Light-Six Sedan has four doors that swing wide open; dome light; mohair velvet plush upholstery; inside locks on three doors and outside lock on right-hand front door; silk roller curtains.

The Coupe-Roadster seats 2 passengers; ample space under rear deck for luggage; upholstered in genuine leather.

Both models have thief-proof transmission lock; cowl ventilator; side coach lamps; rain visor; windshield wiper; eight-day clock.

FIVE ARRESTS FOR VIOLATION OF LIQUOR LAW

Sheriff LaBree Makes Arrests On Warrants Issued by County Attorney Quale.

All Will Stand Trial at Next Term of District Court in February.

Detectives Secures Evidence by Aid of Jack Schipper of Wylie.

Five alleged offenders against the prohibition law were gathered in by Sheriff W. J. LaBree Tuesday morning, who acted on warrants issued by County Attorney Theo. Quale. Those who will be called upon to answer to the charge of the illegal sale of intoxicating liquor are Bennie Vigen, O. W. Carlson, Alfred Rasmussen, Adolph Amundson and Ole Lindstad.

Detective Secures Evidence.

Grover Taylor, a private detective, who has been engaged by the local authorities, secured the evidence which resulted in the arrest of the five men. He was also aided by Jack Schipper of Wylie.

Held to District Court.

Hearings were conducted before Judge Tarrant Wednesday afternoon, which resulted in all being held for their appearance at the next term of district court which will be in February. Bonds were placed at $500 for each offender except Linstad, his being $600. All furnished the required bonds and were released.

May Plead Guilty.

It is reported today that Linstad has signified his intention of at once going before the district judge and pleading guilty. He was the only one of the five who waived examination before Judge Tarrant. Linstad is a farmer while the other four men conduct soft drink parlors in Thief River Falls. At the Linstad farm three large stills, twenty gallons of "moon" and eight barrels of mash were confiscated.

Mrs. Olesen to Meet Voters Here Wednesday

Mrs. Anna Dickey Olesen, democratic candidate for United States Senator will address the voters of Thief River Falls next Wednesday evening, Oct. 11th. The auditorium is not available for that evening and it is likely that the meeting will be at the Princess theatre.

Mrs. Olesen is a rapid fire orator of rare ability and her sensational campaign throughout the state is attracting a great deal of attention. It is certain that she will be greeted by a large crowd here. The senatorial campaign is the one that all interest is centered in this year. There appears to be strong opposition to Senator Kellogg in this section of the state, the only question being as to whether Mrs. Olesen or Shipstead the farmer-labor candidate, will receive the big end of the vote. Indications at the present time are favorable to Shipstead. He appeared here two weeks ago.

Second Game of World Series Ends With Tie

Today's game between the Giants and the Yanks resulted in a 3 to 3 tie, the game being called on account of darkness at the end of the tenth inning with the Yanks up to bat and two men out. Batteries—Giants: Barnes and Snyder; Yanks: Shawkney and Schang.

The first game of the world's series played yesterday resulted in a victory for the Giants with a score of 3 to 2. The batteries of yesterday's game consisted of—Giants: Neff and Snyder; Yanks: Bush and Schang.

Flax Yields 23 Bushels Per Acre.

The largest yield of flax per acre reported thus far this year is from the Geo. Biskey farm east of town. The flax ran 22 bushels to the acre, and was exceptionally good quality. At present price, the gross return to Mr. Biskey is about $45.00 an acre.—St. Hilaire Spectator.

Have Teachers in All But Six Rural Schools

The following teachers have been employed in the rural schools of Pennington county since the publication of the last list:

Dist. 57—Martine Storlie; Dist. 34—Gunhild Haugen, Kratka; Dist. 7—Esther Halseth, Thief River Falls; Dist. 99—Tillie Benson, Minneapolis; Dist. 35—Ward Long, Plummer; Dist. 94—Effie Frederickson, St. Hilaire; Dist. 219-J—Evelyn Saugen, Thief River Falls; District 14—Chas Asp, Thief River Falls.

For the benefit of teachers who may wish to apply for positions, we are publishing the name and address of school officers in the districts who have not yet secured an instructor: 69, Henry L. Lutmer, Wylie; 6, David Rux, St. Hilaire; 47, Mrs. B. Kveste, Highlanding; 60, J. P. Aspe, Rhoda; 3, Elick Halvorson, Wauke; 34, O. M. Mandt, Rhoda.

County Superintendent of Schools Gunderson has received the returns from the rural schools exhibits at the state fair and announces the following Pennington county winners in the various contests:

Miss Tillie Fort, Erie, Dist. No. 69, first prize for 8th grade language book entitled "Minnesota Birds," and also seventh prize for 8th grade penmanship. Miss Tillie Kotraba from the same school, also won honors for her "Washington booklet" and received tenth prize for a plain dress. Miss Monica Weiner, Thief River Falls, Dist. No. 4, third prize in 2nd grade penmanship and Miss Margaret Weiner also of Dist. No. 4, second prize in the same contest. Caleb Lockrem, Dist. No. 149 won seventh prize for a hammer handle made in manual training.

FIRST HOLD-UP IN THIS SECTION IS AT RED LAKE FALLS

P. J. Donnelly Hands Over $28 When Confronted With Business End of Gun.

P. J. Donnelly of Grand Forks who represents the Fuller Brush company in Pennington, Red Lake and Marshall counties and who has made Thief River Falls his headquarters a great share of the summer, was robbed of $28 in cash at Red Lake Falls last Wednesday evening. The hold-up took place at the east end of the Clearwater bridge as Donnelly returned from the North side about 8 o'clock in the evening.

When Donnelly approached the east end of the bridge on his way down town, a stranger stepped out from behind the brush and said "Hello," and Donnelly, thinking that he was merely taking a short cut instead of having criminal intentions, got into step with him. He was however, rather surprised when the stranger said, "I'm sorry, but I'll have to ask you to stick them up!" Donnelly thought that he was probably joking so did not comply with the request at once but suddenly felt a gun pressed to his ribs.

At this turn of affairs he thought it wiser not to delay matters so had to allow the stranger to make an inventory of his pockets from which he realized the sum of $28 in cash and an order book. Mr. Donnelly told him the order book would do him no good but he replied he would take a chance. Donnelly was ordered to walk on and not look back and when he did glance back a short distance further on the gunman had disappeared.

No clue has yet been found towards the apprehension of the stranger and the authorities have practically nothing to work on, which makes his arrest a difficult problem. Donnelly stated he appeared to be a workingman, being dressed in workingmen's clothes, wore a gray cap and had a few days' growth of beard on his face. He was of medium height. The robbery was reported immediately to Chief of Police, Roi, of Red Lake Falls, who at once set out to locate the criminal.

May Purchase Loken Store.

A deal is now pending which may result in the purchase of Loken Brothers Department store here by outside parties. It is expected that a decision will be reached by those interested in the very near future. If the deal goes through the new owners will take immediate possession and the closing out sale which is now in progress will be terminated at once.

Radio For Farmers.

Radio for the farm is the latest in Beltrami county and Northern Farmers have co-operated through their farmers club in installing a complete outfit in the consolidated school there. An amplifier has been secured and it is the intention of the promoters of the proposition to give concerts regularly and to receive market reports and other items that will be of interest to farmers. The committee representing the farmers which is backing the proposition is composed of Thos. Porte, Harry Arnold and Merlin Reynolds. The venture at Northern is being watched with interest by farmers throughout the county and might result in a farmer-owned broadcasting station being established at Bemidji.—Bemidji Sentinel.

Rev Cook Moved to Kansas.

Rev. and Mrs. Clinton Cook, well known residents of this city, departed last week for Scandia, Kansas, at which place they will make their future home. Rev. Cook has been conducting a small store near the roundhouse, and is a field missionary in the local Presbytery. Both Rev. Cook and his wife were active workers in the local church and will be greatly missed by the congregation and other friends.

HELP BOAST HOSPITALITY IN THIEF RIVER FALLS

We need a large number of private rooms to help accommodate the teachers during the Teachers' Convention, October 12 and 13. Thus far only a small number of people have signified their intention of helping out, and at such varied prices that we thought a personal canvass would obtain better results. We need all the rooms that you can possibly spare, and we will sincerely appreciate any efforts you make towards accommodating teachers on any or all of the following nights: October 11, 12, and 13.

A number of high school girls will make a canvass of the city, but should they fail to call on you, notify the school secretary about your rooms. Everyone has been asked to charge the uniform price of $1.00 per person per night for lodging and 25 cents for breakfast where served. The teachers will likewise be asked to cooperate by sharing their room with someone else so that two can occupy rooms with double beds.

Yours for Cooperation,
M. P. RAPACZ, Principal of H. S.,
Chairman Accommodations Committee.

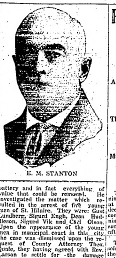
DEATH SUMMONS TAKES POPULAR LOCAL ATTORNEY

E. M. Stanton, For Twenty Years a Resident of Thief River Falls Dies Tuesday.

One of Best Known Lawyers in This Section of State. Was Candidate for Office.

Funeral Conducted By I. O. O. F. Lodge at Auditorium This Evening.



E. M. STANTON

Edwin M. Stanton, for many years a resident of Thief River Falls and one of the most prominent and best known lawyers in the Red River valley, passed away at his home here Tuesday afternoon, death resulting from chronic diabetes, with which ailment he had been afflicted for many years. Although he had been confined to his home for about two *weeks, the seriousness of his condition* was not generally realized and the announcement of his death was a distinct shock to the people of Thief River Falls.

In Florida This Spring.

Mr. Stanton went to Florida this spring and spent about two months there, returning apparently much improved in health. He was a candidate for county attorney at the primary election in June and was nominated. For the past month, however, his condition gradually became worse, finally resulting in his death.

A Prominent Citizen.

Edwin M. Stanton was born at Omro, Wisconsin, March 10, 1863. After graduating from high school he attended Lawrence university at Appleton. He later took up the study of law at Valparaiso university of Indiana, from which institution he received his degree and was admitted to the Minnesota bar in 1891. His first five years as a practicing lawyer were spent at Crookston where he was in partnership with Halvor Steenerson. Later he moved to Argyle where he practiced his profession and served as county attorney of Marshall county. In 1903 he located at Thief River Falls where he has since resided. He was appointed the first county attorney at the organization of Pennington county and served in that office two terms, organizing the office and setting a high standard of official performance for his successors. He was highly regarded throughout this section of the state as a lawyer of exceptional ability and a splendid type of citizen. He filled many offices of public trust here and was always active in every movement that had as its object the betterment of Thief River Falls and Pennington county.

Mr. Stanton was married twice. His first wife was Miss Hattie Davis of Seymour, Wisconsin. To this union four sons were born: Edwin M., and Duncan of Thief River Falls; Hal of Winona, and Leon, who is a student at Oshkosh, Wisconsin. In 1917 Mr. Stanton was married to Miss Etta Flynn of Minneapolis, who survives him. Besides his wife and four sons he is survived by two brothers, Dr. D. L. Stanton of Bemidji and E. P. Stanton of Omro, Wisconsin, and a sister, Mrs. C. B. Root of Omro.

Funeral at Auditorium.

Funeral services was conducted this evening at the auditorium under the auspices of the I. O. O. F. lodge, of which he was a member. Following the impressive ceremony the remains were escorted to the Soo railway station, being taken to Minneapolis for burial.

Other fraternal organizations to which Mr. Stanton belonged were the Masons, Elks and the K. of P.

Farmer Goes to Minneapolis.

W. D. Riegert, who resides on his farm in the town of Smiley, disposed of all of his personal property at an auction sale last Tuesday and will leave with his children in about ten days for Minneapolis where they will make their home, Mr. Riegert having secured a position there at his old trade of a steamfitter. The auction sale was attended by one of the largest crowds that ever turned out for a sale in this county and everything was sold at excellent prices. Mr. Riegert has been a resident of this county for sixteen years, having resided on his farm in Smiley township during all that time. He is an excellent farmer and has been very successful and his numerous friends regret that he has decided to make a change. About seventy-five of his friends and neighbors surprised him at his home last Wednesday evening, when a most enjoyable time was had. Before leaving they presented him with a fine rocking chair as a token of their esteem and friendship.

Kvale Files As Independent.

Rev. O. J. Kvale of Benson, a former pastor of the Trinity Lutheran church of Thief River Falls, is again opposing Congressman Volstead in the fall election in the seventh district. Kvale, who ran twice against Volstead two years ago, filed as an independent last week, his candidacy being endorsed by the Nonpartisan League and his petitions having been in circulation for some time.

Auto Smashup and Theft.

Sunday evening Reuben Larson, in company with Wm. Nickelson, Tony Hornseth, Oscar Ellingson and Henry Clabo, went into the ditch with his father's car just south of St. Hilaire. The car was badly damaged but the boys escaped without injury. Following the accident Reuben called his father, Rev. Geo. Larson, and the latter went down to St. Hilaire Monday morning to get the car. He found that it had been stripped of the tires, battery and in fact everything of value that could be removed. He investigated the matter which resulted in the arrest of five young men of St. Hilaire. They were: Gust Lundberg, Sigurd Engh, Dean Huddleson, Sigurd Vik and Carl Olson. Upon the appearance of the young men in municipal court in this city, the case was dismissed upon the request of County Attorney Theo. Quale, they having agreed with Rev. Larson to settle for the damage done. The boys who were driving the car paid Rev. Larson for the damage caused by the accident.

LOCAL BUSINESS CONCERN IS SOLD TO W. H. AKRE

L. H. Lawrence to Leave For Des Moines, Iowa, Soon After November 1st.

Announcement is made this week of the purchase of the business of the Lawrence Mortgage company from L. H. Lawrence by W. H. Akre. The business of the Pennington Abstract company was also included in the deal.

With Bank Many Years.

Mr. Akre is well known here, having been employed at the First National bank for about twelve years. He severed his relations with the bank last fall at which time he was cashier of the institution. Since that time he has remained here with the idea of engaging in business for himself. He is particularly well fitted for the business which he has decided to engage in, as he was for a number of years in charge of the insurance department at the First National bank and is, therefore, thoroughly familiar with every phase of it.

Takes Possession November 1

The new owner will take possession of the business November 1st and is at present becoming familiar with the details of his new venture.

Will Move to Des Moines.

Mr. Lawrence expects to move soon after the first of November with his wife to Des Moines where he will be connected with the Whitmer-Kaufman Insurance agency. Mr. and Mrs. Lawrence have made their home in Thief River Falls since the close of the world war, and during that time they have made many friends who regret very keenly their decision to leave here.

T. R. F. vs E. G. Forks Crookston Here Oct. 14

Tomorrow the football representatives of Lincoln high school will motor to East Grand Forks where they will play the high school eleven of that city in what is expected to be one of the hottest contests this season. We defeated Grand Forks by a considerable margin and they in turn won over the East-siders but it is reported that the Minnesotans are the stronger when it comes to straight football but were beaten by the aerial attacks of their opponents.

On Friday of next week, during the teachers' convention which will be held here, the local defenders will meet Crookston on the local grounds and they have strong hopes of duplicating the two shutouts that they have in their favor already. This game is expected to prove one of the best drawing cards of the season and a record crowd of spectators is looked for.

Child Taken To Sanatorium 4 of Family Die From T. B.

Little Eleanore, the five year old daughter of Mrs. John A. Johnson, was taken Tuesday to the Walker Sanatorium, the child being afflicted with tuberculosis. Mr. Johnson passed away recently after an attack of the same dreadful disease, while three other children have died in the course of a short period. Mrs. Johnson is at present making her home in this city.

Ralph Mathews Married.

Friends here will be pleased to learn of the marriage last Saturday of Ralph Mathews to Miss Eva McDonough of Wenatchee, Wash. The ceremony was performed at the home of the bride's parents in Wenatchee, Wash., where Mr. Mathews is employed as a linotype operator by the Daily World. He formerly resided in Thief River Falls where he was in the employ of The Times.

Roseau Fires Under Control.

Reports regarding the fires in Roseau county, particularly the forest fire in the vicinity of Salol, state that the stricken districts are now beyond danger and the fires under control.

PURE BREDS AT HOLSTEIN SALE AVERAGE $143

Association Well Pleased With Results of First Event Here Tuesday.

Thirty-Five Head of Pure Breds And Grades Bring Nearly $4,000.

Many Excellent Dairy Animals Are Distributed Throughout County.

The Holstein sale held by the Pennington County Breeders association at the fair grounds Tuesday was a decided success. It was the first sale conducted by this association in Pennington county but its success assures it as an annual event hereafter.

Thirty-five Head Sold.

Thirty-five head of Holsteins were sold, the receipts being nearly four thousand dollars. The highest price paid for any one animal was $300, this being the price paid for a pure bred cow by Hans Anton. The cow came from the Spaulding farm at Warren. The next one in line brought $250 from Waldie Christenson who purchased a heifer, also from the Spaulding farm.

Pure Breds Average $143.

Of the pure bred animals offered, eighteen were sold, eight of these being heifers, six bulls and four cows. The total amount paid for these was $2,587, being an average of $143 per head. Seventeen grades brought a total of $850, an average of $50 per head.

The local people are very well pleased with the results the their first effort in the sale business, particularly because of the fact that it resulted in a number of fine dairy cattle being distributed throughout the county.

Many Local Purchasers.

Those who purchased animals were as follows: Hans Anton, Thief River Falls; Waldie Christensen, Thief River Falls; A. O. Slattum, Newfolden; Berg Bros.; Thief River Falls; Ole Larson, St. Hilaire; A. J. Hall, Warren; S. E. Hunt, Thief River Falls; Barzen & Kraemer, Thief River Falls; H. J. Maland, Thief River Falls; Ben. Rosendahl, Thief River Falls; John P. Augustine, Thief River Falls; M. Forder, Thief River Falls; A. J. Anderson, Grygla; Ed. Battenfeldt, Thief River Falls; P. Schenke, Rosewood; Ed Timm, Thief River Falls; H. S. Maland, Thief River Falls.

Library Institute Here Three Days Next Week

The Library Institute for the northwestern section of the M. E. A. will be held in Thief River Falls at the local Carnegie library on Oct. 11, 12 and 13, during the N. M. E. A. convention.

Jews Celebrate New Year.

For the first time in this section Jewish New Year services were held at Red Lake Falls and about fifteen Jews from various Red River Valley towns assembled there last Sunday to celebrate the Yom Kippur, or day of atonement. A week previous they celebrated Rosh Hasnonah, which, according to Jewish legends, marks the anniversary of the creation of the world. Following their belief this will be the year 5683. Those from this city who attended last Sunday's festivities were Mr. and Mrs. Chas. Fiterman and sons Edward and Donald, Al Cohn and C. S. Supero. During their stay they were guests at the Max Ingber home.

LARGE NUMBER OF LOCAL MEMBERS AT LODGE CONVENTION

District Convention of Royal Neighbors Held at Crookston Thursday.

The annual district convention of the Royal Neighbors, held in the Elks' hall at Crookston, Thursday Sept. 28, was a very successful one and well attended, a large delegation from this city being present. A company of thirty-five ladies motored down there Thursday morning, returning late in the evening. They are very enthusiastic about the way they were entertained by their Crookston hostesses who showed them the utmost hospitality in providing for the many guests during their stay. One of the social features was the banquet served at the Presbyterian church at which covers were placed for 435 guests.

Red Lake Falls was selected as the convention city for the 1923 meeting. Mrs. Ida Porchinsky of Red Lake Falls was elected president to succeed Mrs. B. C. Vanderbech of Crookston, while Mrs. O. Jenson, also of Red Lake Falls, succeeds Mrs. Orra Richardson of Thief River Falls as secretary.

Following the banquet, 72 members were initiated into the lodge by the district officers.

Mrs. Fred Protz and Mrs. Leo Fahey were the official delegates from the local order. Other members who attended were Mesdames L. Manther, C. Barden, Orra Richardson, E. Holmstrom, A. Dybvik, John Collins, Jack Wassgren, Charles Alexander, R. Cook, James Smith, John Peterson, John McClelland, Geo. White, Wm. Poirier, Frank Hoppe, Elmer Ohm, C. Carlson, H. A. Ohm, Jenson, G. LeSage, Anna Motz, H. Bergstrom, Wm. Sheedy, L. G. Larsen, J. C. Davidson, W. Knight, Oscar Melby, J. L. Stitt, A. Bottelson, O. L. Cronstrom, H. C. Johnson, Harry Schuster, and O. W. Carlson. Among those who drove down there were also Messrs. L. Manther, Ed. Crown, Geo. White, Frank Hoppe, William Alexander, L. C. Larsen, L. DuChamp and John Jarenson.

Workmen on Filtration Plant Starts Work Today

Excavations for the filtration tank or basin have been completed and today the workmen started on the cement work.

Contractor C. M. Carlson has several men engaged in the construction of the plant which, according to contract, will be completed by January 1.

Political Communications Barred.

During the past few weeks The Times has received so many communications of a political nature that it is found necessary to discontinue the practice of publishing them. It is an absolute impossibility to provide sufficient space to permit all who wish to express their views along political lines and for this reason the decision has been reached to eliminate all from the Public Forum column. Any who wish to use the paper for this purpose will hereafter be required to pay for the same at political advertising rates. This is done as a measure of necessity by the publishers and in fairness to all concerned.

Operetta to Be Presented At Auditorium Thursday

"Snow White," a light operetta will be presented at the auditorium Thursday evening, Oct. 12, by children of the 7th and 8th grades. It was intended as a part of the entertainment for the visiting teachers that hold their convention here next week but the doors will be open to the general public. There will be an admission charge of 35 cents.

The play contains several scenes all of which are said to be very attractive and interesting, and the music and stage settings will be found particularly pleasing. It is given under the able direction of Miss Maude L. Johnson, the speaking parts being in charge of Miss Josie Weeks.

Following are the character parts:
Snow White—Gladys Weeks.
Queen—Cleo Ashley.
Chief Huntsman—George Johnson.
Mirrors — Lucille Larson and Lucille Hermanson.
Queen Mother—Lucy Nason.
Fairy Godmother—Bertha Gulingsrud.

In addition to this cast there are also seven dwarfs and twelve huntsmen.

With Bryan telling the past and Doyle telling the future, the only thing doubtful is the present.

POTATO RAISERS IN ASSOCIATION GET GOOD PRICES

Returns on Eleven Out of First Sixteen Cars Are $1.45 and $1.15 Per Hundred.

These Prices Are F. O. B. Chicago and Minneapolis. One Car is Rejected.

Estimated That About One Hundred Cars Will Be Shipped By Members.

The members of the Pennington County Potato Shippers association are particularly well pleased with the price that they have received for the potatoes shipped up to this time. In all sixteen cars have been shipped from here so far this season and returns have been received on all but five cars.

One Car Rejected.

Out of the sixteen cars shipped one has been rejected as not coming up to grade. This is a very good record for this season and shows that the local farmers have been very careful with their grading before shipping. The one car rejected will not be a total loss as it will be sold, only at a lower price.

Excellent Prices.

Considering the present condition of the potato market, the members of the association have received very good returns for what they have shipped. The first sixteen cars were shipped to Minneapolis and Chicago and for the eleven cars that returns have been received on they got $1.15 per hundred for the Minneapolis shipments and $1.45 for the Chicago shipments. These prices were F. O. B. Minneapolis and Chicago.

Estimates One Hundred Cars.

County Agent McCann estimates that about one hundred cars of spuds will be shipped out by the members of the association this year. The association now has forty-two members and only the potatoes raised by the members are handled by them.

Reception For Teachers At Knox Building Friday

The reception tendered the Thief River Falls teachers by the Parent-Teachers Association at the Knox school last Friday evening was well attended and a success throughout. There was a thorough spirit of welcome to the instructors and everybody were there with the idea of meeting as many as possible, the purpose of this first event being to get acquainted. The spacious auditorium in the Knox building was filled almost to capacity, there being a large turnout of school patrons and parents.

Mrs. H. W. Froehlich, president of the association, was in charge and opened the brief informal program with a hearty address of welcome, giving the purpose of this meeting and the organization as a whole. Particular stress was put on co-operation between the parents and teachers. Supt. I. T. Simley responded in behalf of the teaching staff in his usual whole hearted manner, thanking the association for the splendid spirit shown and assuring the patrons that an efficient group of instructors has been secured this year and the educational machinery is operating with the most desirable results.

Several excellent musical numbers were rendered, including: piano solo, by Miss Doris Halvorson; vocal solo, by Mrs. O. F. Mellby accompanied by Mrs. W. A. Barnard; violin solo, by Mrs. A. Holmgren, accompanied by Miss Theone Walker on the piano; and selections by a quartet composed of Dr. P. L. Vistaunet, Dr. J. N. Nesse, Carl Sundahl and F. C. Niclai. The audience demanded several encores, with which the artists willingly responded.

Following the program everybody took part in a social hour. The getting acquainted was made less difficult by pinning the name on each person so as to identify each one. At the conclusion of the evening dainty refreshments were served.

To Attend National Convention.

Mrs. J. M. Bishop will leave Sunday night for New Orleans where she goes as a delegate from the ninth district to the national convention of the Women's Auxiliary of the American Legion. She is also a member of the national legislative committee of the organization, enjoying the distinction of being the only member of this committee from Minnesota. Mrs. Bishop will be gone about a month and will visit with friends and relatives at St. Paul, Des Moines, Kansas City and Oklahoma City before returning to Thief River Falls. At Oklahoma City she will visit her daughter, Miss Merriam, who is a member of the faculty of the Oklahoma City high school.

Society

Woman's Club Opens Season.

A well attended meeting of the Woman's club on Monday afternoon, Oct. 2, at their new home on Horace avenue and Fourth street, marked the opening of the coming season. The executive board acted as hostesses. The rooms which the club is making their regular club rooms thru the courtesy of the Girls' Community club, were very attractively decorated with autumn leaves and flowers. A social hour between 3 and 4 o'clock was enjoyed, following which a very delicious lunch was served.

Music was rendered by a sextette, the same which sang in the concert at the Ada meeting, composed of Mrs. G. Halvorson, Mrs. Charles Nason, Mrs. G. W. Booren, Miss Lucille Johnson, Mrs. J. N. Nesse and Miss Thora Hanson.

Mrs. G. Halvorson gave a very interesting report of the Ninth District meeting at Ada. An excellent detailed account of the convention Sept. 13, 14 and 15 at Bemidji was given by Mrs. Daniel Shaw.

At the regular business session various problems regarding the activities of the club were discussed. A committee to assist in the entertainment of the teachers who will be here during the N. M. E. A. convention which will be held here next week, was appointed with the following members: Mrs. H. W. Froehlich, chairman, Mrs. Gaston Ward, Mrs. H. O. Loken, Mrs. Nels Christenson, Mrs. I. T. Simley and Mrs. M. P. Rapacz.

Mrs. Arnold, the chairman of the program committee, brought before the club the plans for programs during the coming year, which were approved by the members.

Baldridge-Lydon.

R. J. Baldridge, bookkeeper for the Gamble & Robinson company, returned last week from Davenport, Iowa and surprised his friends by being accompanied by his bride. The full account of the wedding as it appears in the Davenport Democrat is as follows:

The marriage of Miss Kathryn Lydon of Davenport, daughter of the late Thomas Lydon of Cresecon, Ia., and R. J. Baldridge of Thief River Falls, Minn., son of Mr. and Mrs. Thos. Baldridge, formerly of Davenport but now of Minneapolis, Minn., was an early morning ceremony at 6:30 Wednesday at the Church of St. Paul the Apostle. Rev. C. J. Donohue officiated celebrating the nuptial mass, Miss Jeanette Lydon, sister of the bride, and Wm. Olson were the attendants. The bride wore a gown of white Canton crepe and hat of white in a picture model. The bridesmaid's was in white lace net and satin. The wedding breakfast was at Hotel Blackhawk, and the couple left in the afternoon for Oilwein, Iowa and Minneapolis to visit friends and then to Thief River Falls where they will reside. Mr. Baldridge is bookkeeper for the wholesale fruit company of Gamble & Robinson at Thief River Falls.

The groom's family resided for several years in Davenport, leaving a year ago for Minneapolis.

Entertains at Birthday Party.

Miss Doris Halvorson charmingly entertained a company of friends at her home, 515 LaBree avenue north, on Saturday evening, the event being in the form of a birthday party. The hours were pleasantly spent at sewing, music and cards, at the close of which the guests were treated to a dainty lunch, a feature of which was a birthday cake, topped with candles, forming the centerpiece of the table. The rooms and luncheon appointments had been appropriately decorated for the occasion with autumn leaves and flowers. The Cash Value of Tractor Power

"TIME is the essence in good farming", writes Frank I. Mann, one of the most successful farmers in the United States. "To judge the value of a tractor on the farm it must be considered in relation to its ability to do farm work at the time to give most profitable return from the crops grown."

Mr. Mann goes on to show that farm work is subject to continual delays from adverse weather conditions, and the one great advantage of the tractor is in enabling the farmer to handle peak loads on time.

In one case cited, tractor power enabled the farmer to sow a good acreage of spring wheat on March 23, which early seeding gave him a return of 44 bushels per acre, thus illustrating the cash value of tractor power.

A tractor to do its work must have petroleum products.

The Standard Oil Company (Indiana) takes great pride in the fact that its organization is able to supply the needs of these tractors in 10 Middle Western states with petroleum products of superior quality.

No matter how unexpectedly the farmer's peak load may arrive, he will find that this Company has ever ready at his call such gasoline, kerosene and lubricants as he may need.

Owing to the isolation of many farmers and farming districts, this task of supplying petroleum products at dependable intervals is a big and often an exceedingly difficult one.

Nevertheless, the Standard Oil Company (Indiana), inspired by its obligation to the community, has always met rural needs for petroleum in a big way. The Company constantly is extending its operations to provide facilities which under all conditions enable it to meet the demands made upon it, and to guarantee a reliable and sustained service even in periods of stress.

Interesting Address at Club Luncheon Today

The Commercial club was addressed today by C. M. Aldous of the St. Paul Association of Commerce. Mr. Aldous is boosting for the National Dairy Show and endeavors to arouse enthusiasm in having a delegation formed in each county to attend the Dairy Show, held in St. Paul, Oct. 7th-14th. Mr. T. M. McCall of the Northwest School of Agriculture, was also present to judge vegetables at the Merchants' Association and Commercial Club Vegetable and Fruit Show. Mr. McCall explained some of the many advantages the Northwest has in this line.

No luncheon for the Commercial club will be held on Oct. 12th. The program will be held the following day, Friday, Oct. 13, in the Trinity Lutheran church. The club will be addressed at noon on that day by Honorable W. I. Nolan. The school men attending the Northwest Teachers' convention will be the guests of the Commercial club for luncheon.

Ordered Out of Town.

Mrs. B. Brennen was arrested Tuesday afternoon on the charge of conducting a disorderly house. She appeared before Judge Tarrant and pleaded guilty. A ninety day jail sentence was suspended with the understanding that she leave town before October 10th.

"Some" Nuts.

It was Red Lake Falls "mixed" shop, where all the sorts and conditions of commodities were sold, although the proprietor was registered as a confectioner. In one of the windows was a bag of small potatoes. A potential customer scrutinized the window closely. Finally he entered the shop, and pointed to the potatoes stated: "Give ma a dime's worth of them nuts, they are particularly fine and large!"

A Kansas paper says the best way to invest in oil stock is to get a tin can, carefully place it in your money, then sneak out in the back yard and bury it under a couple of feet of mother earth. We add our recommendation to this plan.

If you over eat you will underlive. As a precaution take your meals in an exclusive restraunt.

Young Man—Please come out in the garden with me.

Fair Co-ed—Oh no, I mustn't go out without a chaperone.

Young Man—But we don't need one.

Fair Co-ed—Then I don't want to go.

A Chicago professor says the world has been ruled by women for 10,000 years. We had thought the world was older than that.

Still, I do agree with neighbor Henry, who is positive that his garage man employs only one mechanic and six bookkeepers.

A little Thief River Falls boy who hears his father dictating a letter to his stenographer, was about right when he asked his mother if his papa could not write himself, and had to tell the young lady to do it for him.

Nature has been wonderfully kind to this section, but there would have been no kick if she had left out poison ivy.

A Baudette man was slugged and robbed of $400 in Buffalo, N. Y., this week. They didn't leave him enough to buy a ticket back to civilization.

Best results are always obtained by yielding the right of way to a railroad train, a street car, or heavy truck.

In A Glass Cage.

"She has always led a sheltered life."

"An heiress?"

"Ticket seller at a movie show."

Explicit.

Chief Justice Taft, a great reader, was discussing books at a dinner party in Washington:

This high-brow talk about 'styles,' he said, amuses me. 'Style' usually means affection. The best writers have no style. It's as if they were talking to you.

Stylists are always looking for trouble. One of them entered a drug store the other day and asked for a man's comb.

" 'Do you want a narrow man's comb?' " said the attendant.

"The stylist gave a disgusted laugh.

" 'No,' he said, 'I want a comb for a stout man with rubber teeth."

Money brings so little happiness to those who have it that I can't think it will be the currency in our next existence.

Waste of Money.

Broker's Wife—I think it's awfully foolish of you to pay so much for a seat in the stock exchange. Every time I drop in to see you I find you either standing up or walking about.

"Why is it that you have never married, Sam?" asked the white woman of the shiftless colored man who did odd jobs for her. "Won't any of the girls have you?"

"Oh, yas'm they'd have me all right," replied Sam. "But it's this-a-way. When I feel like gettin' married, I ain't got no $2 for a license. And when I have $2 I feel too right to get married.

Resolutions of Respect and Condolence.

Whereas, In view of the loss we have sustained by the decease of our Brother, E. M. Stanton, and of the still greater loss sustained by those who were dearest to him; therefore, be it

Resolved, That it is but a just tribute to the memory of the departed to say that in regretting his removal from our midst we mourn for one, who, in every way, was worthy of our respect and regard.

Resolved, That we sincerely condole with the family of the deceased on the dispensation with which it has pleased a Divine Providence to affect them, commend them for consolation to Him who orders all things for the best, and whose chastisements are meant in mercy.

Resolved that the heartfelt testimonial of our sympathy and sorrow be forwarded to the family of our departed friend by the secretary.

Resolved, That this resolution be transmitted to the family of the deceased and published in The Times, and placed upon the minutes of our meeting, and the charter be draped in mourning for a period of 60 days as a token of our respect and veneration for the character of a good man gone to rest.

Farmers and Merchants State Bank

(By R. KENNETH EVANS.)

ONE of the best indications of the growth and advancement of Thief River Falls is shown in the success of the Farmers and Merchants State bank, a new institution organized four years ago, which is today filling an important place in the financial world of Northwestern Minnesota.

Four years ago R. McGinn and associates realized that the growth and progress of Thief River Falls demanded that additional banking facilities be provided to augment that development. With keen business perception these men realized that by taking an active part in the agricultural and dairying development of Pennington county and by operating a bank where personal service to every patron was a paramount feature, that they could make their institution a factor.

From the day the doors were first opened for business, on one of the principle business corners of the city, the policy of not only making the bank a financial success as to its stockholders but a credit to the city and county, has been followed out to the letter. Even though a young institution, and not alone facing a period of growth, this bank was thrown into the financial world at a time when the entire United States was facing a period of reorganization following the greatest war in history.

It took financial engineering skill to steer the bark around the shoals of disaster which took so many less cabably managed institutions into the whirlpool of financial destruction during the period of adversity, from which the country is just now recovering. But the bank weathered this period without tremor and this fact alone is one of the strongest assets it possesses to meet the less drastic problems that are confronted every day, due to returning normalcy.

The Farmers and Merchants State bank has a capital of $25,000 and a surplus of $5,000. The present officers are all men who have made a success of their individual business by individual efforts and are invoking the same conservative, yet progressive principles into the policies and management of this bank. It is strictly a local institution with every officer and stockholder working and watching with interest every days progress being made. The bank is growing steadily and is classed as a factor always standing behind every meritorious move for further development and advancement that is responsible for the maintenance of such an enviable reputation for Pennington county. Every patron has come to know that he can go to the heads of the bank with his financial troubles and problems and have them answered to the best of the ability of men of success. They have also come to know that every possible accommodation will be extended them which is consistent with good banking.

R. McGinn, president of the bank has been a resident of this section of Minnesota for many years. He is a hard and conscientious worker, always on the job at the bank or looking after the bank's business. Mr. Herbert Fuller is vice president and Albert Lonson is cashier. Mr. Lonson has been identified with the bank but a short time but in that time has shown himself to be a valuable acquisition to the business life of the city. Miss Effie Hamry is assistant cashier as well as Ted McGinn.

In addition to the officers named above the board of directors is composed of L. DeCremer, merchant; Waldie Christensen, farmer; Fred Johnson, railroad engineer; John Cronkhite, railway mail clerk and John Morgan, postmaster.

The building which is occupied by the bank was constructed in 1905 and is of cement block construction. The second floor is occupied by offices.

Taking all in all this institution has a bright future ahead of it and is worthy of all the patronage and co-operation that can possibly be accorded it as it is this class of business institutions that are responsible for the maintenance of such an enviable reputation for Thief River Falls as a business and commercial center.

Salveson---Photographer

(By R. Kenneth Evans)

IT takes all the component parts to make up a well regulated and established commercial center and one of vital importance is a photo studio and in the Salveson studio the city of Thief River Falls has an institution where the art of photography is perfected as far as modern science will permit and where satisfactory work is one of its strongest assets.

The Salveson Studio was established here in 1912 by Mr. Salveson, who came here from Grand Forks, N. D. Nineteen years of experience in the photograph field is one of the strongest gaurantees that Mr. Salveson can place behind his work, augmented by the fact that the very latest improved photography equipment has been installed both for exposures and the finishing of the work in the latest tints and designed known to this profession.

Many people do not take into consideration the value of a photograph as a keepsake until after it is too late to get one. There are dozens of families in Pennington county today who are mourning some loved one who has passed into the Great Beyond or out of their life, leaving nothing behind but the image in the mind of those who were so dear to them. A photographic history of the growth of the children, of the parents, of the home are treasured keepsakes which money cannot buy when it is too late.

Mr. Salveson in the management of his studio handles an extensive kodak business, finishing and making prints in a high grade manner. This business is also handled very extensively by mail and prompt attention is given to mail orders no matter from where they are sent. The lastest improved methods are adopted in the development of kodak films and the prints are made on high class paper and in a manner to preserve them for years. Popular prices are charged for this class of work.

Commercial photography is also a part of this business, Mr. Salveson making trips outside of the studio when the occasion demands to do commercial work. This is also finished up in high class manner and in record time.

The portrait work is equal to that to be secured in any of the larger cities. All the equipment for securing lighting effects is provided at the studio and by special study Mr. Salveson is equipped to do finishing in all styles, including the tints and colors. Portraits range in price from $2.50 to $30.00 per dozen, with an extensive line of mounts available to choose from.

Twenty-four hour service is maintained for kodak work and throughout the entire studio Eastman supplies are used, which are noted nationally for their perfection. By using this class of equipment and many years of experience gives Mr. Salveson the opportunity of guaranteeing the work turned out from the studio.

Enlargments and picture framing as well as reproduction work is a feature of this business. In fact any class of work known to photography can be secured at this studio.

HIGH SCHOOL PROGRESS

Thief River Falls, Minnesota, Thursday, Oct. 5, 1922

Number 4

HIGH SCHOOL PROGRESS
Published by The Thief River Falls High School

1922 Prowler $1.25.

Owing to a delay in transportation last spring a part of the Prowlers did not arrive until after the close of school. As a result the Class of 1922 was not able to deliver all the books at that time.

There are quite a number of subscribers who have not received their books, as well as others who would be glad to buy a annual at a reduced price. We are anxious to dispose of the remaining annuals as quickly as possible. To that end all subscribers are requested to send in their receipt to M. P. Rapacz with an additional 75c. and the book will be sent by mail. If you live in the city, call for your book or phone us and we will deliver it. New subscribers should send in $1.25.

Wednesday's Chapel.

At chapel last Wednesday morning, Mr. Simley read to the students parts of two letters which he had received regarding our game with Warren. The Superintendent of schools at Warren represented their team in thanking us for the courteous treatment which was accorded the boys while in our city. He stated in his letter that our boys were too much for them. The other letter was from Denis McGinn, a former football man of this school. "Dennie" wrote from St. Thomas college in St. Paul, where he is making a name for himself in athletics. He noticed the mention of our game with Warren in the Sunday St. Paul Pioneer Press. It was "Dennie's" opinion that our boys were playing real football.

The Feature Section.

The New Fad.

Whether there are match-making mothers or not, who knows that by the end of the second year students and students, faculty and faculty, or as the parties see fit, will be coupled up and celestial bliss will abound?

Monday evening Miss Shirley Anderson and Lloyd Alnes '22 quietly announced their marriage, much to the surprise of their friends. We wish them good luck and happiness.

The school system now boasts of three newlyweds, two on the faculty and one among the student body. *Considering* the "un"-premeditation of these affairs we hope that if the fad becomes "faddish" the family grief will be spared from the school circles.

"How to Succeed."

The September 25th issue of the Minneapolis Journal published an editorial on "How to Succeed in High School" that would be well worth while for every high school student to read. This editorial points out the value of having successfully finished high school and gives some suggestions for insuring success.

One of the chief problems of the high school is the number of failures. These are in most instances due to lack of co-operation between home and school. Mr. M. C. Clark, Superintendent of the Sioux City high schools, has after a close study of the "failures" problem come to the conclusion that two hours of home study are required daily to successfully carry on a high school course. This should be done alone as tandem work usually means that nine-tenths of the time is wasted.

Mr. Clark emphasizes the importance of school vocations such as music, dramatics, debate and athletics, but warns against participation in too many. Two are all that should engage the attention of a student in any one year.

The high school year is a great opportunity but of value only as advantage is taken of it. The greatest good can come only with the closest co-operation among the students, the school, and the home.

Once More the "Prowler."

The senior class will soon begin work on the 1923 "Prowler." It is the aim of the class to publish an annual of which the editors and eventual owners may be proud. If we do succeed in putting out a creditable book—and there is every indication that we will—we want to distribute as many copies as possible that many may enjoy the fruits of our efforts. We hope to make the 1923 "Prowler" such a fitting memorial to the school year of 1922-23 that no student can afford to be without one. It is also our desire to sell the book at as low a price as possible. Here is where you can do yourself and friends a distinct service. If you will subscribe and encourage them to subscribe early, we can place our order for a larger number of volumes and consequently at a lower cost per copy. So take heed and spread the gospel.

School Students and the Public Dance Hall.

It seems to me that students ought to consider a general education in school rather than getting a large part of it in public dance halls.

There are laws in Minnesota governing the ages of girls and boys who may attend public dances. These laws are void as far as the average city is concerned. Grade, as well as high school students, ranging from the age of twelve up attend public dances any day of the week.

These laws should be enforced, but what are citizens of Thief River Falls going to substitute for amusement for her young folks. Students will find recreation somehow. It is the duty of the school as well as the parents to direct it along the proper channels.

I would suggest properly chaperoned "school dances" on a Friday or Saturday night for boys and girls who like to dance. This would do away with the school girl's or boy's craving for the public dance hall.

If you have any other suggestion for proper amusement for the students, we should like to hear from you.

W. T.

Radio, Why Not Now?

The students of the high school are keeping abreast with the times when it comes to ideas. There are about fifteen boys that are ready and anxious to take a course in radio. We feel that this course should be granted as the necessary equipment could be furnished by the students, and we have available an enthusiastic and able teacher in Mr. Pope. It is our opinion that this subject should rank equally high with any other science because it is rapidly coming to the front. It is now being taught in the city schools and will in all probability be adopted in all schools. There is a demand here that is strong enough. "Let that radio be inaugurated!"

Senior Class Meetings.

The first senior class meeting under the new administration was held last Thursday at four o'clock in the high school assembly.

The business was concerned with the appointment of committees to arrange for the senior reception for the faculty. A committee has already been appointed to select the class rings. It was deemed wise by the seniors to get their class emblems at the beginning of the year while the glamour of being a senior is in its infancy. The all-important task of selecting an annual staff was left to the better judgment of the class officials, to be approved or rejected by the class.

Class advisor Powley made his "Inauguration Address." He pointed out the brilliant prospects for the coming year and pledged himself to do his utmost in realizing them.

On the following Wednesday in another senior meeting final arrangements were made for the faculty reception. Class dues were fixed at twenty-five cents a month for the first semester, subject to change at the middle of the year.

Senior Reception.

It is customary in the high school for the seniors to give a reception for the faculty at the beginning of the school year. The present senior class staged theirs last Saturday evening at the high school. The business-like atmosphere of the commercial rooms had been completely transformed into that of a home by the addition of davenports, easy chair and floor lamps.

The receiving line was somewhat different than usual. As each guest was received he became one of the line by turning about and greeting those who came after him; this way it was a matter of but a short time before everyone knew "who was who."

Little booklets with pencils attached were then presented to each one, and a contest to see who could get the most autographs ensued. Mr. Harner received a box of Smith's candy (cough-drops) for his ingenuity in securing the most signatures. Milford LaBree was consoled by being awarded a box of fruit (a prune prettily done up in tissue paper.)

A program had been arranged as follows:

Address of Welcome
-------------Ole Helle, president.
Violin Duet
Lorraine Will and Henry Arneson.
Reading --------Mrs. M. P. Rapacz.
Vocal Duet.
Eileen Arneson and Lorraine Will.
Piano Solo ------------ Pearl Weeks.

Refreshments were served by the freshman girls.

Reports indicate a successful event, due to careful planning and preparation by the class advisor, S. W. Powley, class president, Ole Helle, and the committees.

The Junior Class Organizes.

The first junior class meeting of the year was called at 4:10 September 21. The meeting was called to order by Elsie Blair, last year's vice president. Officers for the year were elected as follows:

Melvin Englestad --------President.
Elsie Blair ----------Vice president.
Esther Lunsetter ---------Secretary.
Herbert Keene -----------Treasurer.
Olga Lokken, Orrin Storholm
---------------- Sergeant at Arms.
Miss Thompson ------Class Advisor.

Rev. Gerlinger Speaks.

Rev. Gerlinger on Wednesday was invited to speak before the student body on the life and work of Frances E. Willard. He delivered an interesting talk which was enjoyed by everybody.

Frances E. Willard was president of the national W. C. T. U. and later became chairman of the world organization. She accomplished much in this capacity and also in that of Dean of Women at the Northwestern University.

Rev. Gerlinger's speech re-established in our minds the greatness of Frances E. Willard as a benefactor not ony of her generation but also of those that have and will follow.

Personals.

Henry Waale of Kratka, a member of the junior class returned on Monday to resume his school work.

James Paranteau returned last week to continue work in the local high school.

Virgil Denhart, accompained by his two sisters, Wildavene and Sylvia, spent the week end at their home near Hazel.

Wallace Nelson, '26, moved with his parents to Greenbush where he will continue his studies.

Harold Williams, '26, left school after attending for three weeks.

Lois Nickolson moved with her parents, Mr. and Mrs. Geo. Nickolson, to Florida for the winter.

Myrtle Helegland returned to school Friday after a short illness.

Marie Larson of Kratka, started school September 25 as a freshman.

Thelma Christenson will leave at the end of the week with her parents who are moving to Duluth.

Rules for Conduct in School.

1. Beware of Mrs. Korstad's blue slips on a blue Monday.
2. If you perceive that your neighbor is sleeping, quietly drop a book on his upper story and the teacher at the desk will quietly appreciate it.
4. If your instructor does not appear ten minutes after the tardy buzzer has been sounded, leave the class room, proceed to the assembly and engage in a social chat.

Thief River first down on Grand Forks 70 yard line. S. Sorenson passed to LaBree but it was intercepted by Grand Forks on Thief River 50-yard line.

Here Grand Forks again made 15 yards but lost the ball on a fumble which was recovered by C. Sorenson on Thief River 30 yard line.

Thief River first down on 30 yard line. Anderson misses a high pass from center and recovers it on Thief River 2 yard line. A pass to S. Sorenson who made 30 yards. Anderson-Sorenson netted 30 yards. Anderson's coolness and fast head work in making this play.

Thief River first down on Grand Forks 40 yard line. S. Sorenson passed to LaBree, incomplete. Sether gained 2 yards, Anderson 5 yards and Thief River lost ball on Grand Forks 30 yard line.

Grand Forks made two small gains and on third down passed but it was intercepted by our quarterback, Sether on Thief River 10 yard line. Grand Forks made the best pass of the game gaining nearly 40 yards.

Sorenson gained 5 yards, Anderson 3 yards and Barzen punted to Grand Forks 30 yard line. Grand Forks first down on 40 yard line.

Grand Forks passed, incomplete. Grand Forks made two more tries for a gain without success and then punted to Thief River 20 yards where the ball was received by Sether and carried to the 50 yard line.

Anderson made an end run netting Thief River first down on Grand Forks 30 yard line. Sorenson 8 yards, 20 yards. Grand Forks time out. *Anderson 10 and Barzen 2 yards.* End of third quarter. Score 14-0.

Final Quarter.

Thief River first down on Grand Forks 20 yard line, Anderson gained 6 yards, S. Sorenson 3 yards and Anderson 3 more, made Thief River first down on the Grand Forks 10 yard line. Sorenson gained 5 yards, and Thief River fumbled and lost 15 yards. Anderson gained 10 yards and Sorenson around end for a touchdown. Try for goal incomplete. Score 20-0.

Grand Forks received on 10 yard line and carried the ball to the 30 yard line.

With 2½ minutes to play Grand Forks setted down to a good brand of football and made consistent gains. The whistle blew with the ball in Grand Forks possession, on their third down and only 3 yards to go for a goal. Final score 20-0 in favor of the locals.

The attendance showed some improvement over that of former games. But, remember that you are missing something that is worth seeing if you miss a football game. The boys are out to triumph over everything in sight, so let's back 'em to the finish and have 100% showing of supporters at the games.

Proposed Amendments to the Constitution of the State of Minnesota

Submitted by the Legislature at its General Session, 1921, to the People of Minnesota at the General 1922 Election Together with Statements of

Purpose and Effect of each

Prepared by
CLIFFORD L. HILTON
Attorney-General of Minnesota.
Addressed to
MIKE HOLM
Secretary of State.

ST. PAUL, MINNESOTA,
OFFICE OF ATTORNEY GENERAL,
June 30, 1922.

HONORABLE MIKE HOLM,
Secretary of State,
Capitol.

SIR:

As required by section 46, General Statutes of the state of Minnesota for the year 1913, I have the honor to furnish you, herewith, a statement of the purposes and effects of all amendments proposed to the constitution of the state of Minnesota by the legislature of 1921 and which are to be submitted to the electors of said state at the general election in 1922.

PROPOSED AMENDMENT NO. ONE

Chapter 528, Session Laws of Minnesota for the year 1921 proposes an amendment to section 10 of article 9 of the constitution of said state. Said section now reads as follows:

"The credit of the state shall never be given or loaned in aid of any individual, association or corporation. Nor shall there be any further issue of bonds denominated "Minnesota state railroad bonds," under what purports to be an amendment to section ten of article nine, of the constitution, adopted April 15, 1858, which is hereby expunged from the constitution, saving, excepting and reserving to the state, nevertheless, all rights, remedies and forfeitures accruing under said amendment."

If amended, said section will read as follows:

"The credit of the state shall never be given or loaned in aid of any individual, association or corporation, except as hereinafter provided. Nor shall there be any further issue of bonds denominated 'Minnesota State Railroad Bonds' under what purports to be an amendment to section 10 of article 9 of the constitution, adopted April 15, 1858, which is hereto expunged from the constitution, saving, excepting and reserving to the state, nevertheless, all rights, remedies and forfeitures accruing under said amendment. Provided, however, that for the purpose of developing the agricultural resources of the state, the state may establish and maintain a system of rural credits and thereby loan money and extend credit to the people of the state upon real estate security in such manner and upon such terms and conditions as may be prescribed by law, and to issue and negotiate bonds to provide money to be so loaned. The limit of indebtedness contained in section 5 of this article shall not apply to the provisions of this section, and the purposes for which the credit of the state or the aforesaid municipal subdivisions thereof may be given or loaned as herein provided are declared to be public purposes."

The PURPOSE of said amendment is to develop the agricultural resources of the state by authorizing the lending of money and credit of the state to the people upon real estate security.

The EFFECT of said amendment, if adopted, will be to authorize the enactment of laws by the legislature for the establishment and maintenance of a system of rural credits. The legislature will be empowered to provide money by the issuance and negotiation of bonds of the state to be loaned upon real estate security to the people of the state, and will be enabled to prescribe the terms and conditions upon which such money may be lent and such credit extended. There will be no limit of indebtedness in this respect, and the state will be enabled to issue and negotiate as many bonds for this purpose as it deems advisable.

PROPOSED AMENDMENT NO. TWO

Chapter 629, Session Laws of Minnesota for the year 1921, proposes an amendment to the constitution of the state of Minnesota by adding a new section to article 9, to be known as section 1A, to read as follows:

"Every person, co-partnership, company, joint stock company, corporation, or association, however or for whatever purpose organized, engaged in the business of mining or producing iron ore or other ores in this state, shall pay to the state of Minnesota an occupation tax on the valuation of all ores mined or produced, which tax shall be in addition to all other taxes provided by law, said tax to be due and payable from such person, co-partnership, company, joint stock company, corporation or association however or for whatever purpose organized, on May first of the calendar year next following the mining or producing thereof. The valuation of ore for the purpose of determining the amount of tax to be paid shall be ascertained in the manner and method provided by law. Funds derived from the tax herein provided for shall be apportioned; fifty per cent to the state general revenue fund, forty per cent to the permanent school fund and ten per cent to the permanent university fund. The legislature shall by law make the necessary provisions for carrying out the provisions of this section."

The PURPOSE of said amendment is to direct the legislature of the state of Minnesota to impose and to keep in effect an occupation tax upon those engaged in the business of mining or producing iron ore or other ores in this state, in addition to other taxes imposed by law, at a rate, based upon the valuation of the ore produced, to be determined by the legislature and to provide for the proportionate distribution of such taxes to the general revenue fund, the permanent school fund, and the permanent university fund.

The EFFECT of the amendment, if adopted, will be to direct the legislature to impose and keep in effect such a tax upon those engaged in said business; and to require that the proceeds of such taxes shall be distributed in the manner following, to-wit: fifty per cent to the state general revenue fund, forty per cent to the permanent school fund, and ten per cent to the permanent university fund.

Yours respectfully,
CLIFFORD L. HILTON,
Attorney General.

COMMISSIONERS' PROCEEDINGS

Thief River Falls, Minnesota, Sept. 30th, 1922.

A special meeting of the County Board for Pennington County, Minnesota was held in the Office of the County Auditor in the City of Thief River Falls, Minn., at 1 o'clock in the afternoon.

Meeting was called to order by the Chairman Commissioner Peterson. All members were present.

The County Board had just been out and inspected the Culvert on State Road No. 1 which had been built under contract by Casper Wiener Jr. They inspected said work and found that the same had been done in accordance with contract on file.

Motion by Commissioner Peterson, seconded by Commissioner Hanson that said work be approved subject to the approval of the Highway Engineer.

Motion carried.

The following resolution was offered by Commissioner Naplin who moved its adoption duly seconded by Commissioner Roy.

BE IT RESOLVED, that the County Auditor hereby is ordered and instructed to Notify the American Drainage Company that all leveling of roads and also leveling of earth for Agricultural purposes along County Ditch No. 68 must be completed before October 15th or steps will be taken to cancel their contract.

All members present voted for the resolution it was so declared approved.

The following resolution was offered by Commissioner Hanson who moved its adoption duly seconded by Commissioner Peterson.

BE IT RESOLVED, that the County Auditor hereby is ordered and instructed to notify Even Ose, that the work of cleaning and repairing County Ditch No. 39 must be completed on or before October 15th or steps will be taken to cancel his contract.

All members present voted for the resolution it was so declared approved.

A petition of T. S. Dahle to be set off from School District No. 47 and attached to School District No. 34 was presented to the Board for their approval. The same was found to be in proper form and the following order was made on Motion by Commissioner Hanson and seconded by Commissioner Peterson.

Order For Hearing of Petition of Freeholder to Be Set Off.
Exhibit No. 1

WHEREAS, A petition signed by T. S. Dahle, a free holder of School District No. 47 in this County, with the approval of the County Superintendent endorsed thereon, representing that he is the owner of the following described lands situate in said District, to-wit:

Lot 4 and North part of Lot 5 and NW¼, SW¼ Sec. 34 and SW¼, SW¼, Lot 5 and 8 and NW¼, SW¼ Sec. 34, Township 153, Range 40.

Said lands are adjoining School District No. 34 and asking that his lands may be set off from said District No. 47 to said District No. 34, for the following reasons:

NOW, THEREFORE, It is hereby ordered, that a hearing upon the said petition will be had at a meeting of said County Board, commencing upon the 19th day of October A. D. 1922, at Two Thirty o'clock in the afternoon of said day, at the Office of the County Auditor in the City of Thief River Falls, at which time and place the said County Board will hear arguments of all persons interested for and against the proposed organization of said new school district.

IT IS FURTHER ORDERED, That a notice of said hearing be posted in three public places in each of the districts affected thereby, and a copy thereof served on the Clerk of each of said districts so affected at least ten days prior to said time herein set for hearing said petition; and that said notice be forthwith published two weeks in the newspaper known as Thief River Falls Times which is printed and published in said County, and is hereby designated as the legal newspaper for publishing the same.

Dated this 30th day of September A. D. 1922.

By order of the County Board of Pennington County, Minnesota.
By OSCAR J. PETERSON,
Chairman of said Board.

The following resolution was offered by Commissioner Roy who moved its adoption duly seconded by Commissioner McGinn.

WHEREAS, After investigation, it has been made to appear to this board that Elenore Amanda Johnson is afflicted with incipient pulmonary tuberculosis and that she has resided in the State of Minnesota throughout the year last past; that she is unable to pay the charges for her maintenance and care in the State Sanatorium and is without kindred legally liable therefore and able to pay the same.

NOW THEREFORE BE IT RESOLVED, By the County Board of said Pennington County that request be made forthwith to the Superintendent of the Minnesota State Sanitorium for the admission there of the said Elenore Amanda Johnson and that the Chairman of this Board be and is hereby authorized and directed to make such request in writing, pursuant to the provisions of Section 4133 General Statutes of Minnesota 1923. The charges for the maintenance and care of said patient in said Sanitarium to be paid by the County of Pennington. All members present voted for the resolution, it was so declared approved.

There being no further business the County Board adjourned sinedie.

OSCAR J. PETERSON,
Chairman County Board.

Attest:
T. P. ANDERSON, County Auditor
& Ex-Officio Clerk of the Board

Default having been made in the conditions of that certain mortgage made, executed and delivered by Lars Olson Dah, a batchelor, as mortgagor, to Goodridge State Bank, a corporation under the laws of the State of Minnesota, as mortgagee, on the 23rd day of January, 1919, and with a power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the County of Pennington, State of Minnesota, on the 25th day of January, 1919, at 11 o'clock A. M. in book "13," of mortgages, on page "457," and which mortgage was thereafter assigned by said Goodridge State Bank, to the Yellow Medicine County Bank, a corporation under the laws of the State of Minnesota, by an instrument in writing, made, executed and delivered on the 5th day of March 1919, and duly recorded in the office of said Register of Deeds on the 13th day of March 1919, at 8 o'clock A. M. in book "63" of mortgages, on page "72," and which mortgage was again assigned by said Yellow Medicine County Bank, to Wade Pinckney, by an instrument in writing, dated the tenth day of April, 1919, and duly recorded in the office of said Register of Deeds on the 14th day of August, 1922, at 8 o'clock A. M. in book "63" of mortgages, on page "433," and which mortgage was given upon the following described land, situated and being in the said County of Pennington, State of Minnesota and in said mortgage described as "The North East quarter (N. E. ¼) of section numbered twenty-(20) in township one hundred fifty four-(154) North, of Range numbered thirty nine-(39) West, of the Fifth Principal Meridian" and was given to secure the payment of the sum of One Thousand-(1000) Dollars, and interest on that sum at the rate of six per centum per annum, payable annually on the first day of December of each year, the principal sum being due and payable on the first day of December, 1923, and which default consists in the failure to pay the sum of Sixty-(60) dollars, which were due and payable on the first day of December, 1921, interest on said $1000.00; And the said Wade Pinckney, said assigned of said assignee of said mortgagee having by reason of said default declared and hereby does declare the whole sum secured in and by said mortgage to be due as he is duly authorized to do under and by the provisions in said mortgage contained.

That there is now due and payable upon the indebtedness secured by said mortgage, the sum of One Thousand-(1000) Dollars, with interest thereon at the rate of six per centum per annum from and since the first day of December, 1920.

Now, therefore, notice is hereby given that by virtue of the power of sale in said mortgage contained, and pursuant to the Statutes in such cases made and provided, the said mortgage will be foreclosed by a sale of the said premises described in and conveyed by said mortgage, with all the appurtenances thereunto belonging or in anywise appertaining, which sale will be made by the sheriff of said Pennington County, at the front door of the Court House in the city of Thief River Falls in said County *on Friday the 20th day of October 1922,* at ten o'clock in the forenoon of that day, at public vendue, to the highest bidder for cash, or so much thereof as shall be necessary to pay the said debt of $1000.00, with interest on that sum at the rate of six per centum per annum from and since the first day of December, 1920, and fifty dollars as stipulated in and by said mortgage in case of foreclosure and the disbursements allowed by law, subject to redemption at any time within one year from the date of said sale, as provided by law.

Dated:—August 25th, 1922.

Mortgage Foreclosure Sale.

Default having been made in the payment of the sum of Two Thousand Six Hundred Eighty Three and 26-100 ($2683.26) dollars, which is claimed to be due and is due at the date of this notice upon a certain Mortgage, duly executed and delivered by Percie E. Sanborn and Minnie Sanborn, his wife, Mortgagors, to Frank Ramaker Mortgagee, bearing date the 5th day of April, 1922, and with a power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the County of Pennington and State of Minnesota, on the 8th day of May, 1920, at eight o'clock A. M., in Book 57 of Mortgages, on page 470 and no action or proceeding having been instituted, at law or otherwise, to recover the debt secured by said Mortgage or any part thereof.

Now, Therefore, Notice is Hereby Given, That by virtue of the power of sale contained in said Mortgage, and pursuant to the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises described in and conveyed by said Mortgage, viz:

The Northeast Quarter (NE¼) of Section Number Eighteen (18) in Township One Hundred Fifty-four (154) North of Range Number Forty-five (45) West of the Fifth Principal Meridian and containing 160 acres, more or less, according to the Government Survey thereof, in Pennington County and State of Minnesota, with the hereditaments and appurtenances; which sale will be made by the Sheriff of said Pennington County at the front door of the Court House, in the City of Thief River Falls in said County and State, on the 4th day of November 1922, at three o'clock P. M., of that day, at public vendue, to the highest bidder for cash, to pay said debt of $2683.26 Dollars, and interest, and the taxes, if any, on said premises, and Fifty ($50.00) Dollars, Attorney's fees, as stipulated in and by said Mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from the day of sale, as provided by law.

Dated September 16, A. D., 1922.

Mortgage Foreclosure Sale.

Whereas, default having been made in the conditions of a certain Mortgage, duly executed and delivered by Frank Elgin and Ida Elgin, his wife, Mortgagors, to J. L. Bonn, Mortgagee, bearing date the 3rd day of January, 1914, and with the power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the County of Pennington and State of Minnesota, on the 31st day of January, 1914, at 1 o'clock p. m., in Book 12 of Mortgages on page 119.

And, Whereas, the said J. L. Bonn, Mortgagee and holder of said Mortgage, has duly elected and does hereby elect to declare the whole principal sum of said Mortgage due and payable at the date of this notice under the terms and conditions of said Mortgage, and the power of sale therein contained, and whereas there is claimed to be due and is due at the date of this notice upon said Mortgage and the debt secured thereby the total sum of Two Thousand Six Hundred Seventy-nine Dollars ($2679.00), being the amount of principal and interest secured by the Mortgage hereby being foreclosed, and whereas the power of sale has become operative and no action or proceeding having been instituted at law or otherwise, to recover the debt secured by said Mortgage, or any part thereof.

NOW THEREFORE, NOTICE IS HEREBY GIVEN, That by virtue of the power of sale contained in said Mortgage, and pursuant to the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises described in and conveyed by said Mortgage, viz: East Half (E½) of Northwest Quarter (NW¼) and East Half (E½) of Southwest Quarter (SW¼) and Lots One (1), Two (2), Three (3), and Four (4), all in Section Seven (7) in Township One Hundred Fifty-two (152) North, Range Forty-five (45) West, (except reserving the right-of-way for the Great Northern Railway through said Lot Two (2) in Section Seven (7), being a strip of land 150 feet wide which may hereafter be owned or operated by said railway company or its branches), in Pennington County and State of Minnesota, with the hereditaments and appurtenances; which sale will be made by the Sheriff of Pennington County at the front door of the Court House in the City of Thief River Falls, in said County and State, on the 11th day of October, 1922, at 10 o'clock a. m., of that day, at public vendue, to the highest bidder for cash, to pay said debt of $2679.00, and interest, and taxes, if any, on said premises, and attorney's fees as stipulated in and by said Mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from day of sale, as provided by law.

Dated August 21, 1922.

COUNTY TREASURER
For Pennington County

The homesteader of 1896. Formerly Secretary of the Co-operative Store and Postmaster at Germantown, and Town Clerk and Assessor. Now President of the Village of Goodridge and Member of School Board. The home man, with a large family, who has always been and is now, a man of and for the people.

To Pennington County Teachers

The teachers' Institute for this county will be held in Thief River Falls at the gymnasium of the Lincoln school. The time will be the week of October 9-13.

So as not to cause any disappointments in issuing attendance certificates I am below quoting the State's Attorney General's opinion which follows section 2808 of our State school laws:

"A teacher who attends the ENTIRE term of an institute is entitled to pay for the time her school was closed on account of such attendance; and it is not necessary for her to make up such time lost." (Smith, Feb. 15, 1915).

Miss Anna Swenson, Inspector of Rural Schools outlines the work for this institute in her letter, which reads:

STATE OF MINNESOTA,
Department of Education,
Saint Paul, Minn.

August, 24, 1922.

To County Superintendents of Schools:

The program of work, briefly outlined, will be: (1) Methods Work followed up by demonstration lessons and class discussion. (2) Continuation of library instruction with special stress on the use of books in connection with the assignment and preparation of lessons. (3) The teaching of Elementary Citizenship. (4) Discussion of such subjects as the county superintendent wishes to have stressed, and presentation of local problems.

Teachers should come prepared to report what they accomplished in the organization or improvement of their libraries as a result of last years' work, and be ready to state their problems or difficulties.

Sincerely Yours,
ANNA SWENSON,
Inspector of Rural Schools."

(The parts of the above letter which has no direct bearing on the work of he Institute have been omitted.)

Part of the time of the last two days of the institute will be spent in attending the sectional and general sessions of the Northwestern Education Ass'n, which will be held here at this time. Since the complete program of the convention is not as yet available, I am below giving the program of the Rural School Section. The leader of this section is one of our countys' teachers—Miss Hattie Anderson.

PROGRAM— Rural Elementary School Section:

Leader—Hattie E. Anderson

"Certification of Teachers" G. M. Cesander, Inspector of Rural Schools, Department of Education.

"The Teachers' Use of the Text Book"—Miss Mabel E. Kirk, Prin. of Normal Department, T. R. Falls.

"The Rural School and Educational Progress"—Miss Anna Swenson, Rural School Inspector, Dept. of Education.

"Educational Story Telling," Mrs. Florence L. Foebroke, St. Paul.

"General Discussion and Question Box."

Every teacher teaching or to teach in the county, regardless of whether her school has opened or not, should attend this institute. The reasons are many, a few of which I will give: (1) We are to re-organize our Teachers' Progressive League and discuss methods of caring for our reading circle work for the coming school year. (2) Take up questions pertaining to the keeping of registers and records for our schools. (3) Discuss teachers' reports on attendance of pupils and state aid. (4) Organization of evening schools for better citizenship training. (5) All matters pertaining to maintaining as good a school as possible.

Any teacher who is absent will find it difficult to comply with reading circle work requirements as these will be outlined at the institute where every teacher should get this information. He or she who is absent will also miss the opportunity of listening to experts in education discuss problems pertaining to their profession, thru the sectional meetings of the N. M. E. A. Teachers failing to attend will be a "missing cog" in the wheel of the Progressive Cooperative Rural Elementary School System of Pennington County.

Sincerely,
GEO. M. GUNDERSON,
Superintendent.

CHARTER MATTER AGAIN TO COME BEFORE VOTERS

Court to be Petitioned to Appoint Commission to Draft New Charter for City

Citizens Will Make Effort to Secure More Modern Form of Government

Preparation of New Charter Would Require Several Months' Work

It is likely that the first steps in an effort to secure a new charter for the city of Thief River Falls will be taken this week. The matter has been under consideration by a large number of the citizens for sime time and opinion seems to be practically unanimous that the form of city government provided by the charter under which the city is operating at the present time is far from satisfactory and does not in any particular meet the requirements of the city today.

The first step necessary will be the securing of the required number of signers on a petition to the judge of the district court, said petition asking the court to appoint a commission to draft a new charter for the city. Following the preparation of the charter by the commission it would be submitted to the voters for their approval at a special election.

In view of the fact that practically all of the people of the city who take any interest in public affairs are united on the opinion that the present charter has long since outlived its usefullness and does not provide an efficient and economical form of government, it seems assured that the undertaking to make a change will have the very best of co-operation from all classes. With this an established fact it should be possible for all to work on the matter in perfect harmony and draft a charter that will meet the hearty approval of the voters and insure the handling of the affairs of the city on a more efficient basis.

'Rich Men's Wives,' Society Drama At Lyceum Sunday

Are Rich Men's Wives to be pitied, scorned or envied?

It's a question with as many answers as there are people, probably, but in "Rich Men's Wives," the Gasier-produced Preferred Picture that will appear at the Lyceum Sunday, a solution is given.

"Rich Men's Wives" we consider one of the best pictures that we have ever presented to our patrons, because it has all the elements that go to make satisfying entertainment. It is a strong story, with dramatic power that will thrill you, and a dash of pathos that will tug at the heartstrings of every normal person, especially mothers. It was produced by Gasnier, maker of "Kismet," under the supervision of B. P. Schulberg, a creator, and has settings in keeping with good taste. The cast is one composed of real artists, including House Peters, lovely Claire Windsor, Baby Richard Headrick, Gaston Glass, Rosemary Theby, Myrtle Stedman, Charles Clary, Mildred June, Carol Holloway, William Austin and Martha Mattox.

You'll enjoy "Rich Men's Wives" and you'll profit by seeing it.

Packed House Greets Mrs. Olessen at Princess Theatre

Mrs. Anna Dickey Olesen addressed an audience last night that filled the Princess theatre to capacity. Her address was delivered in a very forceful manner and she had no difficulty in holding the attention of the audience throughout.

Her discussion of the important issues of the campaign was able and interesting. She devoted the greater part of her time to the tariff, Esch-Cummins law and "Newberryism" and the applause that was frequent throughout was evidence that her criticisms met the approval of the audience.

Of the three candidates for United States senator, two have appeared in Thief River Falls. Senator Kellogg will probably be here later.

Bible Conference to be Held Here October 18-22

Under the auspices of the Union Gospel Mission of St. Paul, a Bible Conference will be held here from October 18 to October 22nd, with free conferences each day. Dr. Gregg of Winnipeg will be the leading speaker and teacher. He is a man of unusual intellectual ability and spiritual power; a leader in religious work in Winnipeg. On Sunday, Oct. 22nd, Mr. Sidney T. Smith, president of the Smith Murphy Grain company, the largest grain concern in Canada, will address the conference. The morning sessions are to be in charge of the Rev. J. P. Wells, director of the Northern Gospel Mission, a former foreign missionary. He is a splendid Bible teacher and will give a series of messages on the Holy Spirit. The Rev. A. H. Norum of St. Paul will have charge of the singing and Young People's meetings. Miss Nellie Nelson of St. Paul will be the soloist.

A Book Table will also be conducted in charge of Miss Lillie MacFarlane, Books, Bibles, Tracts, etc., will be put on sale. The direction of the conference is in charge of Peter MacFarlane, Superintendent of the Union Gospel Mission in St. Paul and he will address the Conference on the work of a Rescue Mission, "Soup, Soap, and Salvation." The local committee includes the Rev. Bot Nyberg, Rev. Gerlinger, F. F. Haynes, E. O. Green, George M. Wilson, Neil Neilson, D. J. Turnwell, and George Newland.

The conferences are to be held in the Presbyterian church, morning, afternoon, and evening and are open to the general public as the Conference is interdemoninational. The opportunity to hear speakers of such ability and note is unusual. Arrangements are being made to serve lunches and supper to the out of town people at a reasonable price so they will be able to stay for all the conferences of the day.

CROOKSTON HIGH MEETS LOCALS ON GRIDIRON FRIDAY

Will Be One of Decisive Championship Contests of High School Football Season

Tomorrow afternoon at 4 o'clock at the local gridiron the Thief River Falls high school eleven meets with the fast Crookston aggregation. The Central High is this year said to have the strongest team that has represented Crookston. Special effort has been made during the past couple of weeks to produce a team that can defeat the local boys in Friday's game. Crookston defeated the Fosston representatives by a score of 59 to 6 in a game played last Saturday.

Coach MacFarlane has changed the lineup somewhat and has worked the boys through some hard drilling during the past week in the anticipation of a hot contest, and there is no doubt but what football fans who turn out tomorrow will see a real exhibition of the gridiron sport. The defeat handed Thief River last Friday by East Grand Forks has made the locals determined that their supporters shall not be disappointed in their clash with the punters from the Queen City. The locals have two shutouts to their credit already which ought to speak for itself as to what they are able to do.

Although one of the strong members of the team may not be able to enter this game, due to injuries in last Friday's fracas, the various positions are reinforced with material that can hold or gain ground, as the play may call for.

A record crowd of spectators is expected for tomorrow's game as there will be a large delegation of teachers who are attending the N. M. E. A. here this week, and local enthusiasts will also without doubt turn out "en masse."

Tickets for the game are on sale at Lambert's and Stebbins' drug stores and it is urged that they be procured early to avoid delay at the gates.

Moonshine Victims Arrested

Bennie Thompson of this city and Harry Artloff of St. Hilaire were arrested Sunday night by Chief of Police Erickson, on charges of drunkenness. Passing motorists informed Erickson that the car driven by the two men was left in the middle of the street on sixth, near the fair grounds, without any lights and the occupants asleep. They were locked up for safe keeping in the city jail, appearing in municipal court before Judge Tarrant on Monday. Each had to pay a fine of $8 for the escapade. Both were very sick as a result of the moonshine which they drank. Undoubtedly "moon" is not a very pleasant intoxicant.

Attends Nurses' Convention

Miss Odelia Steinke, superintendent of the Physicians' hospital left Tuesday evening for Minneapolis where she will visit for a brief period at her home. From there she will go on to Mankato to attend the Alumni reunion and banquet of the Immanual Hospital graduates which takes place the latter part of the week. Next week she takes part in the annual State Nurses convention held at Rochester. During Miss Steinke's absence Miss Alice Solem will act as superintendent of the hospital.

Five Take Civil Service Exams.

Civil service examinations for setnography typists were given Tuesday at the court rooms and conducted by Thos. Chittick of the Post Office staff. It consisted of tests in shorthand and typewriting. The following took the examinations: Misses Doris Richter, Olga Swensgaard, Barbara Votava; Messrs Gregory Werstlein and George Votava.

A suit regarding the payment of a threshing bill to the amount of about $64 was brought into Municipal Court before Judge Tarrant Tuesday. The plaintiff, John Mostrum of Neptune, sued J. K. Enebo and A. Fimrit of Erie, the former of whom is the owner and the latter the renter of the land on which the threshing in question was done. Chas. E. Boughton of Red Lake Falls appeared for Enebo and O. A. Naplin for Fimrit, while Mostrum was represented by Theo. Qualo.

Returns From Convention

Elmer Ohm returned Friday from St. Paul where he attended the annual district convention of Brotherhood of Railroad Trainmen held last week. Mr. Ohm was delegate from the local order. He also witnessed the Elk's indoor circus, which he states was very unique.

Mrs. Lars Lian

Mrs. Lars Lian, aged 65, one of the early pioneer settlers of Pennington county, passed away Sunday morning at her farm home in Rocksbury township, having been ailing for about a year. The malady causing her death was an attack of chronic diabetes.

Anna Christian Lian was born in Trondhjem, Norway, April 30, 1856, and came to this country 42 years ago. She settled at Eau Claire, Wis. where she married and moved to Pennington county together with her husband 40 years ago. They homestended in Rocksbury township, which farm has been their home since. Deceased was well and favorably known by all the old settlers of this section, having taken active part in its development.

Mrs. Lian is survived by her husband, two daughters, Mrs. Ed. Haroldson and Mrs. Elmer Anderson, and four sons, Ole, Thomas, Anton and Ludwig, all of whom reside in Pennington county.

Funeral services were held Tuesday afternoon at the Zion Lutheran church here. Rev. Geo. Larson and Aug. Bredeson officiated at the obsequies. Interment was made in the Greenwood cemetery. The following were the pallbearers: Olaus Gunderson, Knute Finstad, Lars Netland, Chris Thompson, Tobias Stene and S. O. Lee.

PNEUMONIA CAUSES SUDDEN DEATH OF LOCAL YOUNG MAN

Allan Fossum Dies at Home in This City Following Illness of Few Days

Allen Fernando Fossum, youngest son of Mrs. Louisa Fossum, 823 LaBree avenue north, succumed to a short illness of pneumonia and influenza, death taking place Tuesday afternoon at the family home, 820 Main avenue north. He was sick for only the short period of nine days and the sudden death came as a decided shock to his many friends, many of whom did not even know that he was ill.

Mr. Fossum was 20 years of age at the time of his death, being born near Waukon in Alamakee county, Iowa, Jaunary 10, 1902. Together with the rest of the family he moved to Herriad, S. D. where they resided until in 1906 when they moved to Thief River Falls. Since then he made his home in this city, being educated in the public schools here and a prominent member of the 1921 graduating class. Among his schoolmates he was always known as a good friend and student and was very active in various student activities. He was a member of the '20 and '21 football and basketball teams and took a unique part in the class play "All-of-a-Sudden Peggy."

Since graduating from high school he has been employed with his brothers in the Union Plumbing and Heating company and known as a very conscientious workman. For several years he played in the municipal band, and did much towards the success of that organization and was also a member of the Brage chorus. About a year ago he was united in marriage to Miss Delta Cruse, also of this city who survived him, together with a son, Allan Duane.

The survivors, besides the widow and child are his mother, Mrs. Louisa Fossum, a sister Emily and three brothers, Ernest, Lyman, and Maurice, all of whom live in this city. His father died 20 years ago.

The funeral took place this afternoon from the home of his mother, 823 LaBree avenue north, Rev. T. E. Sweeger officiating. There were no exercises at the church, the funeral being of a private nature. Arrangements were in the hands of the band members who also acted as palbearers. Internment was made in the Greenwood cemetery.

STEENERSON HERE TO MEET VOTERS TUESDAY EVENING

Will Speak at Princess Theatre at Eight O'clock. At Goodridge in Afternoon

Congressman Halvor Steenerson will be in Thief River Falls to address the voters and discuss the issues of the campaign next Tuesday evening. The meeting will be held at the Princess theatre at eight o'clock.

He will also speak at Goodridge on the afternoon of the same day and it is understood that he will at that time take up various matters of particular interest to the people of the eastern end of the county.

The congressman will undoubtedly be greeted by packed houses at both meetings.

CITIZENS BANK GIVES PRIZES TO EXHIBITORS

Thirty Get Cash Awards in Corn and Potato Contest Held Last Week

Finest Display By Farmers Ever Seen in This Section of the State

Splendid Encouragement For Farmers to Engage in These Branches of Farming

The corn and potato exhibit and contest which took place at the Citizens State bank last Thursday, Friday and Saturday was a splendid success. A large number of exhibits were entered and it was the finest display of corn and potatoes ever seen in the country.

$200 in Prizes

Two hundred dollars in cash prizes was given away by the Citizens State bank and this created a great deal of interest in the contest. Last spring the bank announced the contest to be held this fall and an extensive publicity campaign was conducted by them which resulted a large number in the country becoming interested. The result was a spirited contest and a large number of entries.

The undertaking on the part of the officers of the Citizens State bank was a commendable one, the sole aim being to encourage the kind of farming that will eventually prove the most profitable in this section.

Following is a list of the prize winners in the corn division:

First, A. A. Shoopman, St. Hilaire, White Dent.
Second, Gordon Hunt, Thief River Falls, Minn. No. 13.
Third, S. E. Hunt, Thief River Falls, Minn. No. 13.
Fourth, Guy Johnson, Thief River Falls, Minn. No. 13.
Fifth, T. J. Sumpter, Hazel, Minn., N. W. Dent.
Sixth, H. C. Woolson, Thief River Falls, White Cap Dent.
Seventh, Albert Geske, St. Hilaire, Minn. No. 23.
Eighth, W. E. McCrum, Thief River Falls, N. W. Dent.
Ninth, H. J. Rustad, Thief River Falls, N. W. Dent.
Tenth, Orton Olson, Thief River Falls, Minn. No. 13.
Eleventh, W. W. Williams, Thief River Falls, Minn. No. 23.
Twelvth, C. E. Oien, Thief River Falls, Minn. No. 13.
Thirteenth, Peter Hornseth, Thief River Falls,—N. W. Dent.
Fourteenth, Martin Knutson, Hazel, Minn.—N. W. Dent.
Fifteenth, Charles Stein, Goodridge, Minn.—N. W. Dent.

The winners of the potato contest were as follows:

First, Albert Geske, St. Hilaire—Irish Cobblers.
Second, Halvor Fodstad, Thief River Falls,—Early Ohios.
Third, F. B. Conklin, Thief River Falls—Russett Burbanks.
Fourth, C. W. Leach, Thief River Falls—Carmen.
Fifth, Roy Beske, Thief River Falls—Irish Cobblers.
Sixth, Halvor Fodstad, Thief River Falls—Irish Cobblers.
Seventh, Oscar H. Ness, Thief River Falls—Early Ohios.
Eighth, Gordon Hunt, Thief River Falls—Early Ohios.
Ninth, P. M. Peterson, Thief River Falls—Irish Cobblers.
Tenth, Francis Soderberg, St. Hilaire—Early Ohios.
Eleventh, F. T. Satre, Thief River Falls—Early Ohios.
Twelvth, C. E. Oien, Thief River Falls—Early Ohios.
Thirteenth, Tom Lian, Thief River Falls—Green Mt.
Fourteenth, Gust Geske, St. Hilaire,—Early Ohios.
Fifteenth, H. J. Rustad, Thief River Falls—Russett Burbanks.

Bad Smashup When Motorcycle and Ford Collide

Earl Long is confined to the hospital as the result of injuries sustained last Saturday evening when his motorcycle collided with a Ford on the state road about four miles east of Thief River Falls. Mr. Long together with his brother, Ward in the side car, were going east when they met the Ford, and as it was quite dark and the car had no lights they did not see it in time to avoid a collision. The motorcycle hit the car on the left side, pulling off the wheel with the result that the occupant of the side car was thrown out, but without serious injuries, and the driver getting badly bruised up along the whole left side, caused by the tumble the machine made following the crash. Earl was immediately hastened to the hospital here and it was found that he had a badly bruised leg and knee, the left thumb out of joint and several other minor injuries. He is recovering very rapidly, however, and expects to be out of the hospital the latter part of the week.

SHOULD GO ALL THE WAY

In case it were possible for the prohibition enforcement officers to place under arrest every man in the country who is guilty of selling what is known as "moonshine," closing his place of business and putting him generally out of commission, just how far would such action prove of assistance in curbing the illicit liquor traffic? This question has been asked often in Thief River Falls during the past week because of the arrest of five men charged with having handled the forbidden product.

Concerning the innocence or guilt of the parties accused The Times knows nothing. The courts may be depended on to attend to that matter. If they are guilty they will no doubt be dealt with the same as any other lawbreaker while if they are innocent a grave injustice has been done them. But even if they are found guilty and punished, just what has the law accomplished toward putting an end *to illicit liquor peddling*?

Selling intoxicants to adults is a crime against the statutes, but the practice is widespread, if one is to believe the reports. No doubt, the damage is great and the business reprehensible. But is this the worst phase of the subject?

Somehow and somewhere young boys are securing liquor with much less trouble than was the case during the time of the licensed saloon. These are not being supplied by the so-called bootlegger or moonshiner who conducts a business in the city. Unless he is a simpleton entirely he knows that he is playing a desperate game and does not deliberately add to his chances of capture by disposing of the forbidden intoxicants to irresponsible persons or to those who may get him into trouble. Then how do youngsters get it?

This is one of the angles to which more attention should be paid. Another is the amount of drinking that is regularily indulged in under the pale of respectability. "Parties" are given by citizens standing high in the community at which no secret is made of the fact that booze of one kind or another is served. Those taking part in these affairs are under the statute as guilty as the man who sells a drink of synthetic whiskey across the bar and the probabilities at least are that they cause even greater damage. The influence on the young who cannot help but note these things is anything but helpful. They figure, and not without considerable reason, that if their elders can almost openly disregard the law of the land there is nothing to prevent them from doing likewise. They find someone somewhere who is willing to sell them something that will bring results, and a source of continual supply is estabilshed. This is by far the more dangerous phase of this moonshining business.

Securing the conviction and punishment of men who made a business of breaking the law is desirable, of course, but calling a halt on practices more dangerous because more insidious should be even more important. For a set of officials to consider their work accomplished when they have placed under arrest a few of these who supply the adult population with the prohibited dope does not in the least reach the most serious phase of this question.

IT MIGHT HAPPEN

Three candidates for United States senator are stumping Minnesota at the present time. Two are men and one a woman and so far as their receptions are concerned there is little to indicate which is the favorite. Senator Kellogg has the advantage of position and of practically united Republican backing—anyway as regards the male vote. Just what the women who have professed allegiance to the G. O. P. will do now that they have a candidate of their own sex to vote for is somewhat problematical, although it has been proven that they follow in the footsteps of their menfolks when only men are to be voted for. That Mrs. Olessen will get any large vote from Republican women is hardly to be expected.

Shipstead's claims are not so easily disposed of. He has the united backing of the Farmer-Labor party which is at any time sufficient to cause apprehension in the Republican ranks. Besides the vote of his own party Dr. Shipstead is going to get a large amount of Democratic support. There are thousands of Democrats not particularly pleased over the nomination of Mrs. Olessen and these do not hesitate to state that they will vote for the Farmer-Labor candidate in preference to Kellogg. Their attitude toward the senator is not called forth by any great horror at his vote on the Newberry seating, nor do they consider his legislative record entirely bad. They have simply soured on everything bearing the republican trade-mark and will even go to the extent of supporting a candidate bearing a more radical label in order to show their displeasure. Should these Democratic voters go to Shipstead in any considerable numbers Kellog's defeat is not at all impossible. He is attracting large crowds wherever he appears to make an address, but so are both Dr. Shipstead and Mrs. Olesen. Nothing is to be gathered from these demonstrations.

It would almost seem as if the Democrats are holding the balance of power in this senatorship fight. If they stick to their candidate it will mean the re-election of Kellogg, while if they refuse to vote for a woman and throw their support to Dr. Shipstead there may be an altogether different story to tell.

STILL THEY'RE AT IT

There was a terrible forest fire in the neighborhood of Salol in Roseau county last week, according to the daily papers. As a matter of fact, the unimportant peat smudge which gave rise to the lurid tales caused no damage of any kind and not a single building of any description was destroyed at Salol or any other point in this section of the state. Roseau county papers are paying their respects to the big dailies in no uncertain manner for this unfounded slam at their district, but the damage is already done and it will take years to undo it.

Now that all sections of northern Minnesota have been given the annual black eye by the city press the region will probably be forgotten until next winter when every little snow storm will forthwith be turned into a howling blizzard with heavy loss of life and untold property damage in the shape of livestock frozen to death. In the spring and summer they will discover in every freshet a vast overflowing of farm lands in the northwestern part of the state with an enormous loss of crops.

These city papers are very helpful in settling and developing this northern country. In their demand for sensational stuff little things like facts are lost sight of and nothing in the shape of even a tardy explanation or apology has yet been forthcoming even after they have been proven wrong. They do everything in their power to injure one of the finest regions on earth and then fail to state even tardily, that they mere mistaken. According to these papers this is a region of continual floods, fires or frost. All of which adds to the difficulties of those who are trying to prove to the outside world that this is a most desirable region in which to make a home.

There are signs, however, indicating that city editors see the error of their ways. The recent forest fires in St. Louis county did not receive anywhere near the notice accorded the first outbreak, and this in spite of the fact that they were rather serious. It will take time to change the attitude of the city press towards this region, but it can be done if we go about it with sufficient determination.

CAR SERVICE DEMORALIZED

Railway transportation service in Minnesota is in a deplorable state, and unless the Interstate Commerce Commission exercises its authority to bring the Eastern railways to time the Northwest will suffer immense losses. Secretary Thomas Yapp, of the Minnesota Railroad and Warehouse Commission, is in Washington, with instructions to camp at the door of the commission until relief is forthcoming. The Great Northern, Northern Pacific and Soo railways virtually refuse to load cars with potatoes for interstate shipments. In the past three weeks these roads have lost nearly ten thousand cars and have received none in return. If such doings continue, the Northwest will be stripped of its transportation facilities.

On the other hand, there are thousands of idle freight cars in the East. Chairman O. P. B. Jacobson, of the Minnesota Commission has been informed that such is a fact, but the roads refuse to send their cars west as "empties." The Interstate Commerce Commission has ample power under the Esch-Cummins Act to order the cars west" says Mr. Jacobson, "and we are exerting every influence we possess upon this body. The situation is deporable. One day the Great Northern had orders for 2015 cars and only 82 cars were available. The Great Northern, Northern Pacific and Soo could load 1500 cars a day with potatoes if the cars were obtainable. Such service would be a Godsend to the farmers of the Red River Valley."

To My Friends:

During the many years I have been a resident of the 65th Legislative district, a good many changes have taken place, some for the better and others for the worse. During these years I have learned to realize by actual experience that only through betterment of the conditions of the agricultural interests can a lasting and sound development of the district be accomplished. If it is my good fortune to be honored with the election to the office of **State Senator from this district**, my aim will be to use all of my energies and everything in my power to further any legislation which will be of benefit to the man engaged in agricultural work—which also means the only practical way to benefit all the people of the district. Upon this industry depends the future welfare and prosperity of the district and all its people.

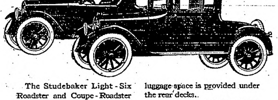
Thanking you for the good will and many favors extended me in the past, I remain,

Yours respectfully,

C. L. HANSEN

Studebaker

ROADSTER $975 LIGHT-SIX COUPE-ROADSTER $1225



The Studebaker Light-Six Roadster and Coupe-Roadster were primarily built for business use. In meeting the urgent demands of business, they naturally have fulfilled the needs of the small family.

Each is built for hard usage, day in and day out. And as they are completely Studebaker built—you know they will stand up under hard going.

The bodies are attractive, roomy and thoroughly comfortable for all-day travel. Ample luggage space is provided under the rear decks.

There's an internal hot-spot to reduce gasoline consumption to a minimum. Valves are inclined at a 20 degree angle to give a new measure of power, greater flexibility and better acceleration. Crank shaft and connecting rods are machined on all surfaces, thus eliminating vibration and insuring longer life to the motor.

Studebaker low prices are made possible by great volume and complete manufacture. Studebaker quality is traditional.

The Studebaker Light-Six Coupe-Roadster seats two passengers; has side coach lamps; rain visor and windshield wiper; eight-day clock.

The three-passenger Roadster has cowl lights; storm curtains opening with the doors; large plate-glass window in rear curtain, and inside and outside door handles.

Both models are upholstered in genuine leather; have ample space under the rear deck for luggage; ignition and thief-proof transmission locks, and cowl ventilator.

Proposed Amendments to the Constitution of the State of Minnesota

Submitted by the Legislature at its General Session, 1921, to the People of Minnesota at the General 1922 Election Together with Statements of

Purpose and Effect of each

Prepared by
CLIFFORD L. HILTON
Attorney-General of Minnesota.
Addressed to
MIKE HOLM
Secretary of State.

ST. PAUL, MINNESOTA,
OFFICE OF ATTORNEY GENERAL,
June 20, 1922.

HONORABLE MIKE HOLM,
Secretary of State,
Capitol.

SIR:

As required by section 46, General Statutes of the state of Minnesota for the year 1913, I have the honor to furnish you, herewith, a statement of the purposes and effects of all amendments proposed to the constitution of the state of Minnesota by the legislature of 1921 and which are to be submitted to the electors of said state at the general election in 1922.

PROPOSED AMENDMENT NO. ONE

Chapter 526, Session Laws of Minnesota for the year 1921 proposes an amendment to section 10 of article 9 of the constitution of said state. Said section now reads as follows:

"The credit of the state shall never be given or loaned in aid of any individual, association or corporation. Nor shall there be any further issue of bonds denominated 'Minnesota state railroad bonds,' under what purports to be an amendment to section ten of article nine, of the constitution, adopted April 15, 1858, which is hereby expunged from the constitution, saving, excepting and reserving to the state, nevertheless, all rights, remedies and forfeitures accruing under said amendment."

If amended, said section will read as follows:

"The credit of the state shall never be given or loaned in aid of any individual, association or corporation, except as hereinafter provided. Nor shall there be any further issue of bonds denominated 'Minnesota State Railroad Bonds' under what purports to be an amendment to section 10 of article 9 of the constitution, adopted April 15, 1858, which is hereby expunged from the constitution, saving, excepting and reserving to the state, nevertheless, all rights, remedies and forfeitures accruing under said amendment. Provided, however, that for the purpose of developing the agricultural resources of the state, the state may establish and maintain a system of rural credits and thereby loan money and extend credit to the people of the state upon real estate security in such manner and upon such terms and conditions as may be prescribed by law, and to issue and negotiate bonds to provide money to be so loaned. The limit of indebtedness contained in section 5 of this article shall not apply to the provisions of this section, and the purposes for which the credit of the state or the aforesaid municipal subdivisions thereof may be given or loaned as herein provided are declared to be public purposes."

The PURPOSE of said amendment is to develop the agricultural resources of the state by authorizing the lending of money and credit of the state to the people upon real estate security.

The EFFECT of said amendment, if adopted, will be to authorize the enactment of laws by the legislature for the establishment and maintenance of a system of rural credits. The legislature will be empowered to provide money by the issuance and negotiation of bonds of the state to be loaned upon real estate security to the people of the state, and will be enabled to prescribe the terms and conditions upon which such money may be lent and such credit extended. There will be no limit of indebtedness in this respect, and the state will be enabled to issue and negotiate as many bonds for this purpose as it deems advisable.

PROPOSED AMENDMENT NO. TWO

Chapter 529, Session Laws of Minnesota for the year 1921, proposes an amendment to the constitution of the state of Minnesota by adding a new section to article 9, to be known as section 1A, to read as follows:

"Every person, co-partnership, company, joint stock company, corporation, or association, however or for whatever purpose organized, engaged in the business of mining or producing iron ore or other ores in this state, shall pay to the state of Minnesota an occupation tax on the valuation of all ores mined or produced, which tax shall be in addition to all other taxes provided by law, said tax to be due and payable from such person, co-partnership, company, joint stock company, corporation or association however or for whatever purpose organized, on May first of the calendar year next following the mining or producing thereof. The valuation of ore for the purpose of determining the amount of tax to be paid shall be ascertained in the manner and method provided by law. Funds derived from the tax herein provided for shall be apportioned; fifty per cent to the state general revenue fund, forty per cent to the permanent school fund and ten per cent to the permanent university fund. The legislature shall by law make the necessary provisions for carrying out the provisions of this section."

The PURPOSE of said amendment is to direct the legislature of the state of Minnesota to impose and to keep in effect an occupation tax upon those engaged in the business of mining or producing iron ore or other ores in this state, in addition to other taxes imposed by law, at a rate, based upon the valuation of the ore produced, to be determined by the legislature, and to provide for the proportionate distribution of such taxes to the general revenue fund, the permanent school fund, and the permanent university fund.

The EFFECT of the amendment, if adopted, will be to direct the legislature to impose and keep in effect such a tax upon those engaged in said business, and to require that the proceeds of such taxes shall be distributed in the manner following, to-wit: fifty per cent to the state general revenue fund, forty per cent to the permanent school fund, and ten per cent to the permanent university fund.

Yours respectfully,
CLIFFORD L. HILTON,
Attorney General.

The Service Rendered by Efficiency in Gasoline Production

THE man who fills his tank at a Service Station, or feeds his tractor from a tank wagon, may not realize it but sheer efficiency on the part of the Standard Oil Company (Indiana) is to a large degree the reason why the gasoline is there when he wants it.

Oil News says: "During the winter 1921-1922 the majority of the refineries in the Mid-Continent field were idle. This was due largely to the fact that they could not refine and sell at a profit. They were in a way inefficient. Many could not operate. Others that might have operated could not get the crude. The large plants could and did finance themselves and sold some of their output as they made it at a profit."

Keen efficiency — in small, as well as in big things, has enabled the Standard Oil Company (Indiana) to refine and sell petroleum products at a fair profit, under the most competitive of business conditions.

The Standard Oil Company (Indiana) has 1600 competitors in the Middle West.

Standard Oil Company (Indiana) efficiency runs through every operation. It governs the appointment of executives. It selects oil men of long training and experience who know when and what type of crude to buy. It directs the style of machinery, the kind of stills to be used. It determines the various products to be refined from the crude so that there may be no waste of oil, effort, time or overhead.

This efficiency, and the confidence which the public places in it, enables the Standard Oil Company (Indiana) to maintain its position as the leader in the industry. It enables the management to plan for the future with confidence, and to keep its refineries going during periods of low consumption that it may be in position to meet adequately the unusual demands during periods of greater consumption.

It is this efficiency which has spotted the country with bulk and service stations and caused more than 6000 motor tank wagons to traverse the streets and highways supplying the people everywhere with first quality petroleum products at prices which are fair.

The Standard Oil Company (Indiana) submits that such efficient management is the essential basis of the valuable service it renders.

Dr. J. G. Carlson

Chiropractor

(By R. KENNETH EVANS.)

FROM the day of advanced scientific research it has always been hard for the laymen to understand the explanation of sciences, couched as they are in terms, the correct meaning of which are known only to those who have made a study of that particular science. It is therefore the purpose of this article, written by a layman so far as the science of Chicopractic is concerned, to explain in simple terms the meaning of the science and what a wonderful assistance to the restoration of health it is proving to be.

Primarily the meaning of the word, according to recognized authorities is "done by the hand" or the use of the hand only. The science is all that its name implies so far as its operation or practice is concerned. The healing features are all based on the operations of the hands, without any foreign agents such as operative surgery or medicine being included.

Again, the science of Chiropractic or rather its practice does not heal as many believe but it removes the cause which gives nature the greatest curative power known to science, an opportunity to rebuild the parts of the body torn down and racked by disease.

The science of Chiropractic, as taught in the recognized Chiropractic colleges in the United States has proven beyond a shadow of a doubt that the seat of all disease is in the spinal column or verterbrae which goes to make up the spinal column, which is the housing for the spinal cord, which in itself is the agent for carrying all nerve stimulant and vitality to the various organs of the body. These organs exist upon this nerve stimulant and are made to function through its agency.

As was taught in the simplest physiology, the spinal column or back bone is made up of many smaller bones or segments known as vertebrae. Between these vertebrae the nerves branch out to the various organs of the body, the smallest organ or particle of the body being kept alive and functioning by the stimulation carried by these nerves the messengers from the brain. A slight displacement of any one of these segments of the spine naturally causes an impingment or pinching of the nerves leading out from that particular part of the spinal column, with the result that the nerve supply is cut off and the parts of the body fed by these nerves allowed to go without the life giving energy. The natural sequence is that those organs become diseased and the only logical remedy for permanent relief is to relieve the pressure on the nerve and allow it to again function and this is the service rendered to humanity by the science of Chiropractic, adjustment of the spine.

A logical comparison, and one which is most easily understood is to compare the human body to a large factory which is operated by electricity and with hundreds of auxiliary machines fed current from one central generating plant. If a careless workman should drop a wrench on one of the wires, cutting it in two, the machine which received its current from this wire naturally would stop operation. Nothing will put it functioning again until the break in the wire is repaired, but as soon as the repair work is done the machine starts working as faithfully as before. In the human body the brain is the central power plant; the nerves are the wires carrying the energy to the various machines or organs. With some of the segments of the spine getting out of their natural position and pinching the nerves the same results occur in the human body as occurred in the manufacturing plant, when the workman severed the wire.

Dr. J. G. Carlson, who established his Chiropractic business in Thief River Falls in 1921 is recognized as one of the successful practicioners. He has spent many years in conscientious work and study to gain proficiency. He is a graduate of the Universal College of Chiropractic of Davenport, Iowa. He completed his course and graduated in 1911 and has followed active practice since that time. Dr. Carlson takes great pleasure in explaining the science to those interested and makes spinal analysis of individuals interested without charge.

One of the most complete Xray laboratories in the Northwestern part of the state is maintained by Dr. Carlson which is used to augment his work. By the use of this equipment he does not have to depend on diagnosis to determine when the segments of the spine are impinged as the Xray shows it conclusively.

Offices are maintained in the First and Peoples bank building. Chiropractic is a science which has withstood investigation and is worthy of the attention of those seeking health restoration. Many people have tried Chiropractic and failed to receive satisfactory results but when the Xray pictures have been taken and all details have been found, usually satisfactory results have been obtained.

The First National Bank

(By R. Kenneth Evans)

THE eyes of the entire business world are today centered on the west and the northwest for the reason that increase in population, advancement in business methods and the general economic conditions of the country demands that production along all lines be increased and especially along the lines of agriculture and auxiliary agricultural endeavors.

For this reason much has been said both locally and nationally of the opportunities offered in Northwestern Minnesota for Red Blooded men and women who wish to live and work while they live and have remuneration in keeping with their efforts. It has rightfully been said that nowhere in the wide expanse of the west and northwest are there any better opportunities than in Pennington county and Northwestern Minnesota.

The contributing forces which have made this condition a reality have been many but the citizens who live here and know the trials and tribulations that have been faced by the pioneers realize what a valuable asset towards this development has been such institutions as the First National Bank, which was established in Thief River Falls in the year 1901.

Such men as Rasmus Oen, first president of the bank, and Dr. F. H. Gamble, the bank's first president, W. W. Prichard Sr. its cashier and others instrumental in laying the foundation for the present commercial and distributing center, realized in 1901 that a bank of the caliber of the First National was essential. The capital stock of the institution was originally $25,000.00 which has been increased in keeping with its phenomenal growth until today its capital surplus and reserve amounts to $100,000.00 and it is rated with the stronger financial institutions of the entire state of Minnesota.

The peak if its advancement in twenty-one years was reached in 1917, so far as its physical being is concerned, when the large and pretentious bank building was constructed on the principle business corner of the city at an approximate cost of $50,000.00. It has been on this one location since its establishment and the new building was in keeping with the dignity and standing maintained by careful and conservative management.

The new banking house, which is one of the most substantial buildings in the northwestern part of the state is a two story structure with suites of offices on the second floor and the banking house and one mercantile room located on the first floor. The building has an eighty foot front and 75 feet deep on LaBree avenue. It is constructed of Cathedral granite, stone and brick with Taracota trimming and finished on the inside with mahogany wood and Italian marble, the floors being laid in Tennessee marble.

From the time of its organization the First National Bank has been operated on the personal service plan and has stood squarely behind every meritorious effort for encouragement of advancement and development of resources. The management has been responsible for the establishment of a number of boys' calf clubs and conducted one of the most constructive silo campaigns in Pennington county in 1915-1016 during which period about 40 were erected under said plan and again in 1922 the directors decided to put on another, which has thus far met with enormous success. And this is done in support of the advancement and development of the dairying possibilities. In this campaign, money was loaned to farmers without interest, on condition that the farmer use it to build a silo on his farm. It has been this class of banking that has been responsible for the enviable reputation maintained by the bank as well as being an important factor in the maintenance of such an enviable reputation for the city of Thief River Falls as a commercial and distributing center.

The present officers of the First National bank of Thief River Falls are C. L. Hansen, president; Rasmus Oen, vice president; E. M. Bennes, vice president; T. M. Thronson, cashier; George W. Werstlein, asst. cashier; Vernon Nelson, asst. cashier.

The Real Object in Life

What is the real object in life? This is the question confronting many of the senior students of our high school. I am neither a prophet nor a philosopher, a wise man nor advisor, but speech and press are fine for people to express their ideas of things.

The real object in life is not to become a millionaire, for money has ruined many a man. The real object in life is NOT to become famous among classes, but to become a helper and benefactor to the large majority.

Abraham Lincoln set his object in life and attained it. Likewise did other great men.

Life may be compared to many things and we are the masters. For instance, a boy, who starts whittling a piece of board without the object or plan as to what he is going to make, soon whittles his board into chips and has wasted the whole piece of wood.

So it is with the person who starts his life and has no definite object in view. In the end, and there is always an end, he finds he has wasted his life, as the boy had wasted the wood, and he also sees he has accomplished nothing for his own good or for the good of others.

Every Senior who is graduating this year should be whittling wood with some object in view of what he is making and set out with a determination to surmount all obstacles and obtain his end.

T. R. Loses to Tune of 36-0

Friday's game at East Grand Forks proved a mean stumbling block for the Thief River Falls team. The light East Grand Forks aggregation proved their mettle beyond all doubt. The team from the East side out-played and out-generaled the Thief River squad in every stage of the game.

The team from this city was not in it's prime, due to Barzen's injury which kept him out of the game. Holmgren and Anderson were injured but still we did not despair of victory as we had defeated a team that had defeated our Friday opponents.

The Thief River squad started with Keene substituting for Ernest Barzen, but as the game progressed and the East Side team began their onslaught, Barzen was put in to help stem the tide. In the first quarter the East Siders were held on our five yard line for four downs. Then Borchers, East's half-back, recovering a costly fumble, circled the left end for the first touch down.

Realizing the critical position, Coach MacFarlane put E. Barzen in as full-back and shifted Keene to LaBree's position. In the first play of the game, Anderson broke his arch but was not forced to the side lines until the second quarter, when Keene again went to the back-field and LaBree went in as end.

This was practically the same, seemingly invincible, team that defeated Grand Forks the Saturday before. By using a series of end runs, line backs and forward passes, the East Grand Forks team was successful in putting over five touchdowns.

Borchers and Marks starred for East Grand Forks throughout the game. The Thief River Falls star was Holmgren, who was the mainstay in our defense. In the fourth quarter the defense was broken when Holmgren was "laid out." One more touchdown for East Grand Forks and the game was over.

It was "off day" for the boys. They did not play "ball" and they admit it. However, it is understood, agreed, and emphatically determined that no such thing shall happen again.

"Snow White"

Children from the seventh and eighth grades have been chosen to present the operetta, "Snow White," at the Auditorium this evening at eight o'clock as an entertainment for visiting teachers who are in the city this week attending the convention.

As the performance promises to be a very pleasing and attractive one, it was also presented to the children at a matinee on Wednesday afternoon. Admission price ten cents for one, and to the general public, Thursday evening, thirty-five cents.

The operetta is played in twelve scenes which tell the story of Snow White's abduction from her Castle home through the scheming of her cruel stepmother, the Queen, of how she is befriended by the Dwarfs in their home in the woods, the coming of the Queen in disguise, after she has learned from her magic mirrors that Snow White still is alive, and of the arrival of the Prince, his heralds and huntsmen. The music, dances, and costumes are said to be particularly pleasing.

The following are the character parts:

Snow White	Gladys Weeks
Queen	Cleo Ashley
Prince	Carl Swedenburg
Chief Huntsman	George Johnson
Mirrors	Lucille Larson, Lucille Hermanson.
Queen Mother	Lucy Nilson
7 Dwarfs	4 Heralds
10 Huntsmen	1 Servant

First Freshman Class Meeting

First Freshmen Class Meeting

The freshmen have elected officers. Their first meeting was held Tuesday, Oct. 8th, after 4 o'clock. To keep things in order Mr. Rapacz took the position of chairman. It took some time before the idea of silence was impressed upon them, but when it was, things went fine. The list of officers may be found in another column of this page.

Much cheering was in effect during the meeting and we are assured all the freshmen need is several copies of "Robert's Rules to Order."

One New Teacher Has Arrived

Our new teacher, whom we have been expecting for several weeks, has arrived—Miss Lorraine Birong of Madison, Wis. She took charge of her classes, three divisions of general science and one of algebra, on Monday. Miss Birong is a graduate of the University of Wisconsin which assures us she is a very capable teacher.

Enrollment in freshmen subjects was so large as to make another teacher necessary. This will take much work off our present teachers.

The Mate

The mate who is a jolly chap,
Stout of heart and rough in map,
Short but grawny, a sailor clear
through,
He it is that commands the crew.

Though at first his heart was strong,
To keep his nerves, he now whistled
a song,
Though the men in courage lacked,
They had to obey or get lashed on
the back.

But 'twas not long 'ere trouble
brewed,
And then 'twas hard for the mate to
be true;
Evil temptations led him on,
But still his strong heart would not
drown.

And well it paid, for in three days,
Land was sighted o'er the waves.
Columbus a hero became just then,
But he never forgot to favor those
men.

Of Local Interest

C. A. Melby, a member of the St. Olaf College teaching staff, and a brother of Dr. O. F. Melby of this city, who served for thirteen years on the local school board, has recently returned from a trip to the Near East, according to "The Manitou Messenger" for October 3. Dr. Melby has made a thorough study of Near East problems, particularly in connection with the present Turkish menace, and outlined his conclusions in a speech at St. Olaf chapel on September 27.

Eligibility

In order that no misunderstanding may arise, the section on Eligibility of players has been taken verbatim from the Minnesota State High School Athletic Association Bulletin.

Sec. 1. At least three days before the contest to be held the superintendents shall exchange lists of players eligible to play in such contests.

Sec. 2. Such lists shall contain, in addition to a declaration of eligibility under Rules 8, the date, place and character of contest, names of eligible players, date of birth, date of enrollment for the year, number of subjects carried, number of half-year credits earned the previous semester, number of years in high school including the current year, and the number of years each has participated in inter-school athletics, including the current year. Any participation in any inter-school athletic contest while a high school student shall constitute a year for the purpose of this rule. Upon demand of any school subjects carried and average marks in each for the semester shall be submitted.

Sec. 3. To be eligible to play in any contest in the association, a student must conform to the following conditions:

(a) He must have been enrolled in the high school not less than two weeks before the contest or from the beginning of school.

(b) He shall be doing passing work in the regular amount of work.

Note 1. A senior student needing but three credits to graduate may be eligible if he carries and does passing work in three subjects.

Note 2. By "passing work" is meant work of such nature that credit would be entered on the school records were credits given one week before the contest.

Note 3. A "subject" shall be five forty-minute recitations per week, the preparation of which has taken as much or more time. In all subjects requiring no outside preparation shall mean five eighty-minute recitations per week.

(c) He shall not participate in any interscholastic contest in such branch of athletics for more than four years in high school.

(d) He shall not have been, at any time a member of a team representing a school higher than a secondary school.

(e) He shall not be a graduate of a four year high school or of any secondary school.

(f) After his first semester in high school he shall have made at least three half-year credits in his preceding semester's attendance. The same principle shall apply to all other students certified as eligible to play.

Note. For athletic purposes the record at the end of a semester shall be final. Deficiencies in one semester may not be made up in a subsequent semester or during summer school for qualification purposes that semester. An incomplete or "condition" at the end of a term or semester counts as a failure."

(g) He shall not use tobacco nor intoxicating liquors during any part of the school year.

(h) He shall not play on any other similar team during the school season.

Note. "similar" team shall be interpreted to mean any term regularly organized and playing a schedule of games to which admission is charged, or any team playing against such team. This shall not debar one from playing a practice game to which no admission is charged.

Note. The school season shall be from the first day to the last day of the school year, including vacations.

(i) He shall be under twenty-one years of age.

Note. A player becomes ineligible on his twenty-first birthday.

(j) He shall, before participating in any inter-scholastic athletic contest in any branch of athletics sign an official "information card" declaring himself familiar with the rules of the association that he has not used tobacco since the opening of the school year and that there is no rule, which to the best of his knowledge, he would violate if permitted to play. These cards, witnessed by the principal or superintendent shall be sent to the chairman of the district committee who shall send copies of the names of those having so signed to the schools of the district.

Note. Separate cards must be signed for football, basket ball and baseball or track athletics.

Sec. 4. No student whose residence is in a district maintaining a state high school shall be eligible to play on a team representing another high school until he has been enrolled in such high school one full semester. The residence of a student shall be that of his parent or guardian moved from one district to another, he is immediately eligible provided he meets all other eligibility requirements.

Sec. 5. The eligibility rules of this association shall apply to all contests whether with members or non-members of the association.

Sec. 6. At least once in each school year before a student participates in any athletic contest, he shall present to his superintendent a physician's certificate, stating that the physician has personally examined the applicant and that he may safely engage in competitive sport. Suitable blanks for such certificates shall be prepared and distributed by the Secretary of the Board of Control.

Norse II

The Norse II class has in a way their own choice in the work for the year. There is no state examination given and thus there are no state requirements to follow.

The second year in Norse includes the study in literature. The first work, as outlined by Miss Stavig, is the study and translation of short stories. In connection with this there is a paper on Bjornstejrne Bjornson which is due in about two weeks. This is to be a biography and is required of every student taking the course. It is to be in the Norse language. The object of this biography is to acquaint the students with the author of Synnove Sunny-Hill, one of the books included in our literary list.

The course will also include the study of the life and works of Ibsen, another Norwegian writer. If possible they will read his Peer Gynt during the latter part of the school year.

There will be a declamatory contest within the class later on if enough interest is evidenced. The local Sons of Norway lodge provides annual prizes for the best work in Norse. These have proved very much worth while working for.

Yell Masters Elected

Wednesday, September 20, a meeting was held in order to elect our yell leaders, who had been nominated the previous Wednesday. Those nominated were: Katherine Barzen, Camille Warner, Kermit Anderson, Emmit Shennahn, and Steve Arneson.

[illegible] yell after which Steve Arneson was elected to lead the boys and Camille Warner to lead the girls. Considering the ability of the leaders we are looking forward to some snappy yells.

In order to accommodate the great number of students who desired to attend the game at East Grand Forks, High School was started at eight o'clock so that we could have all eight periods in the morning, and dismiss school in the afternoon.

Cora Olson entered school Monday. She is another of the numerous "Freshies."

Walter Olson, a senior, returned to school Monday. Glad to see you back, Walter.

Sectional meeting of the grade teachers have taken place in the Central building this week.

A great deal of interest is taken by the pupils in the class room weight record.

Washington News

The Normal students have been teaching in the third grade this week.

Mrs. John Collins was a visitor in the trird grade room last Monday afternoon.

Only one case of absence in the 1A and 11B room.

The 11B class are improving in reading.

The second grade received the pennant marching for the six weeks.

The Busy Bees in grade II have finished the Progressive Road to Reading—Book1—and are reading "Pretty Polly Flinders."

The following children received 100 in the four weeks spelling test: Jennie Finsand, Myrtle Gulseth, Gretchen Simley, Evelyn Gullingsrud, Mary Warner, McLaren Longair, Laura Cloutier, Lorie Streeter, Ida More and Edna Larsen.

One small boy caused much hilarity when he appeared in school with a huge pair of glasses. But at least one parent had responded quickly to the school nurse's suggestion that the boy's eyes be examined.

Miss Helen Strand visited rooms IB and IIA on Tuesday morning.

The Normal girls started practice teaching in the fourth grade on Monday.

Theodora Bakken, Edward Eastman, Eunice Carlson, and Mae Treadwell are ahead of the rest of the class in working Studebaker tests.

The fifth grade won the marching pennant for the second floor this week.

Miss Kleppe and Miss Humpfner have made beautiful marching pennants for the Washington building.

Teddy Blinsmon, who has been attending school at Clearbrook, Minn., entered the sixth grade in the Washington school on Thursday.

Rolland Halvorson enrolled in the sixth grade on Monday.

Northrup News

The fourth grade had perfect attendance on Monday, Tuesday, and Friday.

Harold Sponheim is leaving for Long Beach, Cal., where he will make his future home.

Gordon Overland has been absent from school all week on account of illness.

Betsy and Morris Flann have left to attend school at Rosewood.

Raymond Amundson entered the sixth grade, Miss Sands' room, this week.

The sixth grade was awarded the pennant for marching this week.

The fifth and sixth grade room enjoyed a spelling match last Friday afternoon. The fifth grade were the winners.

Normal girls started work in the third and fourth grade room last Tuesday.

The Northrop children are working hard for the school marching pennant this year.

Last Monday evening Mrs. Lucian entertained the Northrup teachers at the home of Mrs. Burns. This was given in place of the old time shivaree.

The second grade has had four days this week of perfect attendance.

Knox School News

Pupils in the fourth grade who have been neither tardy nor absent during the month of September are: Robert Booren, Earl Hoppa, Mabel Hagen, Alice Larson, Alice Lonson, Helen Langer, Laura Nelson, Alpha Ness, James Newland, Leaf Sahl, Dorothy Tyrer, Vera Randall, and Evelyn Whiting.

Columbus Day, October 12, will be observed Tuesday, October 10, in the fourth grade of the Knox because school closes Thursday morning at 10 o'clock a. m. so all teachers may attend the N. W. M. E. A. which is being held in our city this year.

Doloris Urdahl will move to the West side so she will be transferred from the second grade at the Knox to the second grade at the Washington.

Mrs. Ole Lindstad visited the first and second grade rooms on Oct. 6.

Verona Urdahl from the Second grade is moving to the West side and will attend the Washington school.

The 4B-1 and 5B-1 divisions are learning a Civic Creed which they think will be an incentive to become better citizens.

The pupils in the 5B-1 division have taken great interest in the study of Thos. Edison and his many useful inventions.

Paul Melby and Morris Olson are unable to take physical training because of foot trouble.

Potato picking has been the cause of a great deal of absence in the schools.

The pupils completing the most exercises in the Studebaker Test of Knox Sixth are Lucille Rayson and Douglas Booren.

Central Notes

The six weeks' examinations were held Thursday and Friday.

The public library is of great help in co-operating with the school. Reserved place has been given for reference work, and pupils and teachers find it to be of great assistance to them in theih work.

In studying the poem of Columbus, Harold Will of the 7th grade English class, composed one of his own:

"Faster, Jimmy, faster! You know mother said there wasn't be any breakfast till we bring the Kellogg's Corn Flakes!"

Compare flavor and crispness! KELLOGG'S *against any* Corn Flakes *you ever ate!*

Takes the rough edges off hopping-out-of-the covers these snappy mornings just thinking about that lusty bowl of Kellogg's Corn Flakes waiting down-stairs! Big and brown and crispy-crunchy flakes—a revelation in appetizing flavor, wonderful in wholesome goodness—the most delicious cereal you ever tasted!

Instantly you like Kellogg's, not only because of appealing flavor, but because Kellogg's are not "leathery"! Kellogg's are a delight to eat, as the little folks as well as the big ones will tell you! And Kellogg's ought to be best—they're the original Corn Flakes! You have only to make comparison to understand that quickly!

KELLOGG'S Corn Flakes for tomorrow morning's spread! They get the day started right! Insist upon KELLOGG'S Corn Flakes in the RED and GREEN package—the kind that are not leathery!

New Meat Market
Take Notice!

As cold weather is coming on and we can handle meat with less expense we will hereafter sell meat at a reduced price, especially beef and veal as there is plenty of good stuff in the country for sale now. But pork is rather hard to get, so can not cut the price on it as yet.

Will not cut our prices a great deal on sliced meats, but anything in roasts of 5 lbs. or over will cut the prices on considerable. This cut in prices starts Saturday.

Come early so as to avoid the rush, then we will not have to have extra help or keep you waiting.

Society

Woman's Club.—Oct. 16

The second meeting of the Woman's club will be held Monday afternoon beginning at three o'clock, at the club rooms on Fourth street and Horace avenue, with Mrs. W. W. Prichard Jr., Mrs. O. O. Cronstrom and Mrs. A. W. Holmberg as hostesses. The general topic of discussion at this meeting will be "Household Economics" and roll call will be featured by having each member present answer to her name by giving a "household help." Each member is requested to be in readiness to make immediate response. The musical program includes violin selections by Mrs. A. W. Holmberg. Light refreshments will be served at 3 o'clock by the hostesses Mrs. W. W. Prichard Jr., Mrs. O. O. Cronstrom and Mrs. A. W. Holmberg. The regular business session takes place at 3:30. Each member is requested to bring a cup, spoon, and plate to be donated to the club rooms.

The officers of the club are as follows: President, Mrs. Beatrice Heiber; vice president, Mrs. T. L. Melgaard; secretary, Mrs. Perl Mabey, treasurer, Mrs. Julien Provencher; music committee, Mrs. G. Halvorson, Mrs. N. K. Harris and Mrs. Lucille Johnson; program committee, Mrs. Randolph Arnold, Mrs. T. L. Melgaard, Mrs. Perl Mabey, and Mrs. Julien Provencher; executive board, Mrs. N. K. Harris, Mrs. C. E. Glines, Mrs. Randolph Arnold, Mrs. I. T. Simley and Mrs. W. J. LaBree.

Ryff-Burns

In the last issue of the Times announcement was made of the marriage of Francis J. Burns, son of Mr. and Mrs. M. C. Burns of this city, to Miss Edna Ryff, daughter of Mr. and Mrs. J. S. Ryff of Paynesville, Minn. The ceremony took place Wednesday, Sept. 27, at the St. Anthony parish at Minneapolis, Father T. D. O Connell officiating. Following the wedding the newlyweds made an auto trip to Duluth and various range towns, returning to this city Wednesday last week.

The bride is a graduate of Paynesville high school and St. Cloud State Teachers college. The past two years she was instructor in the Washington grade school in this city and made many friends during her stay here. Mr. Burns is well and favorably known in this city, having been reared here and educated in the Thief River Falls schools. He was a member of the class of 1915 and since his discharge from the service has been connected with the McFarland Auto company. Mr. and Mrs. Burns will make their home here on Kendall avenue south.

Union Harvest Festival at Goodridge

A joint harvest festival will be given by the five congregations of the Goodridge parish, Sunday, Oct. 22. The festival will begin with Norwegian services at the church by the pastor, Rev. V. O. Aaker, at 11 a. m. Immediately following the services a chicken dinner will be served in the school gymnasium by the Ladies' Aids of the various congregations for the low price of 30 cents for adults and 15 cents for children. The afternoon program will be held at the school auditorium. Rev. T. E. Sweger of Thief River Falls will be the speaker and Miss Lindblom and the different choirs will furnish music. The afternoon program will be conducted in the American language. A large crowd celebrate with us.

For Mrs. Kielty

On Friday evening Mrs. J. Kielty was delightfully surprised when a number of ladies gathered at her home, 402 St. Paul avenue south. The event was in the form of a parcel shower and the hours were spent in playing whist. At the conclusion of the evening refreshments brought by the visitors were served. Those who took part were Mesdames. Chester Barden, H.Bergstrom, L. Dillon, J. Collins, L. J. Fahey, Paula Gray, Fred Johnson, E. T. Lacey, J. H. McClelland, W. K. Knight, D. B. Mathewson, Frank Protz, Fred Protz, Geo. White, S. Malone, E. D. Traver, Lyle Manther, John Robinson, Harry Schuster, O. Erickson, E. H. Holmstrom, C. R. Whialng, Frank Hoppa and Emil Rausch.

Mrs. Ed. Korstad Entertains

Complimentary to Mrs. Oscar Sponheim, who left Monday evening for her home at Long Beach, Cal., Mrs. Ed. Korstad delightfully entertained a party of ladies at her home, 323 Atlantic ave. no., on Saturday afternoon. The hours were pleasantly spent at cards, progressive whist being played at four tables. High honors were won by Mrs. M. P. Rapacz and Mrs. Nate Harris. A very delicious lunch was served by the hostess at a late hour. The guests included were Mesdames Oscar Sponheim, honor guest; J. S. Arneson, Nate Harris, H. O. Loken, Ila M. Reynolds, Mrs. J. Beiderman, J. Fulton, W. J. LaBree, Geo. Biddick, I. A. Larson, M. P. Rapacz, William Korstad, John Cronkhite, A. W. Jardine, O. C. Hanson, and I. T. Simley.

D. of N. Bazaar-Oct. 21

The Daughters of Norway had their regular meeting Tuesday evening in the Masonic club rooms. Following the business meeting, refreshments were served and a social hour enjoyed, a feature of which was three fortune telling witches.

At the business meeting it was decided that the Daughters will have their big bazaar Saturday, Oct. 21, at the new Sons of Norway home near the Soo depot. Fancy and useful articles will be on sale all afternoon and evening, commencing at 2 o'clock. Lunch, including several Norwegian delicasies, will also be served throughout the hours. Everybody is invited and urged to bring their friends.

Community Girls Meet

The Comunity Girls had their second regular meeting at their club rooms Monday evening and had as their invited guests the rural teachers who are attending the institute and convention held here this week. The meeting was quite well attended, there being about seventy-five present, including the invited guests. A reading was delivered by Mrs. M. P. Rapacz and interesting addresses were given by Misses Margaret Beiri and Grace Randall, instructors at the teachers institute. Following the program light refreshments were served.

All home girls are urged by the management to attend the meetings of the club to co-operate in the work, get better acquainted and enjoy a fine social hour.

HUNTER IS SHOT BY ACCIDENTAL GUN DISCHARGE

Delman LeSage Now in Hospital As Result of Serious Injuries Received

Will Probably be Necessary to Amputate at Least Two of Fingers

Shot Lodges In Chest Above Heart But Wound There is is Not Serious

Delman LeSage, clerk at the American Express office, is in the hospital as the result of injuries sustained in an accident last Sunday while out hunting partridge about 25 miles on the other side of Grygla. The accident occurred when the 12-gauge shotgun slipped off the log on which he was standing to take a rest, with the result that the charge went off, almost shattering the bones in his left hand and lodging in the left side of the body near the heart.

LeSage, together with C. M. Johnson, Ted Carlson and John McNubery, was tramping through the woods looking for partridge and at about noon LeSage stopped to rest on a fallen tree or stump. While resting his gun on the log and holding it near the end of the barrel, it slipped down and the trigger being caught in something caused the charge to go off. The shot went through his hand practically from his little finger to the thumb, and entered his chest near the heart but fortunately at an upward glance so that the shots lodged about six inches above.

His companions immediately bound up the wound and took the unfortunate victim to their car which was over two miles away. They rushed him to Grygla where he was given medical attention by Dr. C. M. Adkins at once., after which he was taken to the Physicians hospital here. The shots in his body were successfully taken out and he is recovering quite rapidly. The attending physician thinks that the hand will be saved but one or two fingers may have to be removed. Otherwise, unless some other complication starts in, the injury may not affect the hand permanently.

Pioneer Business Man of Red Lake Falls is Dead

Leo Steinert, one of the pioneer business men of Red Lake Falls, formerly mayor and at the time alderman of that city, died Wednesday Oct. 11, at St. Michaels hospital at Grand Forks, the cause of his sudden demise being heart failure. He had been taken to the Grand Forks hospital last week to be operated on when he was fatally stricken with heart trouble. No relatives were with him at the time of his death.

Mr. Steinert, who was 80 years old and a native of Schleswig-Holstein, emigrating to the United States in 1876. He lived for some time in New York state engaged in the miller trade, but in 1882 he moved to Red Lake Falls and was first employed in the Buse and Culbertson flour mill in the Hollow. Later he was millwright for the Kretchmar mill and in company with W. T. Spillane now of Crookston, he rented the Holmes mill two miles west of Red Lake, which he operated for several years. In 1912 he organized the Steinert Milling company and with several associates built the present mill and dam on the Clearwater river at the foot of Main street.

Deceased is survived by three sons; Otto, and Theodore of Red Lake Falls, and Emil, a student at the University of Minnesota.

Will Open Grocery Store

Wm. Korstad, who formerly conducted a clothing store in Thief River Falls has again decided to join the ranks of local merchants. Last week he began the construction of a grocery store on sixth street between Main and Knight avenues. It is a one story frame building, the estimated cost of which is $1500. Mr. Korstad intends to open up for business as soon as the structure is completed. This will be the first store in the residence section on the West side and will afford the residents of the northern section of the city a grocery right in their midst.

District Court Sustained

The state supreme court last week sustained the decision of the district court in the case of Finch, Van Slyck & McConville vs. Stephen Singer. In district court the jury rendered a verdict against the defendant of $193.54 and the motion of Mr. Singer for a new trial was denied. Mr. Singer then appealed to the state supreme court from the district court's order denying a new trial.

North Star College To Hold Celebration Tuesday

Tuesday, October 24, is announced as North Star Day, and will be celebrated by festivities at the North Star college at Warren. The event will be in the form of a get-together meeting for the purpose of creating a feeling of closer relationship between the institution and interested people in the Red River Valley. The dedication of the recently completed dormitory rooms will also take place.

The North Star institution proposes to introduce a junior college department which would make it possible for students to get instruction at half the cost of University rates. The college is steadily growing in scope and enrollment and is making every effort to fill the wants of the students in this section.

On Tuesday interesting programs will be rendered in the afternoon and evening with Judge Magny of Duluth as the principal speaker. Others who will deliver worth while addresses will be conference president, O. O. Gustafson of Elbow Lake, Hon. O. A. Naplin of Thief River Falls and Prof. Hans Yngve of Minneapolis, who has won national prominence as a worker in the temperance cause. An extensive musical program has also been arranged including members by the college conservatory faculty, a pastors sextette or octette and solo selections by Carl Sundahl of this city.

Rev. A. A. Larson, pastor of the local Evangelical Swedish Lutheran church is a member of the board of directors of North Star college and urges that everyone who is interested in the welfare of the school and wishes to spend a pleasant day at Warren, attend these exercises. The members of the local congregation are particularly requested to be present but the general public is also cordially invited.

Car Goes in Ditch On Jefferson Highway

Alvin Moen, the 19 year old son of Mr. and Mrs. Anton Moen who reside 7 miles southwest of Ginvick, was killed Friday afternoon, Oct, 13, when the Ford roadster which he was driving turned completely over in going off a six foot embankment, half a mile from Gonvick near the S. A. Winden farm.

Shortly after the occurrence of the accident, farmers coming to town discovered the overturned machine at the bottom of the grade. The lifeless body of the young lad was pinned under the car and the car door resting on his neck, death being caused by strangling. It is thought that he was driving at a high speed and lost control of the car in the loose sand.

Woman's Club Asks For Wearing Apparel Gifts

The Social Welfare section of the Woman's club is anxious at this time to secure as much old clothing and wearing apparel as possible for distribution among the needy of the city. Mrs. C. E. Glines, chairman of the committee, states that anyone having anything in the line of wearing apparel that they wish to contribute for this purpose need simply communicate with herself or Laird's Specialty Shop and it will be called for.

The need for charitable work of this kind is fully as great this year as ever before and there sould be a generous response on the part of the public to this request of the Woman's club.

Oldest Roseau Man Dies

Ulrik Christian Larson, aged 101, the oldest person living in Roseau county, passed away at his home near Wanaska, Thursday, Oct. 5. The centenarian was spry as a young man until this summer when his health began to fail somewhat. Last summer when fire caught in the roof of his house, Mr. Larson not having a ladder around, set a screendoor up against the wall and climbed to the roof to get at the fire.

Mr. Larson was born in Maala, East Lofoten, Norway, emigrating to this country in 1865, and settling in Lee county, Ill. and later in Nebraska. He moved into Roseau county about two years ago.

Lutherans Open Hospital

The St. Anthony hospital in Bemidji which was purchased by the Lutheran Hospital association, has opened its doors and is ready for service, it is announced in Bemidji papers. The hospital, formerly owned by the Sisters of St. Benedict, has been under renovation during the summer months since the Lutherans became owners and opens under the direction of Miss Lenora Holt of Fairview hospital, Minneapolis, as head nurse.

To finance the undertaking, Lutherans in the entire north central section of the state were asked to aid in the project, and met with general support.

Returns From Medical Convention

Dr. O. F. Mellby returned Sunday morning from Minneapolis where he attended a three day convention of the Minnesota Medical society held at the University. Dr. Melby was delegate from the Red River Valley section of the association. Dr. J. Starr Judd of Rochester was elected president of the society to succeed Dr. Frank Corbett of Minneapolis. The main subject of discussion was "Public Health Service" which is becoming more and more a predominant question among the various branches of health service. The various branches must be organized and work more together in order to accomplish the desired results, it was declared.

A Women's Auxiliary, composed of the wives of the members of the association, was formed at last week's meeting.

"Come On Over" Offering At Lyceum Sunday Evening

There is a strong family appeal to "Come On Over." It is about people who believe in remembering their mothers, in being true to the girls they have pledged; of daughters who care for their aged fathers, of wives who are happy in having their broods about them.

It is a story, too, that every person in the audience and family can understand. There are no mysteries to solve, no domestic problems to puzzle over, no sex curiosities or mental gymnastics. There isn't a suspicion of a theory or a cult to it. The child of ten and the man and woman of eighty who still enjoys laughter and love will appreciate it equally.

You know that Rupert Hughes has a wonderful way of reaching into the family and putting into his screen stories the human, appealing elements. You know what he did with "The Old Nest."

He has done it again in "Come On Over" which comes to the Goldwin Theatre Monday. This time it is mostly comedy, but underlying the fun it teaches the doctrine of love and respect of the young for their parents, of the watchfulness of the mother over her children, of the matchless beauty of true love.

It is a story that everyone—no matter how young—will understand. Theres so much laughter in it that the lesson isn't obvious, but they will all get it. You cannot afford to allow any one you love and want to love miss it.

Wefald at St. Hilaire

Knud Wefald, candidate for congress on the Farmer-Labor ticket, and A. E. Bowen will speak at St. Hilaire next Wednesday evening, October 25, at 8 o'clock. The issues of the campaign will be discussed and the public is invited to attend the meeting.

STEENERSON HOLDS TWO MEETINGS IN PENNINGTON COUNTY

Reviews Record of Congress and Gives Views on Present Conditions

Congressman Halvor Steenerson appeared before the voters of Goodridge and Thief River Falls Tuesday. In the afternoon he conducted a meeting at Goodridge and in the evening he spoke at the Princess theatre in this city.

He devoted considerable time to an explanation of the Esch-Cummins law and stated that the provisions of this act were being greatly misrepresented by speakers throughout the district. He claimed that this law terminated the war measure under which the railroads of the country were operating and brought to an end in six months provisions that would otherwise have continued for three more years. He spoke at considerable length on existing business and financial conditions, particularly as they relate to the farmer. He gave it as his opinion that high wages during the past two years have been largely responsible for the unprofitable condition of the agricultural industry, this condition forcing the farmer to pay unusually high wages for farm work and also exhorbitant prices for practically everything he has to purchase, while the price on what he produces has dropped to prewar levels. As a remedy for this condition he urged more thorough and complete organization on the part of the farmers and a discontinuance of the present system of grain grades.

The Three C's

In the past we have heard considerable about the three R's, readin', 'ritin', and 'rithmetic—and they have done much for the welfare of all.

It is our opinion now that this section needs the three C's—Cows, Confidence and Co-operation. The dairy cow will put us on a permanent prosperity basis. The cow will be the salvation of the country.

And we need confidence—confidence in our fellow men, confidence in ourselves, town, state and nation. Without that confidence and mutual trust and regard we will never arrive anywhere.

Co-operation is the keynote of all success. The power of any one man in any community does not amount to much but co-operation, the working of all the people together for the common good and the common cause, will surely work wonders. Let's try the three C's—Winnebago Enterprise.

Injured in Fall

Mrs. Gunhild Gulseth, who is 88 years of age, was seriously injured last Monday evening when she fell down the stairs at the home of her sister Mrs. C. A. Rasmusson, 608 Knight avenue north. The aged woman was rendered unconscious as a result of the fall and sustained a minor gash in her head. No bones appear to be broken but it is feared that there are internal injuries which may prove fatal as the old lady has been rather weak for some time, getting spells of dizziness at various times. Her condition is reported to be considerably improved today and it is expected that she will recover from the shock.

Entertain For Worthy Matron

Monday evening the local Winslow chapter of the Order of the Eastern Star informally entertained at a party given at the home of Mr. and Mrs. Mogensen, 721 LaBree avenue north, complimentary to Mrs. Hattie G. Madsen of St. Paul, worthy grand matron of the state.

The following program was rendered: Violin solo, Mrs. A. Holmgren, accompanied by Mrs. C. O. Erickson; song, Mrs. W. W. Prichard Jr., accompanied by Mrs. N. K. Harris, and a reading by Mrs. R. Arnold.

As a momento of the occasion Mrs. Madsen was given a corsage bouquet which was presented by Miss Effie Hamry. After the program and at the close of the social hour delicious refreshments were served.

Mrs. Madsen was the guest of Mrs. Esta Barton while in the city. She attended a meeting and reception at Crookston Tuesday but returned to this city and left from here yesterday morning for Frazee.

Mrs. Wm. Ellofson arrived from Newfolden yesterday to spend the week end visiting relatives.

Friday afternoon the Thief River eleven meets the strong Bemidji aggregation at the local Fair grounds. The game is called at 3:30 p. m. Tickets 25c and 50c. The boys have a splendid record. Come out and see them defeat Bemidji in the fastest game of the season.

CONVENTION OF EDUCATORS IS BEST IN YEARS

Six Hundred Teachers From Northwestern Minn. Here For Two Days

Delegates Welcomed by Mayor Bratrud in Pleasing Address. Thorson Responds

Entertainment Features Help Make Visit Pleasant as Well As Instructive

Thursday and Friday, October 12 and 13, were the convention days of the Northwestern Minnesota Educational Association. Teachers from all parts of Northwestern Minnesota were present at the convention.

The local educational authorities had prepared for their coming and secured the best accommodations and entertainment available.

The convention opened on Thursday, with an address by Mayor J. Bratrud.

The Mayor welcomed the Northwestern Educational Association to Thief River Falls in behalf of the citizens of the city. He stated that the members were assembled in this convention for the sole purpose of bettering the educational facilities of northwestern Minnesota. By exchanging ideas and discussing problems at a meeting of this kind, better educational results would be obtained. "The citizens of Thief River Falls," continued Mayor Bratrud, "are proud to welcome the association to their city and will co-operate in any way possible to make the convention a success."

Superintendent Thorson of Crookston, acting chairman of the Northwestern Educational Association, responded to the welcome in behalf of the members of the Association.

He called attention to the fact that the convention was not called to fight over old problems but to discuss new ideas, for the general improvement of the educational side of life in Northwestern Minnesota.

"The teacher of today must see into the future. He must train the student for citizenship, in preparation for the time when the student will be one of the dictators of our government policy. The teacher of to-day is the most important factor in the development of the future citizens of our republic," concluded Supt. Thorson.

Thursday afternoon the various sectional meetings were held: the rural section of which Miss Hattie E. Anderson of this city, was chairman, met in the auditorium, the elementary section, Supt. G. H. Sandberg of Crookston, chairman, in the high school assembly and the secondary section with John M. Brendal of Hallock as chairman, met in the court room. At these sessions various educational problems bearing on the particular divisions were discussed by prominent educators of the state. Space does not permit enumeration of the numerous subjects and speakers.

The District Athletic Association also held its regular business meeting Thursday afternoon, with Supt. I. T. Simley as chairman. Election of executive board took place at which Supt. G. H. Sanberg of Crookston was elected as chairman, the other members being Supt. C. H. Orrison of McIntosh and Supt. F. B. Andreen of Ada. This board will have charge of all athletic matters for the ensuing year. The place for this year's tournament was not definitely decided upon but will be either in Thief River Falls or Crookston during the first week in March.

At 6 o'clock 57 male members of the association entertained themselves at a banquet at the Evelyn hotel. Supt. I. T. Simley acted as toastmaster and short addresses were given by F. E. Lurton of the U. S. Veterans Bureau of Minneapolis, Supt. G. Holmquist of Warren, Hon. H. S. Chalman of St. Paul, who spoke on "The Spirit That Made Minnesota's Educational System Prominent." Others were Supt. M. C. Hayes of East Grand Forks, Supt. G. H. Sanberg of Crookston and Supt. F. B. Andersen of Ada. The event took the form of a booster meeting for Supt. Sanberg as president of the M. E. A., as the Crookston superintendent is one of the most prominent in the state. In response to the many tributes tendered him, Mr. Sanberg posed as Andy Gump, declaring that "he wore no man's collar" and was "100 per cent for the people."

As part of the entertainment for the visiting teachers the operetta, "Snow White" was presented at the auditorium and was very well received, every member of the cast doing splendidly. The directors are to be commended for their untiring efforts in producing such an entertainment. Miss Maude L. Johnson directed the play, the speaking parts being in charge of Miss Josie Weeks. Folk dancing by several girls, under the direction of Miss Clara Baumann, physical training director in the city schools, also added to the excellent program of the evening.

Following the operetta the pedagogues were invited as guests of the Elks club at their club rooms, teachers of the Thief River Falls schools being in charge. A very pleasant social hour was enjoyed and also a radio concert and solo numbers by Carl Sundahl. Refreshments were served by the teachers in charge.

Friday morning the convention opened at 9 o'clock with the general business session, at which resolutions were adopted and officers elected for the coming term. Supt. A. C. Peterson of Argyle was elected to succeed Supt. G. Holmquist of Warren, as president. Other officers selected were: County Superintendent Billberg of Roseau, vice president; secretary-treasurer, Miss Mabel Rice, principal of Junior high school, Crookston; Supt. M. C. Hayes of East Grand Forks, legislative committee; and Supt. I. T. Simley of this city, resolutions. The local superintendent was formerly secretary of the association.

After the business session a very impressive address was delivered by W. F. Webster, superintendent of the Minneapolis schools, his topic being, "Some Modern Objectives in Education." As some of these objectives he emphasized health, ability to read and understand, courage, loyalty to associates and everything in general worthy of support. Mr. Webster also pointed out the fact that we should make the schools a place where the young student learns "how to live" and not merely "how to secure an easy living."

F. E. Lurton of the U. S. Veterans Bureau of Minneapolis spoke on "Education for Rehabilitation." In the course of the morning program several very fine musical numbers were rendered by the high school orchestra and Boys' Glee club.

At noon the school men were guests at a luncheon given in their honor by the Thief River Falls Commercial club at which they were royally entertained. Speaker of the House Nolan who was to have spoken did not arrive, but there were such speakers as Supt. W. F. Webster of Minneapolis, Pres. Deputy of the Bemidji Teachers' college, Supt. G. Holmquist of Warren, Pres. Dickerson of the Moorhead Teachers' college, and H. W. Hitchcock of Hibbing, president of the Commercial club of that place and a member of the legislature. The last named spoke about "Interim Commission on Educational Legislation."

The two day convention closed its sessions by a program in the auditorium Friday evening. The afternoon was given over to round table meetings of the various divisions and branches.

The principal speaker of the evening was R. E. Wenzel, a Grand Forks attorney, who delivered a forceful address on "Aims in American Education." He particularly stressed on the need of the proper Americanization spirit being used in our institutions of learning. We will soon lose our real American spirit, he said if we do not prevent determined ideas of government and other institutions to enter our schools. H. W. Hitchcock of Hibbing also gave a brief address on the prospects of educational legislation in Minnesota and advocating the county unit system of organization. He also made a plea for equalities in education in the rural and city schools, giving the country child equal opportunities with the child from the city.

The visitors all agreed that Thief River Falls is a fine city in which to convene and expressed their appreciation of the splendid treatment which they received during their stay here.

Hilton to Speak Here

Attorney General Clifford L. Hilton and Mrs. L. C. Weeks of Detroit, will speak at the Princess theatre in Thief River Falls next Tuesday. They will appear in the interest of the Republican party of the state and the public is invited to hear them.

LABOR LEADER WILL ADDRESS VOTERS AT PRINCESS SUNDAY

Paul J. Smith Will Discuss Issues of Farmer-Labor Campaign

Paul J. Smith, personal representative of Samuel Gompers of the American Federation of Labor, will address a mass meeting on national issues in Thief River Falls at the Princess theatre Sunday afternoon, October 22.

Mr. Smith was vice President of the United Mine workers and has also been a representative of the American Federation of Labor for the past eight years. He has been a close student of the problems of the workers and farmers and will no doubt have an interesting message for the voters. Mr. Smith gives it as his opinion that pending legislation is of as much importance to the women as the men and extends a special invitation to the women voters to attend his meeting here.

Union Harvest Festival at Goodridge

The Union Harvest festival at Goodridge next Sunday, Oct. 22, will begin with Norwegian services at the church at eleven o'clock sharp. Rev. V. O. Anker will preach and two choirs will furnish music. There will be a chicken and meat balls dinner with all the regular trimmings and served in the school gymnasium. After dinner a fine program will be rendered in the school auditorium. Rev. T. E. Sweger will speak and Miss Lindblom and the choir will furnish music. The English language will be used in the afternoon.

Altogether it is going to be one of the finest festivals held in Goodridge for a long time and a nice feature of it is that families from the various congregations and outsiders will have a chance to get acquainted. The small sum of 30 cents for adults and 15c for children will be charged for dinner. Don't miss it. Everybody is invited to attend.

Will Headquarter Here

Truman Stageberg arrived Monday morning from Minneapolis accompanied by his cousin, Carlos Stageberg of Red Wing. The former was until recently salesman for the Fuller Brush company in the northern Wisconsin district but has now taken up the selling of the Ritter brush, which is manufactured in Cincinnati, Ohio. The two young men will make Thief River Falls the headquarters for several salesmen who will travel out from here to the various parts of northern Minnesota. They expect to establish their offices at 118 Main avenue north.

Well Known Pastor Leaves

Rev. J. B. A. Dale, for many years Lutheran pastor at McIntosh and surrounding congregations, has severed his relations with that pastorate and will take up work in a new field as Sanatorium chaplain and pastor for three congregations at Dunseith, N. D. Rev. Dale was one of the pioneers in his work, and underwent many hardships when he first came to this section before the days of the automobile and the various other modern conveniences, and good roads. Mrs. Dale will spend the winter at Northfield where two daughters and a son are attending school. Mrs. J. N. Nesse of this city is a daughter of Rev. and Mrs. Dale.

Auxiliary Meeting and Lunch

The Womans' Auxiliary of the locals American Legion post will hold its regular meeting on Thursday afternoon, Oct. 24, at 3 o'clock at the club rooms under the First and Peoples bank. Following the business meeting, between 4 and 6 o'clock, the Auxiliary will serve lunch. The public is cordially invited.

THREE DAY SESSION OF RURAL TEACHERS ENDED WEDNESDAY

Seventy-Five Districts Represented at Successful Meetings in High School

The Teachers' Institute for the Pennington county teachers held at the high school in Thief River Falls, Oct. 9, 10 and 11, was in every respect successful. It was attended by about 75 instructors including those from this county and also a few from Red Lake, Marshall and Polk counties.

The instructors thruout the three days sessions were Miss Margaret Beiri from the Moorehead Teacher's college and Miss Grace Randall who is connected with the Minneapolis school system and has done extensive work in rural and city schools. Both have at some time been supervisors of rural schools.

The work taken up at the institute this year was a review of library reorganization which was also discussed last year, the promotion of citizenship in rural schools and the importance of language work. Another thing which was given attention was the promotion of proper recreation and the introduction of volley ball and various other sports in the country schools as well as in the city.

Mrs. Olesen Speaks

Mrs. Anna D. Olesen, democratic candidate for the senate, addressed the institute in a very interesting talk about "Library Work in the Rural Schools." She pointed to the importance of good and wholesome reading among the young students.

Progressive League Holds Meeting

The Progressive League, an organization composed of Pennington county teachers, outlined the work for the coming year. It was decided to conduct the reading circle work in the same manner as last year and to discontinue the committee on patriotism. The following were elected officers of the league for the ensuing term: Miss Ida Legvold, president; Miss Johanna Wedul, district 51, vice president; Tellef Tollofson, district 65, secretary; Miss Ethel Conklin, treasurer; Miss Hattie Anderson, district 26, chairman of health committee; G. W. Chapman, district 15, chairman of recreation committee and Miss Clara Sorenson, district 221, chairman of citizenship committee.

Attend Convention

Thursday and Friday all the rural teachers in attendance at the institute took part in the convention of the Northwest section of the Minnesota Educational Association.

Sectional Leaders Chosen

The county is devided into 11 sections and a leader was chosen for each as follows:

Section 1. Numedal—Esther Halseth, district number 7 and 149, 127, 147, and 64.

Section 2. Wylie—Selma Maland, district number 1J, 94, 69, 106, 99, 43J, 17J, 124J and 180.

Section 3, St. Hilaire—Blanche Lind, district 166 and 54, 108J, 227J; 178.

Section 6, Silverton—Mabel Shefveland, dist. 31 and 42, 55, 28, 53, 30, 15.

Section 7, Kratka—Wm. Ward Long, dist. 35 and 51, 39, 68, 11, 41, 13, 60.

Section 8, Goodridge—Agnes Forslund, dist. 70J and 57, 48, 228J, 37, 38, 66.

Section 9, Erie—Lillian Kron, dist. 5 and 50, 59, 65, 56, 47, 14.

Section 11, Rhoda—Gunhild Hadgen, dist. 34 and 58J, 52, 33J, 16J.

Purchases Clover Seed Machine

O. Tessum left Wednesday evening for the cities for the purpose of securing machinery for the hulling and treating of sweet clover seed. The ordinary threshing machine does not afford the proper means for preparing the seed for the market and many of the farmers in this vicinity who are raising sweet clover have been unable to realize as much from the seed in this condition as when properly hulled and put in a good marketable condition. The new machinery will be installed as soon as possible in the ware house now being erected so as to take care of this year's crop, a large part of which is already being delivered here now.

Fords Drop $50 in Price

Another reduction in price on Ford cars was announced this week. All models are now selling for $50 less than the former price. This brings Ford cars down to a new price level, the lowest in the history of the Ford Motor company. The new schedule of prices went into effect Tuesday.

Miss Olga Swensgaard has accepted a position as stenographer at the First National Bank.

LOCAL BOY AIDS IN CAPTURE OF HOLD-UP ARTIST

Roy Flattum Has Thrilling Experience When Told to "Stick 'em Up"

Hold-Up Took Place At Northfield Where Young Man Is Attending College

Police Summoned and School Chum Holds Thug Until Placed Under Arrest

Roy Flattum, formerly a popular young man of Thief River Falls who is now making his home at Northfield and attending St. Olaf college, recently had the novel experience of preventing a holdup artist from completing his operations. The story, as related by a southern Minnesota paper is as follows:

Oct. 7.—George Warner was turned over to Northfield police for safekeeping after, it is alleged, he had held up and robbed 4 St. Olaf college students and then been severely manhandled by two of the students. Wagner is reported to have used a shotgun to hold up and rob Harry Anderson and Murie Stenehjem when he found them out walking. He is alleged to have marched them ahead of him to a secluded spot. Later, Wagner and his victims met Orrin Thorsen and Roy Flattum, who are quite prominent in athletics. Again putting forward his gun, he took them into his party and started another march to seclusion.

Soon he released Anderson and Miss Stenehjem, telling them to "beat it." Then, getting Thorsen and Flattum where he thought it safe to make his play, Wagner ordered them to surrender their valuables. Instead, although his back was turned to the man with the gun, Thorson half turned, grabbed the gun and in close quarters proceeded to chastise Wagner.

Wagner broke away and ran, but the two students caught him and treated him to some violent exercise. Wagner soon had enough and Thorson sat on him while Flattum went for the police. Again Wagner broke away but Thorson took him with a flying tackle.

In court Wagner waived examination and was bound over for trial at the November term of court. Northfield police say Wagner has recently been living in Minneapolis but has been accused of committing petty crimes here in times of past.

Holzknecht-Engelstad

Early yesterday morning at St. Bernards church was solemnized the marriage of Miss Frances Holzknecht, daughter of Mr. and Mrs. Hubert Holzknecht of this city, to Ole E. Englestad, son of Mr. and Mrs. Peter Englestad, who reside a short distance south of the city. The church was prettily decorated for the occasion with sweet peas, asters and autumn leaves. Father M. J. Noesen read the services in the presence of a number of relatives and friends, the ring ceremony being used. Lohengrins wedding march was played by Mrs. Mae Rowan as processional when the wedding party entered the church and upon leaving Mendelsohns recessional was played. Mrs. J. J. McCann sang Gunod's "Ave Maria."

The bride was attended by Miss Marie Thill and Norbert Holzknecht brother of the bride acted as best man. Alvin Holzknecht ushered at the church. The flower girls, Miss Marion Holzknecht, sister of the bride, and Miss Evangeline Baker, carried baskets of sweet peas and asters.

The bride was attired in a dress of white satin and carried a bouquet of white chrysanthemums. Her veil was caught in a string of pearls. The bridesmaid was dressed in pink organdie with a georgette crepe hat to match and carried Ophelia roses.

Following the ceremony at the church an elaborate reception was given at the home of the bride's parents, 221 Duluth avenue south. The rooms were also beautifully decorated for the occasion in pink and white. The guests were Mr. and Mrs. Peter Englestad, parents of the groom, Mr. and Mrs. Paul Engelstad, Mrs. C. LaGasko of Duluth, Mr. and Mrs. Lars Engelstad of Crookston, Mrs. Fred Holzknecht, Mr. and Mrs. Mons Englestad, Mr. and Mrs. S. Anderson, Mr. and Mrs. Ed. Hanson, Mrs. Florence Baker, Mrs. Geo. Williams and daughter Margaret, Melvin and Christian Englestad.

The two young people are well and favorably known to people of this city, both having spent most of their life here. The bride was a member of the 1917 class of the local high school and has since her graduation been engaged in teaching in the rural schools, last year in the vicinity of St. Hilaire. Mr. Englestad has attended the Agricultural college at Crookston and has for some time been employed at the Thief River Co-operative creamery. A host of friends extend their congratulations to the couple.

The newlyweds left yesterday afternoon for Crookston from where they will continue their trip to various points in North Dakota and to the cities on a brief honeymoon. They expect to be gone about two weeks and upon their return they will make their home at 320 Conley avenue.

Graduates From Hospital

Miss Elfreda Knudsen, who has spent the past three years training in the General Hospital of Minneapolis and graduated last week, arrived in the city Sunday morning. She will remain at the home of her parents, Mr. and Mrs. Bernhard Knudsen for an indefinite period. Miss Knudsen was a member of the '19 graduating class from the local high school.

Society

Woman's Club—Oct. 16

The second meeting of the Woman's club will be held Monday afternoon beginning at three o'clock, at the club rooms on Fourth street and Horace avenue, with Mrs. W. W. Prichard Jr., Mrs. O. O. Cronstrom and Mrs. A. W. Holmberg as hostesses. The general topic of discussion at this meeting will be "Household Economics" and roll call will be featured by having each member present answer to her name by giving a "household help." Each member is requested to be in readiness to make immediate response. The musical program includes violin selections by Mrs. A. W. Holmberg. Light refreshments will be served at 3 o'clock, by the hostesses Mrs. W. W. Prichard Jr., Mrs. O. O. Cronstrom and Mrs. A. W. Holmberg. The regular business session takes place at 3:30. Each member is requested to bring a cup, spoon, and plate to be donated to the club rooms.

The officers of the club are as follows: President, Mrs. Beatrice Heiber; vice president, Mrs. T. L. Melgaard; secretary, Mrs. Perl Mabey, treasurer, Mrs. Julien Provencher; music committee, Mrs. G. Halvorson, Mrs. N. K. Harris and Mrs. Lucille Johnson; program committee, Mrs. Randolph Arnold, Mrs. T. L. Melgaard, Mrs. Perl Mabey, and Mrs. Julien Provencher; executive board, Mrs. N. K. Harris, Mrs. C. E. Glines, Mrs. Randolph Arnold, Mrs. I. T. Simley and Mrs. W. J. LaBree.

Ryff-Burns

In the last issue of the Times announcement was made of the marriage of Francis J. Burns, son of Mr. and Mrs. M. C. Burns of this city, to Miss Edna Ryff, daughter of Mr. and Mrs. J. S. Ryff of Paynesville, Minn. The ceremony took place Wednesday, Sept. 27, at the St. Anthony parish at Minneapolis, Father T. D. O Connell officiating. Following the wedding the newlyweds made an auto trip to Duluth and various range towns, returning to this city Wednesday last week.

The bride is a graduate of Paynesville high school and St. Cloud State Teachers college. The past two years she was instructor in the Washington grade school in this city and made many friends during her stay here. Mr. Burns is well and favorably known in this city, having been reared here and educated in the Thief River Falls schools. He was a member of the class of 1915 and since his discharge from the service has been connected with the McFarland Auto company. Mr. and Mrs. Burns will make their home here on Kendall avenue south.

Union Harvest Festival at Goodridge

A joint harvest festival will be given by the five congregations of the Goodridge parish, Sunday, Oct. 22. The festival will begin with Norwegian services at the church by the pastor, Rev. V. O. Aaker, at 11 a. m. Immediately following the services a chicken dinner will be served in the school gymnasium by the Ladies' Aids of the various congregations for the low price of 30 cents for adults and 15 cents for children. The afternoon program will be held at the school auditorium. Rev. T. E. Sweger of Thief River Falls will be the speaker and Miss Lindblom and the different choirs will furnish music. The afternoon program will be conducted in the American language. A large crowd celebrate with us.

For Mrs. Kielty

On Friday evening Mrs. J. Kielty was delightfully surprised when a number of ladies gathered at her home, 402 St. Paul avenue south. The event was in the form of a parcel shower and the hours were spent in playing whist. At the conclusion of the evening refreshments brought by the visitors were served. D. of N. Bazaar-Oct. 21

The Daughters of Norway had their regular meeting Tuesday evening in the Masonic club rooms. Following the business meeting, refreshments were served and a social hour enjoyed, a feature of which was three fortune telling witches.

At the business meeting it was decided that the Daughters will have their big bazaar Saturday, Oct. 21, at the new Sons of Norway home near the Soo depot. Fancy and useful articles will be on sale all afternoon and evening, commencing at 2 o'clock. Lunch, including several Norwegian delicasies, will also be served throughout the hours. Everybody is invited and urged to bring their friends.

Community Girls Meet

The Comunity Girls had their second regular meeting at their club rooms Monday evening and had as their invited guests the rural teachers who are attending the institute and convention held here this week. The meeting was quite well attended, there being about seventy-five present, including the invited guests. A reading was delivered by Mrs. M. P. Rapacz and interesting addresses were given by Misses Margaret Beiri and Grace Randall, instructors at the teachers institute. Following the program light refreshments were served.

All home girls are urged by the management to attend the meetings of the club to co-operate in the work, get better acquainted and enjoy a fine social hour.

Mrs. Fahey Entertains for Sister

At her home, 519 Duluth ave. no., Mrs. L. J. Fahey entertained a party of twelve ladies on Tuesday afternoon in honor of her sister, Mrs. C. T. Christianson, who leaves shortly with the rest of the family to reside in Minneapolis. The decorations were pretty yellow chrysanthemums. The diversion of the afternoon consisted of needlework at the close of which a dainty lunch was served by the hostess. The guests were Mrs. C. T. Christenson, honor guest; Mrs. H. O. Loken, Mrs. E. O. Mogensen, Mrs. J. O. Yotter, Mrs. E. J. Richards, Mrs. John Cronkhite, Mrs. E. D. Traver, Mrs. O. C. Hanson, Mrs. J. W. Anderson, Mrs. Chas. Connor, Mrs. H. C. Johnson and Mrs. J. B. Connor.

For Mrs. Burns

Mrs. Francis Burns, newlywed, was honored at a party given for her Saturday evening when Mrs. M. T. McFarland entertained a number of ladies. Whist formed the diversion of the evening, it being played at three tables. Miss Francis Holzknecht was awarded high honors, while Mrs. Dave Robinson received the consolation prize. At 11 o'clock an elaborate two-course luncheon was served by the hostess. Those present were: Mrs. Francis Burns, honor guest; Mrs. J. J. McCann, Mrs. E. T. Lacy, Mrs. George Werstlein, Mrs. M. P. The ladies are preparing to receive several hundred people.

Mrs. Glines Entertains

Mrs. C. E. Glines delightfully entertained a few of her friends at her home on Horace avenue Monday evening. The time was spent in games and music and at ten o'clock a splendid lunch was served. Those who enjoyed the evening were: Mesdames C. H. Jung, Block, Emma Roth, H. J. Rustad, R. Warner and daughter Gail and Roy Morgan.

Surprised by Friends

Mr. and Mrs. Swan Anderson were tendered a very pleasant surprise Monday when a number of their friends gathered at their house at Horseshoe Bend and spent the afternoon. The aged couple was presented with a considerable sum of money as a momento of the occasion and token of the good will of their neighbors.

Mrs. Hanson Entertains

Mrs. O. C. Hanson was hostess to a party of sixteen ladies whom she entertained at her home Wednesday afternoon. Pretty pink garden flowers were used for decorating. The hours which were spent at needlework were concluded by a fine lunch served by the hostess at 5:30.

For Thelma Christenson

The Christan Endeavor society of the Presbyterian church gave a farewell party last evening for Miss Thelma Christenson, who will leave soon with her parents to Minneapolis. The event was in the form of a marshmallow and wiener roast and was greatly enjoyed by those who took part.

Surprised on Birthday

A number of friends delightfully tendered a surprise on Miss Vellerie Parenteau to celebrate her birthday anniversary, Wednesday evening of last week. At eleven o'clock a lunch was served by Mrs. D. Parenteau, assisted by her daughter Sabine. There were fifteen young people present.

Maccabee Dance

On Monday evening the members of the Maccabee lodge and a number of invited friends enjoyed a social dance at the I. O. O. F. hall, which was approximately decorated for the occasion. Refreshments were served

Ed. Arveson, Elvin Bakken and Johnny Sunsdahl of Erie returned yesterday from Grafton, N. D. where they were employed picking potatoes. They stated that many of the farmers in that vicinity were leaving their potatoes in the ground because of the low price received at the markets. Even tho the yield was fair several did not think it worth while to harvest them.

Edwin Nelson and Elmer Torrison of Highlanding returned yesterday from Nekoma, N. D. near where they had been employed the past few months.

On Tuesday, Oct. 10, a baby boy was born to Mr. and Mrs. Clifford Noef.

Martin Lundgren attended to business matters at Schilling last week.

Mrs. A. F. Worner of Fargo returned to her home Tuesday after having been the guest of her sister Mrs. Julien Provencher, for a week.

Mrs. E. M. Stanton returned Monday from Minneapolis having accompanied the remains of her husband, the late E. M. Stanton, who was buried in Minneapolis Friday.

Mrs. E. E. Goar, who was confined in the local hospital for about six weeks as result of electrical burns, and who has been visiting at the home of her sister, Mrs. M. O. Bakken for the past two weeks, returned to her home at Stephen Thursday. Although not completely recovered from the burns, Mrs. Goar's condition is considerably improved.

Mr. and Mrs. W. H. Goetzinger of Elbow Lake were guests of Mr. and Mrs. Wm. Korstad last week, making the trip here by car. Mrs. Goetzinger is a sister of Mrs. Korstad. They returned Friday accompanied by Mrs. J. Goodward, who spent the past two weeks at the home of her daughter Mrs. Wm. Korstad. They made their return trip by way of Red Lake Agency where they visited with the Karl Korstad family.

Mr. and Mrs. C. T. Christinnson and daughters, Thelma and Gladys, left last evening for Minneapolis where they will make their home. They will return next week to depart permanently. The Christenson family have lived in this city for 15 years their home being on 445 Main avenue north. Mr. Christenson was conductor on the Soo line bus last spring he was incapacitated for this work when he lost one arm in an accident. He will, however, still be in the employ or on the Soo line but last spring he family have a host of friends in Thief River Falls that are sorry to see them leave.

HUNTER IS SHOT BY ACCIDENTAL GUN DISCHARGE

Delman LeSage Now in Hospital As Result of Serious Injuries Received

Will Probably be Necessary to Amputate at Least Two of Fingers

Shot Lodges In Chest Above Heart But Wound There is is Not Serious

Delman LeSage, clerk at the American Express office, is in the hospital as the result of injuries sustained in an accident last Sunday while out hunting partridges about 25 miles on the other side of Grygla. The accident occurred when the 12-gauge shotgun slipped off the log on which he was standing to take a rest, with the result that the charge went off, almost shattering the bones in his left hand and lodging in the left side of the body near the heart.

LeSage, together with C. M. Johnson, Ted Carlson and John McNubery, was tramping through the woods looking for partridge and at about noon LeSage stopped to rest on a fallen tree or stump. While resting his gun on the log and holding it near the end of the barrel, it slipped down and the trigger being caught in something caused the charge to go off. The shot went through his hand practically from his little finger to the thumb, and entered his chest near the heart but fortunately at an upward glance so that the shots lodged about six inches above.

His companions immediately bound up the wound and took the unfortunate victim to their car which was over two miles away. They rushed him to Grygla where he was given medical attention by Dr. C. M. Adkins at once., after which he was taken to the Physicians hospital here. The shots in his body were successfully taken out and he is recovering quite rapidly. The attending physician thinks that the hand will be saved but one or two fingers may have to be removed. Otherwise, unless some other complication starts in, the injury may not affect the hand permanently.

Pioneer Business Man of Red Lake Falls is Dead

Leo Steinert, one of the pioneer business men of Red Lake Falls, formerly mayor and at the time alderman of that city, died Wednesday Oct. 11, at St. Michaels hospital at Grand Forks, the cause of his sudden demise being heart failure. He had been taken to the Grand Forks hospital last week to be operated on when he was fatally stricken with heart trouble. No relatives were with him at the time of his death.

Mr. Steinert, who was 80 years old and a native of Schleswig-Holstein, emigrating to the United States in 1876. He lived for some time in New York state engaged in the miller trade, but in 1882 he moved to Red Lake Falls and was first employed in the Buse and Culbertson flour mill in the Hollow. Later he was millwright for the Kretchmar mill and in company with W. T. Spillane now of Crookston, he rented the Holmes mill two miles west of Red Lake, which he operated for several years. In 1912 he organized the Steinert Milling company and with several associates built the present mill and dam on the Clearwater river at the foot of Main street.

Deceased is survived by three sons; Otto, and Theodore of Red Lake Falls, and Emil, a student at the University of Minnesota.

Will Open Grocery Store

Wm. Korstad, who formerly conducted a clothing store in Thief River Falls has again decided to join the ranks of local merchants. Last week he began the construction of a grocery store on sixth street between Main and Knight avenues. It is a one story frame building, the estimated cost of which is $1500. Mr. Korstad intends to open up for business as soon as the structure is completed. This will be the first store in the residence section on the West side and will afford the residents of the northern section of the city a grocery right in their midst.

District Court Sustained

The state supreme court last week sustained the decision of the district court in the case of Finch, Van Slyck & McConville vs. Stephen Singer. In district court the jury rendered a verdict against the defendant of $193.54 and the motion of Mr. Singer for a new trial was denied. Mr. Singer then appealed to the state supreme court from the district court's order denying a new trial.

North Star College To Hold Celebration Tuesday

Tuesday, October 24, is announced as North Star Day, and will be celebrated by festivities at the North Star college at Warren. The event will be in the form of a get-together meeting for the purpose of creating a feeling of closer relationship between the institution and interested people in the Red River Valley. The dedication of the recently completed dormitory rooms will also take place.

The North Star institution proposes to introduce a junior college department which would make it possible for students to get instruction at half the cost of University rates. The college is steadily growing in scope and enrollment and is making every effort to fill the wants of the students in this section.

On Tuesday interesting programs will be rendered in the afternoon and evening with Judge Magny of Duluth as the principal speaker. Others who will deliver worth while addresses will be conference president, O. O. Gustafson of Elbow Lake, Hon. O. A. Naplin of Thief River Falls and Prof. Hans Yngve of Minneapolis, who has won national prominence as a worker in the temperance cause. An extensive musical program has also been arranged including members by the college conservatory faculty, a pastors sextette or octette and solo selections by Carl Sundahl of this city.

Rev. A. A. Larson, pastor of the local Evangelical Swedish Lutheran church is a member of the board of directors of North Star college and urges that everyone who is interested in the welfare of the school and wishes to spend a pleasant day at Warren, attend these exercises. The members of the local congregation are particularly requested to be present but the general public is also cordially invited.

Car Goes in Ditch On Jefferson Highway

Alvin Moen, the 19 year old son of Mr. and Mrs. Anton Moen who reside 7 miles southwest of Ginvick, was killed Friday afternoon, Oct. 13, when the Ford roadster which he was *driving turned completely over in* going off a six foot embankment, half a mile from Gonvick near the S. A. Winden farm.

Shortly after the occurrence of the accident, farmers coming to town discovered the overturned machine at the bottom of the grade. The lifeless body of the young lad was pinned under the car and the car door resting on his neck, death being caused by strangling. It is thought that he was driving at a high speed and lost control of the car in the loose sand.

Woman's Club Asks For Wearing Apparel Gifts

The Social Welfare section of the Woman's club is anxious at this time to secure as much old clothing and wearing apparel as possible for distribution among the needy of the city. Mrs. C. E. Glines, chairman of the committee, states that anyone having anything in the line of wearing apparel that they wish to contribute for this purpose need simply communicate with herself or Laird's Specialty Shop and it will be called for.

The need for charitable work of this kind is fully as great this year as ever before and there sould be a generous response on the part of the public to this request of the Woman's club.

Oldest Roseau Man Dies

Ulrik Christian Larson, aged 101, the oldest person living in Roseau county, passed away at his home near Wannaska, Thursday, Oct. 5. The centenarian was spry as a young man until this summer when his health began to fail somewhat. Last summer when fire caught in the roof of his house, Mr. Larson not having a ladder around, set a screendoor up against the wall and climbed to the roof to get at the fire.

Mr. Larson was born in Maala, East Lofoten, Norway, emigrating to this country in 1866, and settling in Lee county, Ill. and later in Nebraska. He moved into Roseau county about two years ago.

Lutherans Open Hospital

The St. Anthony hospital in Bemidji which was purchased by the Lutheran Hospital association, has opened its doors and is ready for service, it is announced in Bemidji papers. The hospital, formerly owned by the Sisters of St. Benedict, has been under renovation during the summer months since the Lutherans became owners and opens under the direction of Miss Lenora Holt of Fairview hospital, Minneapolis, as head nurse.

To finance the undertaking, Lutherans in the entire north central section of the state were asked to aid in the project, and met with general support.

Returns From Medical Convention

Dr. O. F. Melby returned Sunday morning from Minneapolis where he attended a three day convention of the Minnesota Medical society held at the University. Dr. Melby was delegate from the Red River Valley section of the association. Dr. J. Starr Judd of Rochester was elected president of the society to succeed Dr. Frank Corbett of Minneapolis. The main subject of discussion was "Public Health Service" which is becoming more and more a predominant question among the various branches of health service. The various branches must be organized and work more together in order to accomplish the desired results, it was declared.

A Women's Auxiliary, composed of the wives of the members of the association, was formed at last week's meeting.

"Come On Over" Offering At Lyceum Sunday Evening

There is a strong family appeal to "Come On Over." It is about people who believe in remembering their mothers, in being true to the girls they have pledged; of daughters who care for their aged fathers, of wives who are happy in having their broods about them.

It is a story, too, that every person in the audience and family can understand. There are no mysteries to solve, no domestic problems to puzzle over, no sex curiosities or mental gymnastics. There isn't a suspicion of a theory or a cult to it. The child of ten and the man and woman of eighty who still enjoys laughter and love will appreciate it equally.

You know that Rupert Hughes has a wonderful way of reaching into the family and putting into his screen stories the human, appealing elements. You know what he did with "The Old Nest."

He has done it again in "Come On Over" which comes to the Goldwin Theatre Monday. This time it is mostly comedy, but underlying the fun it teaches the doctrine of love and respect of the young for their parents, of the watchfulness of the mother over her children, of the matchless beauty of true love.

It is a story that everyone—no matter how young—will understand. Theres so much laughter in it that the lesson isn't obvious, but they will all get it. You cannot afford to allow any one you love and want to love miss it.

Wefald at St. Hilaire

Knud Wefald, candidate for congress on the Farmer-Labor ticket, and A. E. Bowen will speak at St. Hilaire next Wednesday evening, October 25, at 8 o'clock. The issues of the campaign will be discussed and the public is invited to attend the meeting.

STEENERSON HOLDS TWO MEETINGS IN PENNINGTON COUNTY

Reviews Record of Congress and Gives Views on Present Conditions

Congressman Halvor Steenerson appeared before the voters of Goodridge and Thief River Falls Tuesday. In the afternoon he conducted a meeting at Goodridge and in the evening he spoke at the Princess theatre in this city.

He devoted considerable time to an explanation of the Esch-Cummins law and stated that the provisions of this act were being greatly misrepresented by speakers throughout the district. He claimed that this law terminated the war measure under which the railroads of the country were operating and brought to an end in six months provisions that would otherwise have continued for three more years. He spoke at considerable length on existing business and financial conditions, particularly as they relate to the farmer. He gave it as his opinion that high wages during the past two years have been largely responsible for the unprofitable condition of the agricultural industry, this condition forcing the farmer to pay unusually high wages for farm work and also exhorbitant prices for practically everything he has to purchase, while the price on what he produces has dropped to prewar levels. As a remedy for this condition he urged more thorough and complete organization on the part of the farmers and a discontinuance of the present system of grain grades.

The Three C's

In the past we have heard considerable about the three R's, readin', 'ritin', and 'rithmetic—and they have done much for the welfare of all.

It is our opinion now that this section needs the three C's—Cows, Confidence and Co-operation. The dairy cow will put us on a permanent prosperity basis. The cow will be the salvation of the country.

And we need confidence—confidence in our fellow men, confidence in ourselves, town, state and nation. Without that confidence and mutual trust and regard we will never arrive anywhere.

Co-operation is the keynote of all success. The power of any one man in any community does not amount to much but co-operation, the working of all the people together for the common good and the common cause, will surely work wonders. Let's try the three C's—Winnebago Enterprise.

Injured in Fall

Mrs. Gunhild Gulseth, who is 88 years of age, was seriously injured last Monday evening when she fell down the stairs at the home of her sister Mrs. C. A. Rasmussen, 608 Knight avenue north. The aged woman was rendered unconscious as a result of the fall and sustained a minor gash in her head. No bones appear to be broken but it is feared that there are internal injuries which may prove fatal as the old lady has been rather weak for some time, getting spells of dizziness at various times. Her condition is reported to be considerably improved today and it is expected that she will recover from the shock.

Entertain For Worthy Matron

Monday evening the local Winslow chapter of the Order of the Eastern Star informally entertained at a party given at the home of Mr. and Mrs. Mogensen, 721 LaBree avenue north, complimentary to Mrs. Hattie G. Madsen of St. Paul, worthy grand matron of the state.

The following program was rendered: Violin solo, Mrs. A. Holmgren, accompanied by Mrs. C. O. Erickson; song, Mrs. W. W. Prichard Jr., accompanied by Mrs. N. K. Harris, and a reading by Mrs. R. Arnold.

As a momento of the occasion Mrs. Madsen was given a corsage bouquet which was presented by Miss Effie Hanry. After the program and at the close of the social hour delicious refreshments were served.

Mrs. Madsen was the guest of Mrs. Esta Barton while in the city. She attended a meeting and reception at Crookston Tuesday but returned to this city and left from here yesterday morning for Frazee.

Mrs. Wm. Ellofson arrived from Newfolden yesterday to spend the week end visiting relatives.

Friday afternoon the Thief River eleven meets the strong Bemidji aggregation at the local Fair grounds. The game is called at 3:30 p. m. Tickets 25c and 50c. The boys have a splendid record. Come out and see them defeat Bemidji in the fastest game of the season.

CONVENTION OF EDUCATORS IS BEST IN YEARS

Six Hundred Teachers From Northwestern Minn. Here For Two Days

Delegates Welcomed by Mayor Bratrud in Pleasing Address. Thorson Responds

Entertainment Features Help Make Visit Pleasant as Well As Instructive

Thursday and Friday, October 12 and 13, were the convention days of the Northwestern Minnesota Educational Association. Teachers from all parts of Northwestern Minnesota were present at the convention.

The local educational authorities had prepared for their coming and secured the best accommodations and entertainment available.

The convention opened on Thursday, with an address by Mayor J. Bratrud.

The Mayor welcomed the Northwestern Educational Association to Thief River Falls in behalf of the citizens of the city. He stated that the members were assembled in this convention for the sole purpose of bettering the educational facilities of northwestern Minnesota. By exchanging ideas and discussing problems at a meeting of this kind, better educational results would be obtained. "The citizens of Thief River Falls," continued Mayor Bratrud, "are proud to welcome the association to their city and will co-operate in any way possible to make the convention a success."

Superintendent Thorson of Crookston, acting chairman of the Northwestern Educational Association, responded to the welcome in behalf of the members of the Association.

He called attention to the fact that the convention was not called to fight over old problems but to discuss new ideas, for the general improvement of the educational side of life in Northwestern Minnesota.

"The teacher of today must see into the future. He must train the student for citizenship, in preparation for the time when the student will be one of the dictators of our government policy. The teacher of to-day is the most important factor in the development of the future citizens of our republic," concluded Supt. Thorson.

Thursday afternoon the various sectional meetings were held: the rural section of which Miss Hattie E. Anderson of this city, was chairman, met in the auditorium, the elementary section, Supt. G. H. Sandberg of Crookston, chairman, in the high school assembly and the secondary section with John M. Brendal of Hallock as chairman, met in the court room. At these sessions various educational problems bearing on the particular divisions were discussed by prominent educators of the state. Space does not permit enumeration of the numerous subjects and speakers.

The District Athletic Association also held its regular business meeting Thursday afternoon, with Supt. I. T. Simley as chairman. Election of executive board took place at which Supt. G. H. Sanberg of Crookston was elected as chairman, the other members being Supt. C. H. Orrison of McIntosh and Supt. F. B. Andreen of Ada. This board will have charge of all athletic matters for the ensuing year. The place for this year's tournament was not definitely decided upon but will be either in Thief River Falls or Crookston during the first week in March.

At 6 o'clock 57 male members of the association entertained themselves at a banquet at the Evelyn hotel. Supt. I. T. Simley acted as toastmaster and short addresses were given by F. E. Lurton of the U. S. Veterans Bureau of Minneapolis, Supt. G. Holmquist of Warren, Hon. H. S. Chalman of St. Paul, who spoke on "The Spirit That Made Minnesota's Educational System Prominent." Others were Supt. M. C. Hayes of East Grand Forks, Supt. G. H. Sanberg of Crookston and Supt. F. B. Andersen of Ada. The event took the form of a booster meeting for Supt. Sanberg as president of the M. E. A., as the Crookston superintendent is one of the most prominent in the state. In response to the many tributes tendered him, Mr. Sanberg posed as Andy Gump, declaring that "he wore no man's collar" and was "100 per cent for the people."

As part of the entertainment for the visiting teachers the operetta, "Snow White" was presented at the auditorium and was very well received, every member of the cast doing splendidly. The directors are to be commended for their untiring efforts in producing such an entertainment. Miss Maude L. Johnson directed the play, the speaking parts being in charge of Miss Josie Weeks. Folk dancing by several girls, under the direction of Miss Clara Baumann, physical training director in the city schools, also added to the excellent program of the evening.

Following the operetta the pedagogues were invited as guests of the Elks club at their club rooms, teachers of the Thief River Falls schools being in charge. A very pleasant social hour was enjoyed and also a radio concert and solo numbers by Carl Sundahl. Refreshments were served by the teachers in charge.

Friday morning the convention opened at 9 o'clock with the general business session, at which resolutions were adopted and officers elected for the coming term. Supt. A. C. Peterson of Argyle was elected to succeed Supt. G. Holmquist of Warren as president. Other officers selected were: County Superintendent Billberg of Roseau, vice president; secretary-treasurer, Miss Mabel Rice, principal of Junior high school, Crookston; Supt. M. C. Hayes of East Grand Forks, legislative committee; and Supt. I. T. Simley of this city, resolutions. The local superintendent was formerly secretary of the association.

After the business session a very impressive address was delivered by W. F. Webster, superintendent of the Minneapolis schools, his topic being, "Some Modern Objectives in Education." As some of these objectives he emphasized health, ability to read and understand, courage, loyalty to associates and everything in general worthy of support. Mr. Webster also pointed out the fact that we should make the schools a place where the young student learns "how to live" and not merely "how to secure an easy living."

F. E. Lurton of the U. S. Veterans Bureau of Minneapolis spoke on "Education for Rehabilitation." In the course of the morning program several very fine musical numbers were rendered by the high school orchestra and Boys' Glee club.

At noon the school men were guests at a luncheon given in their honor by the Thief River Falls Commercial club at which they were royally entertained. Speaker of the House Nolan who was to have spoken did not arrive, but there were such speakers as Supt. W. F. Webster of Minneapolis, Pres. Deputy of the Bemidji Teachers' college, Supt. G. Holmquist of Warren, Pres. Dickerson of the Moorhead Teachers' college, and H. W. Hitchcock of Hibbing, president of the Commercial club of that place and a member of the legislature. The last named spoke about "Interim Commission on Educational Legislation."

The two day convention closed its sessions by a program in the auditorium Friday evening. The afternoon was given over to round table meetings of the various divisions and branches.

The principal speaker of the evening was R. E. Wenzel, a Grand Forks attorney, who delivered a forceful address on "Aims in American Education." He particularly stressed on the need of the proper Americanization spirit being used in our institutions of learning. We will soon lose our real American spirit, he said if we do not prevent determined ideas of government and other institutions to enter our schools. H. W. Hitchcock of Hibbing also gave a brief address on the prospects of educational legislation in Minnesota and advocating the county unit system of organization. He also made a plea for equalities in education in the rural and city schools, giving the country child equal opportunities with the child from the city.

The visitors all agreed that Thief River Falls is a fine city in which to convene and expressed their appreciation of the splendid treatment which they received during their stay here.

Hilton to Speak Here

Attorney General Clifford L. Hilton and Mrs. L. C. Weeks of Detroit, will speak at the Princess theatre in Thief River Falls next Tuesday. They will appear in the interest of the Republican party of the state and the public is invited to hear them.

LABOR LEADER WILL ADDRESS VOTERS AT PRINCESS SUNDAY

Paul J. Smith Will Discuss Issues of Farmer-Labor Campaign

Paul J. Smith, personal representative of Samuel Gompers of the American Federation of Labor, will address a mass meeting on national issues in Thief River Falls at the Princess theatre Sunday afternoon, October 22.

Mr. Smith was vice President of the United Mine workers and has also been a representative of the American Federation of Labor for the past eight years. He has been a close student of the problems of the workers and farmers and will no doubt have an interesting message for the voters. Mr. Smith gives it as his opinion that pending legislation is of as much importance to the women as the men and extends a special invitation to the women voters to attend his meeting here.

Union Harvest Festival at Goodridge

The Union Harvest festival at Goodridge next Sunday, Oct. 22, will begin with Norwegian services at the church at eleven o'clock sharp. Rev. V. O. Ankor will preach and two choirs will furnish music. There will be a chicken and meat balls dinner with all the regular trimmings and served in the school gymnasium. After dinner a fine program will be rendered in the school auditorium. Rev. T. E. Sweger will speak and Miss Lindblom and the choir will furnish music. The English language will be used in the afternoon.

Altogether it is going to be one of the finest festivals held in Goodridge for a long time and a nice feature of it is that families from the various congregations and outsiders will have a chance to get acquainted. The small sum of 30 cents for adults and 15c for children will be charged for dinner. Don't miss it. Everybody is invited to attend.

Will Headquarter Here

Truman Stageberg arrived Monday morning from Minneapolis accompanied by his cousin, Carlos Stageberg of Red Wing. The former was until recently salesman for the Fuller Brush company in the northern Wisconsin district but has now taken up the selling of the Ritter brush, which is manufactured in Cincinnati, Ohio. The two young men will make Thief River Falls the headquarters for several salesmen who will travel out from here to the various parts of northern Minnesota. They expect to establish their offices at 118 Main avenue north.

Well Known Pastor Leaves

Rev. J. B. A. Dale, for many years Lutheran pastor at McIntosh and surrounding congregations, has severed his relations with that pastorate and will take up work in a new field as Sanatorium chaplain and pastor for three congregations at Dunseith, N. D. Rev. Dale was one of the pioneers in his work, and underwent many hardships when he first came to this section before the days of the automobile and the various other modern conveniences, and good roads. Mrs. Dale will spend the winter at Northfield where two daughters and a son are attending school. Mrs. J. N. Nesse of this city is a daughter of Rev. and Mrs. Dale.

Auxiliary Meeting and Lunch

The Womans' Auxiliary of the locals American Legion post will hold its regular meeting on Thursday afternoon, Oct. 24, at 3 o'clock at the club rooms under the First and Peoples bank. Following the business meeting, between 4 and 6 o'clock, the Auxiliary will serve lunch. The public is cordially invited.

THREE DAY SESSION OF RURAL TEACHERS ENDED WEDNESDAY

Seventy-Five Districts Represented at Successful Meetings in High School

The Teachers' Institute for the Pennington county teachers held at the high school in Thief River Falls, Oct. 9, 10 and 11, was in every respect successful. It was attended by about 75 instructors including those from this county and also a few from Red Lake, Marshall and Polk counties.

The instructors thruout the three days sessions were Miss Margaret Beiri from the Moorhead Teacher's college and Miss Grace Randall who is connected with the Minneapolis school system and has done extensive work in rural and city schools. Both have at some time been supervisors of rural schools.

The work taken up at the institute this year was a review of library reorganization which was also discussed last year, the promotion of citizenship in rural schools and the importance of language work. Another thing which was given attention was the promotion of proper recreation and the introduction of volley ball and various other sports in the country schools as well as in the city.

Mrs. Olesen Speaks

Mrs. Anna D. Olesen, democratic candidate for the senate, addressed the institute in a very interesting talk about "Library Work in the Rural Schools." She pointed to the importance of good and wholesome reading among the young students.

Progressive League Holds Meeting

The Progressive League, an organization composed of Pennington county teachers, outlined the work for the coming year. It was decided to conduct the reading circle work in the same manner as last year and to discontinue the committee on patriotism. The following were elected officers of the league for the ensuing term: Miss Ida Legvold, president; Miss Johanna Wedul, district 51, vice president; Tellef Tellofson, district 65, secretary; Miss Ethel Conklin, treasurer; Miss Hattie Anderson, district 26, chairman of health committee; G. W. Chapman, district 15, chairman of recreation committee and Miss Clara Sorenson, district 221, chairman of citizenship committee.

Attend Convention

Thursday and Friday all the rural teachers in attendance at the institute took part in the convention of the Northwest section of the Minnesota Educational Association.

Sectional Leaders Chosen

The county is devided into 11 sections and a leader was chosen for each as follows:

Section 1. Numedal—Esther Halseth, district number 7 and 149, 127, 147, and 64.

Section 2, Wylie—Selma Maland, district number 1J, 94, 69, 106, 99, 43J, 17J, 124J and 180.

Section 3, St. Hilaire—Blanche Lind, district 166 and 54, 108J, 227J; 178.

Section 4, Hazel—Elsie Randorf, district 154, and 6. 133J, 12, 125.

Section 6, Silverton—Mabel Shefveland, dist. 31 and 42, 55, 28, 53, 30, 15.

Section 7, Kratka—Wm. Ward Long, dist. 35 and 51, 39, 68, 11, 41, 13, 60.

Section 8, Goodridge—Agnes Forslund. dist. 70J and 57, 48, 228J, 37, 38, 66.

Section 9, Erie—Lillian Kron, dist. 5 and 50, 59, 65, 56, 47, 14.

Section 11, Rhoda—Gunhild Haugen, dist. 34 and 58J, 52, 33J, 16J.

Purchases Clover Seed Machine

O. Tessum left Wednesday evening for the cities for the purpose of securing machinery for the hulling and treating of sweet clover seed. The ordinary threshing machine does not afford the proper means for preparing the seed for the market and many of the farmers in this vicinity who are raising sweet clover have been unable to realize as much from the seed in this condition as when properly hulled and put in a good marketable condition. The new machinery will be installed as soon as possible in the ware house now being erected so as to take care of this year's crop, a large part of which is already being delivered here now.

Fords Drop $50 in Price

Another reduction in price on Ford cars was announced this week. All models are now selling for $50 less than the former price. This brings Ford cars down to a new price level, the lowest in the history of the Ford Motor company. The new schedule of prices went into effect Tuesday.

Miss Olga Swensgaard has accepted a position as stenographer at the First National Bank.

LOCAL BOY AIDS IN CAPTURE OF HOLD-UP ARTIST

Roy Flattum Has Thrilling Experience When Told to "Stick 'em Up"

Hold-Up Took Place At Northfield Where Young Man is Attending College

Police Summoned and School Chum Holds Thug Until Placed Under Arrest

Roy Flattum, formerly a popular young man of Thief River Falls who is now making his home at Northfield and attending St. Olaf college, recently had the novel experience of preventing a holdup artist from completing his operations. The story, as related by a southern Minnesota paper is as follows:

Oct. 7.—George Warner was turned *over to Northfield police for safe*keeping after, it is alleged, he had held up and robbed 4 St. Olaf college students and then been severely manhandled by two of the students. Wagner is reported to have used a shotgun to hold up and rob Harry Anderson and Marie Stenehjem when he found them out walking. He is alleged to have marched them ahead of him to a secluded spot. Later, Wagner and his victims met Orrin Thorsen and Roy Flattum, who are quite prominent in athletics. Again putting forward his gun, he took them into his party and started another march to seclusion.

Soon he released Anderson and Miss Stenehjem, telling them to "beat it." Then, getting Thorsen and Flattum where he thought it safe to make his play, Wagner ordered them to surrender their valuables. Instead, although his back was turned to the man with the gun, Thorson half turned, grabbed the gun and in close quarters proceeded to chastise Wagner.

Wagner broke away and ran, but the two students caught him and treated him to some violent exercise. Wagner soon had enough and Thorson sat on him while Flattum went for the police. Again Wagner broke away but Thorson took him with a flying tackle.

In court Wagner waived examination and was bound over for trial at the November term of court. Northfield police say Wagner has recently been living in Minneapolis but has been accused of committing petty crimes here in times of past.

Holzknecht-Engelstad

Early yesterday morning at St. Bernards church was solemnized the marriage of Miss Frances Holzknecht, daughter of Mr. and Mrs. Hubert Holzknecht of this city, to Ole E. Englestad, son of Mr. and Mrs. Peter Englestad, who reside a short distance south of the city. The church was prettily decorated for the occasion with sweet peas, asters and autumn leaves. Father M. J. Noesen read the services in the presence of a number of relatives and friends, the ring ceremony being used. Lohengrins wedding march was played by Mrs. Mae Rowan as processional when the wedding party entered the church and upon leaving Mendelsohns recessional was played. Mrs. J. J. McCann sang Gunod's "Ave Maria."

The bride was attended by Miss Marie Thill and Norbert Holzknecht brother of the bride acted as best man. Alvin Holzknecht ushered at the church. The flower girls, Miss Marion Holzknecht, sister of the bride, and Miss Evangeline Baker, carried baskets of sweet peas and asters.

The bride was attired in a dress of white satin and carried a bouquet of white chrysanthemums. Her veil was caught in a string of pearls. The bridesmaid was dressed in pink organdie with a georgette crepe hat to match and carried Ophelia roses.

Following the ceremony at the church an elaborate reception was given at the home of the bride's parents, 221 Duluth avenue south. The rooms were also beautifully decorated for the occasion in pink and white. The guests were Mr. and Mrs. Peter Englestad, parents of the groom, Mr. and Mrs. Paul Engelstad, Mrs. C. LaGaske of Duluth, Mr. and Mrs. Lars Engelstad of Crookston, Mrs. Fred Holzknecht, Mr. and Mrs. Mons Englestad, Mr. and Mrs. S. Anderson, Mr. and Mrs. Ed. Hanson, Mrs. Florence Baker, Mrs. Geo. Williams and daughter Margaret, Melvin and Christian Englestad.

The two young people are well and favorably known to people of this city, both having spent most of their life here. The bride was a member of the 1917 class of the local high school and has since her graduation been engaged in teaching in the rural schools, last year in the vicinity of St. Hilaire. Mr. Englestad has attended the Agricultural college at Crookston and has for some time been employed at the Thief River Co-operative creamery. A host of friends extend their congratulations to the couple.

The newlyweds left yesterday afternoon for Crookston from where they will continue their trip to various points in North Dakota and to the cities on a brief honeymoon. They expect to be gone about two weeks and upon their return they will make their home at 320 Conley avenue.

A QUESTION OF FINANCING

Farm, Stock and Home, one of the most widely read agricultural journals in the country, recently published an article on "wheat Price Trends," in which it was shown that the growers' inability or unwillingness to ship his wheat to market in accordance with the demand for the product is almost entirely responsible for the low price he is compelled to take at harvest time.

Farm, Stock and Home's article gave the high and low wheat prices for a period covering 45 years, showing that the high level was almost invariably reached during the months of May, June and July, when stocks of old wheat naturally run low, and that the lowest prices were received during the last three months of the year. The reason for this last mentioned condition is that the farmer rushes his wheat to the elevator as soon as he can with the result that there is an over-supply and the price naturally declines. The farm publication editor is certain that no marketing agency or selling pool will be worth the time taken up *in its formation unless the fundamental factors* are taken into consideration.

In the first place, he would in some manner have the farmers produce only so much grain as there seems to be need for in the country. His other recommendation is that the wheat flow be so regulated that the demand will at all times tend to stabilize the price.

All of which is very good, except for the fact that the farmers situation at the time his crop is harvested is not taken into consideration. Every man who has raised grain for more than one season knows all about the price range and that there is altogether too great a spread between what he gets for his product and what it brings a few months later. He also knows pretty well how to remedy the trouble, but is unable to do so. Harvest time generally finds him owing the banker, the grocer and the inplement dealer at least, and these creditors expect their money as soon as he is able to raise it, no matter what he has to take for his crop. Nor can these business men be blamed. They have carried on their several activities for months on the strength of being able to meet their own obligations as soon as the farmer meets his. The latter is honest and wants to keep his credit good. The wheat from a thousand farms therefore goes to market as soon as threshed and the farmer takes the year's lowest price as a result. Holding his grain would help, but what is he going to do with the business men who trusted him and were promised their pay as soon as the crop was harvested?

Instead of sales and marketing agencies, something in the way of financing is needed. The banks and merchants cannot wait for their monty until the former is able to secure a better price, but some plan might be devised whereby the farmer would be able to secure money until the farmer is able to secure a beting his product on the market and thus forcing down the price himself. They are all loosers by such a move and it is certain that both banker and merchant would be only too willing to assist the farmer in providing an agency through which he could secure sufficient money at a low rate of interest to tide him over until there was an actual demand for the products held.

Advising the farmer to hold his wheat or potatoes or corn is one of the oldest gags in existence. It has never gotten him anywhere for the reason that he simply cannot follow the advice. He knows that he should not dump his wheat on the market in October and that potatoes should be held until later in the season, but he needs the money and must produce it somehow. He sells for what he can get and pays as far as he can. Convincing himself that he would undoubtedly receive a better price if he could hold on for two or three months does not get him anywhere. He knew all about that feature of the question, long before Farm, Stock and Home printed its instructive and interesting article.

Blaming the grain buyer for taking advantage of the fact that the farmer must sell is a popular pastime, but it has never served any particular good purpose so far as bringing about a change is concerned. And nothing but an easier system of credits for the farmer can bring such change about.

If he could meet his bills without sacrificing his crop he would be only too glad to do so. As matters now stand, figures going to show how much money he is losing by not holding onto said crop are less than valueless and they will remain so unless some system for meeting the demands of his creditors is incorporated in the general plan.

HARD TO FIGURE OUT

Mrs. Anna D. Olessen, Democratic candidate for United States senator from Minnesota, is in many respects a most capable and admirable lady, but as the choice of a great party for the most important position within the gift of the people she is not quite measuring up to expectations. Her whirlwind campaign is commanding admiration and her ability is accorded a full measure of recognition, but her position on certain questions has placed her rather on the defensive.

A large number of stalwart Democrats were prepared to vote for Mrs. Olesen as a duty to party, even though they doubted the wisdom of her nomination in the first place, but her recent declaration that she is in favor of the election of former Governor L. J. Frazier as senator from North Dakota has laid her open to a charge of inconsistency. Mr. Frazier is running on the Republican ticket but has in late years been prominently affiliated with the Nonpartisans. He was three times elected governor of his state as a Nonpartisan and has never by word or action indicated that he does not still favor that brand of politics. On the other hand his opponent is a Democrat, properly nominated by the voters of that party and later endorsed by the Republicans. For this reason it would seem as if Mrs. Oleson should throw any influence she may be able to wield in North Dakota to the man who is a member of her own party organization and who was nominated by men and women holding the same views as presumably does Mrs. Olesen. Instead of this, however, she does not hesitate to announce that Frazier is her choice. That he was formerly a Republican and is now a Nonpartisan evidently does not weigh with her against the fact that O'Conner accepted a Republican endorsement after being nominated by the Democrats. This attitude has put a bad crimp in her prospects.

The contest now undoubetedly lies between Senator Kellogg and Dr. Shipstead. Those who believe that Mrs. Olesen has a possible chance of coming out even second best have not studied the situation very closely. Two years ago Dr. Shipstead, as a candidate for governor received 281,402 votes as compared with 81,293 for Mayor Hodgson, the Democratic candidate. Mrs. Olesen will undoubtedly receive many more votes than did Mayor Hodgson, but it is rather foolish to imagine that she is going to overcome a lead of 200,000. On the other hand, Dr. Shipstead will probably gain on his gubernatorial vote of two years ago by reason of a pronounced trend among Democrats to vote for him in preference to either of his opponents. For this state of affairs Mrs. Olesen's attitude toward the North Dakota candidates is only partly to blame, but it is going to contribute toward her bringing up the rear of the procession nevertheless.

FIRST OVER THE TOP

Pennington county has the distinction of being the first county to reach its quota in the drive for funds with which to pay off the indebtedness on the livestock sales and show pavilion at Crookston. The local committee was assisted for one day by a delegation of two boosters from Crookston and the money allotted as the county's share was quickly subscribed. This is showing the right spirit.

To My Friends:

During the many years I have been a resident of the 65th Legislative district, a good many changes have taken place, some for the better and others for the worse. During these years I have learned to realize by actual experience that only through betterment of the conditions of the agricultural interests can a lasting and sound development of the district be accomplished. If it is my good fortune to be honored with the election to the office **of State Senator from this district,** my aim will be to use all of my energies and everything in my power to further any legislation which will be of benefit to the man engaged in agricultural work—which also means the only practical way to benefit all the people of the district. Upon this industry depends the future welfare and prosperity of the district and all its people.

Thanking you for the good will and many favors extended me in the past, I remain,

It is impossible for me to interview every voter before election. Such a campaign would cost more than the salary of the office, and would mean only rich men could be elected. I appreciate the honor you gave me four years ago and have tried to represent those who elected me and be fair to all. It re-elected to the Senate, I shall work and vote against any increases in salaries and for economy in all departments so as to lessen our tax burden. Proposed Amendments to the Constitution of the State of Minnesota

Submitted by the Legislature at its General Session, 1921, to the People of Minnesota at the General 1922 Election Together with Statements of

Purpose and Effect of each

Prepared by
CLIFFORD L. HILTON
Attorney-General of Minnesota.
Addressed to
MIKE HOLM
Secretary of State.

ST. PAUL, MINNESOTA,
OFFICE OF ATTORNEY GENERAL,
June 30, 1922.

HONORABLE MIKE HOLM,
Secretary of State,
Capitol.

SIR:

As required by section 46, General Statutes of the state of Minnesota for the year 1913, I have the honor to furnish you, herewith, a statement of the purposes and effects of all amendments proposed to the constitution of the state of Minnesota by the legislature of 1921 and which are to be submitted to the electors of said state at the general election in 1922.

PROPOSED AMENDMENT NO. ONE

Chapter 528, Session Laws of Minnesota, for the year 1921 proposes an amendment to section 10 of article 9 of the constitution of said state. Said section now reads as follows:

"The credit of the state shall never be given or loaned in aid of any individual, association or corporation. Nor shall there be any further issue of bonds denominated 'Minnesota state railroad bonds,' under what purports to be an amendment to section ten of article nine, of the constitution, adopted April 15, 1858, which is hereby expunged from the constitution, saving, excepting and reserving to the state, nevertheless, all rights, remedies and forfeitures accruing under said amendment."

If amended, said section will read as follows:

"The credit of the state shall never be given or loaned in aid of any individual, association or corporation, except as hereinafter provided. Nor shall there be any further issue of bonds denominated 'Minnesota State Railroad Bonds' under what purports to be an amendment to section 10 of article 9 of the constitution, adopted April 15, 1858, which is hereto expunged from the constitution, saving, excepting and reserving to the state, nevertheless, all rights, remedies and forfeitures accruing under said amendment. Provided, however, that for the purpose of developing the agricultural resources of the state, the state may establish and maintain a system of rural credits and thereby loan money and extend credit to the people of the state upon real estate security in such manner and upon such terms and conditions as may be prescribed by law, and to issue and negotiate bonds to provide money to be so loaned. The limit of indebtedness contained in section 5 of this article shall not apply to the provisions of this section, and the purposes for which the credit of the state or the aforesaid municipal subdivisions thereof may be given or loaned as herein provided are declared to be public purposes."

The PURPOSE of said amendment is to develop the agricultural resources of the state by authorizing the lending of money and credit of the state to the people upon real estate security.

The EFFECT of said amendment, if adopted, will be to authorize the enactment of laws by the legislature for the establishment and maintenance of a system of rural credits. The legislature will be empowered to provide money by the issuance and negotiation of bonds of the state to be loaned upon real estate security to the people of the state, and will be enabled to prescribe the terms and conditions upon which such money may be lent and such credit extended. There will be no limit of indebtedness in this respect, and the state will be enabled to issue and negotiate as many bonds for this purpose as it deems advisable.

PROPOSED AMENDMENT NO. TWO

Chapter 529, Session Laws of Minnesota for the year 1921, proposes an amendment to the constitution of the state of Minnesota by adding a new section to article 9, to be known as section 1A, to read as follows:

"Every person, co-partnership, company, joint stock company, corporation, or association, however or for whatever purpose organized, engaged in the business of mining or producing iron ore or other ores in this state, shall pay to the state of Minnesota an occupation tax on the valuation of all ores mined or produced, which tax shall be in addition to all other taxes provided by law, said tax to be due and payable from such person, co-partnership, company, joint stock company, corporation or association however or for whatever purpose organized, on May first of the calendar year next following the mining or producing thereof. The valuation of ore for the purpose of determining the amount of tax to be paid shall be ascertained in the manner and method provided by law. Funds derived from the tax herein provided for shall be apportioned; fifty per cent to the state general revenue fund, forty per cent to the permanent school fund and ten per cent to the permanent university fund. The legislature shall by law make the necessary provisions for carrying out the provisions of this section."

The PURPOSE of said amendment is to direct the legislature of the state of Minnesota to impose and to keep in effect an occupation tax upon those engaged in the business of mining or producing iron ore or other ores in this state, in addition to other taxes imposed by law, at a rate based upon the valuation of the ore produced, to be determined by the legislature and to provide for the proportionate distribution of such taxes to the general revenue fund, the permanent school fund, and the permanent university fund.

The EFFECT of the amendment, if adopted, will be to direct the legislature to impose and keep in effect such a tax upon those engaged in said business; and to require that the proceeds of such taxes shall be distributed in the manner following, to-wit: fifty per cent to the state general revenue fund, forty per cent to the permanent school fund, and ten per cent to the permanent university fund.

Yours respectfully,
CLIFFORD L. HILTON,
Attorney General.

What Do You Know?

This is popularly known as the enlightened age. Our modern civilization with its "democracy" and "high standard of living" has been made possible by popular education and our universal news service. "Our national development, such as it is today, would be impossible were it not for the quick dissemination of news by our newspapers, telegraph, telephone, radio, and current magazines.

When we look back over the rapid progress of the nation during the past few decades the question naturally arises, "Have we reached the limit?" Is democracy in this country all that we may hope for? Emphatically, no. Have world events in recent years been dictated by popular desire? The calamity of the recent World War is a glaring answer in the negative. Yes, the professional reformer will say, the "common people" have always been sacrificed to the greed and avarice of self-seeking politicians and men of power. This is, even in the present day, altogether too true. In the unenlightened past there may have been some excuse for it. The masses then had no means of knowing what their rulers were doing, and had no definite knowledge of what should be done. But now, when news is spread to every locality in the nation the same day as it happens, our only excuse for misgovernment is that we do not avail ourselves of the current news, and thus have no opinion to express on election day. The remedy is, not more newspapers—we have rather too many, but more careful study of current history, preferably thru unbiased current magazines.

The trend of the times is very well reflected by the high school students. These people are now acquiring the habits that they will carry with them thru life. Do our students keep well enough informed on current affairs to be intelligent voters when they become of age? The result of a current history test recently given to the American history students of Lincoln high will quite accurately answer that somewhat perplexing question. This test, prepared by the "Review of Reviews" and covering the Arms conference, the Genoa conference, doings of congress, prominent men in national and international politics, and other affairs of national interest, was given to 48 juniors and seniors. 75% was considered a very fair grade. Of these 48, 10 scored below 20%, 15 between 20% and 30%, 18 between 30% and 50%, and 5 between 50% and 75%, the lowest score being 12% and the highest 72%. Eleven read a daily newspaper, and one a current history magazine. The effect of reading newspapers by simply scanning the headlines was everywhere apparent.

Many teachers, recognizing the importance of keeping in touch with the world theatres of interests, are introducing current history into the class work. The American history classes will spend some time on current topics, and modern history, economics, and sociology also touch upon present day problems. Much can be gained, however, by spending a few minutes each day outside of school reading news items and historical magazines. It is a privilige that we have, not an unpleasant duty. Education and knowledge bring evolution ignorance and negligence bring revolution. Which shall it be?

OPERETTA SUCCESS

"Snow White" Well Received By Large Audience

On the evening of October 12th, the operetta "Snow White" was presented by the seventh and eighth grade pupils, at the Auditorium.

The operetta was under the direction of Miss Maude L. Johnson. Miss Weeks directed the speaking parts, and Miss Baumann the dances. Much credit is due all in charge of the charming play, as everyone acknowledges it a tremendous success.

The two leading characters, Snow white, played by Gladys Weeks and the Queen, played by Cleo Ashley, are deserving of much praise for their singing and acting. The rest of the large cast also played their parts well. The dwarfs, in their funny costumes, brought down the house.

The size of the audience vouches for the interest displayed in the production, and it may be truthfully said that everyone had a word of the highest praise for the operetta and it's young actors and actresses.

Bemidji vs. T. R. F.

On Friday of this week at 3:30 p. m. the football team of the local high school will face one of the hardest games of the season. Bemidji, who is noted for its heavy football men, will send over a team, that is, rated in that city, as being the best produced by that high school since their state championship squad of 1917. This team has had a very successful season, being beaten only once by the Cathederal High School of Duluth.

This game should furnish plenty of excitement, as both teams have tasted defeat but once and few high schools enjoy the reputation such as these schools uphold.

Football Boys Entertained

Last Friday's victory over Crookston was a rare treat for the football boys, but the full fruits of the slaughter were not enjoyed before Tuesday evening at six-thirty when Dr. and Mrs. Froehlich entertained the victors at a three-course partridge dinner, at their home, 501 Main avenue north.

The boys, with one accord proclaim that it was "some feed," and the Coach is willing to wager his last nickel, that if the boys tackle the *Bemidji fellows on Friday*, in the same manner that they approached the dinner on Wednesday evening Bemidji will be carrying home the short end of the score.

The guests included Capt. Russell Anderson, Ernest Barzen, Stanley Sorenson, John Sether, Math Barzen, Herbert Keena, Clifford Sorenson, Milford LaBree, Craig Halvorson, Charles Herron, Henry Vodicky, Clydolph Gabrielson, Sidney Schutt, Arthur Penny, Kenneth Streeter, S. Powley and Coach MacFarlane.

Many Thanks

As chairman of the accommodations committee for the N. W. E. A. convention, which was held in this city, I wish to thank everyone who in any way assisted in finding accommodations for the visitors. The people of Thief River Falls responded so well that we had enough rooms offered to take care of double the attendance at the convention. Of course, there were bound to be quite a number of rooms unoccupied but if you offered your room we want you to feel that you did your part. We are sure that the teachers went home with the feeling that will speak well for the people of Thief River Falls.

The Commercial Department

Mr. Powley and Miss Miller of the Commercial Department are well pleased with the students who are taking this course. They seem to take much interest in the work.

The freshmen subjects are penmanship and spelling and commercial arithmetic; the sophomore subjects are bookkeeping I-II; juniors subject are stenography I and typewriting I-II; the senior subjects are stenography II and commercial arithmetic.

The credits needed to graduate from the commercial department are: Four years of English; five business subjects, one credit in mathematics; one credit in American history and civics; one credit in social science.

The number of students that have enrolled in each of the following classes are: Typewriting 34, bookkeeping 46, stenography I. 16, stenography II. 12, commercial arithmetic 32.

H. S. Highways Mapped Out; Construction is Well Under Way

The first sign-board marking the "Road to Flunkdown" made its appearance Wednesday.

The symbol is a bright and rosy spot on the otherwise rather somber-hued squares of cardboard known in high school circles as "Report Cards."

That the trail is losing popularity due to the fine opportunities to travel on the "Highway of the Diploma" is the information divulged by His Honor M. P. Rapacz, Official Singer of the Coveted Sheepskin, in a confidential interview late today.

Further data secured by correspondent, from the council in session of the "Powers That Be," gives us information that the scenic beauties of the highway marked by the somber shade greatly surpass those of the other route, and also that the view at the end of the journey is exceptionally fine.

It is the sincere hope of the aforementioned council that the high school traveler will carefully consider the routes, and "See T. R. H. S. First" in a four year journey via the improved "Highway to the Diploma."

Last Monday morning Mr. Rapacz having delivered himself of a lengthy discourse, had nearly convinced his second period American history class that they needed to study. However, he spoiled it all by remembering (aloud) that it was meant for [illegible] class.

Verse in the New Style.

When, upon facing a battalion of eyes
Blue, Brown and Hazel
In the Assembly Room,
A beadwork of cold sweat appears
On your feverish brow
And your hands and feet wax clammy;
Your knees bend and your knees
Behave badly,
And in the mad whirlpool of your
Brain
The vision of Home and Mother
In desperation you swallow your
Adam's apple,
For the ninety-eleventh time,
And manage to stammer
A few poorly constructed sentences;
And with unsteady tread
Grope blindly to your chair
Failing to recognize your best girl on
the way,
And sink cheerfully into your seat
As the last faint applause
Dies in the distance——
Oh! Boy! Ain't it a Grand
And Glorious Feelin?

Better Rural Schools

How are you going to keep the boy or girl down on the farm?

Mr. W. H. Hitchcock, formerly Superintendent of the public schools of Crookston, now President of the Hibbing Commercial club and a member of the State Legislature, in addressing the teachers' convention urged better rural schools.

Mr. Hitchcock said that the culture of rural schools is the noblest of pursuits. In 1790, 97 out of 100 people lived in rural districts and in 1910 one third of the population was feeding the other two thirds. A farmer now realizes that his prosperity depends more upon a knowledge of his own business than politics.

"Wholesome home life, attractive country life, more abundant free things, and a square deal for country schools, result in equal opportunities for a good education," said Mr. Hitchcock. Ignorance is a menace to free government. How shall a city be saved if the public is ignorant?

Minnesota has a system of encouragement and inspiration in education, but the rural schools are the weakest. "How are you going to keep the boy or girl down on the farm after they've seen the city. Country education must be on par with city education.

What wealth of service was wrought by old time tillers of the soil was typified in the example of the humble Pennsylvania settler. A Father and Mother of true American were there. Their children were brought up with a good old fashioned [illegible] of duty and a thirst for knowledge.

The way to this [illegible] generation is explained by Vice President Coolidge in the statement, "That people know how to make a living but don't know how to live," and by President Coffman of the university of Minnesota, [illegible]

The [illegible] and Fathers of America [illegible] In 1917 the [illegible] America [illegible] spent $20,000,000,000 for [illegible] both hazard and otherwise.

Now the problem is the provision by the State for educational opportunities in rural and urban communities alike. There is one solution to this vital need—larger units [illegible] and more efficient administration. The state and county must become pillars of support for rural schools. Legislation for the materialization of this need must be demanded by the true Fathers and Mothers of Americans, if freedom of education is to be gained.

Biology.

The section of the biology class which meets the third and fourth periods went for their first excursion to gather specimens under the supervision of Mr. MacNair last Wednesday.

Biology was not taught here last year, so the laboratory at present does not have the necessary equipment. This year the class plans on leaving a generous supply of preserved insects, plants, etc., for class demonstrations in coming years. The collection was started, in the form of various plants, insects and frogs.

The man whose credit is bad has one big advantage. It's hard for him to get far into debt.

Thief River Falls Trims Rivals In Friday's Game

Friday the thirteenth is generally considered unlucky but this time it proved a winner for Thief River Falls gridiron artists, for they romped off the field with the big end of a 20 to 0 score in a game played last Friday at the fair grounds.

Last year Thief River Falls was defeated by practically the same team and our team having lost two men since the last game, placed the odds more against us. Math Barzen was out and "Rusty" Anderson suffered a broken arch as a result of the East Grand Forks game. As far as statistics were concerned we were lost.

The first half proved nothing in the way of deciding the score, for as soon as either team approached the others' goal, a stone wall was effected, and the ball was again kicked to the middle of the field. The last session did furnish the fans with plenty of excitement by way of end runs, and Barzen brought a volley of applause for his sensational line plunges [illegible] "Toby" Holmgren.

The teams were almost evenly matched as far as [illegible] concerned, according to [illegible].

A remarkable feature of the game was that no substitutes were made by either team during the entire period of play.

[illegible]

According to report in the Crookston paper [illegible] Central High.

[illegible] kicked a drop kick from the 20 yard line but missed the bar by a few feet. This, and when they recovered a Thief River fumble in the third period on the 20 yard line, were the only two occasions when Crookston was close to scoring.

[illegible] to smash through their opponents, which they succeeded in doing. The play started with a rush, Herron receiving Crookston's kickoff on the 30 yard line and winding his way to the 60 yard line. By a series of line plunges and open plays Thief River gained considerable ground and finally Barzen, the plunging fullback, went over the line for the first touchdown of the game. A try for goal according to the new ruling put the score at 7 to 0 in the locals' favor.

In the rest of the first half the two teams see-sawed up and down the field, several punts being made, particularly by the visitors, most of which were broken up. Attempted passes by both sides were in several instances intercepted and recovered by the opposition, making the contest for the possession of the ball most exciting.

One of the sensational plays of the game was when "Chuck" Herron created a free fumble by breaking up a Crookston punt and "Toby" Holmgren fell on the oval behind the goal posts placing the score 13 to 0, and

The dashing backfield men on the local eleven braced up some more and smashed thru the Crookston aggregation which was unable to withstand the heavy onslaught. After another series of line plunges and end runs T. R. crossed the line again in the person of Stanley Sorenson, the tearing half back, adding 6 more points to their favor. The play for goal failed but the score when the final whistle blew, was 20 to 0, Crookston getting the goose egg.

Referee—Hayes of Grand Forks; Umpire—G. Johnson of Thief River Falls; Headlinesman—Oscar Smith.

Mr. and Mrs. O. S. Hellerud left last Saturday for Twin Valley where they will spend Sunday among friends and relatives.

Johnny Nakken who has been employed at the Gjerde farm near Angus this fall, came home last Saturday, and will leave by Monday for the Agricultural college at Crookston where he is a student.

Miss Tena Alby went to Viking on Monday morning where she will visit.

Alec. Hellquist motored to Thief River Falls last Sunday evening to spend the evening among friends.

Miss Gladys Swenson of the local store force and Miss Ruth Lonson, teacher at Rosebank, spent the week end visiting with relatives at Thief River Falls.

School at Willowdale has been suspended the last week owing to the teacher Miss Parents, who was attending the Pennington county convention.

Mr. Schultz from Lesters Prairie, a son-in-law of Mr. and Mrs. F. G. Dols of this place has been in town the last week visiting with the Dahls and hunting partridges.

Oscar Blomberg was out from Crookston last Sunday to hunt in this vicinity and visit with the Haugen Bros.

B. P. Sagmoen is employed at the Flaun farm this week doing carpenter work on the latter's residence.

A carload of railroad ties was shipped in this week to be used on the local division.

Alfred Rafteseth is employed on the local railway section since last Monday.

Two carloads of rye have been shipped from the Hanson & Barzen elevator the last week.

Mrs. J. R. Naeseth from Warren was in town last Tuesday in the interests of her political campaign.

Simon Nakken, who is attending high school at Thief River Falls is spending this week at his parental home here owing to the suspension of school during the teachers convention.

The many friends of Miss Elsie Vorseth since her stay here will be delighted to hear of her as vice president of the freshmen class at the Thief River Falls high school which she is now attending.

Among those who purchased pure Holstein cows at the recent Pennington county public sale were noted Mr. Paul Schenke one cow and A. O. Slattum one animal.

L. M. Olson was out from Warren one day this week in the interests of his political campaign.

The state road between Viking and Steiner is now completed as far as the contract let to Mr. P. O. Landen of Warren is concerned. Mr. Dishington, the highway engineer, accompanied by one of the county commissioners viewed the road the latter part of the week, and Mr. Landen left on Saturday for his home at Warren and where all his machinery will be shipped in the near future. The work has consumed almost two summers to finish but is now in fair shape for travel, but part of it will be graveled as soon as contracts can be let for that work. This road is a great boom for Rosewood as it connects that place with a large thoroughfare connecting in both east and west with the Babcock roads, and will be greatly appreciated when snow, heavy rains and similar obstructions practically closes all small country roads now leading to this place.

Two carloads of material has been shipped in by the Soo this week for the construction and laying of cinder sidewalks to connect with the business section.

Fred Stafford returned on Saturday from Warren where he had accompanied some machinery for Mr. Landen.

To the Voters of Pennington County

I understand the question has been raised as to whether O. A. Naplin was endorsed by the Farmer and Labor party to run for senator from the 65th district. I was present at the county convention of the Nonpartisan League held at the court room about the middle of March, 1922, at which meeting a motion was made to endorse Mr. O. A. Naplin for senator, and the motion carried unanimously. I was also at the meeting of the Central Labor body of Thief River Falls, which is composed of practically all organized labor in Pennington county, and this body also unanimously endorsed Mr. O. A. Naplin for senator, and he was notified of this action by the secretary, whereupon he filed for office. Mr. O. A. Naplin is the candidate of the Farmer and Labor party for senator in this district and it is the duty of all members to support him.

PAUL HARRIS,
Chairman Central Labor Body.

To the Voters

In soliciting your vote and support for the office of county auditor I respectfully wish to call your attention to my qualifications and my policy in office if elected. I particularly prepared myself for office work, attending college for five terms and fully completing my course. If the voters choose to elect me to this office my duties will have my entire time and attention. My motto will be "Courtesy to All, Special Favors to None and Always on the Job."

Respectfully,
THOS. H. BJERKE

Political Announcement

It has come to our notice that certain members of the League are being mislead by foolish promises of support for Shipstead in return for votes for Hansen. We hereby call upon all League members and sympathizers to support the regularly endorsed candidates on the Farmer-Labor ticket from top to bottom, including O. A. Naplin, for Senator, W. E. Day and Nels Fore for Representatives. Do not be fooled by any false and impossible promises. Read the League papers. Stand by your candidates if you want success.

Signed,
Nonpartisan League County Committee,
J. V. PATTON, Chairman,
T. H. BJERKE, Secretary,

The Total Vote

My opponent, Fred D. Lorentson, has seen fit to publish part of the primary election result but he does not explain that there were seven candidates for the office of register of deeds at the primary and that he was the only one from the west end of the county. Two were from the east and four from the city of Thief River Falls. The total vote received by Fred D. Lorentson at the primary was 489 and the total vote received by N. J. Anderson was 990. Who received the best endorsement at the primary?

Nineteen seniors at the Ohio girls' school are reported to be engaged. Yet people ask, "Does education have any advantages?"

"Mummy," asked Muriel, indignantly, "did you hear what auntie said to me?"

"Yes, dear," was the reply

"Well, mummy," shrilled the little maid rebelliously, "I am not going to be broughtened up by another woman".

Petroleum and Independence

SAYS the Chicago Tribune, "The automobile has increased the ability of people to take care of themselves—America's streets and roads are filled with motor cars because—the American in his own car feels the independence of going where he pleases and when he pleases."

The effective use of automotive power depends upon an adequate supply and efficient distribution of gasoline and other petroleum products. The users of automobiles and motor trucks of the Middle West would find themselves seriously handicapped were it not for the practically universal distribution of gasoline and oils, maintained by the Standard Oil Company (Indiana). This distribution system is continually growing, expanding, and penetrating new corners of the 10 states served by the Company.

The number of automobiles in the United States increased 13% during the first six months of 1922 over 1921. The increase in the states served by the Standard Oil Company (Indiana) during the past two years was over 36%. These figures give a fair idea of the rate of increase of distribution facilities required of this Company.

The Standard Oil Company (Indiana) expands in proportion to the increasing needs of the people it serves. It maintains 3973 bulk stations, so located as to assure rapid distribution of gasoline and oils. The number of these stations is promptly increased as the need for them arises. It maintains 1605 service stations, situated with a view to the convenience of the motoring public. It maintains throughout the rural districts 7167 tank wagons, which serve the farmer at regular intervals, enabling him to keep his truck, tractor, or motor car ready for instant use.

This efficient service of petroleum products is maintained at a high degree of effectiveness under all conditions and is the dominant factor in assuring the independence of the motorist of the Middle West.

Waldal a Fine Student

Before deciding to support Marius Waldal of Emardville township, Red Lake county, for the office of representative in the state legislature I thoroughly looked into the matter of his qualifications. Among other things I wrote to the head of the agricultural department of the state university and I am publishing here my letter and the reply I received so that the voters of Pennington county may know Mr. Waldal's record as a student:

Plummer, Minn., March 24, 1922.
Mr. D. D. Mayne, Principal,
School of Agriculture,
University Farm, St. Paul.
Dear Sir:

In considering Mr. Marius Waldal for an honorable position I would appreciate very much your information as to his character, his ambition, activity and ability as a scholar while attending your school.

Respectfully yours,
DAVID HAUGEN.

Mr. Mayne's reply:
The University of Minnesota Department of Agriculture, University Farm,
St. Paul Office of the Principal.
Plummer, Minnesota.
My Dear Mr. Haugen:

I take great pleasure in answering your inquiry with reference to Mr. Waldal. He was graduated from the School of Agriculture, University of Minnesota, with the class of 1922. During his stay in the school he was one of its leaders. He was many times honored by his fellow students by electing him to prominent offices.

He took great interest in debating and was a member of the winning debating team of the Eagle Literary, which finally won the silver loving cup trophy offered by the Literary Union. He took a great interest in civic and economic questions and made a fine record as a student in these subjects. He is a man to be depended upon—is thoroughly reliable and honest.

I most heartily recommend Mr. Waldal to the favorable consideration of any into whose hands this may come.

Very truly yours,
D. D. MAYNE, Principal.

Public Forum

To the Officers and Members of All Divisions of the Brotherhood of Locomotive Engineers in the State of Minnesota.

Brothers:

Inasmuch as the Farmer—Labor Party of the State has signally honored our Brotherhood by nominating our brother, Mr. W. W. Royster, to the Railroad and Warehouse Commission, and as we appreciate this action of the Farmer—Labor Party and recognizing the sterling qualities of our brother, his ability, tact, fearlessness and courage of convictions.

Therefore, be it resolved, that we, the members of Division 570, pledge Brother Royster our loyalty and undivided support in his race for this office.

And, be it further resolved that a copy of this resolution be sent to all divisions in Minnesota.

Brother Royster is well known to organized labor in our state and has an abundance of friends among the Farmers, and to those that know him, it would be superfluous to say anything about him.

Brother Royster has, for many years, been a member of our Legislative Board and for a number of years chairman of the Board. His work speaks for itself.

We believe that he will bring to the commission a vision of the interests, views and necessities of the toiling masses of the state that in this body that they should have been.

We realize that our brother has a hard run ahead of him but he is well equipped for such emergencies as he has been handling "drags" for several years and with the proper assistance from the brothers he will make the schedule with votes to spare.

We expect, of course, that the fireboy will keep her up against the peg. The brakemen will allow no brakes to be sticking, conductors will carry no deadheads, other craftsmen will join the excursion. The farmers along the line will keep the track clear and "boost." The Ladies, of course, will give him the High Ball, and the Mugwumps will take to the woods, and as a result, Brother Royster will reach the terminal on time with all the Pops screaming.

Now, Brothers, remember that in loyalty lies our strength and united we will conquer.

Fraternally Yours,
Division 570,
J. M. LINTH,
Secretary.

Thanking The Voters of Pennington County

In expressing my sincere gratutude to the voters of the county for the fine endorsement given me in the June primaries, I respectfully ask their further assistance and support at the coming general election. It has been my constant aim to conduct the affairs of the Sheriff's Office in such manner as to do full justice to the laws of the state and those with whom I come in daily contact, and on that basis do I ask for your continued confidence.

Yours Truly,

W. J. LaBREE
Candidate for Sheriff

Legal Notices

United States District Court, District of Minnesota, Sixth Division IN BANKRUPTCY

In the matter of:
L. L. COHN, Bankrupt.
ORDER TO SHOW CAUSE IN COMPOSITION

WHEREAS, Application has been made for the confirmation of the composition offered by the above named alleged bankrupt, and it appears that such composition has been accepted in writing by a majority in number of all of his creditors whose claims have been allowed, which majority represents a majority in amount of such claims, and the consideration for such composition required by Chapter 11-B of the bankruptcy law of 1898 has been duly deposited. Now, upon motion of Martin L. Kahner, Esquire, attorney for said alleged bankrupt,

IT IS ORDERED, That all creditors of L. L. Cohn of Thief River Falls, Minnesota, alleged bankrupt, as well as other parties in interest, show cause, if any they have, at a hearing to be had on such application before the District Court of the United States for the District of Minnesota, at the Court Room of said court in the old Post Office Building, in the City of Minneapolis, in said district on the 4th day of November, 1922, at ten o'clock in the forenoon or as soon thereafter as such hearing is called, why such application should not be granted.

That notice of such hearing be given by mailing a copy of this order to each of the creditors, parties in interest and attorneys, entitled to notice in this proceeding and by publishing a copy hereof in the Thief River Falls Times, a designated newspaper in the county district of said alleged bankrupt's residence as provided by law.

That such notice be given by or under the direction of the referee in charge of this proceeding.

Dated this 17th day of October, 1922.

Notice of Mortgage Foreclosure Sale

Default having occurred in the conditions of a certain mortgage bearing date the 25th day of August, A. D., 1916, made, executed and delivered by John Erickson, a Widower, of the County of Pennington, State of Minnesota, as mortgagor, to Capital Trust & Savings Bank, a Minnesota Corporation, as mortgagee and filed for record in the office of the Register of Deeds in and for said Pennington County, on the 22nd day of September, A. D. 1916 at 8 o'clock A. M., and duly recorded in Book 58 of Mortgages, on page 56, which said mortgage was duly assigned by Capital Trust & Savings Bank to Male L. Dranger, by assignment bearing date the 21th day of November, A. D. 1916, filed for record in the office of the Register of Deeds in and for said Pennington County, on the 27th day of November, A. D. 1916, at 8 o'clock A. M. and duly recorded in Book 11 of Mortgages on page 511, and which said mortgage was reassigned by said Male L. Dranger to Capital Trust & Savings Bank by assignment bearing date the 23rd day of January, A. D. 1922, filed for record in the office of the Register of Deeds in and for said Pennington County, on the 31st day of January, A. D. 1922 at 8 o'clock A. M. and duly recorded in Book 11 of Mortgages on page 619; and upon which said mortgage there is due at the date of this notice, the sum of Fifteen Hundred Seventy-five and 70-100 ($1575.70) Dollars, which said amount includes the sum of $238.08 paid by said mortgagee to the County Treasurer of said Pennington County on October 7th, 1922, for 1919, 1920 and 1921 taxes on the property and interest from the date of payment to the date of this notice.

And no action or proceeding at law or in equity having been instituted to recover the debt of said mortgage or any part thereof,

NOW, THEREFORE, NOTICE IS HEREBY GIVEN, That by virtue of the power of sale in said mortgage contained, the said mortgage will be foreclosed by a sale of the property described in said mortgage and located in Pennington County, Minnesota, to-wit:

The Northwest Quarter (NW¼) of Section Fifteen (15) in Township One Hundred Fifty-four (154) North, Range Thirty-nine (39) West, containing One Hundred Sixty (160) Acres, more or less, according to the United States Government Survey thereof, together with the privileges and appurtenances thereto belonging.

At public auction to be made by the Sheriff of Pennington County, Minnesota, at the main front door entrance to the Court House in the City of Thief River Falls, in Pennington County, Minnesota, on Monday, the 4th day of December, A. D. 1922, at 10 o'clock A. M., to satisfy the amount which will be due on said mortgage on the date of sale, together with costs and disbursements of sale, including statutory attorney's fees, provided for in said mortgage, to be paid in case of foreclosure thereof, subject to redemption at any time within one year from date of sale.

Statement of the Ownership, Management, Circulation, etc., Required by the Act of Congress of August 24, 1912,

Of Thief River Falls Times, published at Thief River Falls, Minnesota, for October 1, 1922.

STATE OF MINNESOTA,
County of Pennington—ss.

Before me, a Notary Public, in and for the State and County aforesaid, personally appeared R. H. Ross, who, having been duly sworn according to law, deposes and says that he is the Business Manager of the Thief River Falls Times and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher, R. H. Ross, Thief River Falls, Minn.; Editor, T. J. Austad, Thief River Falls, Minn.; Managing Editor R. H. Ross, Thief River Falls, Minn.; Business Manager, R. H. Ross, Thief River Falls, Minn.

2. That the owners are: (Give names and addresses of individual owners, or, if a corporation, give its name and the names and addresses of stockholders owning or holding 1 per cent or more of the total amount of stock.)

Times Printing & Mfg. Company, Thief River Falls, Minn.; R. H. Ross, Thief River Falls, Minn.; T. J. Austad, Thief River Falls, Minn.; J. R. Brown, Green Bay, Wisconsin; H. J. Rustad, O. F. Melby, J. P. Curtis, Thief River Falls, Minn.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state.)

Farmers & Merchants State Bank, Thief River Falls, Minn.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the six months preceding the date shown above is (This information is required from daily publications only.)

CITATION FOR HEARING ON PETITION FOR ADMINISTRATION
Estate of Siri Nordhagen

STATE OF MINNESOTA,
County of Pennington.
IN PROBATE COURT

In the Matter of the Estate of Siri Nordhagen, Decedent.

THE STATE OF MINNESOTA, To Gjermund J. Nordhagen, Ida Gulseth, Inga Remmem, Olaf Nordhage, Sina Eggen, Tina Eggen, and all persons interested in the granting of administration of the estate of said decedent: The petition of G. J. Nordhagen having been filed in this Court, representing that Siri Nordhagen, then a resident of the County of Pennington, State of Minnesota, died intestate on the 3rd day of April 1922, and praying that letters of administration of her estate be granted to Gjermund J. Nordhagen and the Court, having fixed the time and place for hearing said petition: THEREFORE YOU AND EACH OF YOU, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms in the Court House, in the City of Thief River Falls, in the County of Pennington, State of Minnesota, on the 28th day of October 1922, at 10 o'clock A. M., why said petition should not be granted.

WITNESS, the Judge of said Court, and seal of said Court, this 3rd day of October 1922.

LARS BACKE,
Probate Judge.

O. A. NAPLIN,
Attorney for Petitioner.

Speaking of the trouble the Canada thistles are giving us just now, here is how one man looks at the weed problem:

"Which weeds are the easiest to kill?" young Flickers asked old Ephraim Sassafrass.

"Widow's weeds," replied the old man, with a twinkle in his eye. "You only have to say 'Wilt thou?' and they wilt."

Mortgage Foreclosure Sale

WHEREAS, Default has been made in the conditions of a certain indenture of mortgage bearing date the 16th day of February, A. D., 1917, executed and delivered by I. C. Week, an unmarried man, mortgagor, of the county of Clay and State of Minnesota, party of the first part, to the Citizens State Bank of Thief River Falls, a corporation under the laws of the State of Minnesota, mortgagee, whereby said mortgagor did grant, bargain, sell and convey unto said mortgagee, its successors and assigns, that certain real estate situate and being in the County of Pennington and State of Minnesota, known and described as follows, to-wit:

"The Southwest Quarter (SW¼) of Section Twenty-two (22), in Township One Hundred Fifty-four (154) North of Range Thirty-nine (39) West of the Fifth Principle Meridian, containing One Hundred Sixty (160) acres, more or less, according to the Government Survey thereof,

Together with all the hereditaments, privileges and appurtenances thereunto in any wise appertaining, to secure the payment of the sum of Fifteen Hundred ($1500.00) Dollars on the 16th day of February, A. D. 1922, with annual interest thereon from the 16th day of February, A. D. 1917 until paid, at the rate of Five and One-half (5½) per cent per annum, payable on the 16th day of February in each year, according to the conditions of a certain bond in said mortgage described, and which said mortgage was thereafter and on the 19th day of February, A. D. 1917, at nine o'clock A. M. duly recorded in the office of the Register of Deeds in and for Pennington County, Minnesota, in Book 12 of Mortgages on page 372, and,

WHEREAS, said mortgage was thereafter duly assigned by said Citizens State Bank of Thief River Falls to S. Listoe, by an instrument in writing dated February 21st, A. D. 1917, and duly recorded in the office of the Register of Deeds for said County of Pennington, Minnesota, on the 17th day of May, A. D. 1921, at 11:00 o'clock A. M. in Book 63 of Mortgages on page 322, and,

WHEREAS, default has been made in the payment of the principal sum of said mortgage and of the whole thereof and said mortgagor has neglected to pay and has not paid said principal sum of Fifteen Hundred ($1500.00) Dollars nor any part thereof, and,

WHEREAS, said mortgagor has further neglected to pay and has not paid any interest on said principal sum since the 16th day of February, A. D. 1920, and there is now claimed to be due and is actually due upon said mortgage at the date of this notice, for principal and interest, the sum of One Thousand, Seven Hundred and Thirteen and 13-100ths Dollars, and no suit or other proceeding having been instituted at law or otherwise, to recover the debt so secured by said mortgage, or any part thereof,

NOW, THEREFORE, Notice is hereby given that by virtue of a power of sale in said mortgage contained and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of said mortgaged premises and said mortgaged premises will be sold by the sheriff of said Pennington County, Minnesota, at public auction to the highest bidder for cash, at the east front door of the Courthouse in Thief River Falls, the county seat in and for said Pennington County, on Tuesday, the 11th day of November, 1922, at 10:00 o'clock in the forenoon to satisfy the amount which shall then be due on said bond and mortgage, with all legal costs and disbursements, including an attorneys fee of Seventy-five ($75.00) Dollars, stipulated in said mortgage to be paid in case of such foreclosure.

NOTICE OF MORTGAGE FORECLOSURE SALE

Default having been made in the conditions of that certain mortgage made, executed and delivered by Lars Olsen Hak, a batchelor, as mortgagor, to Goodridge State Bank, a corporation under the laws of the State of Minnesota, as mortgagee, on the 23rd day of January, 1919, and with a power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the County of Pennington, State of Minnesota, on the 25th day of January, 1919, at 11 o'clock A. M. in book "13," of mortgages, on page "457," and which *mortgage was thereafter assigned by* said Goodridge State Bank, to the Yellow Medicine County Bank, a corporation under the laws of the State of Minnesota, by an instrument in writing, made, executed and delivered on the 5th day of March 1919, and duly recorded in the office of said Register of Deeds on the 13th day of March 1919, at 8 o'clock A. M. in book "63" of mortgages, on page "72," and which mortgage was again assigned by said Yellow Medicine County Bank, to Wade Pinckney, by an instrument in writing dated the tenth day of April, 1919, and duly recorded in the office of said Register of Deeds on the 11th day of August, 1922, at 8 o'clock A. M. in book "63" of mortgages, on page "133," and which mortgage was given upon the following described land, situated and being in the said County of Pennington, State of Minnesota and in said mortgage described as "The North East quarter (N. E. ¼) of section numbered twenty-(20) in township one hundred fifty four-(154) North, of Range numbered thirty nine-(39) West, of the Fifth Principal Meridian" and was given to secure the payment of the sum of One Thousand-(1000) Dollars, and interest on that sum at the rate of six per centum per annum, payable annually on the first day of December of each year, the principal sum being due and payable on the first day of December, 1923, and which default consists in the failure to pay the sum of Sixty-(60) dollars, which were due and payable on the first day of December, 1921, interest on said $1000.00; And the said Wade Pinckney, said assignee of said assignee of said mortgagee having by reason of said default declared and hereby does declare the whole sum secured in and by said mortgage to be due as he is duly authorized to do under and by the provisions in said mortgage contained.

That there is now due and payable upon the indebtedness secured by said mortgage, the sum of One Thousand-(1000) Dollars, with interest thereon at the rate of six per centum per annum from and since the first day of December, 1920.

Now, therefore, notice is hereby given that by virtue of the power of sale in said mortgage contained, and pursuant to the Statutes in such cases made and provided, the said mortgage will be foreclosed by a sale of the said premises described in and conveyed by said mortgage, with all the appurtenances thereunto belonging or in anywise appertaining, which sale will be made by the sheriff of said Pennington County, at the front door of the Court House in the city of Thief River Falls in said County on Friday the 20th day of October 1922, at ten o'clock in the forenoon of that day, at public vendue, to the highest bidder for cash, or so much thereof as shall be necessary to pay the said debt of $1000.00, with interest on that sum at the rate of six per centum per annum from and since the first day of December, 1920, and fifty dollars as stipulated in and by said mortgage in case of foreclosure and the disbursements allowed by law, subject to redemption at any time within one year from the date of said sale, as provided by law.

Dated:—August 25th, 1922.

Legal Notices

United States District Court, District of Minnesota, Sixth Division IN BANKRUPTCY

In the matter of:
L. L. COHN, Bankrupt.
ORDER TO SHOW CAUSE IN COMPOSITION

WHEREAS, Application has been made for the confirmation of the composition offered by the above named alleged bankrupt, and it appears that such composition has been accepted in writing by a majority in number of all of his creditors whose claims have been allowed, which majority represents a majority in amount of such claims, and the consideration for such composition required by Chapter 11-B of the bankruptcy law of 1898 has been duly deposited. Now, upon motion of Martin L. Kahner, Esquire, attorney for said alleged bankrupt,

IT IS ORDERED, That all creditors of L. L. Cohn of Thief River Falls, Minnesota, alleged bankrupt, as well as other parties in interest, show cause, if any they have, at a hearing to be had on such application before the District Court of the United States for the District of Minnesota, at the Court Room of said court in the old Post Office Building, in the City of Minneapolis, in said district on the 4th day of November, 1922, at ten o'clock in the forenoon or as soon thereafter as such hearing is called, why such application should not be granted.

That notice of such hearing be given by mailing a copy of this order to each of the creditors, parties in interest and attorneys, entitled to notice in this proceeding and by publishing a copy hereof in the Thief River Falls Times, a designated newspaper in the county district of said alleged bankrupt's residence as provided by law.

That such notice be given by or under the direction of the referee in charge of this proceeding.

Dated this 17th day of October, 1922.

Speaking of the trouble the Canada thistles are giving us just now, here is how one man looks at the weed problem:

"Which weeds are the easiest to k'll?" young Flickers asked old Ephraim Sassafrass.

"Widow's weeds," replied the old man, with a twinkle in his eye. "You only have to say 'Wilt thou?' and they wilt."

The attendants were Miss Violette Posephson and Ellard Iverson, also of Goodridge. The ceremony was performed by Rev. Geo. Larson. The young couple will make their home at Goodridge.

Surprised By Friends

Mrs. Christ Larson of Schilling, Minn., who is visting friends here was tendered a very pleasant surprise last Saturday afternoon when a number of her friends called on her at the home of Mrs. Lizzie Rasmussen. A social time was enjoyed by all and at four o'clock a dainty lunch brought by the guests was served. As a token of friendship Mrs. Larson was presented with a handsome gift. Those present were Mesdames C. Larson, A. G. Fallness, A. Dillon, O. Ihle, S. Myrom, O. Jenson, C. Vigness, M. Schmitz, A. Risberg, L. Rasmussen, A. Zavoral, A. Carlson, M. Carlson, W. S. Ferris, F. Johnson, J. Jordahl, A. Efteland, Peter Efteland, W. Warner, S. J. Egeness and R. Went.

Winson-Kelley

Yesterday morning the marriage of Miss Marie Wilson, daughter of Mr. and Mrs. O. A. Winson of this city and formerly of Gatzke, to Edward E. Kelley, also of Thief River Falls, took place at the home of the bride's brother-in-law and sister, Mr. and Mrs. Nels Fontaine. Father M. J. Noesen of St. Bernards church officiated in the presence of the attendants; Miss Laurie Kelley, sister of the groom and Adolph Winson, brother of the bride, and a group of intimate friends and relatives. Following the wedding ceremony, a fine wedding dinner was served at the Fontaine home.

Mr. Kelley is employed as a brakeman on the Soo line. The newlyweds intend to make their home in Thief River Falls.

Anderson-Prestebak

Tuesday evening at the Trinity Lutheran parsonage occurred the marriage of Miss Florence Anderson, daughter of Mr. and Mrs. Otto Anderson of Clearbrook to Richard Prestebak, son of Mrs. Hannah Prestebak, and proprietor of the Park hotel. Rev. T. E. Sweger officiated in the presence of Miss Anna Borgen and Albert Prestebak, cousin of the groom. Following the ceremony a wedding supper was served at the hotel to a company of immediate relatives.

The bride's home is at Clearbrook but during the past few months she had been employed in the city. Mr. Prestebak has been a resident of Thief [illegible] years, and proprietor of the Park hotel for about three years. The newlyweds will make their home in the city.

Mr. and Mrs. Lawrence Surprised

Mr. and Mrs. Lester Lawrence, who will leave for Des Moines, Iowa next month, were pleasantly surprised last Monday evening when a number of friends gathered at their home, 114 Sixth street west. The evening was delightfully spent in a social time including dancing, and at midnight a very fine lunch brought by the ladies was served. As a token of friendship and remembrance Mr. and Mrs. Lawrence were presented with a set of half dozen salad forks. Those who took part in the event were Mr. and Mrs. H. W. Protzeller, Mr. and Mrs. G. W. Connell, Mr. and Mrs. L. A. Lampert, Dr. and Mrs. G. W. Booren, Mr. and Mrs. Roy Lambert, Mr. and Mrs. G. Howard Smith, Mr. and Mrs. W. H. Akre, Dr. and Mrs. C. M. Haug and Mrs. Mae Rowan.

Fellman—Larson

On Saturday evening at 7.30, Miss Ellen Fellman, daughter of Mr. and Mrs. John G. Fellman, 110 Kendall avenue south, was united in marriage to Axel Larson of Clearbrook, Minn. The ceremony took place at the home of the bride, Rev. A. A. Larson officiating. The attendants were Miss Selma Fellman, sister of the bride, and Arthur Erickson, a cousin of the bride. Following the ceremony a wedding supper was served by Mrs. Fellman to a company of immediate relatives.

The bride is well known to local people and is a member of the 1920 graduating class from the high school. During the past two years she has been engaged in teaching. Mr. Larson is operating a farm in the vicinity of Clearbrook and is a progressive young man in the community.

Mr. and Mrs. Larson left Tuesday morning for Clearbrook where they will make their future home. A large number of friends extend their best wishes to the newlyweds.

Cook-Myers

A wedding of local interest took place Sunday, Oct. 15th at the St. Michael Cathedral at Grand Forks, N. D. when Miss Mabel Cook, daughter of Mr. and Mrs. R. G. Cook, who reside at 509 Markley avenue south, became the bride of Harold Myers of Minot, N. D. The service was read by Father LaMuir in the presence of Miss Lulu Cook of this city, sister of the bride and John Hendry, a student at St. Thomas college.

After the ceremony the contracting parties and their attendants motored to this city, where an elaborate wedding dinner was served at the bride's home, which was appropriately decorated with pink and white roses. Besides the couple, their attendants, and the bride's parents, the party consisted of Mr. and Mrs. John Morgan, Miss Helen Warner and Leo Lasha of Red Lake Falls. The bride was the recipient of many fine gifts from her many friends.

The bride is well known in the city having spent most of her life here and was a member of the 1919 graduating class from the local high school. Since her graduation she has been employed as bookkeeper at Ellison & Sons of Minot. The groom is engaged in the garage business in company with his brother-in-law of the Pence Auto company.

Mr. and Mrs. Myers returned Tuesday by auto to Minot, where they will reside.

Card of Thanks

We sincerely wish to thank our neighbors and friends for their kind assistance during the death of our beloved wife and mother. Especially do we wish to thank all for the beautiful floral offerings, also Rev. Geo. Larson and Rev. Bredeson for their words of sympathy.

No Levy For General Tax Purposes by State

A reduction of over $2,500,000.00 in the 1923 state tax is announced by the state auditor.

This means that the tax payers of Minnesota will be saved an amount equivalent to over one dollar for every man, woman and child in the state.

Announcement of the state rate for 1923 has just been made by the State Auditor coincident with certification of the coming levy to the eighty-six county auditors and the figure he has fixed is in accordance with the recommendations of the Governor and with the cordial support of the State Treasurer and members of the Tax Commission.

The state rate for 1922, collectible in 1923, will be 4.18 mills, which is less than last year's low mark and little more than half the 1919 tax.

General Revenue Tax Omitted

Last year for the first time in the state's history the tax levy for general revenue purposes was omitted entirely and that in a year when other states found it necessary to impose unusually high levies.

This year Minnesota repeats and for the second time since admitted to statehood, does away with the direct tax for purely state purposes.

As a result, the tax payers' burdens are proportionally lighter and the running expenses of the state government will be cared for by the receipts from the gross earnings tax on corporations, inheritance taxes, fees from various departments, earnings of various state institutions and the occupation tax, which has been held constitutional by the Federal District Court.

The only items on the state levy are those imposed by express legislative direction. They are, therefore, entirely statutory and not subject to the discretionary action of any executive state official, and are as follows:

For the relief of Soldiers & sailors, one tenth of a mill	.1 Mill
For state road and bridge, one mill	1 "
Redemption of soldiers' bonus certificates, one and 3-10ths	1.03 "
Redemption of Historical society building certificates, two hundreths of a mill	.02 "
Redemption of Itasca State Park land certificates, 2-100 of a mill	.02 "
Redemption of National Guard Armories, certificates, 4-100 of a mill	.04 "
Redemption of State Loan Board of relief certificates, 2-100 of a mill	.02 "
Redemption of Forest Fires Relief Commission certificates, 1-10 of a mill	.01 "
University of Minnesota buildings, 3-10 of a mill	.03 "
A total of two and ninety hundredths mills	2.90
In addition thereto, the one mill state school tax for per capita allowance to public schools, one mill	.1 Mill
For special support of the University of Minnesota, 23-100 of a mill	.23 "
For teachers' insurance and retirement fund, 1-20 of a mill	.05 "
Making a total of four and 18-100ths mills	4.18

As a result of omitting the general revenue tax last year, the state has borrowed no money and has paid no interest on borrowed money. The funds are in excellent condition, there being a balance of all funds on October 1st, of $11,018,930.87.

This is a stirring illustration of the fact that state expenditures and state taxes are being held down and that wherever in the state the tax burden may be oppressive, the men who pay the bills should consider carefully their local expenditures.

CREAMERY MEN MAKE PLANS FOR SPRING BUILDING

Contract Let For Moving Old Buildings From Present Location to New Site

Contractor Will Start Work at Once With Intention of Completion This Fall

Will Make Possible Erection of New Modern Structure Early in Spring

At the regular monthly meeting of the board of directors of the Thief River Falls Creamery association held last Friday the contract was let for the removal of the two old buildings of the association to new sites. The work of excavating and building the necessary foundations will be started at once with a view to completing this part of the program this fall and having everything in readiness to start construction of the new plant early in the spring.

A Modern Structure

The new creamery building will be a modern structure in every particular and will be one of the finest of its kind in the state. Members of the board during the past few months have visited a number of places where new creamery buildings have been erected recently and in this way they have gained valuable information for the construction of their plant here.

They are now proceeding with the idea in view of building for the future as well as the present. In their various visits they have found that most localities have made a mistake in this respect and have erected new buildings only to find that they have outgrown them in a few years.

Provide For All Departments

In the erection of the new plant here provision will be made for all departments and branches of the milk and cream business. The manufacture of butter will, of course, be the main part of the business but provision will also be made for the making of cheese, ice cream and other products.

This will be a vastly important step for Thief River Falls and Pennington county and the beginning of actual construction work is highly pleasing and satisfactory to all.

Oklee Boy Injures Foot; Taken to Hospital Here

Herman Parenteau, a 17 year old lad from Oklee, was brought to the Physicians hospital Tuesday evening having fractured his ankle when a wagon wheel passed over his foot. The injury was not very serious and it is expected that he will be confined in the hospital for only a short time, probably returning to his home the latter part of the week.

Parenteau was hauling gravel and it was rather cold and he was walking beside the wagon. In so doing however, he came too close to the vehicle and one of the wheels passed over his foot causing a slight fracture of the ankle.

Local Concern Moves Office and is Equipping Warehouse

Tessum and company have changed their offices from the building occupied by the Gamble-Robinson company, to what was formerly known as the Benson Elevator, but which will now be operated under the name of the Tessum Elevator. An addition has been built to the office, and a warehouse, equipped with facilities for hulling and cleaning of grass seeds is under construction. The company will continue to buy all kinds of seeds as formerly and in addition will also do a general grain business.

Club President Here Saturday

Mrs. E. J. Rounds of St. Paul, president of the State Federation of Woman's clubs, will arrive in Thief River Falls Saturday. During her stay in the city Mrs. Rounds will be guest at the home of Dr. and Mrs. H. W. Froehlich. Monday afternoon she will address the local Woman's club and in the evening she will be the principal speaker at the Parent-Teachers meeting.

Athletic Club to Open Season First Meeting Wed., Oct. 1

The Athletic club which was organized about three years ago will again resume activities this winter, the regular club gymnasium under the Citizens State bank to be opened next Wednesday, Nov 1. It will as formerly be under the direction of G. A. Fallness and is anticipated that a great deal of interest will be taken in the club work this season and the management states that the outlook for the ensuing year is better than ever before. The opening evening, it is announced, will be given over to a business session for the purpose of reorganizing the club and making plans for the season. Refreshments will also be served at the close of the meeting.

Chiropody Booth Opened

G. A. Fallness has opened a chiropody booth in connection with his bath and massage parlors under the Citizens State Bank building, and has started business, the first of its kind in the city. Mr. Fallness specializes in correcting foot troubles and treating corns, bunions and other similar ailments.

Roy Brown, a member of the Great Northern express force, spent a week's vacation with relatives and friends at Minot, N. D.

Attend Jonas Funeral

Rev. and Mrs. F. J. Seltz of St. Paul arrived in the city Friday, being called here at the death of the latter's father, Jacob Jonas. Rev. Seltz returned Tuesday while Mrs. Seltz will remain for a few days.

At M. E. A. Convention

Supt. I. T. Simley and A. W. Jardine manual training teacher at the high school, left Tuesday evening for Minneapolis to attend the M. E. A. convention held there this week and part of next.

Will reside at Grand Forks

Mr. and Mrs. Olaf Lindee, who were married last Sunday at the home of the latter's mother, Mrs. Anna Berg in Rocksbury near St. Hilaire, left Monday for Grand Forks where they will make their home. Mr. Lindee is engaged in carpenter work.

Prominent Woman Speaker Here

Mrs. L. C. Weeks of Detroit, prominent woman speaker of the state, was in the city the early part of the week, addressing the Girls Community club on Monday evening. On Tuesday evening she spoke at a public political meeting at the Princess theatre. While here she was the guest of Miss Effie Hamry of the Farmers Merchants bank.

Establish Permanent Office Here

T. Stageberg, local representative of the Ritter Brush company, returned Monday evening from a brief business trip to Duluth. Mr. Stageberg, together with his cousin, Carlos Stageberg of Red Wing, has established offices at 118 Main avenue north and within a short time expect to have several salesmen traveling out from Thief River Falls. The two young men have the agency for the Ritter brush in the northern part of the state and intend to employ local men in their force.

PARENT TEACHERS ASSOCIATION WILL MEET NEXT MONDAY

Mrs. J. E. Rounds, President of State Federation Woman's Clubs Will Be Present

The Parents-Teachers Association of Thief River Falls will hold its first meeting of the year in the Auditorium of the Lincoln high school Monday evening, October 30 at 8 o'clock. It is hoped that all members of the Association as well as all others who have an interest in our schools will be there. Last year the association was a decided success and it is hoped that the same interest and enthusiasm that was evident a year ago will again be shown in the schools.

The association has been particularly fortunate in being able to secure Mrs. J. E. Rounds, President of the State Federation of Woman's Clubs to address the first meeting. Mrs. Rounds has a reputation for holding audiences at attention, which feature alone should attract a good many to the meeting. She is also noted as one of the first organizers of Parents-Teachors organizations. Besides the address by Mrs. Rounds there are several other attractive numbers on the program. Remember the time, and let us usher the new year in with a record breaking attendance.

The following program has been arranged for the evening.

Singing, H. S. Girls Glee Club; Address, Mrs. J. E. Rounds; Singing, Ladies' Octette; Mrs. G. Halvorson, leader, Mrs. W. W. Prichard, Jr., Mrs. J. N. Nesse, Mrs. C. A. Nason, Mrs. G. W. Booren, Mrs. Lucile Johnson, Mrs. Nat Harris, Mrs. A. Bottelson, Miss Thora Hanson.

Refreshments will be served, in charge of Mrs. A. Craik.

Wind Breaks Window

The strong westerly which we had in this section Tuesday was of considerable strength, it being able to blow in the upper portion of one the windows in Loken's store. The larger lower part was also cracked. This was the first windstorm that has swept the city for a long time.

Rev. Nyberg Will Spend Six-Months on West Coast

Rev. Bot Nyberg of the Mission church will preach farewell sermons at his church next Sunday morning and evening, as he leaves the local congregation shortly for the Pacific Coast where he will work in the interest of the Mission to reorganize a congregation. The local church has granted him six months leave and he will leave Monday evening for Tacoma, Wash. which will be his headquarters during his stay out there. Rev. Nyberg has been a deligent servant of his congregation and will continue his service upon his return.

During Rev. Nyberg's absence, no provisions have been made for some one to fill the vacancy regularly but a number of pastors have volunteered to preach at various times so that services will not be discontinued but kept up as heretofore.

It is desired that a large number attend the services Sunday to bid the pastor good fortune on his journey. The public is cordially invited.

Successful Harvest Festival

The Union Harvest Festival at Goodridge last Sunday was a big success. A crowd of more than three hundred people were present, so it was one of the largest doings of its kind ever held in the village. Many noble ideas and inspiring thoughts were uttered through the forenoon sermon delivered by Rev. G. A. Hanson, and Rev. T. E. Sweger's address of the afternoon. Also the singing was rendered in a splendid manner. And last but not least the bounteous dinner added to the peoples good feeling.

Miss Lyla B. Schuster, who teaches at Brooks, visited at her parental home over Sunday.

GOLDEN WEDDING IS CELEBRATED BY LOCAL COUPLE

Mr. and Mrs. Nils Benson Receive Congratulations On Fiftieth Anniversary

Have Been Residents of Northern Minnesota For Nearly Forty Years

Large Number of Local and Out of Town Guests Help Celebrate Memorable Event

Mr. and Mrs. Nils Benson celebrated the fiftieth anniversary of their marriage yesterday afternoon, Oct. 25, the event being commemorated at their home 807 Duluth avenue north. Mr. Benson has now reached the age of 78 and Mrs. Benson 79 years, but are both enjoying good health in spite of their advanced age.

The Benson home was very prettily decorated for the event, yellow chrysanthemums, carnations and native bitter forming the decorations. Rev. A. A. Larson, pastor of the Swedish Augustana church of which the anniverrary couple are devout members, addressed a company of relatives and friends who had gathered for the occasion and paid the pair fine tribute and expressed the good will and congratulations of their many friends.

A number of pretty gifts were received by the couple as a memento of the occasion and a token of their friendship.

Mr. Benson was born June 20, 1844, in Gudmentorp, Skaane, Sweden and his wife, whose maiden name was Johanna Haakenson, July 23, 1843 in Hoksaret, also in Skane, Sweden. Oct. 25, 1872 they were married at Gudmentorp where they resided until the spring of 1881 when the family emigrated to the United States.

They first settled down on a farm near Moorhead and lived there for about 2 years. In 1883 they moved again, this time on a homestead at Newfolden in Marshall county which was their home until the summer of 1916 when they came to this city to reside at their present location. During their union five children, two of whom are dead, were born to Mr. and Mrs. Benson. Those living all reside in this city; Peter, who lives with his parents, Martin N. and Mrs. C. E. Hellquist.

The aged couple who came to Marshall county nearly 40 years ago can tell many tales of the hardships gone thru during their pioneering adys.

Those who took part in the festivities were:

Rev. and Mrs. Albin A. Larson, Mr. and Mrs. M. N. Benson, Mr. and Mrs. C. E. Hellquist, Mrs. James Johnson, and Peter Benson of this city, Mr. and Mrs. Edward Nelson, Miss Minnie Nelson, Andrew Anderson, Mrs. Nils Anderson, Peter Anderson, Mrs. Gotfrid Olson and Peter Johnson of Newfolden, Mr. and Mrs. Chas. Flodstrom and Paul Flodstrom of Viking.

Instructor in Roseau School Leaves Without Notice

The following news item which appeared in the Roseau Times Region last week conserning an instructor in the schools at that place who voluntarily left his position, may prove of interest to our readers, particularly to fellow teachers.

One Harvey Fry, said to be a superoducated man with a string of university degrees attached to his name and an Australian army title in front, who came up to Roseau county to impart some of his knowledge to the kindergarten and grades in a country school, is gone. He had a two-day vacation last week to attend the educational meeting at Thief River Falls, and from there he failed to return. The other day the school board he was serving received a brief note stating that he had decided to resign his school. He had bought an old Ford which was left and on a note sent from Winnipeg to the party from whom he bought the car, told him where to get it, with the explanation, "I won't want it any longer."

Will Attend School at Morris

Mrs. Anton Ecklund accompanied by her son, Lawrence, motored to Duluth Saturday and visited among relatives until the early part of the week. They expect to leave shortly for Morris, Minn. where Lawrence will attend school and study violin under the direction of Prof. Sorflaten, until recently of this city.

W. J. Brown made a business trip to Roseau the first part of the week.

B. of F. & E. Dance

The annual dance of the railway firemen and enginemen will be given at the auditorium Tuesday evening, October 31st. The public is cordially invited. Lunch will be served in the auditorium for 25c. Tickets for dance, $1.00.

Jacob Jonas, Old Resident, Dies Thursday at Age of 74

Jacob Jonas, an old resident of Thief River Falls, passed away quietly at his family home, 204 Markley avenue north, on Thursday Oct. 19. Death came as a relief for the 74 year old man who was taken ill with intestinal cancer in March, 1921 and for the past twenty months had been confined to his bed.

Mr. Jonas was born in Germany, September 7, 1848, and came to the United States in 1874, locating at Red Wing. In 1883 he went back to Germany where he married Margaret Corleus and returned to Red Wing where the couple resided until in 1886 when they moved to Ada. They came to Thief River Falls in 1902 and since then until his health failed him, Mr. Jonas was engaged in the cement business. He has constructed the greater portion of the cement sidewalks of this city.

Deceased is survived by his widow, one son, Walter, of Thief River Falls, and three daughters, Katherine and Alvina, who reside in this city, Mrs. A. P. Fox, also of this city, and Mrs. F. J. Seltz of St. Paul. He also has two brothers, John Horn of Ada and Peter Jonas of Goodhue.

The funeral services which were attended by a large number of relatives and friends were held at the German Lutheran church, Saturday Oct. 21, Rev. E. H. Kreidt officiating at the obsequies. The last remains were laid to rest in the Greenwood cemetery. Among those who attended the funeral were Rev. and Mrs. F. J. Selz of St. Paul, the former's father, G. Selz of Waconia, John Horn and Jake Tampke of Ada, and Peter Jonas and daughter of Goodhue.

Mr. Jonas was well and favorably known among the residents of this city and vicinity and his death will be mourned by a host of friends who extend their sympathy to the bereaved family.

LAFOLLETTE WILL STUMP STATE FOR SHIPSTEAD TICKET

First Series of Meetings Thruout State Will Be Held At Minneapolis Tuesday

Being certain of his own election, Senator Robert M. LaFollette has decided to stump Minnesota in the interests of Dr. Henrik Shipstead, candidate for senator, and North Dakota, in behalf of Lynn Frazier, the Nonpartisan league candidate in that state.

Plans were being made Wednesday for two big mass meetings in Minneapolis next Tuesday, one at the armory and the other at the auditorium. The Shipstead leaders believe that the two gatherings will be necessary.

Announcement that LaFollette had decided to invade both Minnesota and North Dakota were made by the Wisconsin senator's headquarters at Madison, Wis. yesterday.

Senator LaFollette, it is understood, believes that both Shipstead and Frazier will vote with him in the United States Senate. He is reasonably assured that Brookhart of Iowa, will do the same. For that reason he is anxious to do all he can to strengthen the LaFollette bloc in Congress.

SEPTEMBER CREAM CHECKS LESS THAN PREVIOUS MONTH

Butterfat Production Holds Up But Drop in Price Causes Falling Off

Nearly $19,000 was paid to patrons of the Thief River Falls Co-operative Creamery during the month of Sept., reports Peter Englestad, secretary of the association. There is but a slight change in the amount of butter fat marketed but a decline in price caused the total amount paid to farmers to be reduced about ten percent.

During September 60 patrons of the local creamery received checks amounting to over $50, Peter Engelstad being the top-notcher with returns of $324.55. Following is the list submitted by the secretary, giving the names and amounts of those who were above the $50 mark:

ALL MINNESOTA IS INVITED TO LITTLE FALLS

Completion of Faribault-Little Falls Paving To Be Celebrated Nov. 9

Parade Three Miles Long—10 Bands, Floats—Speakers —Entertainers

Airplanes—Parachute Drops, N' Everything, Will Be Provided

On Thursday, November 9, the good road boosters of Minnesota, will hold a celebration and an old time get-together at Little Falls. This will be held for the purpose of celebrating the completion of the longest strip of paving in the state of Minnesota, from Faribault to Little Falls, a distance of 175 miles.

Entertainment will be provided for all. The program will start at 11 a. m. with a three-mile parade that will include 10 bands, floats, decorated cars, 1500 school children, 1,000 automobiles. The parade will be headed by Governor Preus and his staff.

There will be speaking early in the afternoon by Governor Preus, Lieut. Governor Collins, Senator Frank B. Kellogg, Mayor Nelson of St. Paul, Mayor Leach of Minneapolis, A. H. French, general manager of the Jefferson highway, and other prominent men.

The Twin Cities are planning on sending a large delegation of prominent business men to help celebrate this great occasion. All of the towns and cities along the Jefferson highway and throughout Minnesota are planning to send a live bunch of good road enthusiasts to Little Falls on that day.

Local Men Witness Bank Robbery In North Dakota

Albert Lonson, W. H. Frederick and Leo McAdams returned Monday from a business trip to Kramer, N. D. and report an exciting experience during their stay in the village.

Saturday morning when they were in peaceful slumber at a hotel they were suddenly awakened by an explosion which wrecked the vault of the State bank.

The explosion was so violent that it shook the buildings and people were quickly aroused from their sleep to the scene of action. Two more explosions followed in succession but every one was rather afraid of being a target for the yeggs and kept within safe distance from the looted bank.

When people finally deemed it safe to get close to the building the robbers had disappeared and it is supposed that the gang consisted of four men who made their get-away in a large touring car after cutting off means of communication. The hold-up artists got away with about $700 in currency.

Tree Falls on Farmer and Breaks Leg Below Knee

Halvor Odlin, a farmer residing south of here in the vicinity of St. Hilaire, had the misfortune of having both bones in his leg completely broken between the ankle and the knee, and is at the present time receiving medical attention at the local hospital.

The accident occurred one day last week while Mr. Odlin was out cutting timber and a tree fell down on his leg throwing him to the ground with considerable force and breaking the bones in the leg. The break was of such a nature that it is difficult to make the correct adjustment and it will take some time before the victim will be able to use the injured limb. It is expected that he may be laid up for a period of about two months.

Old Settler Dies

O. G. Storholm will leave for Crookston tomorrow morning to attend the funeral of his father, Ole Storholm, who passed away late Tuesday night at the home of his daughter's, Mrs. Martin Olson, Nelson street. He was 82 years old at the time of his death, which was caused by old age and an attack of dropsy.

Mr. Storholm was one of the early pioneers of the Red River Valley having come to Crookston 37 years ago directly from Norway.

The deceased is survived by four daughters: Mrs. J. I. Longley, Kenosha, Wis.; Mrs. Sam Mickelson of Holt, Minn.; Mrs. Robert Mulholland and Mrs. Martin Olson, both of Crookston; and two sons, Hans Storholm of this city, and O. G. Storholm, of Thief River Falls. All of the members of the family, excepting Mrs. Longley, will be in attendance at the funeral.

Mr. and Mrs. John Gullingsrud autoed to Goodridge Sunday. While in the village they attended the harvest festival which they say was very successful in every respect. A large crowd took part in the festivities of the day and listened to an instructive and entertaining program.

George M. Reidesel of Crookston spent Saturday in the city doing architectural work in connection with the erection of the new home for the F. J. Dudley store, the basement of which is now under construction.

Mr. and Mrs. Carl Steen of Warroad motored to this city and spent the day visiting at the home of Mrs. Ingeborg Melby. The Steen family formerly lived in Thief River Fall.

Miss Jeannette Mirabeau returned last week from East Grand Forks where she had remained for a few days at the home of Mr. and Mrs. Geo. Harrison on Brooklyn boulevard.

Returns from Cities

Mrs. P. W. Mabey returned yesterday from the twin cities where she spent about two weeks visiting with her son, Morris and also friends and relatives at other points. She was the guest of Mrs. Beatrice Heiber and Mrs. R. P. Chase at Anoka.

Attending Teachers Convention

Misses Doris Halvorson, Maude L. Johnson, Ruth Johnson and Eva Skinner left Tuesday evening for Minneapolis, where they will attend the convention of the Minnesota Educational association which is being held there this week. They will also visit among friends in Minneapolis and St. Paul and expect to return the latter part of the week.

Attends Meeting at Detroit

Rev. T. E. Sweger made a trip to Detroit Tuesday to attend a meeting of the officers and directors of the Young Peoples league of Northern Minnesota. Rev. Sweger is one of the directors of the organization. At the meeting plans were made for the next convention to be held some time next summer, most likely at Duluth or Fergus Falls.

Return From Wedding Trip

Mr. and Mrs. Ole Englestad returned this week from the cities and Superior, Wis., having spent the past week on a wedding trip to points in North Dakota and the southern part of the state. They will make their home in this city.

Home From Bemidji School

Miss Grace Craik who is attending the state Teachers' college at Bemidji, arrived in the city this week and will visit at the home of her parents, Mr. and Mrs. Andrew Craik, until over Sunday. The college is closed for a few days because several of the teachers are attending the M. E. A. convention.

WOMAN'S CLUB HAS SPECIAL PROGRAM FOR NEXT MONDAY

Program and Appearance of State President Will Be Features

The regular meeting of the Woman's club will take place at the club rooms on Horace avenue and Fourth street, on Monday afternoon, Oct. 30, and will be in the form of a Hallowe'en party. The rooms will be appropriately decorated for the event in Hallowe'en colors.

Monday's meeting will also be in honor of Mrs. E. J. Rounds of St. Paul, state president of the Federated Woman's clubs. Mrs. Rounds is announced as the principal speaker of the afternoon and will address the local organization on club work in general. She is a splendid speaker and it is hoped that all the women of the city attend this meeting to hear her discussion of organization of this kind.

A special musical program arranged by Mrs. G. Halvorson will be rendered and includes the following selections: Community singing, directed by Miss Maude L. Johnson.

Piano Solos—"Valse-E Minor," Chopin, "Shining Girl,"—Prof. R. M. Sheldon.

Vocal solo, selected, Carl Sundahl.

Piano solo, "Polinaise in E," Listz, Miss Doris Halverson.

Following the program, refreshments will be served, including various Hallowe'en dishes. The social committee for this meeting is composed of Mrs. Ila Reynolds, Mrs. G. W. Booren, Mrs. F. J. Stebbins, Mrs. O. G. Storholm and Mrs. M. P. Rapnez.

The club will entertain as guests the Community Girls, the city teachers and clubs in neighboring towns. The event will be well worth the while and the management urges a good attendance.

"Olle I Skrathult" Has Successful Night Here

The Swedish comedian "Olle I Skrathult" and his troupe met with a full house when they appeared at the auditorium last evening. It was attended by an unusually large audience, many coming a considerable distance from surrounding towns and vicinity to hear the laugh-creating "Olle."

The Skrathult company was very well received and the various splendid numbers containing monologues and songs by "Olle," singing by his wife, Mrs. Hjalmar Peterson, and the musical numbers and dancing by the various members, all were subject to roaring applause and call for encores. The comedian has an individual power in holding an audience, a look at him being sufficient to tickle the laughing organs of the worst grouch.

Mr. and Mrs. Henry Roller and daughter of Germantown shopped at Thief River Falls Thursday.

Mr. and Mrs. Ole Legvold Jr., Mrs. Ingeborg Legvold and son, Gunder, motored in the latter's car to Oklee Sunday and spent the day among relatives.

Mr. and Mrs. John M. Johnson of Goodridge returned Monday from Fordville, N. D. where they attended the funeral of the former's brother Saturday.

Miss Josie Weeks, instructor in the Central school, left last evening for Minneapolis to attend the Minnesota Educational Association convention thru this week.

Miss Alice Hruby of Mavie, who has been employed during the summer, in this city, returned to Grand Forks Monday afternoon to resume her studies at the Union business college.

Anton Hall, a resident of Thief River Falls until 1911, was here from Mizpah, Minn. Friday for the purpose of securing employees for the Partridge Lumber company of which he is a manager. He also visited with his brother-in-law, Adolph Eklund.

1923 TAX LEVY BY CITY COUNCIL SHOWS INCREASE

Total Requirements For City Purposes are Fixed at $1700 More Than Last Year

Current Fund Levy is Increased $5000 While Local Improvement is Eliminated

Paving Expense Accounts For Slight Increase Over Last Year's Levy

At the regular meeting of the city council Tuesday evening the city tax levy for 1923 was decided upon. The total for all funds is $1700 greater than the amount levied last year. This is considered a slight increase when the fact is taken into consideration that the paving expense alone called for an additional levy of $5000 this year.

$5000 For Park Purposes

The levy of $5000 for park purposes which was made last year was continued for 1923. It is figured that this will give the park board funds with which to proceed and do considerable in the way of park improvements this year. The first thing that will undoubtedly be undertaken by them will be the building of a swimming pool, a project which was planned this year.

Current Fund Up $5000

The local improvement levy, which was $5000 last year, was entirely eliminated by the council this year, while the current fund was boosted from $25,000 to $30,000. The poor fund levy remains the same as last year, $4000.

Following is the levy for the different funds, showing the comparison with last year's.

	1922	1923
Current fund	$25,000	$30,000
Improvement fund	5,000	----
Auditorium fund	3,000	2,000
Sinking fund	1,000	500
Poor fund	4,000	4,000
Interest fund	4,000	2,500
Library fund	4,500	4,200
Cemetery fund	1,000	1,000
Hydrant fund	2,000	2,000
Street lighting fund	1,000	1,000
Park fund	5,000	5,000
Paving fund	----	5,000
	$55,500	$57,200

University Extension Law Class Resumes Work

A class has been organized to take up a University Extension course in business law with Attorney H. O. Chommie as instructor. The subject to be studied this semester will be corporations and various related topics. About eighteen students, including several business men, have enrolled and the first class will meet this evening at the Citizens State bank.

The course was started here last year, two semesters of four months each, were successfully completed by a class of about 16 members. The course is brought about by the regular extension work of the University of Minnesota and those taking same are considered as enrolled at the University. Work thus completed will go toward a degree or credited to academic course. The instructor is appointed by the board of regents.

Loyalty Club Entertains

The Loyalty club of Loken's department store held its last meeting Tuesday evening at the home of Mr. and Mrs. J. C. Aure, 416 Main avenue north, which was in the form of Hallowe'en and farewell party. The Aure home was decorated very prettily in Hallowe'en colors and suggestions and a receiving line of ghosts made the atmosphere complete. A three course turkey dinner was served, covers being laid for 23. The diversions of the evening were games and music and fortune telling by ghosts. Frank Erickson, formerly employed at the Loken store, read a very interesting paper reviewing the history of the club which was organized about two years ago. Those included were: Mr. and Mrs. H. O. Loken and children, Mr. and Mrs. Geo. Loken, Mr. and Mrs. J. C. Aure, Mrs. O. N. Anderson, Misses Agnes Sands, Effie Christianson, Blanche Hoium, Katherine Jonas, Rose Syverson, Alma Thune, Grace Skramstad, Esther Soards, Esther Werner and Elvera Carlson; Messrs Luther Loken and Frank Erickson.

Morse Opens Bowling Alley; Teams Will Be Organized

The bowling alley under the Citizens State bank building has been opened again for the season, under the management of Pete Morse who also conducted the alley last year. Bowling teams will be organized as the season advances and a great deal of interest is expected to be shown by local bowlers, as prizes will also feature the contests.

Miss Julia Belanger of Germantown visited with Mrs. Philip Schmitz and Miss Julia Beazney in this city a few days last week.

Alba Evenstad left Tuesday morning for Ardock where he will be employed on a farm. Later in the fall he will be located near Grand Forks.

Miss Alma Gilbertson, who spent a short time visiting with her sister, Mrs. Chas. Shirley, returned Monday to Minneapolis where she is employed.

Gordon LaBree, who is attending the University of North Dakota this year, visited at the home of his parents, Mr. and Mrs. W. J. LaBree, over Sunday.

Jack and Mary went to church with the grown-ups for the first time last Sunday. Monday afternoon they were found in the back yard playhouse, sitting side by side, and whispering to each other.

"What in the world are you two playing?" asked mother.

"We're playing church," replied Jack.

"But you shouldn't whisper in church," protested mother.

"Oh," said Mary, "we're the choir."

At the close of the first six-week period, the total enrollment was 239 in the seventh and eighth grades. Room 4 claimed the best attendance.

"Well, Dad," answered Gwennie, "please don't tell mother, because she's an awful dear, but I don't think she knows much about bringing up children."

"What makes you think that?" asked her father.

"Well," replied Gwennie, "she makes me go to bed when I am wide awake and she makes me get up when I am awfully sleepy."

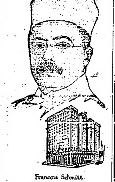
Famous Pastry Chef Has Tasty Bran Dish



Francois Schmitt

A BRAN pudding, termed by those to whom it was served as "simply delicious," has been evolved by Francois Schmitt, pastry chef of the Hotel Pennsylvania, New York. Here it is:

Four heaping teaspoonfuls bran, one tablespoonful flour, one-half tablespoonful corn starch, four eggs, three tablespoonfuls sugar, one-half cup butter, one-half pint milk.

Chop up butter with flour; corn starch, bran and half of the sugar and add to boiling milk; stir well on fire for about one minute, take off, mix in the four yolks. At last add the four whites beaten stiff with rest of sugar. Pour in well buttered and sugared form and set in pan with a little water in bottom and bake in medium oven for about thirty minutes.

Serve with apricot sauce made as follows: Put contents of one small can of apricots through a sieve, add one-half pound of sugar and let boil for about five minutes.

Candidate for the office of County Attorney

My Platform

I believe that the business of the County requires the same rigid economy that yours and my private business requires today.

I am not a politician, have no axes to grind and would consider my duty as County Attorney to be to carry out your wishes and not my own.

I believe that the office of County Attorney is for the use of the people generally and not to be used to settle private grievances or further individual ambition.

I believe that the prosperity of this County depends entirely on the prosperity of the farmer and will back any possible effort to bring prosperity to the County.

ROSEWOOD

Rosebank School Notes

Our first month of school terminated last Friday evening and we are very glad so far of an enrollment of twenty seven pupils, but we expect a few more after the busy fall work is over. Out of these, six had a perfect attendance, they being Wilma Engelstad, Eileen Haugen, Gladys Nakken, Harry Ranum, Geneva Swenson and Violet Furan. Every morning the boys and girls sing a patriotic song, and have learned to give the flag salute. One advancement has taken place, that of Harry Ranum being promoted to sixth grade language. Last Thursday morning county superintendent David Johnson was a caller at Rosebank, not for the purpose of visiting school but in the interests of his fall campaign. He left cards for distribution among all the pupils. On friday evening a Little citizens League was organized and the following were elected officers: President Willard Furan; Vice President, Berton Feran; and secretary, Harry Ranum. Miss R. C. L. Lonson, teacher.

T. Mellem and E .P. Johnson went to Viking on Saturday morning to attend the ministerial convention as delegates from the Swedish Mission assemblage of this place.

Helmer Carlson and Miss Marie Lock, from Devils Lake, N. D., arrived here by car last Sunday morning for a breif visit at the John Sagmoen home and will later go to Thief River Falls to visit among other relatives.

Misses Carrie and Myrtle Nelson, celebrated their seventeenth birthday last Tuesday with an evening party to which were invited about a score of their youthful friends and the evening was very pleasantly passed at various amusements. Miss Carrie Nelson who is employed at the Stanton cafe at Thief River Falls arrived home that same morning and accompanying her was Miss Parenteau who will be her guest for a few days.

Mrs. O. H. Olson and daughter will return to their home at Wannaska on Sunday after a two weeks' visit at the home of the former's sister, Mrs. Julia Axelson.

Anton Gullseth and Mrs. H. A. Halvorson motored to Benwood last Tuesday where the latter will visit for some time with the A. Gullseth people, but will later return here before leaving for her home at Baker.

Mesdames Amelia Olson and G. Storhaug, the latter accompanied by two children from Thief River Falls were Tuesday guests at the Mrs. John Ranum home.

Spinning Bees are becoming a popular diversion again; Last week the Bee was entertained on Tuesday by Mrs. Julia Axelson, this week on Thursday by Mrs. Gilbert Grindeland.

Mr. and Mrs. Rudolph Sagmoen was in town on Friday evening shopping and visiting at the formers parental home, Mr. and Mrs. B. P. Sagmoen.

Two marriages of local interest took place at Thief River Falls last week. That of Henry Iverson to Miss Christine Bundhund of Goodridge and Miss Ellen Fellman to Mr. Axel E. Larson of Clearbrook. Mr. Iverson formerly lived with his parents on a farm now occupied by Mr. Jens Mattson and has been partly educated at Rosebank, but has for several years been a resident of Goodridge where we understand he will continue to make his home. Miss Fellman was last winter's teacher at Willowdale and has many friends in that district. The Larsons will make their home at Clearbrook.

A number of local people motored to attend the Meyer sale north of Thief River Falls last Wednesday.

Alfred Swanby was out from Warren last Tuesday in the interests of his political campaign for Clerk of Court.

F. D. Lorentson, town of rBay's hopeful candidate for Register of Deeds in Pennington county was in this vicinity one day last week soliciting the good will of the voters for Nov. 7th.

Miss Gladys Swenson of the Carlson store force spent Wednesday evening with her aunt Mrs. Severn Brandon at Thief River Falls.

Mrs. James Johnson was out from Thief River Falls between trains last Friday for a visit with her father Mr. J. Hellquist.

Selmer and Adolph Haugen motored to Goodridge last Friday to investigate the possibilities and advantages of having wheat ground into flour on the farmers' mill there.

Don't forget the sale of fancy articles and lunch at the Rindal church next Saturday evening, Oct. 28. All are welcome.

Mr. and Mrs. James Thompson left on Tuesday evening by train for Thief River Falls to bring home their car which has been there for repairs of late.

Charley Swanson went to Warren on Friday morning to attend matters of business.

Emil Blomberg spent Saturday at Warren in business interests.

Ed. Borgen was out from Thief River Falls by car last Sunday for a visit with friends at the Mrs. Nelson hime.

Mr. and Mrs. Arthur Johnson of Northwood and N. C. Holm and Miss Bennette Thoreson from Flom arrived here by car on Saturday evening for an over Sunday visit with Mr. and Mrs. O. S. Hellerud.

Miller Kruta, former section laborer [illegible] North Dakota division, motored up last Sunday for a brief stay.

The O. A. Flann family moved up from Thief River Falls last week and will make their future home on Mr. Flann's farm north of town. The Flanns have been residents of Thief River Falls for several years, but formerly were engaged at farming near this place.

Rev. Nygren from Lancaster conducted Sunday evening service at the Village Mission church and was accompanied by Rev. Werner Drotts of Viking.

The Carl Mellem family motored to Viking on Sunday afternoon to attend the conference.

Mrs. James Thompson will leave next Wednesday for Gully where she will spend a couple of weeks visiting with her sister and other relatives.

The Carl Stromberg family from Dakota Junction and Simon Nakken from the Thief River Falls high school spent Sunday at the Mr. and Mrs. Gust Nakken home here.

F. G. Dols is building an addition to his stock barn, and is remodeling and finishing his poultry house.

WHAT DOES IT PORTEND?

In less than two weeks the quietest political campaign in the history of the state will come to a close. Even for an off year the lack of interest shown by voters has been remarkable. High grade speakers representing practically all parties have at different times attempted to rouse the people to some semblance of enthusiasm, but with very poor success. Whether the voters figure that these orators will be unable to tell anything new and interesting, or it is a case of absolute unconcern over the outcome, the fact remains that the response must have proven rather discouraging to those most vitally interested.

It is an admitted fact that meetings addressed by those in opposition to both the old parties have been better attended than either Republican or Democratic gatherings. There is also apparent a much greater degree of confidence among the voters generally referred to as of a radical character than can be noticed in the ranks of either of the two more prominent organizations. The voters seem to be angry over something and many wise political observers predict a series of surprises when the votes are tabulated on Nov. 7.

The farmer is the man most thoroughly disgusted with the situation as he finds it. For more than four years he has been promised that something would be done to help him stand up under the losses he was forced to face when the period of deflation set in, yet he finds himself worse off today than at any period in the past 20 years. His wheat is not returning the cost of production and it does not pay to dig his potatoes. Dairy products and pork may still show a slight profit, but not all farmers are in a position to take advantage of this fact. On the other hand the reductions promised in the things the farmer must buy have failed to materialize. This leaves him facing a greatly deminished income while his outgo is as great as ever and in many instances greater.

He was promised better things and as this promise has failed of fulfillment he is ready to take a wallop at anything or anybody he believes may either have had a hand in bringing about the condition in which he finds himself or has failed to do anything to remedy that condition. For this reason the men seeking the highest offices are in greatest danger of being swamped by the farmer's vote this year. He is aiming high. Candidates for local or even state offices he is not paying a great deal of attention to, rightly figuring that his trouble lies so deep that it cannot be reached by them. He is after United States senators and congressmen and unless all signs fail he is going to get a lot of them. That the Republican slump in house membership will be much greater than can be laid to the usual off-year reaction is certain, and many a lawmaker who has considered his tenure secure for years will find himself among those elected to stay home. There are even Minnesota districts in which this is quite likely to happen, while it would not be at all surprising to find that the G. O. P. senatorial candidate is among those who went down to defeat in the sweeping protest of the farmers.

Most anything can be expected of the voters on election day this year. It is certain that in Minnesota the wiseacres and prognosticators have never been so far at sea. They are at a loss to understand what this widespread rebellion presages, realizing that it must have taken at least some time for it to gain its present proportions and therefore they are more than a little nervous over its eventual trend.

Explanations fail to satisfactorily explain while excuses will not be listened to. It so happens that the Republicans are getting the most of the blame because they have been in power during the past two years, but this does not seem to mean any flocking in great numbers to the Democrats. Rather the voters are demanding a new deal entirely and are willing to throw overboard both old parties in order to get it.

Senator Borah is one man of national importance who sees the change coming and rather welcomes it. In an article in Collier's the Idaho statesman says that there will be a different political order in this country in a short time, led by men who have something in the way of definite program to offer the people. He hopes the Republican party will be the one to meet the new demand, but seems to have his doubts. And there are others—many of them. A change is coming and the results of the election next month may move it forward much farther than its advocates have dared hope would be the case for years.

WE'RE ALL IN ON THIS

The people of Thief River Falls have not been asked to make many donations of cash during the past year—at least as compared with the preceding half-decade. We are going to be allowed, however, to prove that we have not forgotten how to respond when there is a worthy cause to be served.

The Home Service campaign of the Salvation Army is being carried on this month in nearly all large cities in the country, while many of the smaller ones are just getting their campaigns under way. Thief River Falls is among these. The Times does not know just what Pennington's quota has been placed at, but it makes no difference, it is not very large and should be oversubscribed before the campaign has gone very far.

Of all organizations interesting themselves in helping those who cannot for the time being help themselves, the Salvation Army undoubtedly deserves the place of honor. Its home service work is of such importance that no community can afford to permit it to fail in functioning to its fullest efficiency for lack of support. It may be that you have never personally come in contact with this branch of the Army's activities—the chances are you have not as it is conducted without any blare of trumpets—but there are those who have, and these can testify to its timely and efficient help at times when assistance of exactly the kind extended by the army was most sorely needed.

No one who has not had an opportunity to work with the Salvation Army corps has any idea of the thoroughness with which the district in its charge is kept track of. When other organizations wish to assist some unfortunate person, it is the Salvation Army to whom they apply as the most reliable source of information covering points at which need exists. The corps officers know. It is their business to keep tab on matters of this kind, but they cannot also be expected to furnish all the needed supplies for relief. These must be bought and you are invited to help buy them.

No large donations are expected, but there should be a large number of little and moderate sized ones. The work of solicitation will be in the hands of competent committees and the entire county will be covered. There should be no turndowns and every man and woman who can possibly do so should be proud to add whatever they can toward helping carry on the excellent work that is being accomplished by the army corps among the poor and unfortunate.

Over in North Dakota they are having a real political campaign. The other night at Fargo two former governors and the present chief executive appeared on the same platform to advocate the election of J. F. P. O'Connor to the United States senate. One of the former governors was John Burke, three times elected to the position on the Democratic ticket, and L. B. Hanna twice honored in the same manner as a Republican. This coalition on the part of these ancient enemies is for the purpose of defeating Lynn J. Frazier, who is running against O'Connor with Nonpartisan endorsement. The fight in the Flickertail state is one of the most intense in the entire country this year and the outcome will be watched with great interest. At this distance it would look as if the combined forces of the opposition would be too much for the Nonpartisan, but North Dakota has of late years done many unexpected things and there is no telling how the tussle will end.

The J. C. Penney Company

(By R. Kenneth Evans)

IN THE LITTLE mining town of Kemmerer, Wyoming, far far from the large marts of commerce in the commercial centers of the nation, was born the idea of a large chain of popular priced department stores, to cover the United States and to sell quality merchandise at lower prices and to serve the buying public in such a way which would meet with the insistent demands for better merchandise at lower prices.

With this idea predominant in its establishment the first J. C. Penney store was established in a two storyf frame building. Theory and the study of human nature was back of the move. The head of the firm realized that to accomplish his purpose he must first complete his "inside organization.,, In other words, he must surround him self with a class of employees who had something to work for besides the weekly stipend and watching the clock. To this one feature can be attributed much of the success of this now mammoth chain of department stores because there is no limit to the advancement a Penney employee may receive if he is deserving of it. And here is where the tsudy of human nature came in.

By ralizing the fact that every employee would strive to give the best that was in him to accommodate and please the patrons, because upon their being pleased depended his advancement from the youngest clerk to the manager of the various stores, service developed to be a paramount issue. With each clerk being made a stockholder in the company as rapidly as he made himself proficient and enjoying a part of the profits of the large concern, it was not long until the Penney company had a class of employees superior in the mercantile business to the one store system.

Next came the question of supplying a class of merchandise which would enable the employees to maintain a satisfied patronage. The markets of the world were searched and the best materials always purchased. By buying in such mammoth lots—taking the complete output of some of the nation's largest factories, this was accomplished and large quantity purchases naturally provided in cost and this was given to the patron. Thus we have the principles upon which this line institution was established and with the opening of 59 new stores in various parts of the United States this year this institution has grown from a two story general store, in a small mining and cow-town, to an institution maintaining and operating 371 modern and metropolitan department stores with several stores located in every state of the union and the main offices maintained in New York city in the heart of the markets of the world.

"A town with a J. C. Penney store hay readily be classed as a live and progressive town," is a saying frequently heard in mercanile centers and therefore Thief River Falls is not only fortunate in being a live city but is fortunate in that its residents have the opportunity of being able to do their shopping in one of these live institutions.

This store was established here in July 1920 with H. E. Nelson as manager at this time. Located in the heart of the business district with the large and exclusive stock which is a characteristic of Penney Stores. Mr. Nelson is one of the youngest business men of the city who has entered into its civic advancement with the true Penney Spirit.

The store carries a complete stock om men's wear handling clothing, furnishings and the famous "Pay-Day" work clothing. This stock also includes a complete line of boys' clothing. When it is said that everything in stylish clothes and furnishings that the well dressed man migh demand is carried here, it means just that.

A complete ready-to-wear department for ladies is maintained carrying suits, dresses, coats, and lingerie. A large and extensive stock of dry goods and raw materials with notions and a line of all leather shoes for every member of the family is carried. In fact, this feature can best be covered by stating that everything for ladies, me nand children's furnishings from head to foot, selected by the competent Penney buyers is to be found at this store.

The growth of the Thief River Falls store has been typical of Penney institutions and today is can rightfully be classed as the shopping center of the city.

CONTROL OF CHICKEN PESTS

Application of Blue Ointment Will Prove Efficacious, as Will Sodium Fluorid.

A study of the life of chicken lice shows that there are a dozen different kinds infesting the same bird. Most of them, however, frequent the rear part of the body at least once in every twenty-four hours where they obtain the necessary moisture for their life and growth. This moisture is obtained from around the vent. This habit of lice would answer one method of treatment, the use of blue ointment.

Blue ointment applied around the vent and under the wing of each fowl affected seems to get rid of the lice in a very short time. A piece the size of a good sized pea is plenty for one bird. If the blue ointment is thick and heavy it should be melted so that it can be applied in a very thin layer. It is well to make a second application two weeks after the first, especially if the birds are badly affected.

Any of the advertised lice powders and many of the home-made powders seem to work very well. Good dust wallows handy to the poultry house also aid considerably in controlling this pest.

Sodium florid can also be used to control lice. This is a common preparation which can be obtained at any drug store. It is applied by what is known as the pinch method. A pinch should be worked into the fluff of the tail, a pinch under each wing, a pinch on the back, and a pinch worked into the neck feathers.

POULTRY NOTES

Regularity in feeding is one of the secrets of success with fowls.

* * *

The tamer the flocks the more valuable and profitable they usually are.

* * *

Separate the sexes at eight weeks old, or as soon as sex can be determined.

* * *

Move colony house or brooder coop to fresh ground before chicks are turned out.

* * *

The incubator is not only a necessity but an economy where early chicks are wanted.

* * *

The hen and the caretaker are partners in the poultry business. If either one is lazy the profits are less.

* * *

Do not expect to hatch more than 75 per cent of the total eggs incubated, either in machines or under hens.

* * *

An incubator often gets lots of blame that should be attached to the operator. When a machine is operated wrong the hatches will go wrong.

(Inserted and to be paid for at regular rates by Peter Englestad, Thief River Falls, Minn., in behalf of C. L. Hansen, Candidate for State Senator.)

TO THE VOTERS OF THE 65th DISTRICT

Being under the impression that a short statement regarding the senatorial campaign by me at this time may be due the voters, I am submitting this through the columns of the local newspapers hoping that same will be received by the voters in the same spirit as it is written.

I have tried my very best ot bring Mr. Hansen's candidacy before the voters in such a manner that there would be no reason in any way to bring personalities into the campaign. I defy anybody to prove that there ever has been a ward of personal criticism, except as to the opposition's record in the state senate, ever uttered by me or Mr. Hansen. We are sorry to state that this cannot be said regarding Mr. Hansen's opponents. There has been considerable mudslinging, even Mr. Hansen's friends being subjected to accusations and villifications for which there absolutely was no foundation. We are not going into details about these things as we consider it too ridiculous to even mention, but we want to go on record right here that we know every statement made by the opposition regarding the personal character and Mr. Hansen's method of conducting the campaign to be absoutey false and deliberate, outright lies.

I have known Mr. Hansen for the past 27 years. Have also been a resident of this community myself for about 40 years and I know the district and the conditions of same as well as anybody. My reason for favoring Mr. Hansen for state senator is because in my opinion he can accomplish more for the benefit of the agricultural interests of the district than any other man that could be persuaded to run for this office. The fact that he is engaged in the banking business is no crime and there is no question in my mind that a banker at the present time will work harder than anybody else to bring about conditions favorable to the farmer. Bankers in this section and in every agricultural section of the state are dependent on the prosperity of the man engaged in agriculture. Mr. Hansen has influence and if he is elected he will represent the people of the 65th District, not a certain clique or political organization. His hands are not tied and he is responsible only to the people at home. This is my opinion in this matter and we know it to be a positive fact that the same opinion is held by a large number of men and women throughout the district. Many of these people are devoting their time and going out of their way to bring Mr. Hansen's candidacy before the public, and they would not do this unless they were sincere in their opinion that he is the logical man for the office.

I am submitting this statement to the kind consideration of the voters, although unfortunately I am no writer but I hope that I have made my stand in the matter clear.

Thanking you, I remain, Yours for the best interest of the 65th District,
PETER ENGELSTAD.

At the Movies

For one solid year "Over the Hill" attracted the inhabitants of New York and visitors to The Great White Way. Repeatedly the New York newspapers devoted columns of praise to the picture and the effect it was having on those who witnessed it. These newspaper stories were voluntary acclaim to the success of the photodrama rather than the result of publicity campaigns instituted by either the producer or the exhibitor.

As the reports of the remarkable impressions "Over the Hill" was leaving on the New York audiences began to circulate, editors of papers thruout the United States and Canada, and even in European and Far Eastern countries, began to give it considerable mention. Then, upon the release of the production to the general theatre field, began an influx of letters to the officers of William Fox from clergymen, educators, social leaders, business men, authors and industrial workers—letters unanimous in praise of the story and its picturazation; and the flow of laudatory communications has not ceased since that time.

Whenever the picture has been shown to the inmates of penal institutions there has followed in each case a batch of missives written by the convicts conveying their thanks to Mr. Fox for the privilege of witnessing it, and their heart-felt appreciation of the truth which the story brought home to them.

Made New Players

Another remarkable thing about "Over the Hill" is the fact that while it was cast without a star, Mary Carr, who assumed the role of Ma Benton, the mistreated mother, has gained international fame as an actress, and Johnnie Walker, the "black-sheep" of the story, has been named a star by William Fox.

According to statistics and expert estimates which have come to the New York offices of Mr. Fox, more than 80,000,000 people will have seen the film. Agencies throughout the world have clamored for the privilege of distributing it outside of the countries in which Mr. Fox maintains his own organizations. Only recently the Middle East Films, Ltd., closed negotiations for distributing "Over the Hill" in the Orient. England, Japan, China, France, Spain and even Russia, either have seen the picture or will see it in the near future.

Such is the wonderful film creation which comes to the Lyceum Theatre, Sunday, and Monday.

What Standard Oil Company (Indiana) Distribution Means to the Home

JAMES J. STARROW, fuel administrator of Massachusetts, says, "Don't burn a pound of coal in October. Cook and heat water for your household with a kerosene stove. It will save you money. It will perhaps keep you out of the coal line next winter. Cooking by kerosene is cheaper than coal. Kerosene can be bought anywhere."

"Kerosene can be bought anywhere"

This statement is particularly true throughout the Middle Western states served by the Standard Oil Company (Indiana), whose distribution service is 100% complete. Kerosene is delivered to the home, whether on a distant farm, in a small town, or in a big city.

Imagination and foresight were required to anticipate the demand for petroleum products which exists today. Permanency in organization, efficient management and close attention to the minutest detail has resulted in establishing within this Company a spirit of service which is expressed in the far-flung system of distribution and delivery which makes every user of petroleum products in the 10 Middle Western States feel certain that his needs will be instantly supplied.

The Standard Oil Company (Indiana) distributing system represents an investment of over $45,000,000. It includes 25 main stations where complete stocks of products are kept on hand, 3973 bulk stations, 1605 service stations and 7167 tank wagons. It has grown to meet the needs of the present and to anticipate the needs of the future. It is highly flexible and capable at all times of meeting emergencies, such as a coal shortage, in any section of the territory served. This service is available at every home.

To meet the needs of the public it serves is the ideal which the Standard Oil Company (Indiana) has before it at all times. It is alert to foresee a possible need for its products, and when the demand comes it is prepared to supply it; for example, the possible coal shortage has resulted in an unusual demand for a burning oil for use in home-heating plants, and the Company was ready with Stanolind Furnace Oil, which it had developed for this particular service.

Stanolind Furnace Oil is equal to kerosene in heating value and sells at a lower price. This is another benefit accruing to the public at large, through an efficiently managed big business.

Hail the Prowler

Once again the Prowler looms up on the school horizon; and we begin to think, and dream, and imagine all the good things it will contain when it becomes a fact.

Just now, we see few or no evidences of our '23 school book; the staff has been elected, it is true, but actual, constructive work has not been started, at least so far as the school as a whole is concerned. Among the members of the staff, much earnest thought has been devoted to planning the general outline of the Prowler, how this shall be, whether that can be done; and already we are beginning to see the magnitude of the task before us.

The 1923 Prowler is going to be different in several important details from its predecessors; the usual material will be concentrated—"boiled down"—so that as much space as possible can be devoted to new and unique features. It is our aim to make this more than a Senior annual, more than an All-School annual—it is our aim to make this a community book, one that will advertise our class, our schools, and our city.

We have, in our opinion, adequate reasons for pursuing this course; in the first place we hope to make this Prowler more popular, both in school and out, than any proceeding; which will, in turn, assure larger sales than ever before; and that, in its place, will make the annual more popular, thus completing the cycle.

The New Staff

The Progress Staff herein launches on the second week of its existence. We as members of the Journalism class, have successfully undergone six weeks of alternate success and failure in the various phases of newspaper work to emerge full-fledged editors, humorists, and reporters, according to the inclinations of our several talents. It now remains to be proven whether or no the staff has been wisely selected. You students, are our judges! Let us know when we succeed and when we fail. Give credit and censure where and when each is due, and you will set a standard for your Progress which we shall endeavor to uphold.

STUDENT SUFFERS MISTAKE IN CLASS

Melvin Engelstad, president of the Junior class, has much difficulty in facing Miss Stavig, Orrin Storholm, and Harriet Morgan, because of an incident in his English class.

Melvin had continually been poked with a pencil from a student sitting behind him. One day he grasped the hand and held it tenderly for at least ten minutes, without looking at its owner. When he did so it was not the hand of the fair Harriet as he had expected, but the hand of Orrin Storholm who sat beside him.

MISSIONARY FROM AFRICA SPEAKS TO STUDENTS

Rev. Downing, a missionary from British East Africa favored us with a speech last Friday at chapel.

He began by taking us, in thought, on a thousand mile trip over the territory in Africa where he had been. We first land on the east coast of Africa at a port called Mombasa, then through to Lake Victoria and cross the lake in steamers. Leaving the steamers we traveled by rail till we come to Messumba. Here we found fine macadamized truck roads. We then reached our object, Lake Chaff.

Rev. Downing gave illustrations to show the capability of the natives in every respect. Mills owned by the Mission society are run by the natives with only one white man as leader.

The next anecdote showed the mental capacity of the natives. A small boy went to the station, when he was 12 or 14 years old. He was taught at the Mission school, and has for five years been the private secretary to Rev. Downing. He is able to take English letters in short hand and type the letter from these notes. He can typewrite as fast as the average American typist. He also plays the organ very well and sings in a male quartette.

"It is a wonderful work, and I wouldn't trade places with any man in the world," concluded Rev. Downing.

Northrop News

The Northrup Sixth grade has organized a Junior Citizens' League.

The marching pennant was again awarded to the sixth grade at the Northrup this week.

June Morse enrolled in the fourth grade, and Edythe Morse entered the Sixth grade on Monday.

Mrs. Lampert, Mrs. Heggen, and Mrs. Thronson visited Mrs. Eyde's room this week.

The pupils of Miss Trogan's, Mrs. Eyde's, Mrs. Lucian's and Miss Adams' rooms gained half holidays because of good attendance.

Miss Trogan's room	99.4%
Mrs. Eyde's room	99.8%
Miss Adams' room	99.1%

Mrs. I. A. Larson visited Miss Trogan's room Friday morning.

The morning is the very best time to visit when the children are not tired.

Mrs. John E. Nelson also visited this week.

The Northrop sixth grade defeated the Washington sixth grade in a football game Thursday afternoon. Score 6-0.

The attendance was splendid in the third and fourth grade room, over 98%, but so many pupils were tardy that we did not get our half-holiday.

Raymond Hollman is leaving this week to attend school at Fosston for the remainder of the term.

Knox School News

Loyd Rustad has been ill with tonsilitis, and has missed a week of school.

Arnold Mickelson leads the fifth grade in the Studebaker tests, while Lorraine Zellmer is a close second.

Viola Dahl and George Malafa were transferred to the fifth grade.

Mrs. Rayson visited the third grade on Wednesday and the sixth grade Thursday.

Pupils who have been neither absent or tardy during the past six weeks are:

Eight pupils of the Fourth B.

Three pupils of the Fifth B.

Fifth grade—Glen Brokke, Rosine Dahlen, Francis Evenson, Roy Lonson, Evelyn Mathewson, Arnold Mickelson, Arnold Rustad, and Lorraine Zellmer.

East Battles West for Inter-class Championship

"Pinks" Penny's Brilliant Play Fails To Save East Side From Defeat

Last Saturday the west side won from the east by a score of 7 to 9. The east-siders' team is composed of grade students and Freshmen while the West had upper classmen and part of the first team squad.

In the last quarter Herb Keene fumbled the ball after being tackled by brother Bud. "Pink" Penny recovered the ball and sprinted 50 yards for a touchdown but was handed a raw deal by the referee and called back to the 5 yard line just to take the ball over again. Placement kick completed.

This left the score 7 and 6 with only three minutes left to play, the west side opened a barrage of passes and advanced the ball to the East sides 15 yard line. They were held and had to make a desperate last effort to win, resorting to a drop kick which was completed making the score 9 and 7 in favor of the west side.

Referee, C. Sorenson; Umpire, S. Sorenson; Head Lines-man, A. Sorenson.

Washington News

The sixth grade received the marching pennant this week.

On Friday afternoon the Little Citizens League in the sixth grade had its first meeting.

Earl and Joyce Wold enrolled in the sixth grade last week.

The children of the fourth grades surprised their teacher with a pennant shower last week.

Spelling booklets were made by the third grade pupils last week.

The following pupils in the first grade were neither absent nor tardy during the first six week period:—

First A and Second B grades—Mavi Agu, Marian Holzknecht, Norman Legvold, Melvin Havel, Ingwald Henrickson, Andrew Langewin, John Langseth, Lyla Olson.

First B grade—Wallace Du Champ, Elvin Haroldson, Clifford Hetland, Leda Johnson, Edith Knutson, Margaret Langevin, Carl Edwin Lee, Stella Myrom, Melvin Offerdahl, Agnes Olson, Arvis Pederson, Gerald Rolland, Lyle Stageberg.

Central News

Magda Skomsvold, eighth grade, moved with her parents to Grand Forks where she will attend school.

The following pupils have enrolled in the seventh A grade: Lillian Gibson, Thelma Erickson, Della Wold, and Jens Steen.

Everett Stone, who has been working on a farm since the first week of school has returned to the eighth grade.

Geography pupils have been very industrious in bringing to class exhibits which assist immeasurably in the study of the different countries. A Chinese exhibit, consisting of colored prints, chop sticks, hand carved fan, Chinese booklet, shells, shoes, match box, Chinese money, and an idol, was brought by Harriet Fuller.

Charles Dablow has been absent for two weeks, having undergone an operation for appendicitis.

Dutch customs and ways of living in "Old New York" has been studied by the seventh grade History classes. They found the "Legend of Sleepy Hollow" a very interesting source of information.

In order to prove the necessity of having a clear understanding of percentage, the seventh grade pupils have brought items to arithmetic class, that have been taken from newspapers, magazines and catalogues, in which percentage is involved.

First Honor Roll

The honor roll which was started two years ago will be continued this year. It has been a great incentive to the students for better class work. Many people who were failures before have begun working since the honor roll was started and it is hoped that even more will strive for this end. Only by concentrated studying and hard work can this goal be gained.

A student must have ten honor points to have his name placed on the honor roll. In counting the points an A scores three points, a B scores two points, C scores one point, D,E, and F scoring nothing. In the normal training, however, each student carries seven subjects work which approximately equals the work done in five subjects in the other departments. Since an average of "B" in five subjects placed a student on the honor roll in the regular high school course a normal training training student who receives a B average in the seven subjects earns fourteen honor points, and therefore fourteen honor points is the basis on which normal training students are placed on the honor roll.

A new honor roll is made up everytime the report cards are given out. The names of these earning this honor are printed in the Progress and also posted on the bulletin board. Those having the required number of points for the first period of six weeks are:-

Freshmen: Sannia Erickson, Sydney Fadeland, Althia Gabrielson, Mary Rassa, Mabel Martinson, Millicent Sweger, Elsie Vorseth, Lois Nickolson, Sophmores: Bernice Erickson, Olga Lokken, Sarah Mickelson, Mildred Remmen, Anna Wedul. Juniors: Rose Costello, Mildred Griffin Bertha Reaveny, Esther Lunsetter, Harriet Morgan, Louise Ness. Seniors and Post Graduates: Eileen Arneson Alyce Berg, Thelma Carlson, Thyra Carlson, Lydia Dahlen, Marian Hilden, Pearl Weeks.

Dennis McGinn, a member of the class of '20, will play with the St. Thomas football team at Grand Forks Saturday, Oct. 28, when St. Thomas meets the N. Dak. University eleven. Dennis played in the St. Thomas-Hamline game last Saturday, when St. Thomas defeated Hamline for the first time in two years. McGinn played both football and basketball when he was in High School and we look for him to make a name for himself and incidently for Thief River Falls in college athletics.

Personals

Agnes Johnson, a member of the Junior class, spent the week end at her home near Radium.

Report cards were distributed Friday. Rumor says that "There's a Reason," why everyone was so studious on Monday.

Esther Crown returned to school Monday morning after an illness of several days.

A short, snappy, pep meeting was held at noon Friday. After Coach McFarlane gave a talk, the cheer leader led us in individual and team yells.

"Rusty" surprised us all Monday morning when he walked into the assembly dragging his crutches behind him.

Virgil Denhart, a Junior, and his sisters Wildavene and Sylvia, who are taking the Normal training course, visited at the home of their parents near Hazel on Saturday and Sunday.

Mr. Hovak, coach of the Bemidji high school, and some of the football players visited school Friday morning.

Miss Clara Berg, a former member of the class of '23 was married on Sunday.

Found on Ruth Knutson's test paper, "The committees of correspondence were committees."

BOYS' GLEE CLUB PLEASES STUDENTS IN FIRST APPEARANCE

Local talent is always appreciated and the appearance of the Boys Glee Club in chapel, Wednesday, was no exceptance to the rule. The songs were almost entirely college songs which are most enjoyable to a group of High School students. The quality of the singing was an indication of good leadership, practice, and capability of the Glee Club.

The members are:— Russel Anderson, Herbert Johnson, Milford La Bree, Millard Myrin, John Sether, Emmet Shannahan, Orrin Storholm, Henry Vorlicky, Richard Zeh, Thomas Scanlan, Francis Ohm, James Votava, Clifford Storholm, Lawrence Mulry, Morris Holzknecht, Cleon Bottleson, Donald Fitterman, Craig Halvorson, Charles Herron, Roy Holmgren, Math Barzen, Buell Will, and Cliffton Conner.

Teacher Experiences Thriller

The courage of Miss Clara Baumann, physical culture director and assistant Home Economics instructor in the public schools, was severely put to a test last Wednesday afternoon when she met with a vicious young mouse.

Miss Baumann was instructing a class in the science of cooking. In the course of instructing, she opened one of the bins, and the creature made its appearance. Miss Baumann was about to throw a table at it, when one of the students rushed to her rescue. The mangled remains of the mouse were tenderly removed to the waste basket.

The latest reports are that Miss Baumann is resting easily and the student has fully recovered from the shock.

REVIEW OF FOOTBALL BY COACH McFARLANE

Looking over the season of 1922, the students of Thief River Falls High School may feel proud of the record their team has made this year.

The first game played was with Warren, in which we came out with the long end of the score. The team showed strength on plays thru the line.

On the following Saturday Grand Forks, N. Dak. was defeated to the tune of 20-0. In this game the team showed marked improvement over the preceding game.

The Friday following the Grand Forks game, the team traveled to East Grand Forks. In this game the boys played rugged football and this combined with three men put out on account of injuries, gave our first defeat. Our Captain, Russel Anderson received injuries which kept him out of the game the remainder of the season.

In the next game we settled an old score by defeating Crookston 20-0. The first half of this game was rather uninteresting from the spectators standpoint, but the second half opened with a bang. Thief River Falls scoring three touchdowns off straight football.

Bemidji our next opponent got away with the big end of the score. Altho the score was 12-0 in Bemidji's favor the boys put up the best fight of the season.

Bemidji had a heavy and fast team, both their touchdowns came in the opening minutes of play, off what might be called breaks in the game.

Taking into consideration the fact that East Grand Forks, and Bemidji have not been defeated by a team in this district, also the strength of the teams that Thief River Falls has defeated, we can not but look on the season of 1922 as a most successful season.

THIEF RIVER CLOSES FOOTBALL SEASON

Friday's Hard-Fought Game Lost to Bemidji by Score of 12 to 0—The Contest in Detail

The local high school eleven held the strong Bemidji representatives to two touchdowns in a hard fought battle here Friday afternoon. The game was spirited from beginning to end and resulted in a final score of 12 to 0 in favor of the visitors.

Bemidji was considerably heavier throughout the line and backfield and a very fast and aggressive bunch, but the locals put up a strong fight and succeeded in preventing the opposition scoreing a single point after the first quarter. The two touchdowns of the game were made in the first period of play, the remainder of the contest being a series of line plunges, occasional end runs and punts when it became apparent that the necessary 10 yards could not be gained.

The two teams both went into the game as favorites, each having been defeated only once: Thief River had been defeated only by East Grand Forks when the boys seemed to loose their usual fighting spirit, and Bemidji had won over all its opponents with a considerable margin except the Duluth Cathedral, which team defeated them by a 12 to 0 score. The lumberjack city usually turns out exceptionally big men and the eleven that appeared on the local gridiron Friday was on par with those in contests of previous years. Two years ago they copped the state championship and they undoubtedly will be a strong rival this year also. Thief River would have had a good chance to gain distinction in the northern section of the state if they had defeated Bemidji but as the season is over for the locals, owing to the fact that they are not able to secure any more games at desirable dates, they will be out of the race. However, they have a worthy record, having handed shutouts to Grand Forks, Warren and Crookston.

Ernest Barzen performed as fullback in his usual hardhitting and plunging manner, making considerable gains right through the opposing line. "Stein" Sorenson and Keene also played their parts as halfbacks in a very creditable way. The line held as never before, every man doing his bit in bucking the strong offensive of the Bemidjiites. "Toby" Holmgren showed up as per usual in his tackling and undoubtedly got more successful tackles than any one on the team. Math Barzen and Herron also played a stellar game, making a fine showing in his breaking up of many of the opposition's plays.

The game opened with a rush, Bemidji kicking off and Sether, the Thief River quarterback, carrying the oval to the 30 yard line. In the first two plays "Stein" Sorenson and Keene made considerable gains but in the third down the ball was fumbled. It was recovered by the locals but they were forced to punt. The ball did not remain in Bemidji's possession very long however, for the ball was fumbled and recovered by Thief River who were successful in breaking through the strong Bemidji offense and making the necessary gains in the following four downs. Small gains were made in the next two downs but in the third the locals punted from the center of the field to Bemidji's 25 yard line. In the first line plunge a Bemidji halfback made 7 yards but no gain in the second and penalized in the third down forced them to punt and Thief River was again in possession of the pigskin on their 35 yard line. They did not retain it very long however, Bemidji getting the ball on the 30 line. In the following two downs the visitors made heavy gains by a series of line plunges and runs and getting within two yards from the goal line. A final line plunge put the ball over, making the first touchdown and 6 points for Bemidji. A kick for goal failed.

Bemidji again kicked off and Sether as previously, carried the ball to the local's 30 yard line. Small gains were made in the next three downs but in the fourth Thief River punted and the sensational run of the game was made. A Bemidji player recovered the oval on their 35 yard line and winding his way out of the locals' reach he found the right side of the field clear and made the dash over the line for the second touchdown. The play for the additional point following a touchdown failed but the score almost at the end of the first quarter, was 12 to 0.

In the last few seconds of play, Thief River received the ball, Sorenson carrying it to the 30 yard line, and a few yards were gained through the line.

Second Quarter

The opposition having made two touchdowns in about the first ten minutes of play in the first quarter, the locals went into the second with determination of turning the dope pot. However, this couldn't be done and no change in the final score was made from then on till the last whistle blew. During the second period both teams fought hard for the possession of the ball but being quite evenly matched, neither side was able to get within very close range of their opponents goal. The line of scrimmage was almost continually in the center of the field between the two 30 yard lines. Several punts were made by both teams. One of the Bemidji players displayed considerable skill in making a number of long and well directed punts. A few passes were also attempted but without much success.

Last Half

The playing thruout the rest of the contest was practically a duplication of the second quarter. It was quite an even battle for the ball and both aggregations made short gains by line plunges but both had a strong line and open play was tried but only a few long gains were made. At one time during the third period Bemidji carried the ball dangerously close to the Thief River Falls goal, and it appeared almost certain that another touchdown would be made, but the locals' line stiffened and by holding them for downs, gained possession of the pigskin. In the latter part of the game a spectacular run was made by one of the visitors in a play close to the side lines when he made about 20 yards by a sudden dash thru the offense along the sideline.

The game was well attended and a great deal of enthusiasm was shown. The turnouts at the games this season have been very gratifying, and local fans feel that the Thief River Falls high team has been worthy of support.

The line-up of the Thief River Falls team was as follows:

Vorlicky, left end; Herron, left tackle; M. Barzen, left guard; LaBree, center; Halvorson, right guard; Holmgren, right tackle; C. Sorenson, right end; S. Sorenson, left half; E. Barzen, full back; Keene, right half; Sether, quarterback.

Referee, F. H. Stadvold; Umpire, G. Johnson; Headlineman, O. Smith; Time keepers, G. M. Harner and Hitelson.

RE-ELECT Geo. M. Gunderson

Superintendent of Schools

For a Second Term

PART OF HIS RECORD WITH REFERENCE TO OUR SCHOOLS: Has given his entire time and attention. Built up the standard along modern progressive lines. Tried to establish better co-operation between people of the country and city through enlisting the voluntary services of professional and other city people as speakers at county sectional parent teacher meetings.

OUR COUNTY

Economized, why and how

He is a taxpayer in both country and city. Served for a lower monthly salary than his teachers. Has the lowest traveling expense account of any county official traveling full time in the interest of the county. Sacrificed his chance of an offer of a better paying position to stand by the people who elected him.

Sincerely,
H. P. RUED.

WHEREAS, Default has been made in the conditions of a certain indenture of mortgage bearing date the 10th day of February, A. D., 1917, executed and delivered by I. C. Week, an unmarried man, mortgagor, of the county of Clay and State of Minnesota, party of the first part, to the Citizens State Bank of Thief River Falls, a corporation under the laws of the State of Minnesota, mortgagee, whereby said mortgagor did grant, bargain, sell and convey unto said mortgagee, its successors and assigns, that certain real estate situate and being in the County of Pennington and State of Minnesota, known and described as follows, to-wit:

"The Southwest Quarter (SW¼) of Section Twenty-two (22), in Township One Hundred Fifty-four (154) North of Range Thirty-nine (39) West of the Fifth Principle Meridian, containing One Hundred Sixty (160) acres, more or less, according to the Government Survey thereof.

Together with all the hereditaments, privileges and appurtenances thereunto in any wise appertaining, to secure the payment of the sum of Fifteen Hundred ($1500.00) Dollars on the 10th day of February, A. D. 1922, with annual interest thereon from the 10th day of February, A. D. 1917, until paid, at the rate of Five and One-half (5½) per cent per annum, payable on the 10th day of February in each year, according to the conditions of a certain bond in said mortgage described, and which said mortgage was thereafter and on the 19th day of February, A. D. 1917, at nine o'clock A. M. duly recorded in the office of the Register of Deeds in and for Pennington County, Minnesota, in Book 12 of Mortgages on page 372, and,

WHEREAS, said mortgage was thereafter duly assigned by said Citizens State Bank of Thief River Falls to S. Listoe, by an instrument in writing dated February 21st, A. D. 1917, and duly recorded in the office of the Register of Deeds for said County of Pennington, Minnesota, on the 17th day of May, A. D. 1921, at 11:00 o'clock A. M. in Book 63 of Mortgages on page 322, and,

WHEREAS, default has been made in the payment of the principal sum of said mortgage and of the whole thereof and said mortgagor has neglected to pay and has not paid said principal sum of Fifteen Hundred ($1500.00) Dollars nor any part thereof, and,

WHEREAS, said mortgagor has further neglected to pay and has not paid any interest on said principal sum since the 10th day of February, A. D. 1920; and there is now claimed to be due and is actually due upon said mortgage at the date of this notice, for principal and interest, the sum of One Thousand, Seven Hundred and Thirteen and 13-100ths Dollars, and no suit or other proceeding having been instituted at law or otherwise, to recover the debt so secured by said mortgage, or any part thereof,

NOW, THEREFORE, Notice is hereby given that by virtue of a power of sale in said mortgage contained and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of said mortgaged premises and said mortgaged premises will be sold by the sheriff of said Pennington County, Minnesota, at public auction to the highest bidder for cash, at the east front door of the Courthouse in Thief River Falls, the county seat in and for said Pennington County, on Tuesday, the 14th day of November, 1922, at 10:00 o'clock in the forenoon to satisfy the amount which shall then be due on said bond and mortgage, with all legal costs and disbursements, including an attorneys fee of Seventy-five ($75.00) Dollars, stipulated in said mortgage to be paid in case of such foreclosure.

Double Wedding

Last Sunday at high noon a pretty double wedding took place when two sisters, Misses Clara and Ida Berg, daughters of Mrs. Anna Berg who resides in Rocksbury township near St. Hilaire, were united in marriage to Hjalmer Kalsnes also of Rocksbury, and Olaf Linde of Grand Forks, N. D., respectively. The event took place at the home of the brides' mother, Mrs. Anna Berg near St. Hilaire, Rev. A. F. Nelson of the Swedish Lutheran church of St. Hilaire, officiating in the presence of a few relatives and friends. Mr. and Mrs. I. H. Iverson acted as witnesses for Miss Ida and Mr. Lindee and Miss Hazel Evenson and Olaf Ness attended Miss Clara and Mr. Kalsness.

The rooms were beautifully decorated for the occasion with cut and potted flowers. Miss Ida wore a dress of crepe de chine and Miss Clara was attired in white net over pink mulle. Both brides carried pink roses.

Following the ceremony an elaborate three course dinner was served by Mrs. Berg.

Mr. and Mrs. Lindee left Monday for Grand Forks where they intend to make their future home, as Mr. Lindee is engaged as a carpenter there.

After a brief wedding trip Mr. and Mrs. Kalsness will reside at Baudette where Mr. Kalsness is doing carpenter work.

Community Club Meets

Monday evening the Community Girls had a splendid meeting in the form of a Hallowe'en party at their club rooms which had been decorated for the event in appropriate Hallowe'en suggestions. It was very well attended, there being about 80 local girls present. The main part of the program was a brief address by Mrs. L. C. Weeks of Detroit, who also spoke at the Princess theatre Tuesday evening. Mrs. Week complimented the Community Girls for their efforts put forth in the organization and urged political interest among the girls of voting age. There was also singing by Misses Lorrayne Will and Ariel Kinghorn accompanied by Pearl Weeks. One of the features of Monday's meeting was the telling of fortunes by eight ghosts. Refreshments were served. The Club is making arrangements for a bazaar some time in the near future.

The next gathering will take place Nov. 13, meetings being held every second and fourth Monday of the month.

For Mr. and Mrs. Lawrence

Mrs. Mae Rowan charmingly entertained 22 guests at a dinner and dancing party Thursday evening complimentary to Mr. and Mrs. Lester Lawrence, who will leave the first of next month for their new home at Des Moines, Iowa. An elaborate four-course dinner was served at the Cronstrom home, the table being attractively decorated in Hallowe'en colors. The hostess was assisted in serving by Misses Eva Skinner and Jewell Harvick. Following the dinner the company repaired to the American Legion club rooms where dancing was enjoyed. The guest list included: Mr. and Mrs. Lester Lawrence, honor guests; Dr. and Mrs. G. W. Booren, Mr. and Mrs. Roy Lambert, Mr. and Mrs. G. Howard Smith, Mr. and Mrs. G. W. Connell, Mr. and Mrs. W. H. Akre, Mr. and Mrs. L. A. Lampert, Mr. and Mrs. Lawrence Hermanson, Dr. and Mrs. C. Haug, Mr. and Mrs. H. W. Protzeller, and H. MacFarlane.

Klockman-Senum

Miss Hattie Klockman, daughter of Mr. and Mrs. Carl Klockman who reside near Mavie, and Gunder Senum, a farmer near Agder and son of Iver Senum, were united in marriage Oct. 11 at municipal court by Judge N. Tarrant. They were attended by Miss Mabel Weber and Tom Senum, brother of the groom. The bride was gowned in a dress of blue taffeta.

Both of the contracting parties are well known in this community having resided near Mavie for a number of years and have at various times been employed in this city. After enjoying a brief trip Mr. and Mrs. Senum settled on the Senum farm at Agder where they will make their home.

Smith—Long

Thursday, Oct. 19 at the Municipal court room, Miss Lenore B. Smith, daughter of Andrew Smith, former night policeman 413 Markley avenue south, and Earl Long, of this city, son of W. O. Long, formerly of this city but now of Waltonville, Ill., were united in marriage by Judge N. Tarrant.

Both are well known young people of Thief River Falls, having been raised here and attended the local public schools. Mr. Long has for the past few years been engaged in farming east of the city. The newlyweds will reside at present at the home of the bride's father, 413 Markley ave. south.

Hallowe'en Party

Miss Charlotte Korstad entertained a number of her friends at a Hallowe'en party Saturday evening at her home which was attractively decorated. The evening was spent in playing various games and at the close of the hours a delicious lunch was served by the hostess' mother who was assisted in serving by Mrs. E. C. Karwand. The guests were: Misses Milicent and Thora Sweger, Dorothy Shirley, Elinore Fosse, Irene Hanson, Louise Vevea, Bertha Gulligsrud, Marian Reynolds, Elaine Korstad, Ione Loken, Juanita Biddick, Lillian Johnston and Dorothy Hayne.

Cruse—Rutten

Miss Virginia Cruse, daughter of Mr. and Mrs. John Cruse, 423 State avenue north, and Ed. Rutten of Brocket, N. D., were united in marriage at Michigan City, N. D., Monday, Oct. 16.

The bride is well known to local people having lived here for some time and attending the local high school for two years. During the past year and a half she has been located at Boyon, N. D. The newlyweds will make their home at Brocket where Mr. Rutten is engaged as a barber.

Entertains Sewing Club

Tuesday evening Mrs. Ila Reynolds entertained a Sewing club of fourteen ladies, recently organized, at the Ramstad home, 606 LaBree avenue north. The club will meet Tuesday evening, Nov. 7, entertained by Mrs. L. G. Larson.

Hagberg-Sorum

Saturday, Oct. 14, at the German Lutheran parsonage Miss Mabel Hagberg of Holt became the bride of Jesse Sorum of the same village. Rev. E. H. Kreidt officiated in the presence of Miss Gladys Sorum, sister of the groom, and Oscar Knutson. The newlyweds made a brief wedding trip to Grand Forks and Arvilla, N. D. where they visited relatives and returned to Holt Monday evening. They will make their home at Arvilla where the groom has secured employment.

MARIUS WALDAL
Candidate for the Legislature

Statement of Principles:

To the Voters of the 65th Legislative District:

Owing to the great amount of work on the farm at this time of the year, I find it will be physically impossible for me to meet any considerable number of the voters, hence I shall have to depend on the public press to bring my message to the voters.

If elected to the legislature it will be my purpose to oppose all measures giving privileges to the special interests of the state, including the so-called "Constabulary Law." Giving such added political machinery into the hand of any one man is to my mind dangerous and should be defeated.

If the Rural Credits Amendment is adopted, which I earnestly hope it will; I will give my assistance to the enactment of suitable laws which will give the farmers of the state the privilege of making long-time real estate loans at the lowest possible rate of interest.

It will be my aim and purpose to vote for the repeal of the present vicious pre-primary law and to uphold in every respect the old-time primary under which the voters may express their own choice of candidates.

The departments of the state government should be combined and co-related in such manner as to effect the greatest possible saving to the tax payers, and I believe further that a the automobile tax is badly in need of revision and equalization.

All co-operative marketing measures of merit will have my aid and support; the time may not be ripe for state controlled terminal elevators and warehouses, but if such a law should be attempted it will have my vote and support.

I want to make it plain that I stand unequivocally for the agricultural interests of the state, believing that the men and women who labor have not been treated with entire fairness in the past.

Believing I can be of service to the people of this district, as well as to the state in general, I respectfully solicit the aid and support of all voters at the coming general election.

To the Voters:

It is impossible for me to interview every voter before election. Such a campaign would cost more than the salary of the office, and would mean only rich men could be elected. I appreciate the honor you gave me four years ago and have tried to represent those who elected me and be fair to all. It re-elected to the Senate, I shall work and vote against any increases in salaries and for economy in all departments so as to lessen our tax burden. I will support all progressive laws and especially do I favor an increase in the Tonnage Tax rate, the Guaranty of Bank Deposits, better co-operative marketing laws, a state Cement Mill, State loans to farmers at cost, and am opposed to a State Constabulary and capital punishment, and for the repeal of the Pre-primary law and the Brooks-Coleman law, and pledge myself to work and vote for every measure favorable to the farmers and laborers.

Respectfully,

O. A. NAPLIN

3 YOUNGSTERS ENTER PETS AT JUNIOR EXHIBIT

Wallace Benson, Helen Satre and Virgil Denhart Will Complete at State Show

Annual Event Regarded as of Great Importance to Future of Agriculture

Governor and Other Prominent Officials Will Be Present and Give Talks

Three boys and girls of Pennington county are impatiently waiting for the long days to pass between now and November 15th, which is the opening day of the Fifth Annual Junior Livestock Show to be held at South St. Paul. These young people, as champions of this county in juvenile cattle, pig and sheep breeding and feeding, have entered their pets in the Junior Livestock Show.

Going to the show from this county are:

Wallace Benson of Thief River Falls with his Shropshire Lamb, Helen Satre of Thief River Falls with her Grade Shropshire Lamb, and Virgil O. Denhart of Hazel with his Grade Shropshire lamb.

The Junior Livestock Show is the windup of the year's club work when the boys and girls from all over the state, whose calves and pigs and sheep have won prizes in their own county shows, come together and contest for the state honors.

The first day of the show, Wednesday the 15th, will be given over to final preparation of the animals for the show ring. They will be groomed and "prettied" up to the last degree. On Thursday the judging will take place and following that, in the evening, the young folks will be banqueted and entertained at the St. Paul Athletic Club as guests of the St. Paul Association. Gov. Preus has been asked to present the trophies won in the show, in addition to making a talk. Prominent men and officials of the Twin Cities will be present to do honor to the boys and girls, who, by their good work at home, won the right to enter the state show.

On Friday the beef calves, pigs and sheep will be sold at public auction, and then the young folks will be sent home with the proceeds in their pockets. Last year, a 15-year-old girl had the grand champion steer, and the cash prizes won and the sale of the steer amounted to almost $600.

Thoughtful people regard the Junior Livestock Show as one of the big forces for agricultural betterment in the State of Minnesota. The motive underlying the promotion of livestock raising among junior farmers is two fold: first, to teach the young folks the value of improved livestock, their care and management; second, that the youngsters may serve as an inspiration to their elders.

It means something in the future welfare of the state when several thousand boys and girls each year are laying the foundations of careers as successful farmers, as they are in club work. As we older people look back over our own lives we can appreciate what it would have meant had some such lesson been implanted into us during our early youth. We are told and verily believe that what this state needs is more good livestock that will consume the roughages and grains produced in a system of diversified farming and convert these feeds into beef and pork and wool and milk cheaply and quickly. Given a knowledge of feeding and management and good livestock to work with, you have the ingredients of success and profit in farming. This, briefly, is the lesson that the Junior Livestock Show is undertaking to teach. The people of this state will do well to foster this growing institution by manifesting a sympathetic interest in the work of the boys and girls.

AMENDMENT NO. 1 WILL SAVE STATE MILLIONS YEARLY

Voters Reminded Blank Amendment Ballots Will Be Counted Against Proposal

A state rural credits plan such as adoption of Amendment No. 1 will make posible, will save to Minnesota millions of dollars every year that now are being paid into coffers of insurance companies and others supplying farmers with long time loans, according to J. F. Reed, chairman of the Farmers' Special committee that has sponsored the campaign in favor of the amendment.

"The normal farm mortgage business in Minnesota is about $250,000,000," says Mr. Reed. "Of this total, about 10 per cent or $25,000,000, is being handled by the Federal Land bank. A recent Farm Bureau survey shows the average interest on long time loans in Minnesota, on a county unit basis, to be 7 per cent. The highest rate charged is 10 and the lowest 5½ per cent, this low rate being found only in our older counties and where the federal system has been functioning.

"Assuming that the Federal Land bank will continue to function as well as it has and that in time it will be able to take over half the mortgage business of the state, and assuming that the proposed state system will be able to take over the other half of the business—and that position is eminently fair to all concerned—passage of Amendment No. 1 will have the effect of reducing the present average interest rate from 7 to at least 5½ per cent. It should go lower. On $115,000,000—half of the farm mortgage business in the state not now handled by the Land Bank—the saving would be $1,750,000 every year."

On behalf of the Farmers' committee on the amendment, Mr. Reed this week issued a general appeal to the public to support the amendment solidly.

"All parties are for it," he says, "All candidates for governor are for it. It has no organized opposition. Those few who fear its operation are not openly opposing it because they feel confident it will not obtain the necessary majority of voters voting in the election. It will, if those most concerned are indifferent on election day.

"Don't forget, if you fail to vote on the Amendment, your blank ballot counts against it just as effectively as does one that is plainly marked "No". Farmers have asked for a state system for years. Tuesday is the day that says whether they are going to have it.

"DON'T LET GEORGE DO IT!" Be sure you get a pink ballot. Vote yes."

Campaigning in Carlton County

G. H. Harner, science teacher at the local high school, left Friday for Cloquet in the interest of his candidacy for county superintendent of schools of Carlton county. He is expected to return some time next week.

MOGENSEN STOCK WILL BE OFFERED AT BIG REDUCTION

Will Turn Into Cash Clothing Line Purchased by Merchant at Creditor's Sale

The E. O. Mogenson Clothing store, which has been closed for some time pending an adjustment of the proprietor's affairs, will be reopened in a few days with Mr. Mogenson in charge as usual. This enterprising merchant was caught in the general deflation process, as was the case with thousands of others, and this fall found himself so severely pressed by creditors that he was forced to suspend while an adjustment was reached. The fine stock was put up at auction in Minneapolis last Saturday and represented by Mr. Mogensen at a price which will permit him to throw the wares on the market at an astonishingly low figure.

It is Mr. Mogensen's intention to clean out the present stock entirely in order to resume his former business position in a short time with an entirely new line.

The Mogensen store is one of the best-known business institutions in Northwestern Minnesota and the line carried is of exceptional quality. Announcement that this stock is to be thrown on the market at a sensational reduction is bound to create a good deal of interest among buyers, particularly as it comes at a time when everyone is stocking up for the winter.

It should be remembered that this is no broken line of odds and ends, but a stock carried to supply the regular trade of this section.

Watch for announcement of opening date in The Times next week and be prepared to take advantage of the greatest bargain opportunity in clothing, shoes, and gent's furnishings ever staged in this neighborhood.

Annual Poultry Exhibit Set for Dec. 12, 13 and 14

Secretary J. J. McCann of the Pennington County Poultry association, announces that the annual show will this year be held on Dec. 12, 13 and 14, at the auditorium in this city. Members of the association and exhibitors generally have been notified and to judge from the interest thus early evinced the show will be a hummer.

The annual exhibition of Pennington county fanciers has been pronounced by judges to be one of the best in the entire state, the entries running to nearly 800 in favorable years. The aim this year is to bring the total up to 1,000, which will make it the largest county show in Minnesota.

Preparations for taking care of a greater number of exhibits than ever are going forward. If possible, all entries will be housed in wire coops as this gives a much better opportunity for display as well as taking up a minimum amount of room.

The "chicken show" is one of the big events of the early winter season in this city and one in which a great deal of interest is taken, not only by local people but by many residing at a distance as well.

Stockholders to Discuss Plans for New Creamery

There will be a special meeting of stockholders of the Thief River Falls Creamery association on Nov. 18, at which time plans and specifications for the new creamery will be on hand for consideration. The officers have gone as far as they can with the project and it is now up to the stockholders to say whether or not they are prepared to go ahead with the enterprise.

"Fool's Paradise"

That the art of Cecil B. De Mille, famous Paramount producer, is still in progress of expansion, will be demonstrated with signal force when his latest production, "Fool's Paradise," is shown at the Lyceum on Sunday and Monday.

This is a magnificent picture and it may be maintained that it is one of the best he has thus far presented to an admiring motion picture public.

The theme, as handled by Beulah Marie Dix and Sada Cowan, and suggested by Leonard Merrick's notable story, "The Laurels and the Lady," is one of absorbing appeal while the production in point of direction, setting and acting is as far above the average motion picture as the tropical sun is different from the Arctic moon. It is a succession of surprises, dramatic moments that grow in intensity as they follow each other on the screen, and the character portrayals are gems of mimetic art.

The story deals with the love of an American soldier for a French dancer who later meets an American girl in a Mexican cantina whose love he spurns. Through blindness which later comes to him because of a silly act on the part of the latter girl, he marries her in the belief that she is the French girl. He recovers his sight, annuls the marriage and in his search for the French girl is lead to Siam where she proves her worthlessness and forces him to seek his former wife with whom he finds happiness. Dorothy Dalton is the American dancer, Mildred Harris the French girl, and Conrad Nagel leading man. Important roles are in the capable hands of Theodore Kosloff, John Davidson and Julia Faye.

Ford Car Gets Worst of It

Among the auto smashups of the past week was one which occurred last Friday night when a Mr. Skomedahl residing near the city, who drove a Chevrolet, smashed into a Ford driven by Oscar Severe accompanied by Grover Shanons and Pete Parenteau, all of whom live west of Thief River Falls. The last named is of this city but is employed on the Shanon farm.

The collision took place on the Jefferson highway about five miles west of here, the cause being laid to blinding lights. The Ford was hit on the side as it was turning out and received the worst treatment of the two, three wheels, fender, and other parts being completely destroyed. It is said to have tipped over but fortunatly none of the three occupants were seriously injured, sustaining only a few scratches and bruises. The Chevrolet was also slightly damaged.

Among those who witnessed the football game between St. Thomas college and University of North Dakota at Grand Forks Saturday were Mr. and Mrs. Roy Lambert, Mr. and Mrs. L. H. Lawrence, Mr. and Mrs. L. G. Larson, Mr. and Mrs. W. H. Frederick, W. Akre, L. A. Lampert, Al Cohn and H. M. MacFarlane.

LARGE DELEGATION ATTENDS SHOW AT GRYGLA SATURDAY

Stock Exhibit by Boys' and Girls' Club Members Best Held in That Region

A company of Thief River Falls citizens in about fifteen cars invaded Grygla last Saturday when they motored out to that village to take part in what was supposed to be Market Day. However, it proved to be a sheep and calf contest which was of equal interest to the visitors. The exhibition of sheep was particularly worthy of notice, there being many very fine specimens and several prizes were awarded, the judging being in charge of County Agent J. J. McCann.

The visitors, a number of whom were band members and were accompanied by their favorite instruments, not only visited the village but also the country district near Grygla and they were convinced that the land in that section is of the best quality to be found in the state. The whole party went out to the farm of Jake Cuno who has an uptodate place and a herd of pure bred Holsteins.

Thruout their stay in the village the locals were treated royally which was evidenced by the complete satisfaction everybody expressed in regard to the journey, and that they believe Grygla women can cook, was clearly shown by the way they all partook in the dinner given in honor of the Pennington county guests.

The lamb exhibition was particularly worthy of notice. Twenty-three head were shown and all of the very best quality. First prize in this division went to Olive Willand, second to Ethel Sparby and third to Wesley Sheldrew, all of whom will get a free trip to the junior livestock show at South St. Paul on Nov. 17, 18 and 19.

There were five entries in the calf exhibit, all of them good, the improvement over the stock exhibited in previous years being most marked. A great deal of interest in the work of boys' and girls' clubs is taken by the people residing in the Grygla neighborhood and this is reflected in the fine exhibits.

Among the Thief River Falls people making the trip were E. K. Ansen, J. S. Arneson, Dr. C. M. Adkins, Kermit Anderson, Gunder Ankhus, Math Barzen, H. A. Brumund, Mr. and Mrs. Nels Christiansen, Carl Christofferson, W. H. DuParcq, Mr. and Mrs. M. V. Evenson, Perry Froseth, L. A. Hermanson, F. H. Herrick, L. R. Johnston, C. H. Jung, Geo. C. Loken, L. H. Larson, J. J. McCann, T. L. Melgaard, Mr. and Mrs. F. C. Niclat, Olaf Neset and family, Kern Olson, P. G. Pederson, Theo. Quale and family, Mr. and Mrs. F. J. Stebbins and daughter, Esther, H. S. Snyder, and C. W. Vorachek.

Organized Labor Endorses J. M. Bishop for Judgeship

An important boost was given the candidacy of Judge J. M. Bishop for the district judgeship last Sunday when the Central Labor Union of Thief River Falls, formally tendered him its endorsement. A resolution, the publication of which is authorized by the officers of the union, reads as follows:

"At a meeting of the Central Labor Union held in Thief River Falls Sunday, October 29, 1922, it was regularly moved seconded and carried that Mr. J. M. Bishop be endorsed as candidate for District Judge of the 14th Judicial District."—J. E. Nelson, Acting Secretary.

MEETING AND SUPPER BY MERCHANTS ASSOCIATION

A special meeting of the Thief River Falls Merchants association will be held at the club rooms on Friday evening. Among the subjects of discussion will be the Armistice Day closing regulations and a general going-over of plans and activities for the winter months.

All members are urged to be present.

TUESDAY NEXT ENDS SUSPENSE OF CANDIDATES

Vanquished as Well as Victor Will Sigh With Relief When It is All Over With

Greatest Interest Centers in Outcome of Contest for United States Senator

State Senate Result in This District Also Offers Rather Interesting Problem

Before The Times again reaches its readers the people of Minnesota will have decided who are to be in charge of their affairs for the next two years while all counties will have chosen their officials for a period twice as long.

So far as the state is concerned, the greatest interest centers in the senatorial fight. Frank B. Kellogg, present incumbent and Republican nominee, would under ordinary circumstances be assured of re-election, but as things stand, this is not so very certain. Dr. Henrik Shipstead, the nominee of the Farmer-Labor party, is causing the G. O. P. managers considerable concern as it is evident that he will poll a tremendous vote. In the farming regions he is liable to go over strong and as the labor vote of the larger cities also seems pretty well centered on him, his position is not to be lightly viewed. Mrs. Anna D. Oleson, Democratic nominee, is conceded no better than third place by those in a position to know, although she is admittedly a woman possessed of both brains and energy. Were she a candidate for any lesser position her election would be much more probable, but indications are that the men voters of the party cannot be kept in line for her. Should any considerable part of this vote go to Shipstead it would make Kellogg's election still more uncertain.

No Doubt of State Result

No one seriously doubts that Governor Preus will succeed himself and it is even claimed that his majority will be larger than two years ago. Magnus Johnson, Farmer-Labor candidate, is conceded second place with Edward Indrehus, who perhaps deserves better treatment, bringing up the rear.

Of the rest of the state ticket there is no doubt. Louis L. Collins, lieutenant governor; Mike Holm, secretary of state; R. P. Chase, state auditor Henry Rines, treasurer; Clifford L. Hilton, attorney general; Ivan Bowen, railroad and warehouse commissioner and Grace F. Kaercher, clerk of supreme court, are certain to go over, although it is figured that VanLear will make a strong run for the last-named place.

For justice of the supreme court, the election of James H. Quinn as his own successor seems most likely, although William A. Anderson, running with Farmer-Labor endorsement will admittedly poll a heavy vote.

Halvor Steenerson will no doubt be returned to congress from the Ninth district. He has been there so long that people have gotten into the habit of voting for him and will no doubt continue to do so in sufficient numbers.

Judgeship Contest Interesting

There are four candidates for two places to be filled on the district bench. The present incumbents—William Watts of Crookston, and Andrew Grindeland of Warren, are up for re-election and are opposed by J. M. Bishop and G. Halvorson of Thief River Falls. The re-election of Judge Watts is conceded, while indications are that Judge Grindeland will have a more serious time retaining his seat. Judge Bishop and Mr. Halvorson have both conducted spirited campaigns and as there is a widespread feeling that it would be much more convenient to have district court chambers located in Thief River Falls than at Warren, there is considerable more than a likelihood that one of the candidates hailing from this city may be chosen.

For State Senator

No one can foretell who will represent the 65th district in the state senate during the next four years. The present incumbent, O. A. Naplin, is being opposed by C. L. Hansen. Both candidates are from Thief River Falls and much depends upon how the vote of this city goes. A rather spirited campaign for this office has been conducted and has provided about the only excitement to be had out of the fracas. Both men's supporters claim that the success of their candidate is certain, which goes to show that it is nothing of the kind.

There are three candidates for the two places in the lower house of the legislature. W. E. Day, of Clearwater county, present incumbent, is almost certain to be returned, while the outcome between Marius Waldal and Nels Fore, both of Red Lake county, is somewhat in doubt. Waldal has covered the district pretty well and would seem to have an edge on his opponent, although the latter has the backing of the Farmer-Labor contingent.

In the County

As a general thing the result in the county is a foregone conclusion. Auditor T. P. Anderson, Sheriff W. J. LaBree, Treasurer John Gullingsrud, County Attorney Theo. Quale and Coroner H. W. Froehlich look like certain winners, while the chances seem to favor N. J. Anderson, veteran register of deeds, and Geo. M. Gunderson, superintendent of schools. An opponent of the present auditor, Thos. H. Bjerke of North township, has developed considerable strength and the same may be said of Nick Bundhund for treasurer. It is not figured that the present incumbents are in any danger, however. An energetic young man, Fred D. Lorentson, is opposing the present register of deeds, while Ole R. Sande, an ex-service man, has conducted a lively campaign for the school superintend'n job. Ole L. Ihle, primary nominee with W. J. LaBree for sheriff, has a large number of friends, particularly in the city, but his chances are not deemed of the best, particularly as LaBree has a long period of highly satisfactory service to point to and is personally acquainted with a larger number of people than any other man in the county.

Theo. Quale was left alone in the field for county attorney by the death a short time ago of his chief opponent, E. M. Stanton. This last event made Howard Smith the nominee under the law, but the short time in which he had to work made anything in the nature of a telling campaign impossible.

Dr. H. W. Froehlich, present coroner, is looked upon as a certain winner, although neither he nor his opponent, H. M. Hicks, have made any effort to secure the post.

The County Commissioners

Three districts in the county elect commissioners on Tuesday—the First, Third and Fifth. In the First A. W. Hanson is a candidate to succeed himself, being opposed by H. I. Finstad as the other primary nominee. Elev Aakre has announced that he will try to gain the place by the sticker route. In the Third, Emil Larson and J. V. Patton are the nominees, while in the Fifth the voters are given their choice of Carl G. Olson and J. R. Larson.

Breaks Arm While Playing

Edward Jardine, the young son of Mr. and Mrs. A. W. Jardine, had the misfortune last Sunday of breaking his arm below the elbow while playing football with a group of other youngsters. Both bones were broken but the lad is getting along well at present and will in time regain the full strength of the limb.

HEAR ADDRESS BY STATE PRESIDENT OF WOMAN'S CLUBS

Mrs. Rounds of St. Paul, Speaks Before Parent-Teachers Association on Co-operation

Co-operation between the parents and teachers was the subject of the address given by Mrs. J. E. Rounds of St. Paul, president of the Federated Woman's clubs, at the first meeting of the Parents-Teachers association held at the auditorium of the high school on Monday evening. Mrs. Round's talk was well received by a large audience, the auditorium being filled. She is a splendid speaker and had many suggestions to offer as to how the organization may accomplish a great deal if everyone pulls together. She said teachers are professional people just as much as doctors and lawyers and people should go to them for advice in respect to affairs relative to a child's education. She also advised parents to consider the problem of providing desirable places of recreation for the young people.

Pleasing musical numbers by the Girls Glee club and a Ladies' Sextette concluded the program at the close of which refreshments in charge of Mrs. A. Craik were served by the association. Mrs. H. W. Froehlich, president of the organization, presided at the meeting.

The next meeting will be held Nov. 27 and a good showing is expected. Fifty new members have joined the ranks already this season.

Wreck on Great Northern Fireman Riddell Injured

L. C. Riddell of Crookston, fireman on Great Northern train No. 133, the Warroad local, was injured when the passenger crashed through a switch at the tower house one mile southeast of Crookston on Tuesday evening. The engineer, Matt Milligan was uninjured and none of the passengers were hurt.

The train was late and running about 50 miles an hour in an attempt to make up time when the wreck occurred. Engineer Milligan was watching the signal of a freight train which was ahead and had dropped a fuse, thereby failing to see that the block signal was set against him, giving a Northern Pacific train which was also late, the right-of-way.

Milligan saw the signal when his engine was 25 feet from the switch, it was reported, but because of the speed at which the train was traveling it was impossible to avoid the accident.

The fact that all cars remained upright is believed to have averted a tragedy in which many might have been killed or seriously injured. The passengers were severely shaken up by the sudden application of the brakes and the derailment but none was reported injured.

Ford Car Turns Turtle In Smashup; No One Hurt

Pete Braznay and Duffy Skramstad, both driving Fords, collided in the turn on Dewey avenue and the highway last Friday morning as one was coming from the round house while the other was turning towards it. The Braznay car was hit on the side and is said to have rolled over three times but the driver received only minor scratches altho the machine was damaged to the extent of two broken wheels, broken windshield and fenders and various other breaks and bends. The other machine was also somewhat bungled up in the clash. It seems to have been only miraculous luck that saved the lives of the two drivers as the cars, according to reports, were going at a dangerously high speed when the crash occurred. Both victims of smashup are employed at the round house.

Mickel Johnson

Mickel Johnson, aged 67, died at his home in Excel township, Marshall county, Wednesday, Oct. 25, the cause of his death being diabetes. Deceased was a native of Norway but came to this country when only 5 years of age. He resided at the place where he passed away for a period of about 29 years and was one of the pioneer farmers of that section. Mr. Johnson was a widower. The funeral took place Saturday at the Silver Creek cemetery.

Attended Funeral of Cousin

Superintendent of Schools George Gundersen accompanied by Ole Holmen of Mavie returned Tuesday evening from Reynolds, N. D. where they were called to attend the funeral of the former's cousin, Henry Hogenson, who died as a result of heart trouble at the early age of 35 years. Deceased was a member of the Masonic lodge and funeral services were in the charge of that organization. Mr. Gunderson made the trip by car and also visited with other relatives in the vicinity of Reynolds.

DOC KIRBY BACK AT FORMER STAND; PATIENTS COMING

Famous Healer Returns to Pennington County After Spending Over Year in Dakota

Samuel R. Kirby, famous over a large section of country as the man who makes cures by methods all his own, returned this week to Thief River Falls after having resided for the past year and a half at Northwood, N. D., where he conducted a hospital in connection with his practice. Mr. Kirby, who owns a fine place just east of the city, which will again be his headquarters, left here about 18 months ago to take up his residence in the North Dakota town. He says that his patients found the new location much more inconvenient because of poorer rail connections and he has for some time contemplated returning here. His place has been undergoing improvements and repairs during the summer and is now in much better shape for the accomodation of his patients than when he left.

"Dr." Kirby, as he is generally known, has a large following, people coming from long distances to be treated by him. Attempts have been made both in Minnesota and Dakota to compel him to stop practicing, but he maintains that his business is strictly within the law and has been able to prove it.

At the time of his departure many of the leading business men of Thief River Falls urged him to remain, but his arrangements had already been made and he was unable to comply. He was responsible for bringing to the city hundreds of people every week, the number increasing as his reputation spread. Already they are beginning to come and it is practically certain that he will soon have even more than in former times as his fame as a "healer" has spread over a much larger territory.

Plummer Man Hurt When Saw Rig Goes Off Bridge

John Pokola, a farmer east of Plummer in the vicinity of Garnes, narrowly escaped fatal injuries last Saturday when he was riding on a saw rig which went down off from a bridge into a ditch about five feet in depth, with the result that he suffered a broken leg near the ankle. Mr. Pokola was sitting on the machine when he entered upon the bridge and the pole breaking caused it to swing over and turn into the ditch. He was rendered partly unconscious by the fall and his leg was fractured by being struck with considerable force by a part of the turned over machine. There were people near by who picked him up immediately and rushed him to the Physicians hospital here. The broken bones were set and the unfortunate victim will not suffer any serious permanent injury, altho the ankle may become rather stiff.

Hear LaFollette At Grand Forks

Olaf Neset, Thor Rynestad, Gunder Ankhus, Soren Bergland and Gunder Olson motored to Grand Forks Tuesday afternoon to hear Bob LaFollette who spoke there in the evening. The armory was so crowded that many could not get in and others secured sitting or standing places regardless of lack of comfort. The fighting senator was greeted by an interested and attentive audience, and spoke in favor of, Lynn Frazier, North Dakota candidate for United States senator. LaFollette is stumping the state of Minnesota in behalf of Henrik Shipstead and other Farmer-Labor candidates.

Kicked by Drunken Man Leg Broken Below Knee

Louis Bergeron, a young man from Oklee, was brought to the local hospital Friday, having sustained a completely broken leg below the knee as the result of a graple with another young man at a dance at Oklee on Thursday evening. The other fellow being intoxicated Mr. Bergeron tried to quieten him down a little but was met with resistance. He was grabbed by the drunk man who began wrestling with him and in addition kicked him in the leg, breaking both bones. Bergeron was not brought to the hospital here before the next day but is now recovering rapidly and will be able to return within a short time. Bergeron is farming near Oklee.

YOUNG HUNTER FOUND DEAD IN VIKING WOODS

Arthur Gustafson Believed to be Victim of Accident Occurring Last Friday

Wounds in Peculiar Position But Nothing Discovered Pointing to Foul Play

Shot Through Back of Head and Body Found on Pile of Stone With Gun Near By

Arthur Gustafson, aged 21, for the past three years employed on the bridge crew of the Soo line, accidentally killed himself last Friday while out hunting on the farm of his aunt, Mrs. Gunder Johnson, eight miles northwest of Viking. The young man was found dead on a pile of rocks with a shot gun nearby and shotgun wounds in the back of his head.

Early Friday morning, about 7 o'clock, Gustafson left the house without saying where he was going, Mrs. Johnson thinking that he went to do chores. Failing to return within a reasonable time caused his aunt to become suspicious and when she discovered that the gun was gone she knew that he must be out hunting. Neighbors joined the searching party which was started in the forenoon and a search was made of the farm but it was not until about two o'clock that the remains were found.

The shooting is believed to have been accidental as there were no signs of him having taken his own life, nor had $55 in cash and $100 in checks, which he had on his person, been taken, which makes it evident that he had not been killed by anyone for the purpose of getting into possession of his money.

The unfortunate young man had taken a ninety-day layoff from the bridge crew to assist Mrs. Johnson, whose husband died this fall and since then had been operating his aunt's farm. The only immediate relative to survive is his father, David Gustafson, also employed by the Soo railroad. His mother died several years ago. He was also a cousin of Mrs. Omer Williams.

Funeral services were held at Viking at the L. Hanson home on Sunday afternoon.

Young Man Pleads Guilty To Defrauding Employers

E. J. McCannel, representative of the Apex Electrical Distributing company caused the arrest of R. G. Wright, salesman for the same company and who was brought back here from St. Paul last week by Sheriff LaBree, on charges of having defrauded the concern of $50 which he had collected from Mrs. S. L. Anstad. Wright appeared in Municipal court before Judge Tarrant Monday but waived preliminary examination. He was taken before Judge Watts of Crookston the same day before whom he pleaded guilty and was sentenced to an indeterminate term of from one to five years at St. Cloud but was put on probation pending good behavior.

Former Merchant Leaves

L. L. Cohn, who conducted the Palace Clothing Store which was destroyed by fire recently, left Monday night for St. Paul where the Cohn family will make their home. Mrs. Cohn and child departed some time ago while Mr. Cohn has spent the past few weeks getting rid of his remaining merchandise and attending to various business matters. He has not as yet made definite plans for the future.

ASSIST SALVATION ARMY IN MAKING DRIVE FOR FUNDS

Committees Named to Have Charge of Raising Money to Continue Work Here

A drive for raising $2,700 in Pennington county for the maintenance of Salvation Army corps has been launched and will be opened next Sunday, Nov. 12, and will continue for one week.

The advisory board met this week and made plans for conducting the campaign for obtaining the aid necessary for the partial upkeep of the army in this city, which is the corps center for this northern section. Committees will be selected in each ward, village and township to have charge of the drive and it is expected that the public will respond in the proper spirit and subscribe their full quota. It should be remembered that the amount given is a donation for 365 days service of the army.

The board, which has been serving for three years, is composed of Attorney Theo. Quale, chairman; Postmaster John Morgan; County Auditor T. P. Anderson; W. W. Prichard Jr., Dave Gustafson and Judge N. W. Tarrant. The committee from the Elks which was selected to confer with the army consists of J. S. Arneson, W. J. Brown and L. R. Johnston. Those who represent the Commercial club are Nels Christainson, H. C. Jung and J. S. Arneson. With these men at the head and the co-operation and good will of the public, there should be no doubt as to the success of this financial drive. Those in charge will make it a point to reach everybody in the county.

Barnett-Fevig

A quiet wedding of interest to a large number of friends of the contracting parties took place Saturday afternoon, Oct. 28, at the home of Mr and Mrs. J. S. Barnett, 709 Labree avenue north, when their daughter, Jessie Alto, was united in marriage to Leonard O. Fevig of Detroit. Rev. Chas. Gerlinger of the Presbyterian church officiated at the ceremony in the presence of immediate relatives of the couple. The bride was attired in a dress of white canton crepe. Following the ceremony a wedding dinner was served by the bride's mother. Out of town guests were Miss Minnie Fevig, sister of the groom, and Mrs. Geo. V. Fevig, a sister-in-law, both of Moorhead.

The bride is one of the popular young ladies of the city and is well and favorably known to local people. She is an accomplished pianist and has taken an extensive part in musical activities at various occasions. Miss Barnett was educated in the Thief River Falls schools and was graduated from the local high school with the class of '20. Since her graduation she has been employed as commercial clerk in the local office of the Northwestern Bell Telephone company. Mr. Fevig is the son of Geo. L. Fevig of Moorhead and was for some time salesman for the Standard Oil company with headquarters here until in August when he was transferred to Detroit where he is now located. During his stay here Mr. Fevig made a large number of friends who unite in extending to the newlyweds their best wishes.

Mr. and Mrs. Fevig left the same day on a brief honeymoon which they spent at Detroit, Fargo and various points in North Dakota. They will reside at Detroit for which place they expect to leave shortly to make their new home.

Mrs. Rounds Speaks

Following the regular business meeting of the Women's club Monday afternoon, a Hallowe'en party was given complimentary to Mrs. J. E. Rounds of St. Paul, state president of the Federated Woman's clubs. The walls of clubrooms had been beautifully adorned with Hallowe'en colors and suggestions and were very attractive. The main part of the afternoon's program was the splendid address given by Mrs. Rounds, who is a very pleasing speaker. She discussed the various phases of club work and encouraged the members in their efforts to be of social assistance. Well received musical numbers were rendered by Miss Doris Halvorson and R. M. Sheldon on the piano and community singing led by Miss Maude Johnson and a number of H. S. Glee club girls accompanied by Miss Halvorson. Following the program fine refreshments were served by a committee consisting of Mesdames F. J. Stebbins, Ila Reynolds, G. W. Booren, M. P. Rapacz, O. G. Storholm and Mrs. Esther Stebbins. It was estimated that about 150 people were served.

Delegations from the St. Hilaire, Greenbush and Middle River clubs were invited guests and the leader of each was called upon to discuss the activities of their respective club.

Mr. and Mrs. Nelson Entertain

On Thursday evening Mr. and Mrs. H. E. Nelson delightfully entertained a company of friends at a Hallowe'en party at their home, 703 Main avenue north. The rooms were prettily festooned in Hallowe'en colors and appointments. The hours were enjoyed in dancing, playing games and cards, progressive whist being played at three tables. Mrs. H. J. Rustad won high honors among the women and Bernard Sundahl among the men. Very delicious refreshments were served at about midnight. The guests were Mr. and Mrs. Archie Dahl, Mrs. H. J. Rustad and sons, Ivan and Eugene, Misses Alyce Berg, Hilda Hammarsten, Olga and Laura Lund, Olive Olson; Messrs. B. H. Dickey, Bart Wangenstein, Bernard Sundahl and Vincent Berry.

Entertain At Bridge

Mr. and Mrs. W. H. Akre and Mr. and Mrs. Roy Lambert shared honors last evening at a party given at the former's home in honor of Mr. and Mrs. L. H. Lawrence who expect to leave for their new home at Des Moines, Iowa about the 15th of this month. Bridge was played at four tables. Hallowe'en suggestions formed the decorations. The guest list included: Mr. and Mrs. L. H. Lawrence, honor guests, Mr. and Mrs. H. W. Protzeller, Dr. and Mrs. G. W. Booren, Mr. and Mrs. G. W. Connel, Mr. and Mrs. G. Howard Smith, Dr. and Mrs. C. M. Haug, Mr. and Mrs. L. A. Lambert, Mr. and Mrs. E. O. Mogensen, Mr. and Mrs. Albert Lonson, Mrs. Mae Rowan and Dr. M. Geo. Milan.

Entertain Many Friends

Little William Froehlich and Richard Mabey very delightfully entertained at a Hallowe'en party given Tuesday evening at the home of Dr. and Mrs. H. W. Froehlich, which was appropriately decorated for the occasion in the various Hallowe'en suggestions. A black witch and cat was one of the features of the entertainment which also included other stunts and a radio concert especially arranged for Hallowe'en by the broadcasting station at Kansas City, Mo. Light refreshments were served by Mrs. Froehlich and Mrs. Mabey. The guests numbered about thirty boys and girls.

Anderson-Helgeson

Tuesday, Oct. 31, at the Trinity Lutheran parsonage occurred the marriage of Miss Hannah Anderson to Helmer Helgeson both of this city. Rev. T. E. Sweger officiated in the presence of Miss Clara A. Anderson, sister of the bride, and Arthur H. Helgeson, brother of the groom. The couple is well known in this city, the bride being employed at the sanatorium while Mr. Helgeson is mail-carrier on one of the rural routes. The newlyweds left the same day on a brief wedding trip and when they return will reside at 212 Conley ave. south.

Entertains Friends

On Friday evening, Oct. 27, Miss Mildred Favrow entertained a number of her friends at a Hallowe'en party at her home, 518 Main Ave. N. The evening was spent in games and dancing. At 12 o'clock a delicious lunch was served by Mrs. Favrow, assisted by Mrs. Frank Fisher.

Those present were: Misses Marie Veven, Nellie Boerger, Florence Stageberg and Bessie Elofson; Messrs William LaFave, Arthur Conklin, Roy Favrow, Philmore Selvag and Roy Langevin.

M. E. Ladies Aid

The Methodist Ladies Aid in the church on Wednesday, Nov. 8, by Mrs. Chas. Alexander, Mrs. R. G. Cook, Mrs. Knute Swanson and Mrs. C. R. Whiting. All are invited to attend.

Rev. and Mrs. Kreidt Surprised

On Friday evening the congregation of St. John's Lutheran church assembled in the church parlors and pleasantly surprised their pastor and his wife, Rev. and Mrs. E. H. Kreidt. A social time was enjoyed and a fine lunch was served by the Ladies Aid. They were presented with a neat sum of money as a memento of the occasion.

Hallowe'en Party

Among the Hallowe'en parties of the week was one by Miss Lucille McKuschy Tuesday evening when she entertained ten of her friends at the home of her aunt, Mrs. Morris LaSell. The evening was pleasantly spent at games and music and at the close of the hours delicious refreshments were served by Mrs. LaSell.

Birthday Party

Maynard Aure pleasantly entertained a company of little friends at his home, 416 Main avenue north on Thursday afternoon, the event being the celebration of his 13th birthday anniversary. Various games were played after which a fine two-course luncheon was served by Mrs. J. C. Aure. Those included were Marvin and Garfield Benson, Eddie Kiland, Eugene Richter, Charles Frissel, Wendell Sether, Jerome Hillard, Clifford Wikel and Edward Jardine.

Trinity Y. P. S.

On Thursday evening, Nov. 9, the Young Peoples society of the Trinity Lutheran church will be entertained in the church parlors by Mrs. Jack Nelson, Mrs. C. J. Sjoberg and Mrs. C. M. Carlson. Everybody invited to attend. Lunch will be served.

The program will include a vocal solo by Dr. J. N. Nesse, piano solo by Miss Mildred Engen and reading by Mrs. Oscar Mellby.

Entertains S. S. Children

On Saturday afternoon Mrs. H. Roemhildt entertained a group of thirty Sunday School children at a luncheon party given in the basement of St. John's Lutheran church. The children enjoyed the afternoon in playing various games.

Stopple-Fort

Thursday, Oct. 26, a marriage license was granted to Miss Laura Stopple, formerly of this city and Charles S. Fort of Minneapolis. Miss Stopple was formerly connected with the Dalquist Millinery but during the past year she has made her home in Minneapolis.

Dr. Milan Returns

Dr. M. Geo. Milan returned the latter part of the week from various points in the east where he spent the past couple of weeks. During his absence he attended a medical convention in Chicago and also spent some time in Boston and New York.

Candidate for the office of County Attorney

My Platform

I believe that the business of the County requires the same rigid economy that yours and my private business requires today.

I am not a politician, have no axes to grind and would consider my duty as County Attorney to be to carry out your wishes and not my own.

I believe that the office of County Attorney is for the use of the people generally and not to be used to settle private grievances or further individual ambition.

I believe that the prosperity of this County depends entirely on the prosperity of the farmer and will back any possible effort to bring prosperity to the County.

WOOL SALES AGENCY CONFERENCE CALLED

Meeting Under Auspices of Farm Bureau to be Held In St. Paul

Minnesota wool growers are asked to attend a meeting to be held in St. Paul, Wednesday, Nov. 15, under Farm Bureau auspices, for the purpose of perfecting a state association. The object of the organization will be to improve the quality of Minnesota wool, give growers a better understanding of grades and the market demands and to foster a state-wide pool. The meeting has been called by J. F. Reed, president of the Minnesota Farm Bureau Federation.

"Every grower who is interested in forming a state wide pool on a permanent basis should attend," says Mr. Reed. "Prices received from wool pooled this year have been very satisfactory to all who took advantage of this economically sound method of marketing. Those who did not pool shared in the advantages, because they obtained far better prices locally than would have prevailed had the wool pool not existed.

"This county produces less than 75% of wool consumed, and the producer should and must have his own marketing organization."

Farmers who pooled wool this year received 5 to 8 cents more than they would have obtained, had they sold to speculators early in the summer, according to F. L. French, secretary, who has been in charge of that phase of the Federation's activities.

Miss Steinke Returns

Miss Odelia Steinke, superintendent of the local hospital, returned the first of the week from a trip to various points in the southern part of the state. She was away for a period of about three weeks during which she attended the annual state convention of nurses at Rochester, an alumni reunion at a Mankato hospital and visited at her home and among relatives in Minneapolis. Miss Alice Solem was in charge of the hospital during Miss Steinke's absence.

Gordon LaBree, a University of North Dakota student, spent the week end visiting at his parental home.

Bemidji School to be Improved

Rudy Rice motored here from Plummer Saturday to receive medical attention. Rudy was a member of last year's graduating class from the local high school and is now attending the Teachers college at Bemidji, which he is very enthusiastic about. The enrollment for the present term has reached 205, of which only a very small number are boys. It was decided at a board meeting recently that appropriations to the amount of $258,000 should be made for the erection of additional building and other facilities. This will include an additional wing to the college proper and the girls' dormitory, and a central heating plant which would make it possible to accommodate the rapidly increasing number of students, particularly during the summer session.

Thief River Falls Man Wins Highest Honors at National Poultry Exhibit

Olaf Neset, Thief River Falls poultry man, has again won honors for his excellent Rhode Island Reds which he has exhibited at several fairs and shows. This time he was awarded first and second places for pullet in the production class and second place for whole pen exhibit at the National Dairy and Poultry show held at St. Paul recently. Mr. Neset was the only contestant who entered any poultry from this community but was in competition with expert poultry raisers from all sections of the country. He is specializing in single comb Rhode Island Reds and is doing extensive work in demonstrating to people of this section successful and profitable chicken raising.

Buys Fine Hogs to Use As Foundation for Herd

That interest in hog raising is rapidly increasing in the county is evidenced by the fact that farmers are securing the best animals obtainable as foundation stock. One of the most important transactions along this line was reported last week when C. E. McCracken, residing west of the city purchased a number of fine animals from the herd of Ralph Mayhew. Included in this transaction was one gilt which took first and second prizes in a number of county fairs during the past season and which carries the very highest breeding on both sides of its ancestry. This hog's grandmother carried 850 pounds of flesh in good breeding condition. All the animals bought are originally from some of the best Iowa and South Dakota strains, one sire being in the 1,000-pound division.

Attend Funeral of Father Pioneer Resident of Fosston

Mr. and Mrs. Peter Myhrum and son returned Monday evening from Fosston where they attended the funeral of the former's father, Paul Myhrum, who died Friday. Mr. Myhrum was 71 years of age at the time of his death which was caused by mastoiditis. An operation of an inflamation in the ear was attempted but he died shortly afterwards.

Deceased was one of the early pioneers in Thirteen Towns, having homesteaded on a farm six miles northeast from Fosston 30 years ago, and was residing on the original homestead when death occurred. He was a native of Norway, being born in Guldbrandsdalen. Mr. Myhrum is survived by his widow, five daughters: Mrs. O. Salte and Mrs. H. S. Berg, both of Hampden, N. D., Misses Gina, Lena and Minnie at home, and three sons; Peter, who is bookkeeper for Hanson & Barzen Milling company of this city, and Ole and Melvin who are both married and are engaged in farming near Fosston.

Plays Good Game at Grand Forks Saturday

Denis McGinn, who plays end on the St. Thomas football team, visited with his parents in this city over Sunday following the game with University of North Dakota in which the latter were defeated by a score of 6 to 0. Denis played thruout the game and according to authorities on the sidelines performed in first class style. He was particularly lauded for the completion and interception of several passes. Thief River Falls may feel justly proud for having such a representative in the Minnesota collegiate contest.

Denis came here Saturday evening accompanied by his parents, Mr. and Mrs. Robt. McGinn, who motored to Grand Forks to witness the game, and two other students of St. Thomas; Charles Reichow and Dominic Riley, respectively end and halfback.

J. M. Bishop
For
District Judge

Bishop Says:

I have not asked for nor do I depend upon the support of lawbreakers, nor of the ditching gang, in my campaign for the office of District Judge of the 14th Judicial District.

I have tried to conduct my campaign in the same manner in which my *friends have worked for me, and hope to merit the support of all voters.*

"With malice toward none and justice for all."

I am yours very truly,

ENDORSED BY ORGANIZED LABOR

(Prepared and ordered published in behalf of O. A. Naplin, candidate for state senator, by Wm. J. Douville, president Shipstead club, Thief River Falls, Minn. To be paid for at regular political advertising rates.)

Let Us Stand by *Every Candidate* Endorsed by the Farmers and Laborers -- from Top to Bottom!

There is no such thing as another being equally good. C. L. Hansen is not working for the Farmer-Labor ticket. He has stated that he belongs to no party, but he was present at the Republican convention and cheered for Kellogg and Preus. Mr. Naplin went down and helped nominate Shipstead and Johnson. Judge for yourselves. Senator Naplin has made a perfect record on farm and labor legislation. He is a true friend of the farmer and laborer. He has been in the fight for our cause when others sneered. Now let us stand by our friend and send him back to the Senate to represent the people of this district.

What the Tribune Said of Senator Naplin a Year Ago

Thief River Falls Tribune, April 26th, 1921. Editorial

Hon. O. A. Naplin returned the last of the week from the Capitol at St. Paul, where his legislative duties terminated for the time being with the closing of the Session.

Senator Naplin has taken a prominent and honorable part in the work of the session. His name has been connected with many of the important accomplishments of the Legislature. He has been prominent and conspicuous in debate and has been consulted and relied upon by his associates as an honest, able and conscientious legislator. Senator Naplin is a partisan. He admits that. He is not in harmony in thought with all the elements of his district, but he represents the majority and he especially rings true and responsive to the party that elected him. In the eyes of his partisan friends, he is a real leader. In the estimation of all, he is a conscientious and honorable man. We congratulate him on his successful accomplishments as a legislator and in the honorable name he bears as an honest man among his friends in the state and his neighbors in Thief River Falls.

A USEFUL FRIEND

(From the Thief River Falls Tribune June 21, 1921.)

Prof. Selvig in his address at the Community picnic, paid a high tribute to the ability of our honorable senator, O. A. Naplin. Prof. Selvig stated that Senator Naplin was most helpful at all times in the legislature in connection with the Red Lake drainage project. Mr. Selvig paid the senator the highest compliment possible. The audience was largely farmers from the eastern part of the county and these farmers know that Prof. Selvig and Senator Naplin are their best and most useful friends in this drainage project.

To the Voters and Public:

We hereby call upon all supporters of the Farmer-Labor Party to work and vote for O. A. Naplin for State Senator.

Mr. Naplin stood by us from the beginning of the movement here and at the time when he was called unpatriotic for his stand in our favor. Now let us all get behind him and put him over on November 7th. He certainly is entitled to our united support. He is our candidate and do not let the opposition divide us.

NAPLIN RECORD IN SENATE WAS PERFECT SCORE

The Minnesota Leader has received inquiries regarding Senator Naplin's vote on a certain "park bill" and on another bill which is designated as the "interest bill." The Leader is not familiar with these bills because neither of them was a part of the League program, nor were they of sufficient importance to require the attention of the caucusses held by the League legislators. We are forced to conclude from the above facts that these measures were of little value. We can say that Senator Naplin has a perfect record on all League and labor measures. He is one of the strongest men among the League members when it comes to "sticking for principle," and is absolutely fearless in his stand.

When it comes to representing the farmers and workers we doubt if the sixty-fifth district could find a more dependable man. There is never a question as to where he stands and his honesty and independence command the respect of the opposition.

We want to impress upon the League members of the sixty-fifth district the necessity of being on their guard against any attempts to sidetrack them by petty measures. There are thousands of bills introduced during a session of the legislature and our members use their own judgment on most of them. It is when measures involve the League program that we expect them to stand united. Your test should be: Did he vote right on League measures? Did he vote as the other League members voted? Judged by this acid test, Senator Naplin has a perfect record.

In the issue of the Minnesota Leader of May 7, 1921, the record of all of the members of the legislature was published on 11 of the most important measures that came up during the session. Among the 11 was the bank deposit guaranty bill, tonnage tax, ore royalties tax, street railway bill and state police bill.

We want to warn the Leaguers of the sixty-fifth district against being misled by Senator Naplin's opposition. There is no such thing as a candidate opposing the indorsee of the Nonpartisan league being just as good, even if he be a member of our organization. We can not afford to vote for the candidate put up by the enemy even though they appear to be progressive and in sympathy with our movement. Take no chances. Send Naplin back to the senate.
